PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 16 mars 1893, du ministre de l'Intérieur, énonçant que par ordre en l'année 1888, du ministre de l'Intérieur alors en exercice, les deux petites îles situées dans le lac Saint-Martin, Manitoba, appelées îles Fisher ou Fishery, ont été ajoutées à la réserve sauvage de Fairford comme terres à foin, vu que cette bande de Sauvages n'avait assez de foin sur leur réserve pour le besoin de leurs animaux, et l'intention étant que cette action serait soumise à l'approbation nécessaire du conseil.

Le ministre recommande que l'addition de ces deux îles à la réserve sauvage de Fairford, soit confirmée.

HOTEL DU GOUVERNEMENT À OTTAWA.

Lundi, le 13e jour de mars 1893.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté du 27 février 1893, du ministre de l'Intérieur, énonçant que la municipalité de Glenwood, dans la province du Manitoba, désire fermer certaines réserves primitives de chemins dans le township 7, rang 21, ouest, et en ouvrir d'autres pour les remplacer, en vertu des dispositions de l'article 6 du chapitre 49 des Statuts Revisés du Canada,—

La municipalité représente qu'en raison des sinuosités de la rivière Souris et autres obstacles naturels, il est impossible de voyager le long de la réserve de chemin entre les sections 33 et 34 et les sections 27 et 28 dans le dit township 7, et elle demande la permission de fermer ces réserves de chemins et d'en ouvrir d'autres à leur place. La couronne s'est dessaisie du titre des terrains que traverseront ces chemins, et la municipalité a obtenu le consentement des propriétaires d'ouvrir ces chemins, les dits propriétaires devant recevoir en compensation des parties des réserves primitives de chemins qu'il est proposé de fermer.

Le ministre soumet de plus une copie certifiée d'un règlement, No. 59, passé par la municipalité, autorisant la fermeture et l'ouverture de ces chemins respectifs.

En conséquence le ministre recommande que sur réception d'une requête du lieutenant-gouverneur du Manitoba à cet effet, Votre Excellence en conseil donne l'autorisation de fermer ces parties des réserves primitives de chemin entre les sections 33 et 34 et 27 et 28, dans le township 7, rang 21, à l'ouest du 1er méridien, et d'ouvrir d'autres chemins pour les remplacer, en vertu des dispositions de l'article 6 du chapitre 49 des Statuts Revisés du Canada. Aussi pour le transport aux parties intéressées de certaines parties des réserves primitives de chemins fermés, tel que pourvu par le règlement n° 59 de la municipalité de Glenwood.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

Considérant qu'en conséquence des sinuosités de la rivière Souris et autres obstacles naturels à la réserve de chemin entre les sections 33 et 34 et les sections 27 et 28, township 7, rang 21, ouest, par lesquels le trafic le long de ce chemin est empêché, il a été jugé expédient d'ouvrir un nouveau chemin par, en travers et le long de la moitié ouest de la section 34 et la moitié ouest de la section 27, township 7, rang 21, ouest du premier méridien principal; et considérant qu'en vertu du statut à cet effet, MM. Et considérant que les dits messieurs Poudrier et Brownlee ont soumis à ce conseil des plans du dit nouveau chemin, et qu'il est nécessaire qu'ils soient approuvés et que le nouveau chemin tel que localisé par les dits plans soit autorisé d'être ouvert et établi comme chemin public.

Et considérant que le propriétaire du terrain à prendre pour tracer le dit nouveau chemin en travers de la section 34 a consenti et convenu de le donner et céder à la municipalité pour les fins susdites en recevant de la municipalité un transport du terrain autrefois occupé par l'ancien chemin.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 5e jour d'avril 1893.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 7 de mars 1893, du ministre de l'Intérieur, énonçant que la municipalité rurale de Kildonan, dans la province du Manitoba, a demandé la clôture d'une certaine réserve primitive de chemin sise entre les deux milles extérieurs des paroisses de Kildonan et Saint-Paul (à l'est de la rivière Rouge), en vertu des pouvoirs conférés par l'article 6 du chapitre 49 des Statuts Revisés du Canada. La dite réserve de chemin peut être décrite comme suit :

Cette certaine réserve de chemin d'une chaîne en largeur, tracée sur l'arpentage primitif des deux milles extérieurs des paroisses de Kildonan et Saint-Paul (à l'est de la rivière) sise entre le lot 120 dans les deux milles extérieurs de la paroisse de St. Paul, et le lot 39, dans les deux milles extérieurs de la paroisse de Kildonan, et colorée "rose" sur un plan déposé au bureau du Conseil privé.

Le ministre fait rapport que le greffier de la municipalité déclare que la raison pour laquelle on désire clore cette réserve de chemin, est que les deux lots 120 et 39 sont possédés par une même personne, et que la réserve de chemin en question n'est pas commode pour les résidants de l'endroit.

En conséquence le ministre recommande que la réserve de chemin sus-décrite dans les deux milles extérieurs de Kildonan et St. Paul (à l'est de la rivière Rouge) soit et elle est par le présent fermée, conformément aux dispositions de l'article 6 du chapitre 49 des Statuts Revisés du Canada.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

1. *Commandement et état-major.*

1. Toutes les troupes en camp, soit les corps permanents ou autres, seront sous le commandement de l'officier nommé commandant du camp.

2. Une liste approuvée des officiers d'état-major sera envoyée aux députés-adjudants-généraux pour insertion dans les Ordres Généraux de District.

3. L'état-major sera dans les proportions suivantes :

1 commandant du camp.
4 officiers.
1 officier médical en chef.
5 sous-officiers.

4. Il n'est pas autorisé d'état-major pour les camps régimentaires.

5. Le système d'instruction sera tel que décrit par les O. G. Nos. 13, du 17 juillet 1891 et 13 mai 1892.

6. Les règlements, au sujet des points qui suivent, et contenus dans l'O. G. 13, du 13 mai 1892, seront mis strictement en force, à savoir :—

Devoirs en camp.
Pratique de l'artillerie.
Rations.
Equipement de camp.
Tir à la cible.
Rapports.

7. Solde.

Les officiers dont l'emploi à l'état-major est autorisé, recevront la solde régimentaire de leur plein grade.

Les officiers, des corps permanents, ainsi employés, recevront leur solde des bordereaux de paye régimentaires, comme à l'ordinaire, et non des bordereaux de paye de l'état-major.

Les officiers de l'état-major permanent recevront la solde accordée pour les nominations qu'ils ont obtenues.

La solde et allocations seront accordées aux officiers pourvoyeurs et aux quartiers-maîtres pour le jour précédant l'arrivée des troupes en camps, et pour le jour suivant le départ de ces dernières.

Les quartiers-maîtres régimentaires devront être présents en camp la journée entière qui précède l'arrivée de leurs corps respectifs, et la journée entière qui suit leur départ, afin de recevoir et de rentrer l'équipement du camp. La solde sera accordée pour ces deux jours.

Les noms des quartiers-maîtres qui ne se conformeront point à ce règlement seront biffés du bordereau de paye, et ils seront renvoyés, immédiatement, à leurs domiciles et à leurs propres dépens.

Une solde additionnelle, au taux de 50 centins par jour, sera accordée aux sous-officiers employés à l'état-major du commandant du camp, tel que décrit au paragraphe 3 de ce présent ordre.

8. Allocations.

L'échelle suivante se rapportant à l'allocation de campagne allouée aux camps d'instruction, a été approuvée :—

Commandant du camp....................	$5 00	par jour.
Officiers de la milice active employés à l'état-major, sur autorité des quartiers-généraux........................	2 50	"
Officiers des corps permanents..........	2 50	"
Sous-officiers et soldats des corps permanents..................................	0 10	"

9. Conditions physiques.

Une inspection médicale des officiers, sous-officiers et soldats doit avoir lieu avant le départ des quartiers-généraux ; si cela est impossible, elle devra se faire immédiatement à l'arrivée au camp.

L'âge des soldats doit être conforme aux Règlements et Ordonnances de 1887, pour la 1re classe de la milice. L'âge des sergents qui se sont enrôlés de nouveau et qui ont servi continuellement, sera celui des 2me et 3me classes.

Tous les hommes dont le dévelopement physique ne paraît pas convenir à leur âge, ou qui font voir des symptômes d'affections rhumatismales, maladies de poumons, de cœur ou des viscères, rupture ou maladie vénérienne, ou qui sont estropiés de quelque manière que ce soit ; dont les pieds sont mal formés ou les orteilles courbées, ou qui sont myopes ; enfin, tous les soldats ayant des défauts physiques quelconques pouvant les empêcher de faire le service efficacement, ou les prédisposant à devenir inefficaces lorsque exposés au plein air, doivent être rejetés.

Le commandant du camp accordera, immédiatement, des requisitions pour le transport à domicile des soldats physiquement incapables de faire le service. En sus il renverra à domicile tous les soldats qu'il croit physiquement défectueux, même lorsque ces derniers ont subi l'examen de l'officier médical régimentaire.

La hauteur minime est de 5 pieds 4 pouces, et la poitrine, 34 pouces à l'état d'inspiration normale.

L'officier médical en chef, sous la direction du commandant, établira un hôpital de station, où les malades seront admis et soignés. Lorsque l'hôpital d'une station militaire permanente pourra être utilisé, il servira d'hôpital de station, et l'officier permanent en charge agira comme officier médical en chef.

L'équipement de l'hôpital, en autant que faire se peut, et les médicaments seront fournis à l'officier médical en chef, lequel en sera responsable ; il retournera au magasin du district ou à l'hôpital permanent de la station, tous les articles et médicaments restés en mains. Il gardera un registre (formule B. No 283) de leur entrée et de leur sortie de l'hôpital.

Il gardera également une liste des officiers médicaux en camp, et leur assignera les devoirs d'hôpital à remplir, ainsi que les devoirs d'officier sanitaire.

Il soumettra à l'approbation du commandant, tels règlements se rapportant au département médical, qu'il jugera à propos de faire publier dans les ordres.

L'officier médical en chef sera tenu responsable de toutes dépenses non autorisées, et encourues pour le service médical du camp.

Aucune dépense encourue, sans autorité, par les officiers médicaux régimentaires, ne sera reconnue, et l'officier encourant telle dépense, sera tenu responsable du paiement.

Sur la recommandation de l'officier médical en chef, le commandant pourra sanctionner certains arrangements spéciaux pour aliments. Un compte séparé de la dépense ainsi encourue devra être soumis avec le rapport médical à la clôture du camp.

Il ne sera admis aucun compte pour vins ou liqueurs spiritueuses. Ces boissons devront être payées par les personnes à qui elles sont prescrites.

11. Instructions spéciales.

Des instructions spéciales, concernant le camp régimentaire du 5me dragons, à Compton, seront fournies aux personnes intéressées.

Par ordre,

DEMANDES AU PARLEMENT.

Règles relatives aux avis de bills privés.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture, et avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,

Greffier des Communes.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant six mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extrajudiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

"Zaida D. Eddy" to "Davidson."
"John McLaurin" to "Neville."
"McKenzie" to "Clark."

The Minister further states that it appears that the same company have tow barges bearing the following names, viz :—"E. C. Eddy," "James McLaren," "R. S. McKenzie," "C. Richard" and "W. H. HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report dated 7th of March, 1893, from the Minister of the Interior, stating that the Rural Municipality of Kildonan, in the Province of Manitoba, has made application for the closing of a certain original road allowance, lying between the outer two miles of the Parishes of Kildonan and St. Paul's (east of the Red River) under the powers conferred by section 6 of chap. 49 of the Revised Statutes of Canada. The said road allowance may be described as follows :—

That certain allowance for road one chain in width, laid out in the original survey of the outer two miles of the Parishes of Kildonan and St. Paul's (east of river) lying between Lot 120 in the outer two miles of the Parishes of St. Paul's, and Lot 39, in the outer two miles of the Parish of Kildonan, and such road allowance is coloured "pink" on a map of record in the Privy Council Office.

The Minister reports that the Clerk of the Municipality states, that the ground upon which the closing of this road allowance is desired is that both lots 120 and 39 are owned by the same person, and that the road allowance in question is not convenient for the residents of the locality.

The Minister therefore recommends that the before-described road allowance in the outer two miles of Kildonan and St. Paul's (east of river), shall be and the same hereby is closed, in accordance with the provisions of clause 6 of chap. 49 of the Revised Statutes of Canada.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 13th day of March, 1893.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 27th February, 1893, from the Minister of the Interior, stating that the Municipality of Glenwood, in the Province of Manitoba, is desirous of closing up certain original road allowances in Township 7, Range 21, west, and opening out others in lieu thereof, under the provisions of section 6, chapter 49, Revised Statutes of Canada,—

The Municipality represents that by reason of the sinuosities of the Souris River and other natural obstructions, travel along the road allowance between Sections 33 and 34 and Sections 27 and 28 in said Township 7, is not feasible, and it seeks permission to close these road allowances and to open out others in lieu thereof. The title to the lands through which the roads to be opened out run, has passed from the Crown, and the Municipality has obtained the assent of the owners to the opening of these roads, the said owners to receive in compensation portions of the original road allowances which it is proposed to close up.

The Minister further submits a certified copy of a By-law No. 59, passed by the Municipality authorizing the closing up and opening out of these respective roads.

The Minister, therefore, recommends that upon the receipt of a request from the Lieutenant-Governor of Manitoba to that effect, the authority of Your Excellency in Council be given for the closing up of these portions of the original road allowances between Sections 33 and 34 and 27 and 28, in Township 7, Range 21, west of 1st Meridian, and the opening up in lieu thereof of other roads, under the provisions of section 6, chapter 49, Revised Statutes of Canada. Also for the conveyance to the parties interested of certain portions of the original road allowances closed up, as provided for in By-law No. 59, of the Municipality of Glenwood.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

BY-LAW No. 59.

A BY-LAW to open and establish a new road running through, across and along the west half of Section 34 and west half of Section 27, in Township 7, Range 21, west of the first Meridian, in the Province of Manitoba, within the limits of the Municipality of Glenwood, and to approve of the plan thereof.

Whereas owing to the winding of the Souris River and other natural obstructions to the road allowance between Sections 33 and 34 and Sections 27 and 28, Township 7, Range 21, west, whereby traffic along the same is prohibited, it has been deemed expedient to open up a new road through, across and along the west half of Section 34 and west half of Section 27, Township 7, Range 21, west of the first principal Meridian; and whereas pursuant to the statute in that behalf, Messrs. Poudrier and Brownlee, of the City of Brandon, D.L.S., were by by-law of this Council authorized to survey the proposed location of the said new road.

And whereas the said Messrs. Poudrier and Brownlee have submitted to this Council plans of the said new road, and it is necessary the same should be approved and the new road as located by said plans should be authorized to be opened up and established as a public thoroughfare.

And whereas the owner of the land to be taken for the laying out of the said new road through section 34 has consented and agreed to give and grant the same to the Municipality for the purpose aforesaid by receiving from the Municipality a conveyance of the land formerly occupied by the old road.

And whereas the owner of the land to be taken for the laying out of the said new road through section 27 has consented and agreed to accept the sum of twelve dollars per acre. Therefore the Reeve and Council of the Municipality of Glenwood in Council assembled enacts as follows:

That a public road or thoroughfare shall be and is hereby authorized to be opened up and established through, across and along the west half of Section 34 and the west half of Section 27, in Township 7, Range 21, west of the first Meridian as laid out and shown by the plans prepared by Messrs. Poudrier and Brownlee, D.L.S., and hereto annexed marked A, which said road shall be and is hereby defined as follows, that is to say: All and singular that certain parcel or tract of land being composed of a portion of the west half of Section 34, in Township 7, Range 21 west of the first principal Meridian, which may be better known and described as follows:—

A. PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 16 mars 1893, du ministre de l'Intérieur, énonçant que par ordre en l'année 1888, du ministre de l'Intérieur alors en exercice, les deux petites îles situées dans le lac Saint-Martin, Manitoba, appelées îles Fisher ou Fishery, ont été ajoutées à la réserve sauvage de Fairford comme terres à foin, vu que cette bande de Sauvages n'avait assez de foin sur leur réserve pour le besoin de leurs animaux, et l'intention étant que cette action serait soumise à l'approbation nécessaire du conseil.

Le ministre recommande que l'addition de ces deux îles à la réserve sauvage de Fairford, soit confirmée.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

Lundi, le 13e jour de mars 1893.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté du 27 février 1893, du ministre de l'Intérieur, énonçant que la municipalité de Glenwood, dans la province du Manitoba, désire fermer certaines réserves primitives de chemins dans le township 7, rang 21, ouest, et en ouvrir d'autres pour les remplacer, en vertu des dispositions de l'article 6 du chapitre 49 des Statuts Revisés du Canada,—

La municipalité représente qu'en raison des sinuosités de la rivière Souris et autres obstacles naturels, il est impossible de voyager le long de la réserve de chemin entre les sections 33 et 34 et les sections 27 et 28 dans le dit township 7, et elle demande la permission de fermer ces réserves de chemins et d'en ouvrir d'autres à leur place. La couronne s'est dessaisie du titre des terrains que traverseront ces chemins, et la municipalité a obtenu le consentement des propriétaires d'ouvrir ces chemins, les dits propriétaires devant recevoir en compensation des parties des réserves primitives de chemins qu'il est proposé de fermer.

Le ministre soumet de plus une copie certifiée d'un règlement, No. 59, passé par la municipalité, autorisant la fermeture et l'ouverture de ces chemins respectifs.

En conséquence le ministre recommande que sur réception d'une requête du lieutenant-gouverneur du Manitoba à cet effet, Votre Excellence en conseil donne l'autorisation de fermer ces parties des réserves primitives de chemin entre les sections 33 et 34 et 27 et 28, dans le township 7, rang 21, à l'ouest du 1er méridien, et d'ouvrir d'autres chemins pour les remplacer, en vertu des dispositions de l'article 6 du chapitre 49 des Statuts Revisés du Canada. Aussi pour le transport aux parties intéressées de certaines parties des réserves primitives de chemins fermés, tel que pourvu par le règlement n° 59 de la municipalité de Glenwood.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

RÈGLEMENT No. 59.

RÈGLEMENT à l'effet d'ouvrir et établir un nouveau chemin passant en travers et le long de la moitié ouest de la section 34 et la moitié ouest de la section 27, dans le township 7, rang 21, à l'ouest du premier méridien, dans la province du Manitoba, dans les limites de la municipalité de Glenwood, et d'en approuver le plan.

Considérant qu'en conséquence des sinuosités de la rivière Souris et autres obstacles naturels à la réserve de chemin entre les sections 33 et 34 et les sections 27 et 28, township 7, rang 21, ouest, par lesquels le trafic le long de ce chemin est empêché, il a été jugé expédient d'ouvrir un nouveau chemin par, en travers et le long de la moitié ouest de la section 34 et la moitié ouest de la section 27, township 7, rang 21, ouest du premier méridien principal ; et considérant qu'en vertu du statut à cet effet, MM. Poudrier et Brownlee, de la cité de Brandon, A.F., ont été par règlement de ce conseil autorisés à arpenter l'emplacement projeté du dit nouveau chemin.

Et considérant que les dits messieurs Poudrier et Brownlee ont soumis à ce conseil des plans du dit nouveau chemin, et qu'il est nécessaire qu'ils soient approuvés et que le nouveau chemin tel que localisé par les dits plans soit autorisé d'être ouvert et établi comme chemin public.

Et considérant que le propriétaire du terrain à prendre pour tracer le dit nouveau chemin en travers de la section 34 a consenti et convenu de le donner et céder à la municipalité pour les fins susdites en recevant de la municipalité un transport du terrain autrefois occupé par l'ancien chemin.

Et considérant que le propriétaire du terrain a prendre pour tracer le dit nouveau chemin en travers de la section 27 a consenti et convenu d'accepter la somme de douze piastres par acre. En conséquence le reeve et le conseil de la municipalité de Glenwood réunis en conseil, statuent comme suit :—

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 7 de mars 1893, du ministre de l'Intérieur, énonçant que la municipalité rurale de Kildonan, dans la province du Manitoba, a demandé la clôture d'une certaine réserve primitive de chemin sise entre les deux milles extérieurs des paroisses de Kildonan et Saint-Paul (à l'est de la rivière Rouge), en vertu des pouvoirs conférés par l'article 6 du chapitre 49 des Statuts Revisés du Canada. La dite réserve de chemin peut être décrite comme suit :

Cette certaine réserve de chemin d'une chaîne en largeur, tracée sur l'arpentage primitif des deux milles extérieurs des paroisses de Kildonan et Saint-Paul (à l'est de la rivière) sise entre le lot 120 dans les deux milles extérieurs de la paroisse de St. Paul, et le lot 39, dans les deux milles extérieurs de la paroisse de Kildonan, et colorée "rose" sur un plan déposé au bureau du Conseil privé.

Le ministre fait rapport que le greffier de la municipalité déclare que la raison pour laquelle on désire clore cette réserve de chemin, est que les deux lots 120 et 39 sont possédés par une même personne, et que la réserve de chemin en question n'est pas commode pour les résidants de l'endroit.

En conséquence le ministre recommande que la réserve de chemin sus-décrite dans les deux milles extérieurs de Kildonan et St. Paul (à l'est de la rivière Rouge) soit et elle est par le présent fermée, conformément aux dispositions de l'article 6 du chapitre 49 des Statuts Revisés du Canada.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture, et avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

Greffier du Sénat.

AT THE COURT AT WINDSOR,

The 26th day of November, 1892.

PRESENT:

The QUEEN'S Most Excellent Majesty.
Lord President,
Viscount Oxenbridge,
Mr. Mundella.

WHEREAS by an Act of the Parliament of Manitoba, passed in the 48th year of Her Majesty's reign, chapter 48, entitled "An Act respecting the Court of Queen's Bench," it was enacted that Her Majesty's Court of Queen's Bench for Manitoba should exist and continue under the name and style of "Her Majesty's Court of Queen's Bench for Manitoba," and that it was and should continue to be a Court of original and appellate jurisdiction, and should possess and exercise all such powers and authorities as by the laws of England are incident to a Superior Court of Record of civil and criminal jurisdiction, in all matters civil and criminal whatsoever, but no provision has yet been made for the prosecution and regulation of appeals to Her Majesty in Council from the said court;

And whereas it is expedient that provision should be made by this order to enable parties to appeal from the decisions of the said court to Her Majesty in Council, it is hereby ordered by the Queen's Most Excellent Majesty, by and with the advice of Her Privy Council, as follows:—

1. Any person or persons may appeal to Her Majesty, Her heirs and successors, in Her or their Privy Council, from any final judgment, decree, order, or sentence of the said Court of Queen's Bench for Manitoba, in such manner, within such time, and under and subject to such rules, regulations, and limitations as are hereinafter mentioned, that is to say,—

In case any such judgment, decree, order, or sentence shall be given or pronounced for or in respect of any sum or matter at issue above the amount or value of three hundred pounds sterling (£300), or in case such judgment, decree, order, or sentence shall involve directly or indirectly any claim, demand, or question to or respecting property or any civil right amounting to or of the value of three hundred pounds sterling (£300), the person or persons feeling aggrieved by any such judgment, decree, order or sentence may, within fourteen days next after the same shall have been pronounced, made, or given, apply to the said court by motion or petition for leave to appeal therefrom to Her Majesty, Her heirs and successors, in Her or their Privy Council;

In case such leave to appeal shall be prayed by the party or parties who is or are directed to pay any such sum of money or perform any duty, the said court may either direct that the judgment, decree, order, or sentence appealed from shall be carried into execution, or that the execution thereof shall be suspended pending the said appeal as to the said court may appear to be most consistent with real and substantial justice;

And in case the said court shall direct such judgment, decree, order, or sentence to be carried into execution, the person or persons in whose favour the same shall be given shall, before the execution thereof, enter into good and sufficient security to be approved by the said court for the due performance of such order as Her Majesty, Her heirs, and successors shall think fit to make upon such appeal;

In all cases security shall also be given by the party or parties appellant in a bond or mortgage or personal recognizance not exceeding the value of five hundred pounds sterling (£500) for the prosecution of the appeal, and the payment of all such costs as may be awarded by Her Majesty, Her heirs and successors, or by the Judicial Committee of Her Majesty's Privy Council, to the party or parties respondent; and if such last-mentioned security shall be entered into within three months from the date of such motion or petition for leave to appeal, then, and not otherwise, the said court shall admit the appeal, and the party or parties appellant shall be at liberty to prefer and prosecute his, her, or their appeal to Her Majesty, Her heirs, and successors, in Her on their Privy Council, in such manner and under such rules as are or may be observed in appeals to Her Majesty from Her Majesty's Colonies and Plantations abroad.

2. It shall be lawful for the said court at its discretion, on the motion or petition of any party who considers himself aggrieved by any preliminary or interlocutory judgment, decree, order, or sentence of the said court, to grant permission to such party to appeal against the same to Her Majesty, Her heirs and successors, in Her or their Privy Council, subject to the same rules, regulations and limitations, as are herein expressed respecting appeals from final judgments, decrees, orders, and sentences.

3. Nothing herein contained doth or shall extend or be construed to extend to take away or abridge the undoubted right and authority of Her Majesty, Her heirs and successors, upon the humble petition of any person or persons aggrieved by any judgment or determination of the said court, at any time to admit his, her or their appeal therefrom, upon such terms as Her Majesty, Her heirs or successors shall think fit, and to reverse, correct, or vary such judgment or determination in such manner as to Her Majesty, Her heirs and successors, shall seem meet.

4. In all cases of appeal admitted by the said court, or by Her Majesty, Her heirs or successors the said court shall certify and transmit to Her Majesty, Her heirs or successors, in Her or their Privy Council, a true and exact copy of all evidence, proceedings, judgments, decrees, and orders had or made in such cases appealed so far as the same have relation to the matter of appeal, such copies to be certified under the seal of the said court, and the said court shall also certify and transmit to Her Majesty, Her heirs and successors, in Her or their Privy Council, a copy of the reasons given by the judges of such court, or by any of such judges, for or against the judgment or determination appealed against, where such reasons shall have been given in writing, and where such reasons shall have been given orally, then a statement in writing of the reasons given by the judges of such court, or by any of such judges, for or against the judgment or determination appealed against.

5. The said court shall, in all cases of appeal to Her Majesty, Her heirs or successors, conform to and execute or cause to be executed such judgments and orders as Her Majesty, Her heirs and successors, shall think fit to make in the premises, in such manner as any original judgment, decree, or decretal order, or other order or rule of the said court should or might have been executed.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report dated 16th March, 1893, from the Minister of the Interior, stating that by order, in the year 1888, of the then Minister of the Interior, the two small islands situated in Lake St. Martin, Manitoba, known as Fisher or Fishery Islands, were added to the Fairford Indian Reserve as hay lands, as that Band of Indians had not sufficient hay on their reserve for the wants of their stock, and it was intended that this action should be submitted for the necessary approval of Council,—

The Minister recommends that the addition of these two islands to the Fairford Indian Reserve be confirmed.

The Committee submit the same for Your Excellency's approval.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 5th day of April, 1893.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 7th of March, 1893, from the Minister of the Interior, stating that the Rural Municipality of Kildonan, in the Province of Manitoba, has made application for the closing of a certain original road allowance, lying between the outer two miles of the Parishes of Kildonan and St. Paul's (east of the Red River) under the powers conferred by section 6 of chap. 49 of the Revised Statutes of Canada. The said road allowance may be described as follows :—

That certain allowance for road one chain in width, laid out in the original survey of the outer two miles of the Parishes of Kildonan and St. Paul's (east of river) lying between Lot 120 in the outer two miles of the Parishes of St. Paul's, and Lot 39, in the outer two miles of the Parish of Kildonan, and such road allowance is coloured "pink" on a map of record in the Privy Council Office.

The Minister reports that the Clerk of the Municipality states, that the ground upon which the closing of this road allowance is desired is that both lots 120 and 39 are owned by the same person, and that the road allowance in question is not convenient for the residents of the locality.

The Minister therefore recommends that the before-described road allowance in the outer two miles of Kildonan and St. Paul's (east of river), shall be and the same hereby is closed, in accordance with the provisions of clause 6 of chap. 49 of the Revised Statutes of Canada.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
43–4 Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 7 of 1893.

I. ROCK IN FISHER CHANNEL, NEAR LAMA PASSAGE, B.C.

A rock reported by the master of the steamer "Danube" has been located by the master of the Dominion steamer "Quadra" in Fisher Channel, near the entrance to Lama Passage, off the west coast of British Columbia.

Lat. N. 52° 3' 20"
Long. W. 127° 58' 17"

The rock is dangerous to navigation, being in the fairway of vessels making for or from Lama Passage. The danger is of small extent, about 150 feet in diameter, with 7 to 17 fathoms water close around it, and 21 fathoms between it and the nearest shore, 2½ cables distant. The shoalest spot, 9 feet in diameter, has 12 feet upon it at low water, spring tides. The remainder of the rock has not less than 18 feet upon it.

From the Rock Turn Point, Lama Passage entrance, bears N. W. by W. ½ W. (N. 36° W. true), distant 4⅔ cables. Sextant angles taken from the rock to locate it are as follow:—Farewell Point and Turn Point, 62° 28'; Turn Point and South Point (which is the north extremity of Long Point), 110° 52'.

This notice affects Admiralty charts Nos. 1923*b* and 2449.

II. LOCATION OF TOWN OF SYDNEY, AND MARKING OF SHOAL.

The new town of Sidney is situated on the east coast of Vancouver Island, about 1½ miles southward of Shoal Harbour.

Approximate position,—

Lat. N. 48° 39'
Long. W. 123° 24'

Shoal ground, with general depths of 1¼ to 4 fathoms, extends about 600 yards in an east and south-east direction from the town. The outer edge of this shoal ground has been marked by two spar buoys painted red.

This notice affects Admiralty charts Nos. 1917, 2689 and 2840.

III. REPORTED SHOAL SOUTH-EAST OF DUNCAN ROCK, OFF CAPE FLATTERY.

Captain Thomas Wallace, of the steamer "Walla Walla," reports that when passing between Tatoosh Island and Duncan Rock, off Cape Flattery, entrance to Strait of Juan de Fuca, Washington, U.S.A., he saw the sea break about ⅛ mile south-east of Duncan Rock, and he is of the opinion that there is not more than 3½ or 4 fathoms water in that position.

A sunken rock, which was fished upon, was reported in 1878 as lying 250 or 300 yards eastward of Duncan Rock. Mariners should give the locality a good berth, and have been already advised not to take the passage between Tatoosh Island and Duncan Rock.

This notice affects Admiralty charts Nos. 1911, 1917, and 2531, and British Columbia Pilot, 1888, page 19, bottom line.

Sa Très Excellente Majesté la REINE.
Le Lord Président,
Le vicomte Oxenbridge,

CONSIDÉRANT que par un acte du parlement du Manitoba, passé en la 48e année du règne de Sa Majesté, chapitre 48, intitulé "Acte concernant la Cour du Banc de la Reine," il est statué que la Cour du Banc de la Reine pour le Manitoba devra exister et continuer sous le titre de "Cour du Banc de la Reine pour le Manitoba," et qu'elle était et continuerait d'être une cour de juridiction de première instance et d'appel, et devra posséder et exercer tous les pouvoirs et l'autorité conférés par les lois d'Angleterre à une cour supérieure d'archives de juridiction civile et criminelle, dans toutes matières civiles et criminelles que ce soit, mais qu'il n'a pas encore été fait de disposition pour la poursuite et le règlement des appels de la dite cour à Sa Majesté en conseil.

Et considérant qu'il est à propos que des dispositions soient établies par le présent arrêté pour permettre aux parties d'interjeter appel des décisions de la dite cour à Sa Majesté en conseil,—il est par le présent ordonné, par Sa Très-Excellente Majesté, par et avec l'avis de son Conseil privé, comme suit :—

1. Toute personne ou personnes pourront interjeter appel à Sa Majesté, ses héritiers et successeurs dans son ou leur Conseil privé, de tout jugement final, décret, ordre ou sentence de la dite Cour du Banc de la Reine du Manitoba, de la manière, dans le délai, et sous et sujet aux règles, règlements et limitations ci-après énumérés, savoir :—

Dans le cas où tel jugement, décret, ordre ou sentence sera donné, ou prononcé pour ou au sujet de toute somme ou matière en litige excédant la somme ou la valeur de trois cents louis sterling (£300), ou dans le cas où ce jugement, décret, ordre ou sentence affecterait directement ou indirectement une réclamation, demande ou question concernant ou se rattachant à des biens ou quelque droit civil s'élevant à ou de la valeur de trois cents louis sterling (£300), la personne ou les personnes se sentant lésées par tout tel jugement, décret, ordre ou sentence pourront, sous quatorze jours après qu'il aura été prononcé, fait ou donné, s'adresser à la dite cour par motion ou pétition pour permission d'en appeler à Sa Majesté, ses héritiers et successeurs en son ou leur Conseil privé ;

Dans le cas où permission d'en appeler aura été demandée par la partie ou les parties qui est ou sont enjoints de payer toute telle somme de deniers ou de remplir un devoir quelconque, la dite cour pourra soit ordonner que le jugement, décret, ordre ou sentence dont appel est interjeté soit mis à exécution, ou que l'exécution en soit suspendue pendant le dit appel, selon qu'il paraîtra à la dite cour le plus conforme à la justice véritable et essentielle ;

Et dans le cas où la dite cour ordonnera que ce jugement, décret, ordre ou sentence soit mis à exécution, la personne ou les personnes en faveur de qui ce jugement, décret ou sentence aura été rendu devra ou devront, avant son exécution, donner une garantie bonne et suffisante qui devra être approuvée par la dite cour, pour le fidèle accomplissement de tel ordre que Sa Majesté, ses héritiers et successeurs croiront à propos de faire à l'égard de cet appel ;

3. Rien de contenu au présent n'aura l'effet ni ne sera censé avoir l'effet d'enlever ou restreindre le droit et l'autorité indéniables que possède Sa Majesté, ses héritiers et successeurs, sur l'humble pétition de toute personne ou personnes lésées par tout jugement ou décision de la dite cour, en aucun temps d'admettre son ou leur appel, aux conditions que Sa Majesté, ses héritiers et successeurs croiront à propos, et de renverser, corriger ou varier ce jugement ou décision selon que Sa Majesté, ses héritiers et successeurs jugeront convenable.

4. Dans tous les cas d'appel admis par la dite cour, ou par Sa Majesté, ses héritiers ou successeurs, la dite cour certifiera et transmettra à Sa Majesté, ses héritiers et successeurs, en son ou leur Conseil privé, une copie exacte et fidèle de toute preuve, procédures, jugements, décrets et ordres rendus ou faits dans les causes en appel, en tant qu'ils se rapportent à la matière de l'appel, ces copies seront attestées par le sceau de la dite cour, et la dite cour certifiera et transmettra aussi à Sa Majesté, ses héritiers et successeurs, en son ou leur Conseil privé, une copie des raisons données par les juges de telle cour, ou par aucun de ces juges, pour ou contre le jugement ou décision dont appel

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 16 mars 1893, du ministre de l'Intérieur, énonçant que par ordre en l'année 1888, du ministre de l'Intérieur alors en exercice, les deux petites îles situées dans le lac Saint-Martin, Manitoba, appelées îles Fisher ou Fishery, ont été ajoutées à la réserve sauvage de Fairford comme terres à foin, vu que cette bande de Sauvages n'avait assez de foin sur leur réserve pour le besoin de leurs animaux, et l'intention étant que cette action serait soumise à l'approbation nécessaire du conseil.

Le ministre recommande que l'addition de ces deux îles à la réserve sauvage de Fairford, soit confirmée.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 5e jour d'avril 1893.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 7 de mars 1893, du ministre de l'Intérieur, énonçant que la municipalité rurale de Kildonan, dans la province du Manitoba, a demandé la clôture d'une certaine réserve primitive de chemin sise entre les deux milles extérieurs des paroisses de Kildonan et Saint-Paul (à l'est de la rivière Rouge), en vertu des pouvoirs conférés par l'article 6 du chapitre 49 des Statuts Revisés du Canada. La dite réserve de chemin peut être décrite comme suit :

Cette certaine réserve de chemin d'une chaîne en largeur, tracée sur l'arpentage primitif des deux milles extérieurs des paroisses de Kildonan et Saint-Paul (à l'est de la rivière) sise entre le lot 120 dans les deux milles extérieurs de la paroisse de St. Paul, et le lot 39, dans les deux milles extérieurs de la paroisse de Kildonan, et colorée "rose" sur un plan déposé au bureau du Conseil privé.

Le ministre fait rapport que le greffier de la municipalité déclare que la raison pour laquelle on désire clore cette réserve de chemin, est que les deux lots 120 et 39 sont possédés par une même personne, et que la réserve de chemin en question n'est pas commode pour les résidants de l'endroit.

En conséquence le ministre recommande que la réserve de chemin sus-décrite dans les deux milles extérieurs de Kildonan et St. Paul (à l'est de la rivière Rouge) soit et elle est par le présent fermée, conformément aux dispositions de l'article 6 du chapitre 49 des Statuts Revisés du Canada.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture, et avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDERS IN COUNCIL.

[1074]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 12th day of April, 1893.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report dated 30th of March, 1893, from the Minister of the Interior, stating that the 14th Correction Line across Ranges 20, 21 and 22, west of the 4th Meridian, was surveyed under instructions from the Surveyor-General during the years 1882 and 1883, and that an examination, which was made during the summer of 1892, in connection with the re-marking of the corners in the Township adjoining this line, proves the road allowance along this line to be much in excess of the proper width, as prescribed by the Dominion lands system of survey.

The Minister further states that this excessive width in the road allowance is due to errors which were made in the original survey of the outlines closing on this Correction Line, and of the lines bounding the road allowance on the north and south sides across the ranges above mentioned.

The Minister therefore recommends that authority be granted him under the provisions of section 7 of the Act 52 Victoria, chapter 27, amending section 129 of chapter 54 of the Revised Statutes of Canada, to have the necessary investigations made on the Correction Line in question, and on the adjoining meridian outlines, to locate these errors, and after the location of the errors, to perform the necessary re-surveys to correct the same so as to make the road allowance of proper width and further to cancel the plans now of record in the Department of the Interior, of such outlines and townships as it may be found necessary to correct and to substitute the plans of the new surveys therefor.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE,
Clerk of the Privy Council.

[1219]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 22nd day of April, 1893.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report dated 11th April, 1893, from the Minister of the Interior, stating that by an Order in Council dated the 12th of October, 1892, the Minister of the Interior was authorized to notify lessees of grazing lands therein referred to that the leases held by them would be terminated on and after the 31st day of December, 1896 ; that they would then or at any time during the interval be permitted to purchase not in excess of ten per cent of their leasehold at the rate of $2.00 per acre, and that from and after the said 31st day of December, 1896, it would be open to them if they saw fit to accept leases for the unexpired portion of the term of twenty-one years, of such of the lands now held by them as might be agreed upon between them and the Government upon the new form of lease.

The Minister further states that the lessees were advised to the above effect and in reply they represented that $2.00 was excessive for grazing lands, and that it would be impossible for them to acquire sufficient land to enable them to carry on their ranching operations if they were required to pay for it at this rate. They further pointed out that under the regulations in force at the time their attention was first directed to stock-raising the price fixed by the Government Regulations for lands which it might be necessary for them to acquire in fee simple was $1.25 per acre and this is the price at which lands similarly situated have been sold by the North West Coal and Navigation Company.

The Minister finds that by the regulations of the 20th May, 1881, the price was fixed at $1.25 per acre, as alleged, but it was raised to $2.00 per acre by Order in Council dated the 23rd of December of the same year, clause 21 of the first mentioned Order authorized leases to be issued to the persons mentioned in a report of the Deputy of the Minister of the Interior, dated 9th of May, 1881, upon the terms of that Order, and among those mentioned in the report are some of the present largest leaseholders, although as a matter of fact no leases did issue until subsequent to the date when the regulations of the 23rd December, 1881, came into force.

The Minister, in view of all the above facts, and as he is of opinion that it was the intention to sell land to the leaseholders mentioned at $1.25 per acre, recommends that the Order in Council of the 12th October, 1892, be amended by substituting $1.25 for $2.00 as the price at which the leaseholders affected by the said Order or their assigns shall be permitted to buy, the purchase money to be payable one-tenth down and the balance in nine equal annual payments with interest at the rate of six per cent per annum upon the unpaid balances.

The Committee concurring in the above recommendation, submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 5th day of April, 1893.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 7th of March, 1893, from the Minister of the Interior, stating that the Rural Municipality of Kildonan, in the Province of Manitoba, has made application for the closing of a certain original road allowance, lying between the outer two miles of the Parishes of Kildonan and St. Paul's (east of the Red River) under the powers conferred by section 6 of chap. 49 of the Revised Statutes of Canada. The said road allowance may be described as follows :—

That certain allowance for road one chain in width, laid out in the original survey of the outer two miles of the Parishes of Kildonan and St. Paul's (east of river) lying between Lot 120 in the outer two miles of the Parishes of St. Paul's, and Lot 39, in the outer two miles of the Parish of Kildonan, and such road allowance is coloured "pink" on a map of record in the Privy Council Office.

The Minister reports that the Clerk of the Municipality states, that the ground upon which the closing of this road allowance is desired is that both lots 120 and 39 are owned by the same person, and that the road allowance in question is not convenient for the residents of the locality.

The Minister therefore recommends that the before-described road allowance in the outer two miles of Kildonan and St. Paul's (east of river), shall be and the same hereby is closed, in accordance with the provisions of clause 6 of chap. 49 of the Revised Statutes of Canada.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
43-4 Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 7 of 1893.

I. ROCK IN FISHER CHANNEL, NEAR LAMA PASSAGE, B.C.

A rock reported by the master of the steamer "Danube" has been located by the master of the Dominion steamer "Quadra" in Fisher Channel, near the entrance to Lama Passage, off the west coast of British Columbia.

Lat.	N.	52°	3'	20"
Long.	W.	127°	58'	17"

The rock is dangerous to navigation, being in the fairway of vessels making for or from Lama Passage. The danger is of small extent, about 150 feet in diameter, with 7 to 17 fathoms water close around it, and 21 fathoms between it and the nearest shore, 2½ cables distant. The shoalest spot, 9 feet in diameter, has 12 feet upon it at low water, spring tides. The remainder of the rock has not less than 18 feet upon it.

From the Rock Turn Point, Lama Passage entrance, bears N. W. by W. ½ W. (N. 36° W. true), distant 4⅔ cables. Sextant angles taken from the rock to locate it are as follow:—Farewell Point and Turn Point, 62° 28'; Turn Point and South Point (which is the north extremity of Long Point), 110° 52'.

This notice affects Admiralty charts Nos. 1923*b* and 2449.

II. LOCATION OF TOWN OF SYDNEY, AND MARKING OF SHOAL.

The new town of Sidney is situated on the east coast of Vancouver Island, about 1½ miles southward of Shoal Harbour.

Approximate position,—

Lat.	N.	48°	39'
Long.	W.	123°	24'

Shoal ground, with general depths of 1¼ to 4 fathoms, extends about 600 yards in an east and south-east direction from the town. The outer edge of this shoal ground has been marked by two spar buoys painted red.

This notice affects Admiralty charts Nos. 1917, 2689 and 2840.

III. REPORTED SHOAL SOUTH-EAST OF DUNCAN ROCK, OFF CAPE FLATTERY.

Captain Thomas Wallace, of the steamer "Walla Walla," reports that when passing between Tatoosh Island and Duncan Rock, off Cape Flattery, entrance to Strait of Juan de Fuca, Washington, U.S.A., he saw the sea break about ⅓ mile south-east of Duncan Rock, and he is of the opinion that there is not more than 3½ or 4 fathoms water in that position.

A sunken rock, which was fished upon, was reported in 1878 as lying 250 or 300 yards eastward of Duncan Rock. Mariners should give the locality a good berth, and have been already advised not to take the passage between Tatoosh Island and Duncan Rock.

This notice affects Admiralty charts Nos. 1911, 1917, and 2531, and British Columbia Pilot, 1888, page 19, bottom line.

AU CHATEAU DE WINDSOR,

Le 26e jour de novembre 1892.

PRÉSENTS :

Sa Très Excellente Majesté la REINE.
Le Lord Président,
Le vicomte Oxenbridge,
M. Mundella.

Considérant que par un acte du parlement du Manitoba, passé en la 48e année du règne de Sa Majesté, chapitre 48, intitulé "Acte concernant la Cour du Banc de la Reine," il est statué que la Cour du Banc de la Reine pour le Manitoba devra exister et continuer sous le titre de "Cour du Banc de la Reine pour le Manitoba," et qu'elle était et continuerait d'être une cour de juridiction de première instance et d'appel, et devra posséder et exercer tous les pouvoirs et l'autorité conférés par les lois d'Angleterre à une cour supérieure d'archives de juridiction civile et criminelle, dans toutes matières civiles et criminelles que ce soit, mais qu'il n'a pas encore été fait de disposition pour la poursuite et le règlement des appels de la dite cour à Sa Majesté en conseil.

Et considérant qu'il est à propos que des dispositions soient établies par le présent arrêté pour permettre aux parties d'interjeter appel des décisions de la dite cour à Sa Majesté en conseil,—il est par le présent ordonné, par Sa Très-Excellente Majesté, par et avec l'avis de son Conseil privé, comme suit :—

1. Toute personne ou personnes pourront interjeter appel à Sa Majesté, ses héritiers et successeurs dans son ou leur Conseil privé, de tout jugement final, décret, ordre ou sentence de la dite Cour du Banc de la Reine du Manitoba, de la manière, dans le délai, et sous et sujet aux règles, règlements et limitations ci-après énumérés, savoir :—

Dans le cas où tel jugement, décret, ordre ou sentence sera donné, ou prononcé pour ou au sujet de toute somme ou matière en litige excédant la somme ou la valeur de trois cents louis sterling (£300), ou dans le cas où ce jugement, décret, ordre ou sentence affecterait directement ou indirectement une réclamation, demande ou question concernant ou se rattachant à des biens ou quelque droit civil s'élevant à ou de la valeur de trois cents louis sterling (£300), la personne ou les personnes se sentant lésées par tout tel jugement, décret, ordre ou sentence pourront, sous quatorze jours après qu'il aura été prononcé, fait ou donné, s'adresser à la dite cour par motion ou pétition pour permission d'en appeler à Sa Majesté, ses héritiers et successeurs en son ou leur Conseil privé ;

Dans le cas où permission d'en appeler aura été demandée par la partie ou les parties qui est ou sont enjoints de payer toute telle somme de deniers ou de remplir un devoir quelconque, la dite cour pourra soit ordonner que le jugement, décret, ordre ou sentence dont appel est interjeté soit mis à exécution, ou que l'exécution en soit suspendue pendant le dit appel, selon qu'il paraîtra à la dite cour le plus conforme à la justice véritable et essentielle ;

Et dans le cas où la dite cour ordonnera que ce jugement, décret, ordre ou sentence soit mis à exécution, la personne ou les personnes en faveur de qui ce jugement, décret ou sentence aura été rendu devra ou devront, avant son exécution, donner une garantie bonne et suffisante qui devra être approuvée par la dite cour, pour le fidèle accomplissement de tel ordre que Sa Majesté, ses héritiers et successeurs croiront à propos de faire à l'égard de cet appel ;

Dans tous les cas une garantie sera aussi donnée par la personne ou les personnes appelantes sous forme de cautionnement ou hypothèque ou obligation personnelle n'excédant pas la valeur de cinq cents louis sterling (£500) pour la poursuite de l'appel, et le paiement de tous les frais qui seront adjugés par Sa Majesté, ses héritiers et successeurs, ou par le Comité judiciaire du Conseil privé de Sa Majesté, à la partie ou aux parties répondantes ; et si cette garantie en dernier lieu mentionnée est donnée sous les trois mois à compter de la date de telle motion ou pétition pour permission d'interjeter appel, alors, et non autrement, la dite cour admettra l'appel, et la partie ou les parties appelantes seront libres de présenter et poursuivre son ou leur appel à Sa Majesté, ses héritiers ou successeurs, en son ou leur Conseil privé, de telle manière et en vertu de tels règlements qui sont ou pourront être observés dans les appels faits à Sa Majesté des colonies ou plantations de Sa Majesté à l'étranger.

2. La dite cour pourra, à sa discrétion, sur la motion ou pétition de toute personne qui se croit lésée par tout jugement préliminaire ou interlocutoire, décret, ordre ou sentence de la dite cour, accorder permission à cette personne d'en appeler à Sa Majesté, ses héritiers et successeurs en son ou leur Conseil privé, sujet aux mêmes règles, règlements et limitations qui sont spécifiés dans le présent au sujet des appels de jugements, décrets, ordres et sentences définitifs.

3. Rien de contenu au présent n'aura l'effet ni ne sera censé avoir l'effet d'enlever ou restreindre le droit et l'autorité indéniables que possède Sa Majesté, ses héritiers et successeurs, sur l'humble pétition de toute personne ou personnes lésées par tout jugement ou décision de la dite cour, en aucun temps d'admettre son ou leur appel, aux conditions que Sa Majesté, ses héritiers et successeurs croiront à propos, et de renverser, corriger ou varier ce jugement ou décision selon que Sa Majesté, ses héritiers et successeurs jugeront convenable.

4. Dans tous les cas d'appel admis par la dite cour, ou par Sa Majesté, ses héritiers ou successeurs, la dite cour certifiera et transmettra à Sa Majesté, ses héritiers et successeurs, en son ou leur Conseil privé, une copie exacte et fidèle de toute preuve, procédures, jugements, décrets et ordres rendus ou faits dans les causes en appel, en tant qu'ils se rapportent à la matière de l'appel, ces copies seront attestées par le sceau de la dite cour, et la dite cour certifiera et transmettra aussi à Sa Majesté, ses héritiers et successeurs, en son ou leur Conseil privé, une copie des raisons données par les juges de telle cour, ou par aucun de ces juges, pour ou contre le jugement ou décision dont appel est interjeté, lorsque ces raisons auront été données par écrit, et lorsque ces raisons auront été données oralement, alors un énoncé par écrit des raisons données par les juges de telle cour, ou par aucun des dits juges, pour ou contre le jugement ou décision dont appel est interjeté.

5. Dans tous cas d'appel à Sa Majesté, ses héritiers ou successeurs, la dite cour se conformera et exécutera ou fera exécuter tels jugements et ordres que Sa Majesté, ses héritiers ou successeurs croiront bon de rendre dans l'affaire, de la même manière que tout jugement, décret, ou ordre décrétoire de première instance, ou autre ordre ou règle de la dite cour aurait dû ou aurait pu être exécuté.

Et le Très Honorable le Marquis de Ripon, un des principaux secrétaires d'Etat de Sa Majesté donnera les instructions nécessaires en conséquence.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 16 mars 1893, du ministre de l'Intérieur, énonçant que par ordre en l'année 1888, du ministre de l'Intérieur alors en exercice, les deux petites îles situées dans le lac Saint-Martin, Manitoba, appelées îles Fisher ou Fishery, ont été ajoutées à la réserve sauvage de Fairford comme terres à foin, vu que cette bande de Sauvages n'avait assez de foin sur leur réserve pour le besoin de leurs animaux, et l'intention étant que cette action serait soumise à l'approbation nécessaire du conseil.

Le ministre recommande que l'addition de ces deux îles à la réserve sauvage de Fairford, soit confirmee.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

Mercredi, le 5e jour d'avril 1893.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 7 de mars 1893, du ministre de l'Intérieur, énonçant que la municipalité rurale de Kildonan, dans la province du Manitoba, a demandé la clôture d'une certaine réserve primitive de chemin sise entre les deux milles extérieurs des paroisses de Kildonan et Saint-Paul (à l'est de la rivière Rouge), en vertu des pouvoirs conférés par l'article 6 du chapitre 49 des Statuts Revisés du Canada. La dite réserve de chemin peut être décrite comme suit :

Cette certaine réserve de chemin d'une chaîne en largeur, tracée sur l'arpentage primitif des deux milles extérieurs des paroisses de Kildonan et Saint-Paul (à l'est de la rivière) sise entre le lot 120 dans les deux milles extérieurs de la paroisse de St. Paul, et le lot 39, dans les deux milles extérieurs de la paroisse de Kildonan, et colorée "rose" sur un plan déposé au bureau du Conseil privé.

Le ministre fait rapport que le greffier de la municipalité déclare que la raison pour laquelle on désire clore cette réserve de chemin, est que les deux lots 120 et 39 sont possédés par une même personne, et que la réserve de chemin en question n'est pas commode pour les résidants de l'endroit.

En conséquence le ministre recommande que la réserve de chemin sus-décrite dans les deux milles extérieurs de Kildonan et St. Paul (à l'est de la rivière Rouge) soit et elle est par le présent fermée, conformément aux dispositions de l'article 6 du chapitre 49 des Statuts Revisés du Canada.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture, et avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

DESPATCHES.

[P.C. 1860 H.]

AT THE COURT AT OSBORNE HOUSE, ISLE OF WIGHT,

The 30th day of January, 1893.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by an Order in Council made in pursuance of the Merchant Shipping Act Amendment Act, 1862, and dated the 11th day of August, 1884, Her Majesty, on the joint recommendation of the Admiralty and the Board of Trade, was pleased to direct that on and after the 1st day of September, 1884, the Regulations contained in the Schedule thereto should, so far as regards British ships and boats, be substituted for the Regulations contained in the First Schedule to an Order in Council made as aforesaid, and dated the 14th day of August, 1879;

And whereas by two Orders in Council made in pursuance of the said Act, and on such joint recommendation as aforesaid, and dated respectively the 30th day of December, 1884, and the 24th day of June, 1885, certain modifications and additions were made to the said Regulations contained in the Schedule to the said recited Order in Council of the 11th day of August, 1884, as regards British fishing vessels and boats;

And whereas by another Order in Council made in pursuance of the said Act and on such joint recommendation as aforesaid, and dated the 18th day of August, 1892, certain modifications and additions were made to the said Regulations contained in the Schedule to the said recited Order in Council of the 11th August, 1884, as regards Steam Pilot vessels;

And whereas by the said Regulations contained in the Schedule to the said Order in Council of the 11th day of August, 1884, it is amongst other things provided as follows:—

Art. 3.—A sea-going steam-ship when under way shall carry—

(*a*) On or in front of the foremast, at a height above the hull of not less than 20 feet, and if the breadth of the ship exceeds 20 feet, then at a height above the hull not less than such breadth, a bright white light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass, so fixed as to throw the light 10 points on each side of the ship, viz., from right ahead to two points abaft the beam on either side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of a least five miles.

(*b*) On the starboard side, a green light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible on a dark night with a clear atmosphere, at a distance of at least two miles.

(*c*) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

(*d*) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

Art. 15.—If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on, to the other; in other words, to cases in which by day, each ship sees the masts of the other in a line, or nearly in a line, with her own; and by night to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day, to cases in which a ship sees another ahead crossing her own course; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other; or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

And whereas there has been doubt or misapprehension concerning the effect of the said two articles, and whereas the Admiralty and the Board of Trade have jointly recommended to Her Majesty to make the following additions to the said Regulations for the purpose of explaining the said recited Articles, and of removing the said doubt or misapprehension,—

Now, THEREFORE, Her Majesty, by virtue of the powers vested in Her by the said Act, and by and with the advice of Her Privy Council, is pleased to direct that from the date of this Order the Regulations contained in the Schedule to the said Order in Council of the 11th day of August, 1884, shall be further modified by the addition to the said recited Article 3 of the provisions contained in the Schedule hereto.

HERBERT M. SUFT.

SCHEDULE.

(*e*) To ensure that the red and green side lights shall show an uniform light from right ahead of the ship to two points abaft the beam on the port and starboard sides respectively, and shall not show across the bow of the ship itself, the said lights must be fixed and the screens fitted so that the rays from the red and green lights shall cross the line of the ship's keel projected ahead of the ship at a reasonable distance ahead of the ship.

With regard to all vessels whose lights are inspected by the officers of the Board of Trade the red or green side light will not be deemed to be fixed and fitted in accordance with the Regulations unless it is so fixed and screened that a line drawn from the outside edge of the wick to the foremost end of the inboard screen of such light shall make an angle of 4 degrees, or as near thereto as may be practicable, with a line drawn parallel with the keel of the ship from the outside edge of the wick. 47–4

And whereas by two Orders in Council made in pursuance of the said Act, and on such joint recommendation as aforesaid, and dated respectively the thirtieth day of December, one thousand eight hundred and eighty-four, and the twenty-fourth day of June, one thousand eight hundred and eighty-five, certain modifications and additions were made to the said Regulations contained in the Schedule to the said recited Order in Council of the eleventh day of August, one thousand eight hundred and eighty-four, as regards British fishing vessels and boats;

And whereas by the said Regulations contained in the Schedule to the said Order in Council of the eleventh day of August, one thousand eight hundred and eighty-four, it is amongst other things, provided as follows, namely:—

Article 9.—A pilot vessel, when engaged on her station on pilotage duty, shall not carry the lights required for other vessels, but shall carry a white light at the masthead, visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

A pilot vessel, when not engaged on her station on pilotage duty, shall carry lights similar to those of other ships.

And whereas, the Admiralty and the Board of Trade have, in pursuance of the said recited Act, jointly recommended to Her Majesty that the said Regulations contained in the Schedule to the said Order in Council of the eleventh day of August, one thousand eight hundred and eighty-four, should be further modified by adding to the said recited Article 9 thereof the provision contained in the Schedule hereto,—

Now, THEREFORE, Her Majesty, by virtue of the powers vested in Her by the said Act, and by and with the advice of Her Privy Council, is pleased to direct that from the date of this Order the Regulations contained in the Schedule to the said Order in Council of the eleventh day of August, one thousand eight hundred and eighty-four, shall be further modified by the addition to the said recited Article 9 thereof of the provisions contained in the Schedule hereto.

Governor General
The Rt. Hon. Lord Stanley of Preston,

AT THE COURT AT WINDSOR,

The 26th day of November, 1892.

PRESENT :

The QUEEN'S Most Excellent Majesty.
Lord President,
Viscount Oxenbridge,
Mr. Mundella.

Whereas by an Act of the Parliament of Manitoba, passed in the 48th year of Her Majesty's reign, chapter 48, entitled "An Act respecting the Court of Queen's Bench," it was enacted that Her Majesty's Court of Queen's Bench for Manitoba should exist and continue under the name and style of "Her Majesty's Court of Queen's Bench for Manitoba," and that it was and should continue to be a Court of original and appellate jurisdiction, and should possess and exercise all such powers and authorities as by the laws of England are incident to a Superior Court of Record of civil and criminal jurisdiction, in all matters civil and criminal whatsoever, but no provision has yet been made for the prosecution and regulation of appeals to Her Majesty in Council from the said court;

And whereas it is expedient that provision should be made by this order to enable parties to appeal from the decisions of the said court to Her Majesty in Council, it is hereby ordered by the Queen's Most Excellent Majesty, by and with the advice of Her Privy Council, as follows:—

1. Any person or persons may appeal to Her Majesty, Her heirs and successors, in Her or their Privy Council, from any final judgment, decree, order, or sentence of the said Court of Queen's Bench for Manitoba, in such manner, within such time, and under and subject to such rules, regulations, and limitations as are hereinafter mentioned, that is to say,—

In case any such judgment, decree, order, or sentence shall be given or pronounced for or in respect of any sum or matter at issue above the amount or value of three hundred pounds sterling (£300), or in case such judgment, decree, order, or sentence shall involve directly or indirectly any claim, demand, or question to or respecting property or any civil right amounting to or of the value of three hundred pounds sterling (£300), the person or persons feeling aggrieved by any such judgment, decree, order or sentence may, within fourteen days next after the same shall have been pronounced, made, or given, apply to the said court by motion or petition for leave to appeal therefrom to Her Majesty, Her heirs and successors, in Her or their Privy Council;

In case such leave to appeal shall be prayed by the party or parties who is or are directed to pay any such sum of money or perform any duty, the said court may either direct that the judgment, decree, order, or sentence appealed from shall be carried into execution, or that the execution thereof shall be suspended pending the said appeal as to the said court may appear to be most consistent with real and substantial justice;

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in virtue of the provisions of "The Public Works Act," chapter 36 of the Revised Statutes, and chapter 98 of the Revised Statutes, intituled "An Act respecting Tolls on Government Works for the transmission of Timber," and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following rules and regulations for the management, maintenance, proper use and protection of the Government timber slides and other works constructed to facilitate the transmission of timber, lumber and saw-logs on the St. Maurice River and its tributaries, and for the collection of tolls and dues for the use of the same, and to impose and authorize the collection upon the said works of the tolls and dues hereinafter mentioned, such rules, regulations, tolls and dues to be in lieu of all rules, regulations, tolls and dues heretofore in force or imposed in respect of such works.

JOHN J. McGEE,
Clerk of the Privy Council.

REGULATIONS.

NOTE.—The words "rafts or parcels of timber" wherever occurring in these regulations shall be held to mean saw-logs, railroad ties and all other kinds of wood goods.

Section 1.—The Government Slides, Booms and other works connected therewith in St. Maurice District shall be under the control and management of the Superintendent of the Works for that district, or in case there should be no superintendent, or in the absence of such an officer, under the control and management of some other officer duly appointed by the Minister of Public Works; and these officers, and no others, shall have the power of regulating the supply of water required for the passage of timber, of allotting the space for rafting or mooring timber, of determining the quantity of timber that may pass daily through the slide or booms, of awarding the amount that may be due by the owner or owners of timber or persons in charge thereof for damages that may have been done to any of the works, of imposing fines or penalties for any violation of the Slide Regulations, of seizing the timber, and of detaining or selling the same at public auction, as hereinafter provided, and of recovering the said dues, penalties or damages, when the owners of timber or persons in charge thereof refuse or neglect to pay the same; and the orders of the said Superintendent of the Works, or other officer duly appointed as aforesaid, must in all cases be obeyed by the owners of timber or their employees, who in case of refusal or neglect to obey such orders, shall be subject to the fines or penalties hereinafter imposed, as the case may be.

Section 2.—The owner of every parcel of squared timber, saw-logs or other timber proposed to be passed down the River St. Maurice through any of the works constructed thereon shall give notice in writing to the Superintendent of Public Works on the said river, eight full days at least before the period appointed for driving the same, giving the approximate number of pieces and timber marks and specifying the section or sections of the river such timber is to be driven from, whether or not it is to be driven to the mouth of the river, and if not, where it is intended to be stopped, under a penalty, in default of giving such notice, of not less than four dollars and not exceeding twenty dollars.

Section 3. On the arrival of any description of timber at or near any of the slides, booms or works, the owner thereof or person in charge of the same shall immediately send a sufficient number of men to pass said timber through the said slides, booms or works, and shall not allow the timber to accumulate at the head of the said slides, booms or works, or to obstruct the passage of other timber to or from the said slides, booms or works; and if a "jam" of any description of timber takes place in any of the said slides, booms or works, or near the same, the owner or person in charge shall at once remove the "jam" or obstruction, under the direction of the Superintendent or officer acting in that capacity; and in case the owner or person in charge of said timber should refuse or neglect to remove the same within forty-eight hours, the said Superintendent or officer, or person by him authorized in that behalf, shall have the power of removing the same at the proper costs, risk and expense of the owners thereof, who shall be subject to a penalty of not less than fifty dollars and not more than one hundred dollars for every day during which their timber shall obstruct the passage of other timber, over and above the amount that may be awarded by the Superintendent of the works, as well for the expenses of removing the same as for any damage that may have been done in consequence of such refusal or neglect.

Section 4.—No raft or parcel of timber shall be moored or banded up nearer to the entrance to or the outlet of any of the slides, booms or works than the berths pointed out by the Boom Master or officer acting in that capacity; and when permission shall be granted to the owners or persons in charge of any raft or parcel of timber to place any pocket boom, raft or timber in or near the said slides, booms or works, the owners or persons in charge of such raft, timber or pocket boom shall not in any case take any more or other place than the berth or berths allotted by the Boom Master, or other officer in charge of the works, and shall at any time, when directed so to do, move the said rafts, timber or pocket booms from place to place, or remove the same entirely, as soon as required so to do by the said Boom Master or other officer in charge of the works, under a penalty of not less than twenty dollars and not more than fifty dollars in case of refusal or neglect on the part of the said owners or persons in charge of timber, rafts or pocket booms to comply with the requirements of this section.

Section 5.—The owner or owners, or persons in charge of any raft or parcel of timber shall, before removing the same from any slide, boom or public work connected therewith, subscribe and deliver to the said Superintendent, or other officer, as the case may be, duly appointed as aforesaid, an acknowledgment in duplicate, certifying the number and description of cribs or of pieces of timber so passed, and shall pay the slide and boom dues, or secure the same to the satisfaction of the Collector of Slide and Boom Dues, under a penalty of not less than twenty dollars and not more than two hundred dollars, and shall further pay double the amount of dues which would otherwise be payable, on any raft or parcel of timber passing such work without such acknowledgment.

Section 6.—The Collector of Slide and Boom Dues, or any person or persons duly authorized by him in that behalf, shall, at all hours during the day, have free access, and full power and permission to enter and remain as along as he or they may see fit upon any raft or parcel of timber, for the purposes of examining the same, and every facility shall be afforded him or them for ascertaining the number of cribs or the number of pieces and description of timber of which the same is composed, and any person obstructing the Collector of Slide and Boom Dues, Boom Master, or other persons duly authorized as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than fifty dollars and not more than two hundred dollars.

Section 7.—The owner, as well as the person in charge of any raft or parcel of timber, shall be held responsible for any injury or damage done to the slides, booms, piers, or other works connected therewith, by any of the parties in their employment; and it shall and may be lawful for the Superintendent, Boom Master, or officer acting in that behalf, to seize and detain such raft or parcel of timber until the injury so done shall be repaired, or until security to his satisfaction shall have been given for such amount as shall be awarded on account of such damage; and any and every person interfering with the management or supply of water, or with any of the duties of the said Boom Masters or officers acting in that capacity, without having been duly authorized by them so to do, and any and every person doing injury or damage, as aforesaid, to any of the Government slides, or to the booms, slides, gates or piers connected therewith, or aiding or assisting in doing such injury or damage, shall, for the first offence, incur a penalty of not less than twenty dollars and not more than one hundred dollars, over and above payment of the amount which may be awarded for such damages; and for the second and every subsequent offence, shall incur a penalty of not less than one hundred dollars and not more than two hundred dollars, over and above payment of such damages, the amount of which damage shall, in each case, be ascertained and determined by the Superintendent or officer in charge of the slide, boom or work.

Section 14.—No raft or tow of timber passing through the lock shall exceed 30 feet in width and 120 feet in length.

(*a.*) No such raft or tow of timber shall approach any other raft or tow of timber nearer than 200 feet, unless for the purpose of passing, or to be moored nearer than 300 feet, to any other raft or tow of timber which shall be first moored.

(*b.*) No traverse in any crib or timber shall extend within one inch of the outer edge of the outside piece of such crib of timber.

(*c.*) Every separate raft or tow of timber shall be provided with a clearance, and shall lie over on the off side when passing any vessel in the lock.

(*d.*) No raft shall be allowed to lie unmoored in the lock or its approaches, or be moored or allowed to lie in any manner across the channel to obstruct the navigation ; and every raft or tow of timber shall be conducted through the lock without any unnecessary delay, at such time only, and under such further regulations as shall be appointed by the Lock Master.

(*e.*) Every raft or tow of timber, when passing through the lock, shall have at least two men in charge thereof.

Section 15.—Should any vessel, boat, scow, raft, piece of timber or other matter be left abandoned in the lock or on the Government property, floating or sunken, or in any measure incommoding or likely, in the opinion of the Lock Master, to incommode the navigation, or to interfere with the improvements or works of the lock, or should any articles be found upon the Government property not under the charge of any person, the owner thereof shall be subject to a fine of not less than four dollars ; which fine shall be held against the property so found, and the Lock Master may seize and remove any such unclaimed or abandoned property and may afterwards sell the same at public auction on giving two weeks written or printed notice, at the Village of St. Michel d'Yamaska, and shall pay the proceeds of the sale into the hands of the person appointed to receive it, or the Lock Master may cause such property to be removed, levying the cost attendant thereon, as well as the fine so imposed, upon the owner or person claiming such property. Provided, also, that upon suspicion that the Captain or Master intends to abandon such wreck, &c., the Lock Master is hereby authorized to seize the same as hereinbefore provided in case of sunken or abandoned property, and provided, also, that before removing any vessel, boat, scow or raft wrecked or sunken, or any part thereof, or the contents thereof in the lock, or any property left on the Government property, the person or persons claiming such vessel, boat, scow or raft, or any portion thereof, or such property, shall give security for the payment of all costs and expenses that may be incurred by and from the removal of such wreck or abandoned property or any part thereof ; such security to be approved of by the Lock Master, unless such person or persons shall have obtained leave from that officer to remove the same.

Section 16.—If the owner or owners of any property so seized shall appear and claim the same before the time of sale, and pay the fine, the cost of seizure and expense of removal, no sale shall take place.

Section 17.—As regards priority of passage through the lock, there shall be only two recognized classes of vessels, viz :—

(*a.*) *First Class.*—Composed of vessels whose machinery is described in the certificate of the Steam-boat Inspector as suitable to be employed "in the carriage of passengers," in distinction to steamers whose machinery, etc., is described in such certificate as suitable to be employed "in the carriage of freight and passengers," also market steamers.

(*b.*) *Second Class.*—Composed of all other vessels, of what kind soever they may be.

(*c.*) Of these two classes of vessels, those of the first class shall have priority of passage over those of the second class, provided that Mail Steamers navigating the lock, shall always have priority of passage over all other vessels whatsoever ; and any violation of this clause shall subject the offending party to a penalty of not less than four dollars nor exceeding twenty dollars.

(*d.*) When several boats or vessels are lying by, or are waiting to enter the lock, they shall lie in single tier and at a distance of not less than 100 feet from the lock or entrance ; and each boat or vessel, for the purpose of passing through, shall advance in the order in which it may be lying in such tier, except in the cases of vessels of the first class, to which priority of passage is granted as above.

(*e.*) Should, however, any first class vessel, for which, at a certain fixed hour, the lock is kept clear, not then enter the lock, vessels of the second class, which may be in waiting, shall immediately have the use of the lock, and continue so to use it until the delayed first class vessel arrives.

(*f.*) Any violation of the foregoing provisions of this section shall subject the offending party to a penalty of not less than four dollars, and not exceeding forty dollars.

Section 18.—All vessels and boats approaching the lock while any other vessel, going in the contrary direction, is in or about to enter the same, shall be stopped and made fast to the posts or rings placed for that purpose, not nearer than 100 feet from the lock, and remain there until the vessel going through the lock shall have passed, under a penalty for such offence, of not less than four dollars, and not exceeding twenty dollars.

Section 19.—In all cases of vessels or boats meeting in the approaches of the lock, the vessels descending the River Yamaska shall keep the east side of the channel, and the ascending vessels the west or shore side of the lock, under a penalty of not less than two dollars and not exceeding twenty dollars for every offence against this section.

Section 20.—The corners of all boats or scows built with square heads shall be rounded off to a radius of not less than three feet. All such boats or scows shall also have their owner's names or numbers prominently painted on the sides or stern, and they shall also be provided with two iron stakes with rings, to which to make fast when not moored to snubbing posts; and in the case of boats and scows taking in vegetables or merchandise, it shall be only at such places on the Government property as the Lock Master shall permit, and they must have such guards or trip boards on the sides, to prevent such materials falling into the lock or its approaches, as the Lock Master may require, under a penalty not exceeding one hundred dollars.

Section 21.—Every vessel, boat or barge navigating the lock shall have its rudder so constructed as not to catch or cut the tow-rope of any other vessel, boat or barge; under a penalty not exceeding twenty dollars to be incurred by the owner, master or person in charge.

Section 22.—Every vessel, boat and raft shall be conducted into, through and out of the lock in a careful manner, so as to do no injury to such lock; and for every neglect of this regulation the owner or master shall pay a fine not exceeding twenty dollars, in addition to the cost of repairing any injury that may be done to the lock, or its gates or other works of the lock.

Section 23.—Every vessel, boat or craft navigating the lock shall be provided with at least two good and sufficient hawsers or check ropes, one at the bow and one at the quarter, which, on passing or entering the lock, shall be made fast to the snubbing posts or rings on the lock and piers or wharves, and each rope shall be attended by one of the boat's crew, to check the speed of the vessel while entering the lock, and to prevent its striking against the gates or other parts of the lock, and to keep it from moving about in the lock, while the lock is being filled or emptied; and the master or owner of any vessel or boat who shall neglect to comply with this section shall be liable to a fine not exceeding forty dollars, and the vessel or boat shall not be permitted to pass if in the opinion of the Lock Master or other officer duly appointed the lines are considered insufficient.

Section 24.—Whenever any vessel or other craft shall be passing through the lock, the master or person in charge shall furnish two, at least, of his boat's crew to assist in working the lock, to pass his own vessel through it; and the refusal or neglect of such master or person in charge to furnish such assistance shall subject the said master or person in charge to a fine of not less than two dollars, nor more than forty dollars.

Section 25.—All vessels, boats or rafts as aforesaid, shall be held liable for any injury or damage they may do to the lock, or machinery used in making repairs or in executing works upon the locks or approaches, or to any building adjoining the lock, whether the same arises from the fault, neglect or mismanagement of the master or person in charge of such vessel, boat or raft or from his inattention to the lock regulations, or from accident; and every penalty which may be duly imposed, under these regulations, by the Chief Engineer of the Department of Public Works or the Lock Master and declared in these regulations as against the owner master, navigator or person in charge of any vessel, boat or raft as aforesaid whether the same be for non-payment of tolls, or for the fine duly imposed, or for any sum demanded by the Chief Engineer, or person in charge of the lock, as compensation for any injury done, shall be chargeable upon such vessel, boat or raft as aforesaid; and the Lock Master is authorized and required to seize and detain any such raft, vessel or boat as aforesaid, with her cargo and appurtenances, at the risk of the owner or owners until payment of such tolls, penalty or compensation as aforesaid, and in default of such payment thereof, the person in charge of the lock may proceed to sell by auction any such vessel, boat or raft, after having first given two weeks notice of the day of such intended sale, such notice to be inserted in one or more of the public newspapers, published in the Town of Sorel, at least two clear weeks prior to the day of the sale.

Section 26.—Any vessel or boat that shall incur any fine, or do any injury to the lock approaches, may be stopped and detained upon the River Yamaska, until the fine or compensation for injury done shall be paid, or until security be given for the payment thereof, in the manner above mentioned.

Section 27.—No lock man, foreman or other person employed on the lock, shall without the written permission from the Department of Public Works or Chief Engineer, furnish any teams, boats, materials or other things for the use of the public or of the lock, or employ or contract for the same when owned by any member of his family on the lock, or employ any team, boat, material or other thing belonging to the public, for any private use or purpose. And no officer on the lock or persons holding any appointment under the Department of Public Works shall either directly or indirectly be interested in any contract for labour, materials or other things connected with the lock, and shall not, either directly or indirectly, derive any benefit from the annual expenditures on the lock and its approaches, beyond his established compensation, nor shall he be in any way interested in boarding any lock-tender, foreman or labourer on the lock, nor shall he sell any property or article of any kind whatsoever.

Section 28.—No lock-tender or other officer of the lock shall keep, or in any way be interested in any hotel, tavern or grocery, nor shall be sell or be interested in the sale of any articles or property whatsoever, to any person navigating or using the lock, nor shall he be directly or indirectly concerned in the sale of fuel.

Section 29.—No raft or timber shall be allowed to be moored in the lock or along its approaches, unless it be placed under the immediate charge of one or more men (according to the quantity of timber it may contain) under a penalty of not less than ten dollars, and not exceeding forty dollars, and the officer in charge is hereby authorized to place in charge of such raft or tow of timber, one or more men, as may seem to him necessary, and may seize and detain such raft or tow of timber until the expense incurred thereby, as well as the fine, be paid.

Section 30.—All vessels owned or chartered by persons having contracts for the enlargement, repairs or improvements of the lock and the River Yamaska, and employed by them in removing earth or carrying materials necessary for the prosecution of such works, shall be entitled to pass the lock free of tolls upon such vessels and cargo.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 13th day of April, 1893.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in virtue of the powers vested in him by "The Public Works Act," chapter 36 of the Revised Statutes, and chapter 98 of the Revised Statutes, intituled "An Act respecting Tolls on Government Works for the transmission of Timber," and by and with the advice of the Queen's Privy Council for Canada is pleased to make the annexed rules and regulations for the management, maintenance, proper use and protection of the Government slides, booms and works in the Trent and Newcastle District, and for the collection of tolls and dues thereon, and to impose and authorize the collection upon the said works of the tolls and dues hereinafter set forth, such rules, regulations, tolls and dues to be in lieu of all rules, regulations, tolls and dues heretofore in force or imposed upon the said works.

JOHN J. McGEE,
Clerk of the Privy Council.

REGULATIONS for the management, maintenance, proper use and protection of the slides and booms and works connected therewith and water stretches in the Trent and Newcastle District and for the collection of tolls and dues thereon.

NOTE.—The words "rafts or parcels of timber" wherever they occur in these rules and regulations are intended to cover saw-logs and all other kinds of wood goods that may pass through the slides and other works.

Section 1.—The Government slides, booms and other works and the water stretches connected therewith in the Trent and Newcastle District, shall be under the control and management of the Superintendent of the works for this District, or in case there should be no Superintendent, or in the absence of such an officer, under the control and management of the Slide Master, Deputy Slide Master or other officer duly appointed by the Minister of Public Works; and these officers and no others shall have the power of regulating the supply of water required for the passage of timber or of allotting the space for rafting or mooring timber, or determining the quantity of timber that may pass daily through the slides or booms, of awarding the amount that may be due by the owner or owners of timber or persons in charge thereof for damages that may have been done to any of the works, of imposing fines or penalties for any violation of these regulations, of seizing the timber and of detaining or selling the same at public auction, as hereinafter provided, and of recovering the penalties or damages, when the owners of timber or persons in charge thereof refuse or neglect to pay the same ; and the orders of the said Superintendent of the works, Slide Master, Deputy Slide Master or other officer duly appointed as aforesaid, must in all cases be obeyed by the owners of timber or their employees, who, in case of refusal or neglect to obey such orders, shall be subject to the fines or penalties hereinafter imposed, as the case may be.

Section 2.—No raft or parcel of timber shall be permitted to enter any Government slide, for the purpose of passing through, without the owner or person in charge of such raft or parcel of timber first giving notice thereof to, and obtain permission from, the Superintendent, Slide Master, Deputy Slide Master, or other officer, as the case may be, duly appointed as aforesaid, under a penalty of not less than four dollars, and not more than twenty dollars.

Section 3.—The owner or person in charge of any raft or parcel of timber previous to entering any of the Government slides, for the purpose of passing such raft or parcel of timber through the same, shall make a full and complete report of such raft or parcel of timber, containing an account of the number of cribs, pieces, and the description of timber composing the raft or parcel of timber, the name and designation of the owner or owners, together with marks and all other particulars relating thereto ; and shall also, before removing the same from any slide, boom or public work connected therewith, subscribe and deliver to the said Superintendent, Slide Master, Deputy Slide Master, or other officer, as the case may be, duly appointed as aforesaid, an acknowledgment in duplicate, certifying the number and description of cribs or of timber so passed, and shall pay the slide dues, or secure the same to the satisfaction of the Collector of Slide Dues, under a penalty of not less than twenty dollars and not more than two hundred dollars, and shall further pay double the amount of dues which would otherwise be payable, on any raft or parcel of timber passing such slide without such acknowledgment.

Section 4.—The Collector of Slide Dues, or any person or persons duly authorized by him in that behalf, shall at all hours during the day, have free access, and full power and permission to enter and remain as long as he or they may see fit upon any raft or parcel of timber, for the purpose of examining the same, and every facility shall be afforded him or them for ascertaining the number of cribs or number of pieces and description of timber of which the same is composed, and any person obstructing the Collector of Slide Dues, Slide Master or other persons duly authorized as aforesaid, in the execution of his or their duty shall incur a penalty of not less than fifty dollars and not more than two hundred dollars.

Section 5.—It shall be competent for the Collector of Slide Dues, the Superintendent of these works, their deputy or deputies, assistant or assistants, or persons duly authorized by him or them to enter upon, seize and detain, at the risk, costs and charges of the owner or owners thereof, any raft or parcel of timber which shall have been moved away from any of the Government Slides, booms or works, without the slide dues thereof, the amount awarded for damages or the fines or penalties, if any, being first paid or secured to his satisfaction, and any and every person obstructing the Collector of Slide Dues, or other person or persons duly authorized as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than twenty dollars and not more than two hundred dollars.

Section 6.—Rafts, cribs and every description of timber shall be held liable for the dues, damages and penalties imposed under these regulations ; and the Slide Master or other duly appointed officer is hereby authorized and required to seize and detain any such raft, crib or parcel of timber until payment of such dues, damages and penalties is made, or until the owner or person in charge shall have given satisfactory security for the payment thereof, within thirty days after the same shall have been declared to be incurred or shall have been demanded, and in default of such payment being made within the said term of thirty days, then the said Slide Master or other officer duly authorized may proceed to sell by public auction any such raft, crib, or parcel, of timber, but at least two weeks notice of the day of the intended sale by auction shall in the meantime have been given and have been duly inserted in one or more of the public newspapers published at the nearest place to the said works, and a copy of said notice shall also have been placarded during the same time (two weeks before the intended sale) in a public and conspicuous place at or near the said works where the raft, crib, or timber is lying ; and if the costs attendant on such auction sale as well as all other costs, damages and penalties imposed or awarded cannot be realized from the timber so seized and sold, the same shall be recoverable from the owner of said raft, crib or parcel of timber.

Section 7.—On the arrival of any description of timber at or near any of the Government Slides, Booms or works the owner thereof or person in charge of the same shall immediately send a sufficient number of men to pass said timber through the said slides, booms or works and also at every other point which the said Superintendent may indicate, to prevent all such damage to the works or obstruction to navigation or other free use of the river as might arise from the accumulation of logs or other timber against the booms or in the channels or bends in the river, or from logs or other pieces of timber escaping under the booms or going over them and shall not allow the timber to accumulate at the head of the said slides, booms or works, or to obstruct the passage of other timber to or from the said slides, booms or works ; and if a "jam" of any description of timber takes place in any of the said slides, booms or works or near the same, the owner or person in charge shall at once remove the "jam" or obstruction under the direction of the Slide Master or officer acting in that capacity ; and in the case of the owner or person in charge of said timber should refuse or neglect to remove the same within forty-eight hours the said Slide Master or officer, or person by him authorized in that behalf, shall have the power of removing the same at the proper costs, risks and expenses of the owners thereof, who shall be subject to a penalty of not less than fifty dollars and not more than one hundred dollars for every day during which their timber shall obstruct the passage of other timber, over and above the amount that may be awarded by the Slide Master, or Superintendent of the work, as well for the expenses or removing the same as for any damage that may have been done in consequence of such refusal or neglect.

Section 8.—No raft or parcel of timber shall be moored or banded up nearer to the entrance to or the outlet of any of the Government Slides, Booms, or works than the berths pointed out by the Slide Master or officer acting in that capacity ; and when permission shall be granted to the owner or persons in charge of any raft or parcel of timber to place any pocket boom, raft or timber in or near the said slides, booms or works, the owners or persons in charge of such raft, timber or pocket boom shall not in any case take any more or other space or place than the berth or berths allotted by the said Slide Master, or other officer in charge of the works, and shall at any time, when directed so to do by the said Slide Master or other officer in charge of the works, under a penalty of not less than twenty dollars and not more than fifty dollars in case of refusal or neglect on the part of the said owners or persons in charge of timber, rafts or pocket booms to comply with the requirements of this section.

Section 9.—Where separate channels are provided for the passage of logs and other timber these alone are to be used therefor. Where separate channels are not provided for the passage of logs and timber the owners or persons in charge will be required to make them up in separate parcels of not more than fifteen thousand (15,000) pieces in each bag, except in cases where the entire drive does not exceed twenty thousand (20,000) pieces, in which case one bag will be permitted, and in no case whatsoever shall any two bags be within ¼ of a mile of each other, while in motion, under a penalty of not less than fifty dollars nor more than two hundred dollars.

Section 10.—No person will be allowed to make fast or snub to any of the booms nor shall they crowd or force their logs down any channel so as to alter or change the position of any boom, under a penalty of not less than twenty dollars nor more than one hundred dollars.

Section 11.—Any person changing or altering the position of any boom by releasing the same from the piers or anchors to which it is secured, unless by authority of the Superintendent of these works, shall incur a penalty of not less than one hundred dollars nor more than five hundred dollars.

Section 12.—The owner as well as the person in charge of any parcel of timber, shall be held jointly and severally responsible for any injury or damage done to any of the slides, dams, booms, piers or other public works in the said Newcastle District by any of the parties in the employment of such owner or person in charge, and it shall and may be lawful for the said Superintendent, or other person acting for him, to seize and detain such parcel of timber until the injury so done shall be repaired, or until satisfactory security shall have been given for the payment of the amount at which such injury or damage shall be estimated by the Superintendent.

Section 13.—Every person who shall wilfully do any injury or damage to any of the slides or to any of the booms, dams, piers or to other public works in the said Newcastle District and every person who shall aid or assist in so doing any such injury or damage, shall, for every such offence, incur a penalty of not less than one hundred dollars and not exceeding two hundred dollars, over and above the amount at which such injury or damage shall be estimated by the Superintendent as herein before provided.

Section 14.—Any person who shall oppose, hinder or obstruct, or who shall aid any other person in opposing, hindering or obstructing any superintendent of public works, collector of dues, boom-keeper, or other officer or person duly authorized by any such officer, in the execution of his duty, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars.

Section 15.—The penalties, awards for damage to the Government works, infringement of these regulations or expenses incurred by the Superintendent or other officer for the removal of timber or saw-logs as hereinbefore prescribed shall be a first lien on the said timber or saw-logs, and shall be recoverable in the same manner or process as defined in section 6 of these regulations.

Section 16.—If the owner or party in charge of any parcel of timber, saw-logs, etc., refuse or neglect to furnish satisfactory acknowledgments of the quantities of timber, saw-logs, etc., which have passed over any work, or who have given erroneous returns, or who refuse payment of the tolls or dues herein provided, the Slide Master or person in charge of any work may at the request of the collector of slide dues, prevent the passage of any logs, timber, etc., belonging to such parties until the requirements of the regulations be complied with, and any attempt to force a passage through any of the slides or works for such timber, saw-logs, etc., so detained, shall be punishable by a fine of not more than five hundred dollars and not less than one hundred dollars, and such timber may be seized and detained until such penalty is paid or secured to the satisfaction of the collector of slide dues.

Section 17.—Every sawmill-owner or person in charge of or operating a saw-mill, and every other person dealing in timber, saw-logs, sawn timber or other wood goods, shall furnish to the collector of tolls and dues on or before the 1st day of September in each year a statement upon oath or solemn declaration under the Statute in that behalf and upon a printed form which will be furnished by the collector upon application, showing the undermentioned particulars as to all such goods made or acquired by him during the preceding lumbering season and up to the said date or from the end of the period covered by the last preceding report under this or the following section, and on or before the 15th day of October in each year a similar statement as to all such goods made or acquired by him subsequent to the 1st day of September or date of previous return. PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report dated 30th of March, 1893, from the Minister of the Interior, stating that the 14th Correction Line across Ranges 20, 21 and 22, west of the 4th Meridian, was surveyed under instructions from the Surveyor-General during the years 1882 and 1883, and that an examination, which was made during the summer of 1892, in connection with the re-marking of the corners in the Township adjoining this line, proves the road allowance along this line to be much in excess of the proper width, as prescribed by the Dominion lands system of survey.

The Minister further states that this excessive width in the road allowance is due to errors which were made in the original survey of the outlines closing on this Correction Line, and of the lines bounding the road allowance on the north and south sides across the ranges above mentioned.

The Minister therefore recommends that authority be granted him under the provisions of section 7 of the Act 52 Victoria, chapter 27, amending section 129 of chapter 54 of the Revised Statutes of Canada, to have the necessary investigations made on the Correction Line in question, and on the adjoining meridian outlines, to locate these errors, and after the location of the errors, to perform the necessary re-surveys to correct the same so as to make the road allowance of proper width and further to cancel the plans now of record in the Department of the Interior, of such outlines and townships as it may be found necessary to correct and to substitute the plans of the new surveys therefor.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 22nd day of April, 1893.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report dated 11th April, 1893, from the Minister of the Interior, stating that by an Order in Council dated the 12th of October, 1892, the Minister of the Interior was authorized to notify lessees of grazing lands therein referred to that the leases held by them would be terminated on and after the 31st day of December, 1896 ; that they would then or at any time during the interval be permitted to purchase not in excess of ten per cent of their leasehold at the rate of $2.00 per acre, and that from and after the said 31st day of December, 1896, it would be open to them if they saw fit to accept leases for the unexpired portion of the term of twenty-one years, of such of the lands now held by them as might be agreed upon between them and the Government upon the new form of lease.

The Minister further states that the lessees were advised to the above effect and in reply they represented that $2.00 was excessive for grazing lands, and that it would be impossible for them to acquire sufficient land to enable them to carry on their ranching operations if they were required to pay for it at this rate. They further pointed out that under the regulations in force at the time their attention was first directed to stock-raising the price fixed by the Government Regulations for lands which it might be necessary for them to acquire in fee simple was $1.25 per acre and this is the price at which lands similarly situated have been sold by the North West Coal and Navigation Company.

The Minister finds that by the regulations of the 20th May, 1881, the price was fixed at $1.25 per acre, as alleged, but it was raised to $2.00 per acre by Order in Council dated the 23rd of December of the same year, clause 21 of the first mentioned Order authorized leases to be issued to the persons mentioned in a report of the Deputy of the Minister of the Interior, dated 9th of May, 1881, upon the terms of that Order, and among those mentioned in the report are some of the present largest leaseholders, although as a matter of fact no leases did issue until subsequent to the date when the regulations of the 23rd December, 1881, came into force.

The Minister, in view of all the above facts, and as he is of opinion that it was the intention to sell land to the leaseholders mentioned at $1.25 per acre, recommends that the Order in Council of the 12th October, 1892, be amended by substituting $1.25 for $2.00 as the price at which the leaseholders affected by the said Order or their assigns shall be permitted to buy, the purchase money to be payable one-tenth down and the balance in nine equal annual payments with interest at the rate of six per cent per annum upon the unpaid balances.

The Committee concurring in the above recommendation, submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 7 of 1893.

I. ROCK IN FISHER CHANNEL, NEAR LAMA PASSAGE, B.C.

A rock reported by the master of the steamer "Danube" has been located by the master of the Dominion steamer "Quadra" in Fisher Channel, near the entrance to Lama Passage, off the west coast of British Columbia.

Lat. N. 52° 3' 20"
Long. W. 127° 58' 17"

The rock is dangerous to navigation, being in the fairway of vessels making for or from Lama Passage. The danger is of small extent, about 150 feet in diameter, with 7 to 17 fathoms water close around it, and 21 fathoms between it and the nearest shore, 2½ cables distant. The shoalest spot, 9 feet in diameter, has 12 feet upon it at low water, spring tides. The remainder of the rock has not less than 18 feet upon it.

From the Rock Turn Point, Lama Passage entrance, bears N. W. by W. ½ W. (N. 36° W. true), distant 4⅔ cables. Sextant angles taken from the rock to locate it are as follow:—Farewell Point and Turn Point, 62° 28'; Turn Point and South Point (which is the north extremity of Long Point), 110° 52'.

This notice affects Admiralty charts Nos. 1923*b* and 2449.

II. LOCATION OF TOWN OF SYDNEY, AND MARKING OF SHOAL.

The new town of Sidney is situated on the east coast of Vancouver Island, about 1½ miles southward of Shoal Harbour.

Approximate position,—

Lat. N. 48° 39'
Long. W. 123° 24'

Shoal ground, with general depths of 1¼ to 4 fathoms, extends about 600 yards in an east and south-east direction from the town. The outer edge of this shoal ground has been marked by two spar buoys painted red.

This notice affects Admiralty charts Nos. 1917, 2689 and 2840.

III. REPORTED SHOAL SOUTH-EAST OF DUNCAN ROCK, OFF CAPE FLATTERY.

Captain Thomas Wallace, of the steamer "Walla Walla," reports that when passing between Tatoosh Island and Duncan Rock, off Cape Flattery, entrance to Strait of Juan de Fuca, Washington, U.S.A., he saw the sea break about ⅛ mile south-east of Duncan Rock, and he is of the opinion that there is not more than 3½ or 4 fathoms water in that position.

A sunken rock, which was fished upon, was reported in 1878 as lying 250 or 300 yards eastward of Duncan Rock. Mariners should give the locality a good berth, and have been already advised not to take the passage between Tatoosh Island and Duncan Rock.

This notice affects Admiralty charts Nos. 1911, 1917, and 2531, and British Columbia Pilot, 1888, page 19, bottom line.

WM. SMITH,
Deputy-Minister of Marine and Fisheries.

Department of Marine and Fisheries,

☞ All bearings are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

PROCLAMATION.

E. L. NEWCOMBE,
Député du ministre de la Justice, Canada.

Attendu qu'en vertu des dispositions de l'Acte de tempérance du Canada et ses modifications, l'avis suivant a été adressé au Secrétaire d'Etat pour le Canada, accompagné de la pétition ci-jointe :—

" A l'honorable Secrétaire d'Etat du Canada,—

" Monsieur,—Nous, soussignés, électeurs du comté
" de Brome, vous prions de prendre connaissance que
" nous désirons présenter la pétition ci-dessous à Son
" Excellence le Gouverneur général du Canada en

" ' ayant qualité et capacité pour voter à l'élection
" ' d'un membre de la Chambre des Communes, dans

Sachez maintenant, que, par les présentes et en vertu de l'autorité qui Nous est conférée par le dit acte et le dit arrêté en conseil, Nous proclamons et déclarons que vendredi, le seizième jour de juin prochain, un poll sera tenu dans le dit comté de Brome, pour y recevoir les votes des électeurs pour et contre la dite pétition. Que ces votes seront enregistrés au scrutin secret depuis neuf heures du matin jusqu'à cinq heures de l'après-midi de ce jour-là.

Que Hiram Sewell Foster, écuyer, régistrateur du dit comté de Brome, a été nommé officier-rapporteur dans le but de recevoir ce jour-là les votes des électeurs pour et contre la pétition, de compter ensuite les votes, et puis de faire rapport du résultat au Gouverneur général en conseil. Que le dit officier-rapporteur est autorisé et requis de nommer un sous-officier-rapporteur à et pour chaque bureau de votation. Que l'officier-rapporteur nommera les différentes personnes qui devront se tenir aux différents bureaux de votation, et qui devront faire le décompte final des votes, au nom des personnes autorisées à favoriser ou à s'opposer respectivement à l'adoption de la pétition, au bureau d'enregistrement du dit comté, dans le village de Knowlton, dans le dit comté, lundi, le douzième jour de juin prochain, à dix heures de l'avant-midi. Que les votes des électeurs seront comptés, et le résultat de la votation annoncé par l'officier-rapporteur au bureau d'enregistrement, dans le village de Knowlton susdit, mardi, le vingtième jour de juin prochain, à dix heures de l'avant-midi.

Et, dans le cas d'adoption de la pétition par les électeurs, le Gouverneur général en conseil pourra, en tout temps après l'expiration d'une période de trente jours depuis la date de l'adoption de la dite pétition, et après l'expiration de trois années à compter du jour de l'entrée en vigueur de la deuxième partie du dit acte dans le dit comté de Brome, en vertu du dit arrête en conseil en date du vingt-troisième jour de mars mil huit cent quatre-vingt-cinq, par un arrêté en conseil publié dans la *Gazette du Canada*, révoquer le dit arrêté en conseil du vingt-troisième jour de mars mil huit cent quatre-vingt-cinq, par lequel la deuxième partie de l'Acte de tempérance du Canada devenait exécutoire dans le dit comté de Brome, tel que y mentionné.

De ce qui précède Nos féaux sujets et tous ceux que les présentes peuvent concerner, sont par les présentes requis d'en prendre avis et d'agir en conséquence.

Le Gouverneur général
Le Très Honorable Lord Stanley de Preston,
etc., etc., etc.

AU CHATEAU DE WINDSOR,

Le 26e jour de novembre 1892.

PRÉSENTS :

Sa Très Excellente Majesté la REINE.
Le Lord Président,
Le vicomte Oxenbridge,
M. Mundella.

CONSIDÉRANT que par un acte du parlement du Manitoba, passé en la 48e année du règne de Sa Majesté, chapitre 48, intitulé "Acte concernant la Cour du Banc de la Reine," il est statué que la Cour du Banc de la Reine pour le Manitoba devra exister et continuer sous le titre de "Cour du Banc de la Reine pour le Manitoba," et qu'elle était et continuerait d'être une cour de juridiction de première instance et d'appel, et devra posséder et exercer tous les pouvoirs et l'autorité conférés par les lois d'Angleterre à une cour supérieure d'archives de juridiction civile et criminelle, dans toutes matières civiles et criminelles que ce soit, mais qu'il n'a pas encore été fait de disposition pour la poursuite et le règlement des appels de la dite cour à Sa Majesté en conseil.

Et considérant qu'il est à propos que des dispositions soient établies par le présent arrêté pour permettre aux parties d'interjeter appel des décisions de la dite cour à Sa Majesté en conseil;—il est par le présent ordonné, par Sa Très-Excellente Majesté, par et avec l'avis de son Conseil privé, comme suit :—

1. Toute personne ou personnes pourront interjeter appel à Sa Majesté, ses héritiers et successeurs dans son ou leur Conseil privé, de tout jugement final, décret, ordre ou sentence de la dite Cour du Banc de la Reine du Manitoba, de la manière, dans le délai, et sous et sujet aux règles, règlements et limitations ci-après énumérés, savoir :—

Dans le cas où tel jugement, décret, ordre ou sentence sera donné, ou prononcé pour ou au sujet de toute somme ou matière en litige excédant la somme ou la valeur de trois cents louis sterling (£300), ou dans le cas où ce jugement, décret, ordre ou sentence affecterait directement ou indirectement une réclamation, demande ou question concernant ou se rattachant à des biens ou quelque droit civil s'élevant à ou de la valeur de trois cents louis sterling (£300), la personne ou les personnes se sentant lésées par tout tel jugement, décret, ordre ou sentence pourront, sous quatorze jours après qu'il aura été prononcé, fait ou donné, s'adresser à la dite cour par motion ou pétition pour permission d'en appeler à Sa Majesté, ses héritiers et successeurs en son ou leur Conseil privé ;

Dans le cas où permission d'en appeler aura été demandée par la partie ou les parties qui est ou sont enjoints de payer toute telle somme de deniers ou de remplir un devoir quelconque, la dite cour pourra soit ordonner que le jugement, décret, ordre ou sentence dont appel est interjeté soit mis à exécution, ou que l'exécution en soit suspendue pendant le dit appel, selon qu'il paraîtra à la dite cour le plus conforme à la justice véritable et essentielle ;

Et dans le cas où la dite cour ordonnera que ce jugement, décret, ordre ou sentence soit mis à exécution, la personne ou les personnes en faveur de qui ce jugement, décret ou sentence aura été rendu devra ou devront, avant son exécution, donner une garantie bonne et suffisante qui devra être approuvée par la dite cour, pour le fidèle accomplissement de tel ordre que Sa Majesté, ses héritiers et successeurs croiront à propos de faire à l'égard de cet appel ;

Dans tous les cas une garantie sera aussi donnée par la personne ou les personnes appelantes sous forme de cautionnement ou hypothèque ou obligation personnelle n'excédant pas la valeur de cinq cents louis sterling (£500) pour la poursuite de l'appel, et le paiement de tous les frais qui seront adjugés par Sa Majesté, ses héritiers et successeurs, ou par le Comité judiciaire du Conseil privé de Sa Majesté, à la partie ou aux parties répondantes ; et si cette garantie en dernier lieu mentionnée est donnée sous les trois mois à compter de la date de telle motion ou pétition pour permission d'interjeter appel, alors, et non autrement, la dite cour admettra l'appel, et la partie ou les parties appelantes seront libres de présenter et poursuivre son ou leur appel à Sa Majesté, ses héritiers ou successeurs, en son ou leur Conseil privé, de telle manière et en vertu de tels règlements qui sont ou pourront être observés dans les appels faits à Sa Majesté des colonies ou plantations de Sa Majesté à l'étranger.

2. La dite cour pourra, à sa discrétion, sur la motion ou pétition de toute personne qui se croit lésée par tout jugement préliminaire ou interlocutoire, décret, ordre ou sentence de la dite cour, accorder permission à cette personne d'en appeler à Sa Majesté, ses héritiers et successeurs en son ou leur Conseil privé, sujet aux mêmes règles, règlements et limitations qui sont spécifiés dans le présent au sujet des appels de jugements, décrets, ordres et sentences définitifs.

3. Rien de contenu au présent n'aura l'effet ni ne sera censé avoir l'effet d'enlever ou restreindre le droit et l'autorité indéniables que possède Sa Majesté, ses héritiers et successeurs, sur l'humble pétition de toute personne ou personnes lésées par tout jugement ou décision de la dite cour, en aucun temps d'admettre son ou leur appel, aux conditions que Sa Majesté, ses héritiers et successeurs croiront à propos, et de renverser, corriger ou varier ce jugement ou décision selon que Sa Majesté, ses héritiers et successeurs jugeront convenable.

4. Dans tous les cas d'appel admis par la dite cour, ou par Sa Majesté, ses héritiers ou successeurs, la dite cour certifiera et transmettra à Sa Majesté, ses héritiers et successeurs, en son ou leur Conseil privé, une copie exacte et fidèle de toute preuve, procédures, jugements, décrets et ordres rendus ou faits dans les causes en appel, en tant qu'ils se rapportent à la matière de l'appel, ces copies seront attestées par le sceau de la dite cour, et la dite cour certifiera et transmettra aussi à Sa Majesté, ses héritiers et successeurs, en son ou leur Conseil privé, une copie des raisons données par les juges de telle cour, ou par aucun de ces juges, pour ou contre le jugement ou décision dont appel est interjeté, lorsque ces raisons auront été données par écrit, et lorsque ces raisons auront été données

oralement, alors un énoncé par écrit des raisons données par les juges de telle cour, ou par aucun des dits juges, pour ou contre le jugement ou décision dont appel est interjeté.

5. Dans tous cas d'appel à Sa Majesté, ses héritiers ou successeurs, la dite cour se conformera et exécutera ou fera exécuter tels jugements et ordres que Sa Majesté, ses héritiers ou successeurs croiront bon de rendre dans l'affaire, de la même manière que tout jugement, décret, ou ordre décrétoire de première instance, ou autre ordre ou règle de la dite cour aurait dû ou aurait pu être exécuté.

Et le Très Honorable le Marquis de Ripon, un des principaux secrétaires d'Etat de Sa Majesté donnera les instructions nécessaires en conséquence.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il plaît à Son Excellence, en vertu des dispositions de "l'Acte des Travaux Publics," chapitre 36 des Statuts Revisés, et du chapitre 98 des Statuts Revisés, intitulé "Acte concernant les péages sur les constructions de l'Etat pour la descente du bois," et par et avec l'avis du Conseil privé de la Reine pour le Canada, de faire les règles et règlements suivants pour la régie, entretien, bon usage et protection des glissoires du gouvernement et autres travaux construits dans le but de faciliter la descente du bois de charpente et de service, et des billots sur la rivière Saint-Maurice et ses tributaires, et pour la perception des droits et péages sur leur usage, et d'imposer et autoriser la perception sur les dits travaux des droits et péages ci-après mentionnés ; les présentes règles, règlements, péages et droits remplaceront toutes autres règles, règlements, péages et droits autrefois en vigueur ou imposés sur ces travaux.

JOHN J. McGEE,
Greffier du Conseil privé.

RÈGLEMENTS.

NOTE.—Les mots "radeaux ou lot de bois" partout où ils se rencontrent dans les présents règlements, seront censés signifier les billots de sciage, traverses de chemin de fer et toutes autres espèces d'effets en bois.

Article 1.—Les glissoires, estacades et autres constructions fédérales s'y rattachant dans le district du Saint-Maurice, seront placés sous le contrôle et la régie du surintendant des travaux du district, ou, s'il n'y a pas de surintendant, ou en son absence, sous le contrôle et la régie de quelque autre officier dûment autorisé par le ministre des Travaux Publics ; et ces officiers, et nuls autres, auront le pouvoir de régler l'alimentation de l'eau nécessaire pour le passage des bois de construction, de répartir l'espace accordé pour la mise en radeau ou l'amarrage du bois, de déterminer la quantité de bois qui pourra passer chaque jour dans les glissoires ou les estacades, d'établir la somme qui pourra être due par les propriétaires de bois ou les personnes qui en ont la charge, pour les dommages qui pourraient être faits à quelqu'un des ouvrages, d'imposer des amendes ou pénalités pour infraction aux règlements des glissoires, de saisir le bois et de le détenir et vendre aux enchères publiques, tel que ci-dessous prescrit, et de recouvrer ces droits, amendes ou indemnités lorsque les propriétaires du bois ou les personnes qui en ont la charge refuseront ou négligeront de les payer ; et les ordres du surintendant des travaux, du gardien des glissoires ou de tel autre officier autorisé comme susdit, devront toujours être suivis et exécutés par les propriétaires du bois, ou leurs employés, sous peine, en cas de refus ou négligence de se conformer à ces ordres, des amendes et pénalités ci-dessous imposées suivant le cas.

Article 2.—Le propriétaire de tout lot de bois carré, de billots de sciage ou autre bois de construction destiné à descendre la rivière Saint-Maurice par aucun des travaux qui y sont construits, donnera par écrit au surintendant des travaux publics sur cette rivière huit jours francs d'avis au moins avant la période fixée pour la descente de ce bois, donnant le nombre approximatif de pièces et les marques du bois et spécifiant la section ou les sections de la rivière par où doit passer ce bois, s'il doit ou non être descendu jusqu'à l'embouchure de la rivière, et si non, où doit-il arrêter, sous peine d'une amende, en cas de négligence de donner cet avis, de quatre piastres au moins et de vingt piastres au plus.

Article 3.—A l'arrivée de toute espèce de bois à ou près de quelque glissoire, estacade ou autre ouvrage de l'Etat, le propriétaire ou la personne qui en aura la charge enverra immédiatement un nombre d'hommes suffisant pour faire passer ce bois dans la glissoire, estacade ou autre ouvrage, et ne laissera pas accumuler ce bois à la tête de la glissoire, estacade ou autre ouvrage, et ne nuira pas au passage d'autre bois destiné à entrer ou sortir de la glissoire, estacade ou autre ouvrage ; et s'il survient un encombrement ou refoulement de bois dans quelque glissoire, estacade ou autre ouvrage, ou dans son voisinage, le propriétaire ou la personne qui en a la charge devra immédiatement défaire cet encombrement ou enlever l'obstacle, sous la direction du surintendant ou autre officier agissant en cette capacité ; et si le propriétaire ou la personne ayant la charge du bois refuse ou néglige de l'enlever ou défaire dans les quarante-huit heures, le gardien de glissoire ou officier, ou la personne autorisée par lui à cet effet, pourra le faire enlever ou défaire aux frais, risques et dépens des propriétaires du bois, qui seront passibles d'une amende de pas moins de cinquante piastres, ni de plus de cent piastres, pour chaque jour durant lequel leur bois empêchera le passage d'autre bois, en sus du montant qui pourra être taxé par le surintendant des travaux, tant pour les frais occasionnés par l'enlèvement de l'obstacle que pour tout dommage qui pourra avoir été causé par suite de ce refus ou de cette négligence.

Article 4. Nul train ou lot de bois ne sera amarré ou assemblé plus près de l'entrée ou de la sortie d'aucune glissoire, estacade ou autre ouvrage que l'endroit indiqué par le gardien de glissoire ou autre officier agissant en cette capacité ; et lorsqu'il sera donné permission aux propriétaires ou personnes ayant la charge d'un train ou lot de bois de placer une estacade temporaire, ou un train ou lot de bois dans ou près des glissoires, estacades ou autres ouvrages, les propriétaires ou personnes ayant charge de ce train, lot de bois ou estacade temporaire ne devront en aucun cas prendre plus d'espace, ou un autre espace, ou le prendre ailleurs, que l'espace ou l'endroit indiqué par le gardien de glissoire ou autre officier chargé de la régie des ouvrages, et devront en tout temps, lorsqu'ils en recevront l'ordre déplacer le dit train ou lot de bois, ou l'estacade temporaire, et les mettre ailleurs ou les enlever complètement aussitôt qu'ils en seront requis par le gardien de glissoire ou autre officier chargé de la régie des ouvrages, à peine d'une amende de pas moins de vingt piastres, ni plus de cinquante piastres, en cas de refus ou négligence de la part des dits propriétaires ou personnes ayant charge du bois ou des estacades temporaires, de se conformer aux dispositions de cet article.

Article 5.—Le propriétaire ou les propriétaires ou la personne ayant charge d'un train ou lot de bois devra, avant de le sortir d'une glissoire, estacade ou ouvrage public s'y rattachant, souscrire et remettre au surintendant, ou autre officier, selon le cas, dûment autorisé à cet effet, une déclaration en duplicata certifiant le nombre et la description des radeaux ou du bois ainsi passé, et paiera les droits de glissoire, ou en garantira le paiement à la satisfaction du percepteur des droits de glissoire, à peine d'une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, et paiera de plus le double du montant des droits qui autrement auraient été payables, sur tout train ou lot de bois qui passera dans la glissoire sans cette déclaration.

Article 6.—Le percepteur des droits de glissoire, ou toute personne dûment autorisée par lui à cet effet, aura, à toute heure du jour, libre accès et plein pouvoir et permission d'aller et rester aussi longtemps qu'il ou elle le jugera à propos, sur tout train ou lot de bois dans le but de l'inspecter, et toute facilité lui sera donnée pour constater le nombre de radeaux ou le nombre de morceaux et l'espèce de bois dont ils sont composés ; et toute personne qui entravera le percepteur des droits de glissoire, les gardiens de glissoire ou autres officiers dûment autorisés comme il est dit plus haut, dans l'exécution de leurs devoirs, encourra une amende de pas moins de cinquante piastres, ni de plus de deux cents piastres.

Article 7.—Le propriétaire, ainsi que la personne ayant charge d'un train ou lot de bois, sera responsable de tout dommage fait aux glissoires, estacades, piliers, jetées ou autres ouvrages s'y rattachant, par les hommes employés par lui ; et il sera loisible au surintendant, gardien de glissoire, ou à l'officier agissant en son nom, de saisir ou de détenir ce train ou lot de bois, jusqu'à ce que le dommage ainsi causé ait été réparé, ou jusqu'à ce qu'une garantie ait été donnée, à sa satisfaction, pour le montant qui sera taxé pour la réparation de ce dommage ; et quiconque entravera ou gênera la régie ou l'alimentation d'eau, ou l'exécution des devoirs des dits gardiens de glissoire ou officiers agissant en cette capacité, sans avoir été dûment autorisé par eux à le faire, et quiconque fera ou causera quelque dommage, comme susdit, à quelque glissoire fédérale, ou aux estacades, vannes, portes ou piliers s'y rattachant, ou qui aidera à faire ou causer pareil dommage, encourra pour la première offense, une amende de pas moins de vingt piastres, ni de plus de cent piastres, en sus du paiement du montant auquel sera taxé le dommage, et, pour chaque récidive, une amende de pas moins de cent piastres, ni de plus de deux cents piastres, en sus du paiement de l'indemnité de ce dommage, dont le montant sera, dans chaque cas, constaté et taxé par le surintendant ou l'officier ayant charge de la glissoire, estacade ou au ouvrage.

Article 8.—Il sera loisible au percepteur des droits de glissoire, son adjoint ou son assistant, ou à la personne dûment autorisée par lui à cet effet, de se rendre sur tout train ou lot de bois qui aura été sorti de quelque glissoire, estacade ou autre ouvrage fédéral sans que les droits de glissoire sur ce bois, le montant taxé pour dommage, ou amendes ou pénalités, s'il en est, n'aient été préalablement payés ou garantis à sa satisfaction, et de le saisir et détenir aux risques, frais et dépens du ou des propriétaires ; et quiconque entravera le percepteur des droits de glissoire, ou autre personne dûment autorisée comme susdit, dans l'exécution de son devoir, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 9.—Les trains, radeaux et toute espèce de bois seront tenus responsables des droits, indemnités de dommage et amendes imposés par ces règlements ; et le surintendant ou autre officier dûment nommé est par le présent autorisé et requis de saisir et détenir tout tel train, radeau ou lot de bois, jusqu'à parfait paiement des droits, indemnités de dommage ou amendes, ou jusqu'à ce que le propriétaire ou la personne qui a charge du bois en ait garanti le paiement d'une manière satisfaisante, dans les trente jours après qu'ils auront été déclarés encourus ou demandés ; et, si ce paiement n'est pas fait dans les trente jours, le surintendant ou officier pourra alors procéder à la vente du train, radeau ou lot de bois, aux enchères publiques ; mais il sera donné au moins deux semaines d'avis de la date de la vente projetée, et cet avis sera publié dans l'un ou plusieurs des journaux publiés en la cité de Trois-Rivières, et une copie de cet avis sera aussi affichée pendant le même espace de temps (c'est-à-dire pendant deux semaines avant la vente projetée), dans un endroit public et apparent des dits travaux, ou auprès, où se trouve le train, radeau ou lot de bois, et dans la cité de Trois-Rivières ; et si les frais entraînés par cette vente ainsi que tous les autres frais, dommages et amendes imposés ou taxés, ne peuvent être réalisés sur le bois ainsi saisi et vendu, ils seront recouvrés du propriétaire du train, radeau ou lot de bois.

Article 10.—Le propriétaire ou celui qui sera chargé du soin de chaque lot de bois équarri, billots de sciage ou autre bois de service, devra, lorsqu'il sera ou avant qu'il ne soit rendu à sa destination sur le Saint-Maurice, s'il en est requis par le surintendant, souscrire et remettre au dit surintendant, ou à toute personne autorisée par lui à cet effet, une déclaration en duplicata, certifiant le nombre et la description des pièces ou billots qui auront passé par quelqu'une des dites constructions, et spécifiant le nom et la désignation de leur propriétaire, ainsi que les marques qui distinguent ce bois, et tels autres détails qui pourront être requis pour l'identifier ; et quiconque, après avoir fait passer quelque lot de bois dans les dites constructions, refusera de donner cette déclaration, ou qui en la donnant fera quelque faux énoncé quant à la quantité ou à la description du bois ainsi descendu ou passé, ou au sujet de l'endroit de départ ou de destination, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, et paiera de plus, sur chaque lot de bois ainsi descendu ou passé sans déclaration, ou à l'égard duquel quelque faux énoncé aura été fait, le double du montant des droits, qui, autrement, aurait été payable sur ce lot.

Article 11.—Les droits à payer sur tous les lots de bois équarri, billots de sciage et autres bois qui descendront la dite rivière, d'après le tarif ci-annexé, seront payables immédiatement à leur arrivée aux estacades de l'embouchure de la rivière Saint-Maurice, ou à tel endroit intermédiaire auquel ils seront destinés ; et nulle personne n'enlèvera aucun lot de bois avant que ces droits n'aient été payés ou garantis, à la satisfaction du percepteur, à peine d'une amende de pas moins de quarante piastres ni plus de deux cents piastres.

Article 12.—Le propriétaire ainsi que celui qui aura charge d'un lot de bois, seront solidairement et individuellement responsables de tout dommage ou avarie fait à aucune des glissoires, barrages, estacades, jetées, piliers ou autres constructions publiques sur la dite rivière Saint-Maurice, par toute personne employée par ce propriétaire ou la personne en charge du bois ; et il sera loisible au surintendant, ou à toute personne agissant en son nom, de saisir et détenir ce lot de bois, jusqu'à ce que le dommage fait ait été réparé, ou jusqu'à ce qu'un cautionnement satisfaisant ait été donné pour le paiement du montant auquel ce dommage sera évalué par le surintendant.

Article 13.—Quiconque endommagera de propos délibéré quelque glissoire, estacade, barrage, pilier, jetée ou autre construction publique sur la dite rivière Saint-Maurice, et quiconque aidera à faire tel dommage, encourra, pour chaque offense, une amende de pas moins de cent piastres et de pas plus de deux cents piastres, en sus et au-delà du montant auquel ce dommage sera évalué par le surintendant, tel que ci-haut prescrit.

Article 14.—Le propriétaire de tout lot de bois équarri, billots de sciage ou autre bois descendant le Saint-Maurice, devra, pendant sa descente, tenir un nombre d'hommes suffisant à chaque glissoire et estacade ainsi qu'à tout autre endroit que désignera le surintendant, pour prévenir tout dommage aux ouvrages ou tout embarras dans la rivière qui pourrait provenir de l'accumulation de billots ou autres bois contre les estacades, ou dans les chenaux ou coudes de la rivière ou prévenir du passage des billots ou autres bois par-dessus ou par-dessous les estacades.

Article 15.—Le nombre des hommes nécessaires à chaque station sera déterminé par le dit surintendant, qui est par le présent autorisé à employer, aux frais et dépens des propriétaires du bois de construction, billots, etc., le nombre d'hommes nécessaire pour les passer en sûreté sur et par cette station, dans le cas où le propriétaire de ce bois, billots, etc., négligerait de fournir ces hommes au temps voulu par le surintendant ; et tout propriétaire ou personne en charge de ces billots qui négligera ou refusera de se conformer à ce règlement, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement de tout montant auquel le dommage fait sera évalué par le surintendant.

Article 16.—Nulle personne ayant la charge de bois de service retenu dans l'estacade d'arrêt, placée dans la baie de Shawinigan ou autre station, ne permettra qu'il n'y soit placé ou n'en soit sorti, excepté sous la direction du dit surintendant ou de toute personne par lui autorisée à cet égard, laquelle règlera la descente du bois et le temps de sa sortie de l'estacade ; et toute personne ayant la charge de ce bois qui refusera ou négligera d'arrêter les billots à l'estacade de la baie de Shawinigan ou autre station, lorsqu'elle en recevra l'ordre de tel officier, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement du montant auquel les dommages causés aux ouvrages, par suite de cette négligence ou refus, sera évalué par le surintendant.

Article 17.—Le propriétaire ou la personne ayant la charge de tout lot de bois équarri, billots de sciage ou autre bois, descendant le Saint-Maurice, devra, depuis le temps où ce bois arrivera près de sa destination sur la dite rivière, jusqu'à celui où il les aura passées, tenir un nombre d'hommes suffisant à ces estacades pour empêcher toute obstruction ou dommage aux ouvrages, qui pourrait résulter d'une trop grande accumulation de bois contre les estacades, ou dans leurs entrées ; et chaque propriétaire ou personne ayant charge de ce bois devra fournir au moins le nombre d'hommes exigé par le surintendant ou la personne par lui dûment autorisée à cet égard, dans le temps et de la manière que le surintendant ou son substitut pourra prescrire. Et tout propriétaire ou personne en charge de ce bois qui négligera ou refusera de se conformer à ce règlement encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement du montant auquel les dommages faits aux ouvrages, par suite de cette négligence ou refus, sera évalué par le surintendant. Et dans le cas de refus ou de négligence de se conformer au présent règlement, le surintendant est autorisé à ouvrir ces estacades afin de les libérer de l'encombrement ou permettre le flottage des autres, et le propriétaire de tout bois ou billots n'aura aucun recours contre le gouvernement pour dommages causés par leurs billots, etc., dépassant ainsi leur point de destination primitive.

Article 18.—Quiconque attachera ou amarrera, ou fera attacher ou amarrer, quelque radeau ou train de bois à quelque estacade, à l'embouchure de la rivière Saint-Maurice, ou fera ou fera faire quelque cadre de radeau, ou coupera ou bûchera, ou fera couper ou bûcher, des billots ou du bois sur ces dites estacades, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 19.—Quiconque résistera, gênera ou entravera, ou aidera à résister, gêner ou entraver, un surintendant des travaux publics, percepteur des droits, gardien d'estacade, ou autre officier ou personne dûment autorisée par cet officier, dans l'exécution de ces devoirs, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 20.—Si le propriétaire ou personne en charge d'un lot de bois, ou de billots, manque ou néglige de fournir le nombre d'hommes voulu par le surintendant, ou autre officier dûment autorisé, en vertu des présents règlements, le dit surintendant pourra employer le nombre voulu d'hommes aux frais du propriétaire du bois de construction, billots, etc., et les frais ainsi encourus seront une première charge sur le dit bois, billots, etc., lequel pourra être saisi et détenu par le dit surintendant ou autre officier autorisé jusqu'à ce que tous les frais et charges ainsi encourus soient payés, ou la perception pourra s'en faire de la manière établie par la loi pour la perception des droits de glissoire et d'estacade ordinaires.

Article 21.—Chaque propriétaire de scierie ou la personne en charge d'une scierie ou l'utilisant, et chaque autre personne faisant le commerce du bois de construction, billots, bois scié ou autres effets de bois, fournira au percepteur des droits et péages le ou avant le premier jour de septembre de chaque année, un état attesté sous serment ou déclaration solennelle en vertu du statut à cet égard, et sur une formule imprimée qui sera fournie par le percepteur sur demande, indiquant les détails ci-dessous énumérés quant aux articles faits ou acquis par lui sauf le bois carré envoyés en radeaux à Québec, pendant la saison précédente à venir jusqu'à la dite date, ou depuis la date couverte par le dernier rapport en vertu du présent ou des articles suivants ; et le ou avant le 1er jour de novembre de chaque année, un semblable rapport quant à tous tels articles faits ou acquis par lui subséquemment au premier jour de septembre ou date de son dernier rapport. Article 1.—Le patron ou la personne ayant charge d'un navire, vapeur, chalan ou radeau naviguant dans cette écluse, devra, en entrant ou immédiatement avant d'entrer dans l'écluse, se munir d'un congé pour ce navire, vapeur, bateau ou radeau, au bureau de l'éclusier ; à défaut de quoi l'éclusier ne devra pas permettre à ce navire, vapeur, bateau ou radeau de franchir l'écluse, et le propriétaire ou le patron en charge sera passible d'une amende qui n'excédera pas vingt piastres ; et l'éclusier ou autre officier dûment nommé, aura droit d'aller à bord de tout navire, vapeur, bateau ou chalan, quand il sera nécessaire, pour vérifier le laissez-passer ou manifeste de ce navire, vapeur, bateau ou chalan ; et le patron ou toute personne en charge de ce navire, vapeur, bateau ou chalan qui cherchera à entraver un officier dans l'exercice de ses fonctions, sera passible d'une amende d'au plus quarante piastres.

Article 2.—Tout navire ou bateau naviguant dans l'écluse devra être exactement jaugé et marqué, en pieds et pouces, à l'avant, au milieu et à l'arrière, de chiffres indiquant le tirant exact d'eau de chaque partie du navire ou bateau ; et les navires tirant plus de sept pieds d'eau ne pourront entrer dans l'écluse ; et le patron ou la personne ayant charge d'un de ces navires et qui pénétrera dans l'écluse, contrairement à cet article, sera passible d'une amende n'excédant pas cent piastres, et le navire sera retenu jusqu'à ce que cette amende ait été payée et qu'il ait été convenablement allégé. Les navires devront aussi être munis d'un cornet ou d'un sifflet d'alarme à vapeur que le patron devra sonner ou faire sonner à au moins un quart de mille, ou quinze minutes avant d'entrer dans une écluse, sous peine d'une amende d'au moins deux piastres et de pas plus de vingt piastres.

Article 4.—Aucun bateau à vapeur ne pourra franchir l'écluse, à moins d'avoir au haut de chacun des tuyaux de sa cheminée, un écran en fil de fer, par lequel la fumée passera, et dont les mailles ou interstices n'auront pas plus d'un quart de pouce de large ; l'écran devra être posé de manière à ce que l'éclusier qui laissera passer un vapeur puisse parfaitement le voir lorsqu'il sera fermé, et tout éclusier qui laissera passer un vapeur ou navire mû par la vapeur ne remplissant pas ces conditions, sera passible d'une amende de vingt piastres dans chaque cas, et le patron d'un vapeur ou navire mû par la vapeur qui entrera dans l'écluse ou amarrera son navire à aucun des quais de l'écluse sans cet écran sur chacune des cheminées du dit vapeur, sera passible d'une semblable amende de vingt piastres chaque fois, et des dommages-intérêts pour tous dommages qui pourront en résulter et qui seront évalués par l'ingénieur en chef du département des Travaux Publics.

Article 5.—Tout patron ou personne en charge d'un vapeur ou autre navire, ou d'un radeau, devra, avant d'approcher de l'écluse, s'assurer que l'écluse est dans l'état convenable pour laisser passer l'embarcation, et il devra faire ralentir la vitesse du vapeur, navire ou radeau de manière à ne pas endommager l'écluse, ses portes, ou autres constructions et, si des dégâts ont lieu, le propriétaire ou le patron du vapeur, navire ou embarcation sera passible d'une amende fixée par l'ingénieur en chef du département des Travaux Publics, mais qui n'excédera pas quatre-vingts piastres, et il sera responsable des dégâts occasionnés à l'écluse, les dommages devant être évalués par l'ingénieur en chef du département des Travaux Publics ou son représentant autorisé, et le montant payé immédiatement à l'éclusier ou à toute autre personne ayant droit de les recevoir.

Article 6.—Le propriétaire, le patron, ou la personne ayant charge d'un navire, bateau ou radeau comme susdit, lorsqu'il en sera requis par l'éclusier ou autre officier dûment autorisé à cet égard, devront promptement amener ce navire, bateau ou radeau au point que l'éclusier ou tout autre officier, comme il est dit plus haut, pourra désigner, dans le but de permettre les réparations nécessaires et de maintenir libre la navigation de l'écluse, ou pour le maintien de l'ordre et de la régularité dans le voisinage des quais, écluses et débarcadères, à défaut de quoi il sera passible d'une amende n'excédant pas quarante piastres.

Article 7.—Personne ne devra ouvrir ou fermer les portes ou ventelles de l'écluse, ou abaisser le niveau d'eau en aucune manière, ou ne devra déranger le fonctionnement de l'écluse, quais, ou autres constructions sur l'écluse sans le consentement et par l'ordre de l'éclusier ou officier en charge, et toute personne qui se mettra en contravention avec ce règlement, ou entravera le service de l'éclusier ou d'un de ses employés, à cet égard, sera passible d'une amende n'excédant pas quarante piastres chaque fois.

Article 8.—Aucun patron ou personne ayant charge d'un vapeur, bateau ou radeau naviguant dans l'écluse ou ses abords, ne devra y jeter l'ancre, ni amarrer ce vapeur, bateau ou radeau dans l'écluse ou ses abords, ni décharger aucune partie de la cargaison, ou charger quelque fret ou du bois, sans l'ordre formel de l'éclusier ou personne en charge, à défaut de quoi il sera passible d'une amende n'excédant pas quarante piastres, pour chaque infraction.

Article 9.—Personne ne devra construire ou réparer des navires, bateaux ou barges sur un terrain dépendant de l'écluse ou de la propriété de l'Etat sans la permission de l'ingénieur en chef du département des Travaux Publics ou son représentant autorisé, qui désignera un emplacement, à défaut de quoi cette personne sera passible d'une amende n'excédant pas quatre-vingts piastres et pas moindre que quatre piastres, et tout patron de navire et toute autre personne qui fera bouillir du goudron, de la poix, de la résine ou toute autre substance pour radouber un navire ou autre fin sur la propriété de l'Etat, sans la permission de l'ingénieur en chef ou son représentant autorisé, et aux endroits qu'il pourra désigner, sera passible de la même amende de quatre piastres au moins.

Article 10.—Toute personne qui jettera dans l'écluse, ou dans le chenal navigable qui y conduit, une carcasse d'animal ou substance infecte de nature quelconque, ou des pierres, du bois, des branches ou autres rebuts ou obstruera d'une manière quelconque l'écluse, ou le chenal qui y conduit, sera passible d'une amende de deux piastres au moins et de deux cents piastres au plus.

Article 11.—Dans l'écluse et son voisinage, non plus que sur les quais qui en font partie, on ne devra employer de perches à pic ou autre instrument revêtu de fer, sous peine d'une amende de quatre piastres contre le délinquant.

Article 12.—Personne ne devra empiler du bois de construction ou autre, des pierres ou autres matériaux, sur le chemin de halage de l'écluse, ou sur les quais ou autre terrain du gouvernement, sans la permission écrite de l'éclusier ou personne en charge, et personne ne devra tirer ou rouler, pour les jeter dans l'écluse, ou les en tirer par-dessus la levée, du bois de service ou autres matériaux ; et pour chaque infraction à ce règlement, le délinquant sera passible d'une amende n'excédant pas quarante piastres.

Article 13.—Le bois de construction et de corde, les douves, les billots de sciage, traverses de chemin de fer et les espars ne pourront franchir l'écluse sous forme de radeau, sans la permission écrite de l'éclusier, et toute personne contrevenant à ce règlement sera passible d'une amende de vingt piastres. Dans le cas où des radeaux seront admis dans l'écluse avec la permission de l'éclusier, ils le seront aux conditions suivantes :—

Article 14.—Aucun radeau au train de bois traversant l'écluse ne devra excéder 30 pieds en largeur, et 120 pieds de longueur.

(*a.*) Aucun radeau ou train de bois n'approchera un autre radeau ou train à une distance moindre que 200 pieds, si ce n'est pour le dépasser, et il ne sera pas amarré à une distance moindre que 300 pieds de tout autre radeau ou train préalablement amarré.

(*b.*) La traverse d'un couplage (*crib*) de bois de service ne s'étendra à plus d'un pouce de l'arrête extérieure de la pièce latérale de ce couplage.

(*c.*) Chaque radeau ou train de bois détaché devra être muni d'un laissez-passer et se tenir au large de tout navire qu'il passera dans le canal.

(*d.*) Aucun radeau ne pourra rester dans l'écluse ou ses abords sans être amarré, ni être amarré ou arrêté en travers du chenal de manière à obstruer la navigation ; et, tout radeau devra franchir l'écluse sans délai inutile, aux moments et sujet à tous autres règlements que l'éclusier du canal pourra prescrire.

(*e.*) Tout radeau ou train de bois devra, en franchissant l'écluse, être dirigé par deux hommes au moins.

(*f.*) Dans tous les navires, bateaux ou bacs chargés de bois de service, le bois sera empilé de manière à ne point projeter en dehors du plat-bord du navire, bateau ou bac.

(*g.*) Pour chaque infraction aux termes de cet article, le propriétaire du radeau, du navire, bateau ou bac, ou la personne en ayant charge, sera passible d'une amende de dix piastres au moins, et de quarante piastres au plus.

Article 15.—Si un navire, bateau, bac, radeau, une pièce de bois de service, ou toute autre chose, sont laissés dans l'écluse, ou sur le terrain du gouvernement—flottant ou sombré—ou gênant ou pouvant gêner la navigation en aucune manière, dans l'opinion de l'éclusier, ou gênant les travaux en voie d'exécution sur l'écluse, ou si des objets sont trouvés sur le terrain du gouvernement sans être sous la charge de quelqu'un, le propriétaire de ces objets sera passible d'une amende de quatre piastres au moins ; les objets trouvés répondront du paiement de cette amende, et l'éclusier pourra saisir et faire enlever ces objets abandonnés ou non-réclamés, et pourra ultérieurement les faire vendre à l'encan, en donnant deux semaines d'avis public dans le village d'Yamaska, et il versera les produits de la vente entre les mains de la personne désignée pour les recevoir ; ou l'éclusier pourra faire enlever ces objets, en percevant le coût du transport et l'amende imposée, du propriétaire ou de la personne qui réclame ces objets. Pourvu que sur soupçon que le capitaine, ou patron, se propose d'abandonner cette épave, etc., l'éclusier est, par le présent, autorisé à saisir le navire et son contenu et à agir comme dans le cas indiqué plus haut pour les objets sombrés ou abandonnés. Et pourvu aussi qu'avant de faire enlever un navire, bac ou radeau échoué ou sombré, ou aucune partie de ces embarcations, ou leur contenu, dans l'écluse ou sur la propriété du gouvernement, la personne réclamant ce navire, bateau, bac ou radeau, ou aucune partie de ces embarcations, ou tout autre objet, devra donner caution pour le paiement de tous frais et dépens qui auront pu être encourus pour faire enlever l'épave ou autres objets ; cette caution devra être acceptée par l'éclusier, à moins que la dite personne n'ait obtenu de cet officier la permission de faire enlever l'épave.

Article 16.—Si le propriétaire ou les propriétaires d'un objet saisi le réclament avant l'époque de la vente et paient les frais de saisie et de déplacement, la vente n'aura pas lieu.

Article 17.—Pour ce qui concerne la priorité de passage dans l'écluse, il n'y aura plus que deux catégories de bâtiments, savoir :

(*a.*) 1re catégorie—Comprenant les vapeurs dont la machine, etc., est décrite dans le certificat de l'inspecteur des bateaux à vapeur comme pouvant être employée "au transport des passagers," pour les distinguer des vapeurs dont la machine, etc., est décrite dans ce certificat comme pouvant être employée "au transport du fret et des passagers," et de plus les bateaux de marchés.

(*b.*) 2e catégorie—Comprenant tous les autres bâtiments de quelque espèce qu'ils soient.

(*c.*) De ces deux catégories de navires ceux de la première auront priorité de passage sur ceux de la seconde, pourvu que les steamers de la malle, naviguant dans l'écluse aient toujours priorité de passage sur tous autres vaisseaux quelconques ; et toute infraction à la présente clause soumettra le délinquant à une amende de pas moins de quatre piastres et de pas plus de vingt piastres.

(*d.*) Lorsque plusieurs bâtiments ou navires sont réunis, ou attendent pour entrer dans l'écluse, ils doivent se tenir en une seule rangée et à une distance d'au moins 100 pieds de l'écluse ou entrée, et chaque bâtiment ou navire doit, pour y passer, avancer dans l'ordre qu'il occupe sur la file, excepté dans le cas des navires de la première catégorie auxquels priorité de passage est accordée tel que dit ci-dessus.

(*e.*) Dans le cas, cependant, où un navire de la première catégorie pour lequel l'écluse serait tenue ouverte à une heure fixe, manquerait d'y entrer, les navires de la seconde catégorie qui attendent leur tour peuvent se servir de l'écluse et continuer de s'en servir jusqu'à ce que le navire de la première catégorie en retard soit arrivé.

(*f.*) Toute infraction aux dispositions précédentes du présent article rendra le contrevenant passible d'une amende de pas moins de quatre piastres, et de pas plus de quarante piastres.

Article 18.—Tous les navires ou bateaux approchant de l'écluse, tandis qu'un autre navire vient dans la direction opposée, et est entré ou près d'entrer dans la dite écluse, devront être amarrés aux poteaux mis à cet effet sur la berge à une distance d'au moins 100 pieds de l'écluse et devront attendre que le navire franchissant l'écluse soit passé, chaque contravention à ce règlement entraînant une amende de pas moins de quatre piastres, et de pas plus de vingt piastres.

Article 19.—Toutes les fois que des navires ou bateaux se rencontrent aux abords de l'écluse, ceux qui descendent la rivière Yamaska tiendront le côté est du chenal, et ceux qui montent tiendront le côté ouest ou côté de terre de l'écluse, sous peine d'une amende de pas moins de deux piastres, et de pas plus de vingt piastres pour chaque infraction à ce règlement.

Article 20.—Les coins de tous bateaux ou bacs, construits à angle droit, devront être arrondis suivant un cercle d'au moins trois pieds de rayon. Sur tous les bateaux ou bacs les noms ou numéros des propriétaires devront être peints en caractères bien visibles ; ils devront aussi être munis de deux pieux de fer, avec anneaux pour les amarrer comme aux poteaux d'amarrage ; et les bateaux ou bacs portant des légumes ou des marchandises ne pourront être amarrés qu'aux endroits désignés par l'éclusier sur la propriété du gouvernement ; et de chaque côté de ces bateaux ou bacs il devra y avoir des planches, disposées suivant l'ordre de l'éclusier, pour empêcher ces matériaux de tomber dans l'écluse, sous peine d'une amende n'excédant pas cent piastres.

Article 21.—Les navires, bateaux ou barges naviguant dans l'écluse devront avoir leur gouvernail disposé de manière à ne point couper le câble de remorquage des autres navires, bateaux ou barges, sous peine d'une amende n'excédant pas vingt piastres, qu'encourra le propriétaire, patron ou personne en charge.

Article 22.—Les navires, bateaux ou radeaux devront être conduits, dans l'écluse, avec soin de manière à ne pas endommager l'écluse, et toute négligence à cet égard sera punie d'une amende n'excédant pas vingt piastres, en outre des frais de réparation des dommages ainsi causés à l'écluse, à ses portes, ou autres constructions de l'écluse.

Article 23.—Tout navire, bateau ou embarcation naviguant dans l'écluse devra être munie d'au moins deux aussières convenables, l'une à l'avant et l'autre à la hanche, lesquelles, pendant que l'embarcation franchit l'écluse, seront attachées aux poteaux qui se trouvent sur la levée du canal et de l'écluse, et chacun de ces cordages sera sous les soins d'un des hommes de l'équipage, afin de régler la vitesse de l'embarcation à son entrée dans l'écluse, l'empêcher de heurter les portes ou autres parties de l'écluse et l'empêcher de remuer dans l'écluse pendant qu'on vide ou remplit celle-ci, et le propriétaire ou le patron d'une embarcation qui négligera de se conformer au présent article, sera passible d'une amende n'excédant pas quarante piastres, et l'embarcation ne franchira pas l'écluse, si, dans l'opinion de l'éclusier ou autre officier en charge, les cordages susmentionnés sont insuffisants.

Article 24.—Toutes les fois qu'une embarcation franchira l'écluse, le patron de l'embarcation devra fournir deux hommes, au moins, pour faire fonctionner l'écluse, pendant le passage de son embarcation, et tout refus ou négligence à cet égard entraînera une amende de deux piastres, au moins, et de quarante piastres au plus.

Article 25.—Les vaisseaux, bateaux et radeaux susmentionnés répondront des dégâts causés à l'écluse, ou machines employées pour des constructions ou réparation sur l'écluse ou ses abords, ou à toute construction attenante à l'écluse, soit que ces dégâts aient été causés par la négligence ou l'inhabileté du patron ou personne en charge du navire, bateau ou radeau ou par son inattention à observer les règlements de l'écluse, soit qu'ils aient été causés par accident, et toute amende qui sera imposée, en vertu de ses règlements, par l'ingénieur en chef du département des Travaux Publics, ou l'éclusier, et déclarée, par ces règlements, imputable au propriétaire ou patron, ou personne en charge d'un navire, bateau ou radeau comme susdit, soit pour nonpaiement des péages, soit pour infraction dûment constatée, et toute somme exigée par l'ingénieur en chef ou personne en charge de l'écluse comme compensation pour dégâts aux constructions, sera garantie par le navire, bateau ou radeau comme susdit ; et l'éclusier est autorisé à saisir et devra saisir et détenir tout tel radeau, navire ou bateau comme susdit avec sa cargaison et tous ses agrès, au risque du ou des propriétaires, jusqu'à paiement des péages, amende ou compensation comme susdit, et à défaut de paiement, la personne en charge de l'écluse pourra faire vendre à l'encan ce navire, bateau ou radeau, après avoir donné deux semaines au moins d'avis de la vente dans un ou plusieurs des journaux publiés dans la ville de Sorel.

Article 26.—Tout navire ou bateau qui aura encouru une amende ou commis des dégâts sur l'écluse ou ses abords, pourra être arrêtée et retenue sur la rivière Yamaska jusqu'à ce que l'amende ou la compensation pour dégâts ait été payée ou qu'on ait donné garantie du paiement comme il est dit plus haut.

Article 27.—Les gardiens, contremaîtres ou autres personnes employés sur l'écluse ne pourront, sans une autorisation écrite du ministère des Travaux Publics ou de l'ingénieur en chef, fournir des attelages, bateaux, voitures, matériaux ou autres pour travaux publics sur l'écluse, ou employer ces attelages, etc., ou passer contrat pour la fourniture de ces matériaux, s'ils appartiennent à un membre de leur famille ; ils ne pourront non plus employer à des usages particuliers des attelages, bateaux, voitures, matériaux ou autres objets appartenant au public. Et aucun employé du ministère des Travaux Publics ne devra avoir d'intérêt direct ou indirect dans les contrats pour main-d'œuvre, matériaux ou autres objets, sur l'écluse, et ne devra, directement ou indirectement, tirer aucun profit des dépenses annuelles faites sur l'écluse et ses abords, en dehors de son salaire annuel ; et il ne devra garder en pension aucun éclusier, contremaître ou manœuvre employé sur l'écluse, ni faire aucun commerce ou négoce quelconque.

Article 28.—Aucun éclusier ou autre employé sur l'écluse ne devra tenir auberge, taverne ou épicerie, ou avoir un intérêt dans un établissement de ce genre, et il ne devra rien vendre aux personnes naviguant sur l'écluse ou avoir un intérêt dans la vente d'aucun article ; et il ne devra être, ni directement ni indirectement, concerné dans la vente de combustible.

Article 29.—Aucun radeau de bois de service ne pourra être amarré sur l'écluse ou ses abords à moins d'être sous la charge immédiate d'un ou plusieurs hommes (suivant la quantité de bois qu'il contient,) sous peine d'une amende de dix piastres, au moins, et de quarante piastres au plus,—et l'officier en charge est, par le présent, autorisé à mettre ce radeau sous la charge d'un ou plusieurs hommes, suivant ce qu'il jugera nécessaire, et pourra saisir et retenir ce radeau jusqu'à ce que les frais ainsi encourus, ainsi que l'amende, aient été payés.

Article 30.—Tous les navires qui, étant la propriété de, ou étant frétés par des concessionnaires d'entreprises pour l'agrandissement ou la réparation de l'écluse et de la rivière Yamaska, sont employés à l'enlèvement des débris ou au transport des matériaux nécessaires à ces travaux, seront admis à passer dans la dite écluse sans qu'il soit payé de péages sur ces navires et leurs cargaisons.

Rapports à faire.

Article 31.—Tout propriétaire, patron ou personne ayant la charge d'un navire, bateau, barge ou radeau sur le point d'entrer dans l'écluse devra avant de s'y engager, faire à l'éclusier ou autre officier compétent, un rapport entier et complet déclarant en détail,—

(*a.*) Les quantité et description de la cargaison contenue dans le navire, bateau ou barge ;

(*b.*) Le tonnage du navire, bateau ou barge, tel qu'enregistré,—ou

(*c.*) Dans le cas de radeaux, le nombre de pièces de bois ou billots, et quant aux radeaux de bois carré, le nombre de pieds cubes qui y sont contenus,—et

(*d.*) En général tout autre renseignement qui pourrait être nécessaire pour calculer les droits que le navire, bateau, barge avec la cargaison y contenue, ou le radeau, suivant le cas, est tenu de payer.

(*e.*) Chaque déclaration semblable sera signée par la personne qui la fait et devra être attestée solennellement devant l'éclusier ou autre officier en charge.

Article 32.—L'éclusier ou autre officier en charge est par le présent autorisé de requérir de tout propriétaire, patron ou autre personne en charge d'un navire, bateau, barge ou radeau entrant dans l'écluse, communication de tout manifeste, acquit de douane, facture, devis, certificat, jaugeage et tout autre papier concernant les navires et leurs cargaisons, ou les radeaux ; mettre pied sur tel navire, bateau, barge ou radeau et constater les cargaisons ou quantités qu'ils contiennent.

Article 33.—Tout propriétaire, patron ou personne en charge d'un navire, bateau, barge ou radeau entrant dans l'écluse, qui—

(*a.*) Néglige ou refuse de faire la déclaration voulue par le présent, ou

(*b.*) Qui refuse de produire ses papiers ou de donner les renseignements ci-dessus mentionnés,—ou

(*c.*) Qui gêne ou arrête un percepteur de droits ou autre officier dans l'exercice de ses fonctions,—ou

(*d.*) Qui donne quelque faux renseignement au sujet de choses mentionnées dans le présent,—

Encourra pour toutes offenses et chacune d'elles une amende d'au moins cinq piastres et de pas plus de vingt piastres, et devra de plus payer doubles droits sur tous les articles omis en entier ou en partie dans la déclaration faite par lui en vertu des présents règlements.

Interprétation.

Article 34.—Le mot "navire," toutes les fois qu'il est employé dans les règlements ci-dessus, devra être interprété comme comprenant les navires, bateaux et barges mus par la vapeur ou autrement, les bacs, pontons ou autres constructions flottantes pour le transport du fret. Le mot "radeau," toutes les fois qu'il est employé dans les règlements ci-dessus, devra être interprété comme comprenant les radeaux ou trains de toutes espèces de bois fabriqué ou non, bois de construction, billots, bois flotté, *flottes* et bois de radeaux, traverses et bois en général, ou d'autres matériaux employés pour le transport du fret ou autre transport. DEMANDES AU PARLEMENT.

Règles relatives aux avis de bills privés.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture, et avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

Greffier du Sénat.

And whereas by the said Regulations contained in the Schedule to the said Order in Council of the 11th day of August, 1884, it is amongst other things provided as follows :—

Art. 3.—A sea-going steam-ship when under way shall carry—

(*a*) On or in front of the foremast, at a height above the hull of not less than 20 feet, and if the breadth of the ship exceeds 20 feet, then at a height above the hull not less than such breadth, a bright white light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass, so fixed as to throw the light 10 points on each side of the ship, viz., from right ahead to two points abaft the beam on either side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of a least five miles.

(*b*) On the starboard side, a green light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible on a dark night with a clear atmosphere, at a distance of at least two miles.

(*c*) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

(*d*) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

Art. 15.—If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on, to the other ; in other words, to cases in which by day, each ship sees the masts of the other in a line, or nearly in a line, with her own ; and by night to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day, to cases in which a ship sees another ahead crossing her own course ; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other ; or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

And whereas there has been doubt or misapprehension concerning the effect of the said two articles, and whereas the Admiralty and the Board of Trade have jointly recommended to Her Majesty to make the following additions to the said Regulations for the purpose of explaining the said recited Articles, and of removing the said doubt or misapprehension,—

Now, THEREFORE, Her Majesty, by virtue of the powers vested in Her by the said Act, and by and with the advice of Her Privy Council, is pleased to direct that from the date of this Order the Regulations contained in the Schedule to the said Order in Council of the 11th day of August, 1884, shall be further modified by the addition to the said recited Article 3 of the provisions contained in the Schedule hereto.

HERBERT M. SUFT.

SCHEDULE.

(*e*) To ensure that the red and green side lights shall show an uniform light from right ahead of the ship to two points abaft the beam on the port and starboard sides respectively, and shall not show across the bow of the ship itself, the said lights must be fixed and the screens fitted so that the rays from the red and green lights shall cross the line of the ship's keel projected ahead of the ship at a reasonable distance ahead of the ship.

With regard to all vessels whose lights are inspected by the officers of the Board of Trade the red or green side light will not be deemed to be fixed and fitted in accordance with the Regulations unless it is so fixed and screened that a line drawn from the outside edge of the wick to the foremost end of the inboard screen of such light shall make an angle of 4 degrees, or as near thereto as may be practicable, with a line drawn parallel with the keel of the ship from the outside edge of the wick. 47-4

AT THE COURT AT WINDSOR,

The 26th day of November, 1892.

PRESENT:

The QUEEN'S Most Excellent Majesty.
Lord President,
Viscount Oxenbridge,
Mr. Mundella.

WHEREAS by an Act of the Parliament of Manitoba, passed in the 48th year of Her Majesty's reign, chapter 48, entitled "An Act respecting the Court of Queen's Bench," it was enacted that Her Majesty's Court of Queen's Bench for Manitoba should exist and continue under the name and style of "Her Majesty's Court of Queen's Bench for Manitoba," and that it was and should continue to be a Court of original and appellate jurisdiction, and should possess and exercise all such powers and authorities as by the laws of England are incident to a Superior Court of Record of civil and criminal jurisdiction, in all matters civil and criminal whatsoever, but no provision has yet been made for the prosecution and regulation of appeals to Her Majesty in Council from the said court;

And whereas it is expedient that provision should be made by this order to enable parties to appeal from the decisions of the said court to Her Majesty in Council, it is hereby ordered by the Queen's Most Excellent Majesty, by and with the advice of Her Privy Council, as follows:—

1. Any person or persons may appeal to Her Majesty, Her heirs and successors, in Her or their Privy Council, from any final judgment, decree, order, or sentence of the said Court of Queen's Bench for Manitoba, in such manner, within such time, and under and subject to such rules, regulations, and limitations as are hereinafter mentioned, that is to say,—

In case any such judgment, decree, order, or sentence shall be given or pronounced for or in respect of any sum or matter at issue above the amount or value of three hundred pounds sterling (£300), or in case such judgment, decree, order, or sentence shall involve directly or indirectly any claim, demand, or question to or respecting property or any civil right amounting to or of the value of three hundred pounds sterling (£300), the person or persons feeling aggrieved by any such judgment, decree, order or sentence may, within fourteen days next after the same shall have been pronounced, made, or given, apply to the said court by motion or petition for leave to appeal therefrom to Her Majesty, Her heirs and successors, in Her or their Privy Council;

In case such leave to appeal shall be prayed by the party or parties who is or are directed to pay any such sum of money or perform any duty, the said court may either direct that the judgment, decree, order, or sentence appealed from shall be carried into execution, or that the execution thereof shall be suspended pending the said appeal as to the said court may appear to be most consistent with real and substantial justice;

And in case the said court shall direct such judgment, decree, order, or sentence to be carried into execution, the person or persons in whose favour the same shall be given shall, before the execution thereof, enter into good and sufficient security to be approved by the said court for the due performance of such order as Her Majesty, Her heirs, and successors shall think fit to make upon such appeal;

In all cases security shall also be given by the party or parties appellant in a bond or mortgage or personal recognizance not exceeding the value of five hundred pounds sterling (£500) for the prosecution of the appeal, and the payment of all such costs as may be awarded by Her Majesty, Her heirs and successors, or by the Judicial Committee of Her Majesty's Privy Council, to the party or parties respondent; and if such last-mentioned security shall be entered into within three months from the date of such motion or petition for leave to appeal, then, and not otherwise, the said court shall admit the appeal, and the party or parties appellant shall be at liberty to prefer and prosecute his, her, or their appeal to Her Majesty, Her heirs, and successors, in Her on their Privy Council, in such manner and under such rules as are or may be observed in appeals to Her Majesty from Her Majesty's Colonies and Plantations abroad.

2. It shall be lawful for the said court at its discretion, on the motion or petition of any party who considers himself aggrieved by any preliminary or interlocutory judgment, decree, order, or sentence of the said court, to grant permission to such party to appeal against the same to Her Majesty, Her heirs and successors, in Her or their Privy Council, subject to the same rules, regulations and limitations, as are herein expressed respecting appeals from final judgments, decrees, orders, and sentences.

3. Nothing herein contained doth or shall extend or be construed to extend to take away or abridge the undoubted right and authority of Her Majesty, Her heirs and successors, upon the humble petition of any person or persons aggrieved by any judgment or determination of the said court, at any time to admit his, her or their appeal therefrom, upon such terms as Her Majesty, Her heirs or successors shall think fit, and to reverse, correct, or vary such judgment or determination in such manner as to Her Majesty, Her heirs and successors, shall seem meet.

4. In all cases of appeal admitted by the said court, or by Her Majesty, Her heirs or successors the said court shall certify and transmit to Her Majesty, Her heirs or successors, in Her or their Privy Council, a true and exact copy of all evidence, proceedings, judgments, decrees, and orders had or made in such cases appealed so far as the same have relation to the matter of appeal, such copies to be certified under the seal of the said court, and the said court shall also certify and transmit to Her Majesty, Her heirs and successors, in Her or their Privy Council, a copy of the reasons given by the judges of such court, or by any of such judges, for or against the judgment or determination appealed against, where such reasons shall have been given in writing, and where such reasons shall have been given orally, then a statement in writing of the reasons given by the judges of such court, or by any of such judges, for or against the judgment or determination appealed against.

5. The said court shall, in all cases of appeal to Her Majesty, Her heirs or successors, conform to and execute or cause to be executed such judgments and orders as Her Majesty, Her heirs and successors, shall think fit to make in the premises, in such manner as any original judgment, decree, or decretal order, or other order or rule of the said court should or might have been executed.

And the Most Honourable the Marquess of Ripon, one of Her Majesty's Principal Secretaries of State, is to give the necessary directions herein accordingly.

JOHN J. McGEE,
Clerk of the Privy Council.

RIVER YAMASKA LOCK REGULATIONS for the management, maintenance, proper use and protection of the River Yamaska Lock, under the control of the Department of Public Works, Dominion of Canada.

Section 1.—The master or person in charge of any vessel, steam-boat, scow or raft, navigating this lock, shall immediately upon or before entering it, obtain a clearance for such vessel, boat or raft, as aforesaid, at the Lock Master's office; in default thereof the Lock Master shall not permit such vessel, boat or raft to pass through the lock, and the owner or master in charge thereof shall be subject to a fine not exceeding twenty dollars; and the Lock Master or other officer duly appointed shall have the right any time to board any vessel, boat or scow when necessary in order to check, verify any pass or manifest of such vessel, boat or scow, and any master or person in charge of any such vessel, boat or scow, who shall obstruct and prevent any officer in such discharge of his duty shall be subject to a penalty not exceeding forty dollars.

Section 2.—Every vessel or boat navigating the lock shall be correctly and distinctly marked and gauged in feet and inches at the bow, amidship and stern, showing the exact draft of the water drawn by each portion of the vessel or boat, neither of which will be allowed to enter the lock drawing more than seven feet of water, and the master or person in charge of the same who shall proceed into the lock in violation of this regulation shall be subject to a fine not exceeding one hundred dollars, and to detention until the said fine is paid and the vessel properly lightened. They shall be supplied with a horn, bell or steam-whistle, which it shall be the duty of the person in charge to sound or cause to be sounded at least one quarter of a mile or fifteen minutes before entering the lock, under a penalty of not less than two dollars and not exceeding twenty dollars.

Section 3.—Every vessel or boat navigating the lock, or the navigable channel of the River Yamaska, between the village of St. Aimé and Lake St. Peter, whether under way or at anchor, or passing through the lock, or lying moored in the lock, shall during the night show a conspicuous light at the bow or stern ; a light shall also be exhibited at each end of every raft passing through or lying in the navigable channel of the river or lock at night, as aforesaid, and the person in charge of any such vessel, boat or raft, who shall neglect to cause such lights to be shown, or the owner of any such vessel, boat or raft, shall incur a penalty of not less than four dollars and not exceeding forty dollars.

Section 4.—No steam vessel shall be permitted to pass the lock, which shall not have fixed at the top of each of her chimneys or smoke-pipes a wire screen, through which the smoke from the fires of the said steam-vessel is to pass, with meshes or interstices not more than a quarter of an inch in width, the screen to be so placed as to be perfectly visible when closed, and the Lock Master who shall permit the passage of any steam-vessel or craft propelled by steam without such wire screen closed on each of the chimneys or smoke-pipes shall be subject to a fine of twenty dollars for each offence ; and every master or person in charge of any such steam-vessel or other craft propelled by steam, who shall proceed with a vessel under his charge into the said lock or who shall moor his vessel at any of the wharves at the lock, without having such wire screen closed over each of the chimneys of the vessel or craft, shall be subject to a like fine of twenty dollars for each offence, and for all damages ensuing therefrom as estimated by the Chief Engineer of the Department of Public Works.

Section 5.—It shall be the duty of all masters or persons in charge of any steam-boat or other vessel, or any raft, on approaching the lock, to ascertain for themselves, by careful observation, whether the lock is prepared and ready to receive them, or allow them to pass through, and to be careful to stop the speed of any such steam-boat or other vessel or raft in sufficient time to avoid a collision with the lock or its gates or its approaches, and should such collision take place, the owner, owners or masters of such steam-boat, other vessel or craft shall be subject to such fine as the Chief Engineer of the Department of Public Works may impose, not exceeding eighty dollars, and shall also be held liable for any damage to the lock that may ensue from such collision ; such damage to be estimated by the Chief Engineer of the Department of Public Works or his authorized representative, and at once paid over to the Lock Master, or person appointed to receive it.

Section 6.—The owner, master or person in charge of any vessel, boat or raft as aforesaid, shall when required to do so by the Lock Master, or other officer authorized on that behalf, promptly and with all diligence move such vessel, boat or raft as aforesaid, to any place the Lock Master or other officer shall direct, as it may appear to him to be necessary for the purpose of repairing a breach, or for preserving the free and uninterrupted navigation of the lock, and for the maintenance of order and regularity at the lock, wharves and landing places, under a penalty not exceeding forty dollars.

Section 7.—No person shall open or shut any of the gates or sluices of the lock, or draw down the level by any means whatever, nor shall he in any manner interfere with the lock, wharves or other works of the lock, unless by consent and under the direction of the Lock Master or officer in charge of the same, and any person who shall commit a breach of this regulation, or interfere with or obstruct the Lock Master or other person employed under him, in the execution or performance of his duties, shall incur a penalty not exceeding forty dollars for each and every offence.

Section 8.—No master or person in charge of any vessel, boat or raft navigating the lock or its approaches shall cast anchor in the same, nor fasten, nor moor any such vessel, boat or raft, whilst in the lock or approaches, nor discharge any part of their cargo, or take in any lading or wood without the express permission of the Lock Master or person in charge, under a penalty of not less than four dollars, nor exceeding forty dollars for each and every offence.

Section 9.—No person shall build or repair vessels, boats or barges in the lock or on Government property, unless with the permission of, and at such places as the Chief Engineer of the Department of Public Works, or his authorized representative may point out, under a penalty of not less than four dollars nor more than eighty dollars, and the master of any vessel or person whatsoever who shall boil or heat tar, pitch, turpentine, resin, or grease, for graving or paving a vessel, or for any other purposes, on the Government property except with the permission of and at such places as the Chief Engineer or his authorized representative may point out, shall incur a like penalty of not less than four dollars.

Section 10.—Any person or persons who shall throw into the lock or in the navigable channel of its approaches, any carcass or dead animal, or putrid substance of any kind, or stones, ballast, timbers, brush or other rubbish, or in any manner obstruct the lock and its approaches, shall incur a penalty of not less than two dollars and not exceeding two hundred dollars.

Section 11.—No pike-poles or other instruments shod with iron shall be used in or about the lock or wharves in connection thereto, under a penalty of four dollars against the person offending.

Section 12.—No person or persons shall pile wood, or place timber, logs, stones or other materials upon the towing path of the lock, or upon the wharves, piers and other Government grounds, without the permission in writing of the Lock Master or person in charge, and no person shall roll or draw from or into the lock, or over the side of any embankment, any log, timber or other material ; and every violation of this regulation shall subject every person so offending to a penalty not exceeding forty dollars.

Section 13.—Timber, cordwood, staves, saw-logs, railway ties and spars shall not be allowed to pass into or through the lock in raft, without the permission of the Lock Master ; and every person offending against the regulation shall be subject to a fine of twenty dollars. In case rafts be admitted into the lock with the permission of the Lock Master, they shall be governed by the following regulations :—

Section 14.—No raft or tow of timber passing through the lock shall exceed 30 feet in width and 120 feet in length.

(*a*.) No such raft or tow of timber shall approach any other raft or tow of timber nearer than 200 feet, unless for the purpose of passing, or to be moored nearer than 300 feet, to any other raft or tow of timber which shall be first moored.

(*b*.) No traverse in any crib or timber shall extend within one inch of the outer edge of the outside piece of such crib of timber.

(*c*.) Every separate raft or tow of timber shall be provided with a clearance, and shall lie over on the off side when passing any vessel in the lock.

(*d*.) No raft shall be allowed to lie unmoored in the lock or its approaches, or be moored or allowed to lie in any manner across the channel to obstruct the navigation ; and every raft or tow of timber shall be conducted through the lock without any unnecessary delay, at such time only, and under such further regulations as shall be appointed by the Lock Master.

(*e*.) Every raft or tow of timber, when passing through the lock, shall have at least two men in charge thereof.

(*f*.) In all cases of vessels, boats or scows loaded with lumber, it shall be so stowed as not to project beyond the gunwale of the vessel, boat or scow.

(*g*.) Every violation of any of the provisions of this section shall subject the owner, person or persons in charge of such tow or raft, or last mentioned vessel, boat or scow, to a penalty of not less than ten dollars, and not exceeding forty dollars.

Section 15.—Should any vessel, boat, scow, raft, piece of timber or other matter be left abandoned in the lock or on the Government property, floating or sunken, or in any measure incommoding or likely, in the opinion of the Lock Master, to incommode the navigation, or to interfere with the improvements or works of the lock, or should any articles be found upon the Government property not under the charge of any person, the owner thereof shall be subject to a fine of not less than four dollars; which fine shall be held against the property so found, and the Lock Master may seize and remove any such unclaimed or abandoned property and may afterwards sell the same at public auction on giving two weeks written or printed notice, at the Village of St. Michel d'Yamaska, and shall pay the proceeds of the sale into the hands of the person appointed to receive it, or the Lock Master may cause such property to be removed, levying the cost attendant thereon, as well as the fine so imposed, upon the owner or person claiming such property. Provided, also, that upon suspicion that the Captain or Master intends to abandon such wreck, &c., the Lock Master is hereby authorized to seize the same as hereinbefore provided in case of sunken or abandoned property, and provided, also, that before removing any vessel, boat, scow or raft wrecked or sunken, or any part thereof, or the contents thereof in the lock, or any property left on the Government property, the person or persons claiming such vessel, boat, scow or raft, or any portion thereof, or such property, shall give security for the payment of all costs and expenses that may be incurred by and from the removal of such wreck or abandoned property or any part thereof; such security to be approved of by the Lock Master, unless such person or persons shall have obtained leave from that officer to remove the same.

Section 16.—If the owner or owners of any property so seized shall appear and claim the same before the time of sale, and pay the fine, the cost of seizure and expense of removal, no sale shall take place.

Section 17.—As regards priority of passage through the lock, there shall be only two recognized classes of vessels, viz:—

(*a.*) *First Class.*—Composed of vessels whose machinery is described in the certificate of the Steam-boat Inspector as suitable to be employed "in the carriage of passengers," in distinction to steamers whose machinery, etc., is described in such certificate as suitable to be employed "in the carriage of freight and passengers," also market steamers.

(*b.*) *Second Class.*—Composed of all other vessels, of what kind soever they may be.

(*c.*) Of these two classes of vessels, those of the first class shall have priority of passage over those of the second class, provided that Mail Steamers navigating the lock shall always have priority of passage over all other vessels whatsoever; and any violation of this clause shall subject the offending party to a penalty of not less than four dollars nor exceeding twenty dollars.

(*d.*) When several boats or vessels are lying by, or are waiting to enter the lock, they shall lie in single tier and at a distance of not less than 100 feet from the lock or entrance; and each boat or vessel, for the purpose of passing through, shall advance in the order in which it may be lying in such tier, except in the cases of vessels of the first class, to which priority of passage is granted as above.

(*e.*) Should, however, any first class vessel, for which, at a certain fixed hour, the lock is kept clear, not then enter the lock, vessels of the second class, which may be in waiting, shall immediately have the use of the lock, and continue so to use it until the delayed first class vessel arrives.

(*f.*) Any violation of the foregoing provisions of this section shall subject the offending party to a penalty of not less than four dollars, and not exceeding forty dollars.

Section 18.—All vessels and boats approaching the lock while any other vessel, going in the contrary direction, is in or about to enter the same, shall be stopped and made fast to the posts or rings placed for that purpose, not nearer than 100 feet from the lock, and remain there until the vessel going through the lock shall have passed, under a penalty for such offence, of not less than four dollars, and not exceeding twenty dollars.

Section 19.—In all cases of vessels or boats meeting in the approaches of the lock, the vessels descending the River Yamaska shall keep the east side of the channel, and the ascending vessels the west or shore side of the lock, under a penalty of not less than two dollars and not exceeding twenty dollars for every offence against this section.

Section 20.—The corners of all boats or scows built with square heads shall be rounded off to a radius of not less than three feet. All such boats or scows shall also have their owner's names or numbers prominently painted on the sides or stern, and they shall also be provided with two iron stakes with rings, to which to make fast when not moored to snubbing posts; and in the case of boats and scows taking in vegetables or merchandise, it shall be only at such places on the Government property as the Lock Master shall permit, and they must have such guards or trip boards on the sides, to prevent such materials falling into the lock or its approaches, as the Lock Master may require, under a penalty not exceeding one hundred dollars.

Section 21.—Every vessel, boat or barge navigating the lock shall have its rudder so constructed as not to catch or cut the tow-rope of any other vessel, boat or barge; under a penalty not exceeding twenty dollars to be incurred by the owner, master or person in charge.

Section 22.—Every vessel, boat and raft shall be conducted into, through and out of the lock in a careful manner, so as to do no injury to such lock; and for every neglect of this regulation the owner or master shall pay a fine not exceeding twenty dollars, in addition to the cost of repairing any injury that may be done to the lock, or its gates or other works of the lock.

Section 23.—Every vessel, boat or craft navigating the lock shall be provided with at least two good and sufficient hawsers or check ropes, one at the bow and one at the quarter, which, on passing or entering the lock, shall be made fast to the snubbing posts or rings on the lock and piers or wharves, and each rope shall be attended by one of the boat's crew, to check the speed of the vessel while entering the lock, and to prevent its striking against the gates or other parts of the lock, and to keep it from moving about in the lock, while the lock is being filled or emptied; and the master or owner of any vessel or boat who shall neglect to comply with this section shall be liable to a fine not exceeding forty dollars, and the vessel or boat shall not be permitted to pass if in the opinion of the Lock Master or other officer duly appointed the lines are considered insufficient.

Section 24.—Whenever any vessel or other craft shall be passing through the lock, the master or person in charge shall furnish two, at least, of his boat's crew to assist in working the lock, to pass his own vessel through it; and the refusal or neglect of such master or person in charge to furnish such assistance shall subject the said master or person in charge to a fine of not less than two dollars, nor more than forty dollars.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 13th day of April, 1893.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in virtue of the powers vested in him by "The Public Works Act," chapter 36 of the Revised Statutes, and chapter 98 of the Revised Statutes, intituled "An Act respecting Tolls on Government Works for the transmission of Timber," and by and with the advice of the Queen's Privy Council for Canada is pleased to make the annexed rules and regulations for the management, maintenance, proper use and protection of the Government slides, booms and works in the Trent and Newcastle District, and for the collection of tolls and dues thereon, and to impose and authorize the collection upon the said works of the tolls and dues hereinafter set forth, such rules, regulations, tolls and dues to be in lieu of all rules, regulations, tolls and dues heretofore in force or imposed upon the said works.

JOHN J. McGEE,
Clerk of the Privy Council.

Regulations for the management, maintenance, proper use and protection of the slides and booms and works connected therewith and water stretches in the Trent and Newcastle District and for the collection of tolls and dues thereon.

Note.—The words "rafts or parcels of timber" wherever they occur in these rules and regulations are intended to cover saw-logs and all other kinds of wood goods that may pass through the slides and other works.

Section 1.—The Government slides, booms and other works and the water stretches connected therewith in the Trent and Newcastle District, shall be under the control and management of the Superintendent of the works for this District, or in case there should be no Superintendent, or in the absence of such an officer, under the control and management of the Slide Master, Deputy Slide Master or other officer duly appointed by the Minister of Public Works; and these officers and no others shall have the power of regulating the supply of water required for the passage of timber or of allotting the space for rafting or mooring timber, of determining the quantity of timber that may pass daily through the slides or booms, of awarding the amount that may be due by the owner or owners of timber or persons in charge thereof for damages that may have been done to any of the works, of imposing fines or penalties for any violation of these regulations, of seizing the timber and of detaining or selling the same at public auction, as hereinafter provided, and of recovering the penalties or damages, when the owners of timber or persons in charge thereof refuse or neglect to pay the same; and the orders of the said Superintendent of the works, Slide Master, Deputy Slide Master or other officer duly appointed as aforesaid, must in all cases be obeyed by the owners of timber or their employees, who, in case of refusal or neglect to obey such orders, shall be subject to the fines or penalties hereinafter imposed, as the case may be.

Section 2.—No raft or parcel of timber shall be permitted to enter any Government slide, for the purpose of passing through, without the owner or person in charge of such raft or parcel of timber first giving notice thereof to, and obtain permission from, the Superintendent, Slide Master, Deputy Slide Master, or other officer, as the case may be, duly appointed as aforesaid, under a penalty of not less than four dollars, and not more than twenty dollars.

Section 3.—The owner or person in charge of any raft or parcel of timber previous to entering any of the Government slides, for the purpose of passing such raft or parcel of timber through the same, shall make a full and complete report of such raft or parcel of timber, containing an account of the number of cribs, pieces, and the description of timber composing the raft or parcel of timber, the name and designation of the owner or owners, together with marks and all other particulars relating thereto; and shall also, before removing the same from any slide, boom or public work connected therewith, subscribe and deliver to the said Superintendent, Slide Master, Deputy Slide Master, or other officer, as the case may be, duly appointed as aforesaid, an acknowledgment in duplicate, certifying the number and description of cribs or of timber so passed, and shall pay the slide dues, or secure the same to the satisfaction of the Collector of Slide Dues, under a penalty of not less than twenty dollars and not more than two hundred dollars, and shall further pay double the amount of dues which would otherwise be payable, on any raft or parcel of timber passing such slide without such acknowledgment.

Section 4.—The Collector of Slide Dues, or any person or persons duly authorized by him in that behalf, shall at all hours during the day, have free access, and full power and permission to enter and remain as long as he or they may see fit upon any raft or parcel of timber, for the purpose of examining the same, and every facility shall be afforded him or them for ascertaining the number of cribs or number of pieces and description of timber of which the same is composed, and any person obstructing the Collector of Slide Dues, Slide Master or other persons duly authorized as aforesaid, in the execution of his or their duty shall incur a penalty of not less than fifty dollars and not more than two hundred dollars.

Section 5.—It shall be competent for the Collector of Slide Dues, the Superintendent of these works, their deputy or deputies, assistant or assistants, or persons duly authorized by him or them to enter upon, seize and detain, at the risk, costs and charges of the owner or owners thereof, any raft or parcel of timber which shall have been moved from any of the Government Slides, booms or works, without the slide dues thereof, the amount awarded for damages or the fines or penalties, if any, being first paid or secured to his satisfaction, and any and every person obstructing the Collector of Slide Dues, or other person or persons duly authorized as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than twenty dollars and not more than two hundred dollars.

Section 6.—Rafts, cribs and every description of timber shall be held liable for the dues, damages and penalties imposed under these regulations; and the Slide Master or other duly appointed officer is hereby authorized and required to seize and detain any such raft, crib or parcel of timber until payment of such dues, damages and penalties is made, or until the owner or person in charge shall have given satisfactory security for the payment thereof, within thirty days after the same shall have been declared to be incurred or shall have been demanded, and in default of such payment being made within the said term of thirty days, then the said Slide Master or other officer duly authorized may proceed to sell by public auction any such raft, crib, or parcel, of timber, but at least two weeks notice of the day of the intended sale by auction shall in the meantime have been given and have been duly inserted in one or more of the public newspapers published at the nearest place to the said works, and a copy of said notice shall also have been placarded during the same time (two weeks before the intended sale) in a public and conspicuous place at or near the said works where the raft, crib, or timber is lying ; and if the costs attendant on such auction sale as well as all other costs, damages and penalties imposed or awarded cannot be realized from the timber so seized and sold, the same shall be recoverable from the owner of said raft, crib or parcel of timber.

Section 7.—On the arrival of any description of timber at or near any of the Government Slides, Booms or works the owner thereof or person in charge of the same shall immediately send a sufficient number of men to pass said timber through the said slides, booms or works and also at every other point which the said Superintendent may indicate, to prevent all such damage to the works or obstruction to navigation or other free use of the river as might arise from the accumulation of logs or other timber against the booms or in the channels or bends in the river, or from logs or other pieces of timber escaping under the booms or going over them and shall not allow the timber to accumulate at the head of the said slides, booms or works, or to obstruct the passage of other timber to or from the said slides, booms or works ; and if a "jam" of any description of timber takes place in any of the said slides, booms or works or near the same, the owner or person in charge shall at once remove the "jam" or obstruction under the direction of the Slide Master or officer acting in that capacity ; and in the case of the owner or person in charge of said timber should refuse or neglect to remove the same within forty-eight hours the said Slide Master or officer or person by him authorized in that behalf, shall have the power of removing the same at the proper costs, risks and expenses of the owners thereof, who shall be subject to a penalty of not less than fifty dollars and not more than one hundred dollars for every day during which their timber shall obstruct the passage of other timber, over and above the amount that may be awarded by the Slide Master, or Superintendent of the work, as well for the expenses of removing the same as for any damage that may have been done in consequence of such refusal or neglect.

Section 8.—No raft or parcel of timber shall be moored or banded up nearer to the entrance to or the outlet of any of the Government Slides, Booms, or works than the berths pointed out by the Slide Master or officer acting in that capacity ; and when permission shall be granted to the owner or persons in charge of any raft or parcel of timber to place any pocket boom, raft or timber in or near the said slides, booms or works, the owners or persons in charge of such raft, timber or pocket boom shall not in any case take any more or other space or place than the berth or berths allotted by the said Slide Master, or other officer in charge of the works, and shall at any time, when directed so to do by the said Slide Master or other officer in charge of the works, under a penalty of not less than twenty dollars and not more than fifty dollars in case of refusal or neglect on the part of the said owners or persons in charge of timber, rafts or pocket booms to comply with the requirements of this section.

Section 9.—Where separate channels are provided for the passage of logs and other timber these alone are to be used therefor. Where separate channels are not provided for the passage of logs and timber the owners or persons in charge will be required to make them up in separate parcels of not more than fifteen thousand (15,000) pieces in each bag, except in cases where the entire drive does not exceed twenty thousand (20,000) pieces, in which case one bag will be permitted, and in no case whatsoever shall any two bags be within ¼ of a mile of each other, while in motion, under a penalty of not less than fifty dollars nor more than two hundred dollars.

Section 13.—Every person who shall wilfully do any injury or damage to any of the slides or to any of the booms, dams, piers or to other public works in the said Newcastle District and every person who shall aid or assist in so doing any such injury or damage, shall, for every such offence, incur a penalty of not less than one hundred dollars and not exceeding two hundred dollars, over and above the amount at which such injury or damage shall be estimated by the Superintendent as herein before provided.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report dated 30th of March, 1893, from the Minister of the Interior, stating that the 14th Correction Line across Ranges 20, 21 and 22, west of the 4th Meridian, was surveyed under instructions from the Surveyor-General during the years 1882 and 1883, and that an examination, which was made during the summer of 1892, in connection with the re-marking of the corners in the Township adjoining this line, proves the road allowance along this line to be much in excess of the proper width, as prescribed by the Dominion lands system of survey.

The Minister further states that this excessive width in the road allowance is due to errors which were made in the original survey of the outlines closing on this Correction Line, and of the lines bounding the road allowance on the north and south sides across the ranges above mentioned.

The Minister therefore recommends that authority be granted him under the provisions of section 7 of the Act 52 Victoria, chapter 27, amending section 129 of chapter 54 of the Revised Statutes of Canada, to have the necessary investigations made on the Correction Line in question, and on the adjoining meridian outlines, to locate these errors, and after the location of the errors, to perform the necessary re-surveys to correct the same so as to make the road allowance of proper width and further to cancel the plans now of record in the Department of the Interior, of such outlines and townships as it may be found necessary to correct and to substitute the plans of the new surveys therefor.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 13th day of April, 1893.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in virtue of the provisions of "The Public Works Act," chapter 36 of the Revised Statutes, and chapter 98 of the Revised Statutes, intituled "An Act respecting Tolls on Government Works for the transmission of Timber," and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following rules and regulations for the management, maintenance, proper use and protection of the Government timber slides and other works constructed to facilitate the transmission of timber, lumber and saw-logs on the St. Maurice River and its tributaries, and for the collection of tolls and dues for the use of the same, and to impose and authorize the collection upon the said works of the tolls and dues hereinafter mentioned, such rules, regulations, tolls and dues to be in lieu of all rules, regulations, tolls and dues heretofore in force or imposed in respect of such works.

JOHN J. McGEE,
Clerk of the Privy Council.

REGULATIONS.

NOTE.—The words "rafts or parcels of timber" wherever occurring in these regulations shall be held to mean saw-logs, railroad ties and all other kinds of wood goods.

Section 1.—The Government Slides, Booms and other works connected therewith in St. Maurice District shall be under the control and management of the Superintendent of the Works for that district, or in case there should be no superintendent, or in the absence of such an officer, under the control and management of some other officer duly appointed by the Minister of Public Works; and these officers, and no others, shall have the power of regulating the supply of water required for the passage of timber, of allotting the space for rafting or mooring timber, of determining the quantity of timber that may pass daily through the slide or booms, of awarding the amount that may be due by the owner or owners of timber or persons in charge thereof for damages that may have been done to any of the works, of imposing fines or penalties for any violation of the Slide Regulations, of seizing the timber, and of detaining or selling the same at public auction, as hereinafter provided, and of recovering the said dues, penalties or damages, when the owners of timber or persons in charge thereof refuse or neglect to pay the same; and the orders of the said Superintendent of the Works, or other officer duly appointed as aforesaid, must in all cases be obeyed by the owners of timber or their employees, who in case of refusal or neglect to obey such orders, shall be subject to the fines or penalties hereinafter imposed, as the case may be.

Section 2.—The owner of every parcel of squared timber, saw-logs or other timber proposed to be passed down the River St. Maurice through any of the works constructed thereon shall give notice in writing to the Superintendent of Public Works on the said river, eight full days at least before the period appointed for driving the same, giving the approximate number of pieces and timber marks and specifying the section or sections of the river such timber is to be driven from, whether or not it is to be driven to the mouth of the river, and if not, where it is intended to be stopped, under a penalty, in default of giving such notice, of not less than four dollars and not exceeding twenty dollars.

Section 3. On the arrival of any description of timber at or near any of the slides, booms or works, the owner thereof or person in charge of the same shall immediately send a sufficient number of men to pass said timber through the said slides, booms or works, and shall not allow the timber to accumulate at the head of the said slides, booms or works, or to obstruct the passage of other timber to or from the said slides, booms or works; and if a "jam" of any description of timber takes place in any of the said slides, booms or works, or near the same, the owner or person in charge shall at once remove the "jam" or obstruction, under the direction of the Superintendent or officer acting in that capacity; and in case the owner or person in charge of said timber should refuse or neglect to remove the same within forty-eight hours, the said Superintendent or officer, or person by him authorized in that behalf, shall have the power of removing the same at the proper costs, risk and expense of the owners thereof, who shall be subject to a penalty of not less than fifty dollars and not more than one hundred dollars for every day during which their timber shall obstruct the passage of other timber, over and above the amount that may be awarded by the Superintendent of the works, as well for the expenses of removing the same as for any damage that may have been done in consequence of such refusal or neglect.

Section 4.—No raft or parcel of timber shall be moored or banded up nearer to the entrance to or the outlet of any of the slides, booms or works than the berths pointed out by the Boom Master or officer acting in that capacity; and when permission shall be granted to the owners or persons in charge of any raft or parcel of timber to place any pocket boom, raft or timber in or near the said slides, booms or works, the owners or persons in charge of such raft, timber or pocket boom shall not in any case take any more or other place than the berth or berths allotted by the Boom Master, or other officer in charge of the works, and shall at any time, when directed so to do, move the said rafts, timber or pocket booms from place to place, or remove the same entirely, as soon as required so to do by the said Boom Master or other officer in charge of the works, under a penalty of not less than twenty dollars and not more than fifty dollars in case of refusal or neglect on the part of the said owners or persons in charge of timber, rafts or pocket booms to comply with the requirements of this section.

Section 5.—The owner or owners, or persons in charge of any raft or parcel of timber shall, before removing the same from any slide, boom or public work connected therewith, subscribe and deliver to the said Superintendent, or other officer, as the case may be, duly appointed as aforesaid, an acknowledgment in duplicate, certifying the number and description of cribs or of pieces of timber so passed, and shall pay the slide and boom dues, or secure the same to the satisfaction of the Collector of Slide and Boom Dues, under a penalty of not less than twenty dollars and not more than two hundred dollars, and shall further pay double the amount of dues which would otherwise be payable, on any raft or parcel of timber passing such work without such acknowledgment.

Section 6.—The Collector of Slide and Boom Dues, or any person or persons duly authorized by him in that behalf, shall, at all hours during the day, have free access, and full power and permission to enter and remain as along as he or they may see fit upon any raft or parcel of timber, for the purposes of examining the same, and every facility shall be afforded him or them for ascertaining the number of cribs or the number of pieces and description of timber of which the same is composed, and any person obstructing the Collector of Slide and Boom Dues, Boom Master, or other persons duly authorized as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than fifty dollars and not more than two hundred dollars.

Section 7.—The owner, as well as the person in charge of any raft or parcel of timber, shall be held responsible for any injury or damage done to the slides, booms, piers, or other works connected therewith, by any of the parties in their employment; and it shall and may be lawful for the Superintendent, Boom Master, or officer acting in that behalf, to seize and detain such raft or parcel of timber until the injury so done shall be repaired, or until security to his satisfaction shall have been given for such amount as shall be awarded on account of such damage; and any and every person interfering with the management or supply of water, or with any of the duties of the said Boom Masters or officers acting in that capacity, without having been duly authorized by them so to do, and any and every person doing injury or damage, as aforesaid, to any of the Government slides, or to the booms, slides, gates or piers connected therewith, or aiding or assisting in doing such injury or damage, shall, for the first offence, incur a penalty of not less than twenty dollars and not more than one hundred dollars, over and above payment of the amount which may be awarded for such damages; and for the second and every subsequent offence, shall incur a penalty of not less than one hundred dollars and not more than two hundred dollars, over and above payment of such damages, the amount of which damage shall, in each case, be ascertained and determined by the Superintendent or officer in charge of the slide, boom or work.

Section 8.—It shall be competent for the Collector of Slide and Boom Dues, his deputy or deputies, assistant, or assistants, or persons duly authorized by him, to enter upon, seize and detain, at the risk, costs and charges of the owner or owners thereof, any raft or parcel of timber which shall have been moved away from any of the slides, booms or works, without the dues thereof, the amount awarded for damages, or the fines or penalties, if any, being first paid or secured to his satisfaction, and any and every person obstructing the Collector of Slide and Boom Dues, or other person or persons duly authorized, as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than twenty dollars and not more than two hundred dollars.

Section 9.—Rafts, cribs, and every description of timber shall be held liable for the dues, damages and penalties imposed under these Regulations ; and the Superintendent or other duly appointed officer is hereby authorized and required to seize and detain any such raft, crib or parcel of timber until payment of such dues, damages and penalties is made, or until the owner or person in charge shall have given satisfactory security for the payment thereof, within thirty days after the same shall have been declared to be incurred or shall have been demanded ; and, in default of such payment being made within the said term of thirty days, then the said Superintendent, or officer, may proceed to sell by public auction any such raft, crib or parcel of timber ; but at least two weeks notice of the day of the intended sale by auction shall, in the meantime have been given and have been duly inserted in one or more of the public newspapers published at the City of Three Rivers, and a copy of such notice shall also have been placarded during the same time (two weeks before the intended sale) in a public and conspicuous place at or near the said works where the raft, crib or timber is lying, and at the City of Three Rivers ; and if the costs attendant on such auction sale, as well as all other costs, damages and penalties imposed or awarded, cannot be realized from the timber so seized and sold, the same shall be recoverable from the owner of said raft, crib or parcel of timber.

Section 10.—The owner or person in charge of every such lot of squared timber, saw-logs or other timber, shall, when the same reaches its destination on the St. Maurice, or before, if required by the Superintendent, subscribe and deliver to the said Superintendent, or to such person as he may authorize in that behalf, an acknowledgment in duplicate, certifying the number and description of sticks or logs passed or driven through any of the said works, and specifying the name and designation of the owner thereof, together with the marks distinguishing such timber, and such other particulars as may be required for the identification thereof ; and any person who, having passed or driven any parcel of timber through any of the said works, shall refuse or neglect so to give such acknowledgment, or who, in giving the same, shall make a false statement, either as to the number or description of the timber so passed or driven, or as to the place of its departure or destination, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars; and shall further pay, on every parcel of timber so passed or driven without such acknowledgment, or in relation to which any such false statement is made, double the amount of dues which would otherwise have been payable thereon.

Section 11.—The dues leviable on all parcels of square timber, saw-logs or other timber passing down the said river, according to the schedule of rates hereunto annexed, shall be payable immediately on the arrival of such timber or saw-logs at the booms at the mouth of the River St. Maurice, or at such intermediate place as they may be destined for, and no person shall remove any such parcel of timber until such dues have been paid or secured to the satisfaction of the Collector, under a penalty of not less than forty dollars and not exceeding two hundred dollars.

Section 12.—The owner, as well as the person in charge of any parcel of timber, shall be held jointly and severally responsible for any injury or damage done to any of the slides, dams, booms, piers or other public work on the said River St. Maurice, by any of the parties in the employment of such owner or person in charge, and it shall and may be lawful for the said Superintendent, or other person acting for him, to seize and detain such parcel of timber until the injury so done shall be repaired, or until satisfactory security shall have been given for the payment of the amount at which injury or damage shall be estimated by the Superintendent.

Section 13.—Every person who shall wilfully do any injury or damage to any of the slides, or to any of the booms, dams, piers or other public works on the said River St. Maurice, and every person who shall aid or assist in so doing any such injury or damage, shall, for every such offence, incur a penalty of not less than one hundred dollars and not exceeding two hundred dollars, over and above the amount at which such injury or damage shall be estimated by the Superintendent, as hereinbefore provided.

Section 14.—The owner of any parcel of square timber, saw-logs, or other timber conveyed down the River St. Maurice, shall, during the passage thereof, keep a sufficient number of men stationed at every slide and boom and also at every other point which the said Superintendent may indicate, to prevent all such damage to the works or obstruction in the river as might arise from the accumulation of logs or other timber against the booms, or in the channels or bends of the river, or from logs or other pieces of timber escaping under the booms or going over them.

Section 15.—The number of men required at each station shall be regulated by the said Superintendent, who is hereby empowered to employ at the cost and charges of the owners of the timber, saw-logs, etc., the number of men necessary to pass the same in safety over or through such station, when the owner of such timber, saw-logs, etc., has failed to supply such men at the time required by the Superintendent, and any owner or person in charge of such logs who shall neglect or refuse to comply with this regulation shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars, over and above the payment of the amount at which any injury or damage so done to the works may be estimated by the Superintendent.

Section 16.—No person in charge of timber held in the retaining boom at Shawenegan Bay or other station shall allow the same to be put or passed out of the boom, except under the direction of the said Superintendent, or of such person as he may authorize in that behalf, who shall regulate the descent of timber and the time of passing it out ; and any person in charge of such timber who shall refuse or neglect to stop the running out of logs at the boom at Shawenegan Bay or other station when directed to do so by any such officer, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars, in addition to the amount at which any injury or damage done to the works, by reason of such neglect or refusal, shall have been estimated by the Superintendent.

Section 17. The owner or person in charge of any squared timber, saw-logs, or other timber passing down the St. Maurice, shall, from the time when the same shall approach its destination on the said river, until all such timber shall have been passed through the booms, keep a sufficient number of men stationed at such booms to prevent any obstruction or damage to the works, which might arise from any undue accumulation of such timber against the booms or in the gates thereof ; and every owner or person in charge of such timber shall furnish at least the number of men required by the Superintendent or person duly authorized by him in that behalf, and shall pass out such timber at the places, at the time and in the manner directed by such Superintendent or person duly authorized by him as aforesaid ; and any owner or person in charge of such timber, who shall neglect or refuse to comply with this regulation, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars, over and above the amount at which any damage done to the works, by reason of such neglect or refusal, shall be estimated by the said Superintendent. AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 22nd day of April, 1893.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report dated 11th April, 1893, from the Minister of the Interior, stating that by an Order in Council dated the 12th of October, 1892, the Minister of the Interior was authorized to notify lessees of grazing lands therein referred to that the leases held by them would be terminated on and after the 31st day of December, 1896 ; that they would then or at any time during the interval be permitted to purchase not in excess of ten per cent of their leasehold at the rate of $2.00 per acre, and that from and after the said 31st day of December, 1896, it would be open to them if they saw fit to accept leases for the unexpired portion of the term of twenty-one years, of such of the lands now held by them as might be agreed upon between them and the Government upon the new form of lease.

The Minister further states that the lessees were advised to the above effect and in reply they represented that $2.00 was excessive for grazing lands, and that it would be impossible for them to acquire sufficient land to enable them to carry on their ranching operations if they were required to pay for it at this rate. They further pointed out that under the regulations in force at the time their attention was first directed to stock-raising the price fixed by the Government Regulations for lands which it might be necessary for them to acquire in fee simple was $1.25 per acre and this is the price at which lands similarly situated have been sold by the North West Coal and Navigation Company.

The Minister finds that by the regulations of the 20th May, 1881, the price was fixed at $1.25 per acre, as alleged, but it was raised to $2.00 per acre by Order in Council dated the 23rd of December of the same year, clause 21 of the first mentioned Order authorized leases to be issued to the persons mentioned in a report of the Deputy of the Minister of the Interior, dated 9th of May, 1881, upon the terms of that Order, and among those mentioned in the report are some of the present largest leaseholders, although as a matter of fact no leases did issue until subsequent to the date when the regulations of the 23rd December, 1881, came into force.

The Minister, in view of all the above facts, and as he is of opinion that it was the intention to sell land to the leaseholders mentioned at $1.25 per acre, recommends that the Order in Council of the 12th October, 1892, be amended by substituting $1.25 for $2.00 as the price at which the leaseholders affected by the said Order or their assigns shall be permitted to buy, the purchase money to be payable one-tenth down and the balance in nine equal annual payments with interest at the rate of six per cent per annum upon the unpaid balances.

The Committee concurring in the above recommendation, submit the same for Your Excellency's approval.

JOHN J. McGEE,
46-4 Clerk of the Privy Council.

DÉPÊCHES.

A OSBORNE HOUSE, ILE DE WIGHT,

Le 18e jour d'août 1892.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LA REINE EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil rendu en conformité de l'Acte modifiant l'Acte de la marine marchande, 1862, et daté le onzième jour d'août mil huit cent quatre-vingt-quatre, Sa Majesté, sur la recommandation conjointe de l'Amirauté et de la Chambre de Commerce a bien voulu ordonner que dès et après le premier jour de septembre mil huit cent quatre-vingt-quatre, les règlements contenus dans l'annexe du dit arrêté soit, en ce qui concerne les navires et bateaux britanniques, substitués aux règlements contenus dans la première annexe d'un arrêté en conseil rendu comme susdit, et daté le quatorzième jour d'août mil huit cent soixante-dix-neuf ;

Et considérant que par deux arrêtés en conseil rendus en conformité du dit acte, et sur la recommandation conjointe susdite, et datés respectivement le trentième jour de décembre mil huit cent quatre-vingt-quatre, et le vingt-quatrième jour de juin mil huit cent quatre-vingt-cinq, certaines modifications et additions ont été faites aux dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, au sujet des vaisseaux et bateaux de pêche britanniques ;

Et considérant que par les dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, il est entre autres choses décrété comme suit, savoir :—

Article 9.—Un bateau-pilote, lorsqu'il est occupé au service du pilotage dans sa circonscription, ne portera pas les mêmes feux que ceux exigés pour les autres navires, mais doit porter en tête de mât un feu blanc visible de tous les points de l'horizon, et montrer de plus un feu ou des feux intermittents visibles à de courts intervalles, qui ne devront pas être de plus d'un quart d'heure chacun ;

Un bateau-pilote, lorsqu'il n'est pas occupé au service du pilotage dans sa circonscription, doit porter des feux semblables à ceux des autres navires.

Et considérant que l'Amirauté et la Chambre de Commerce ont, en conformité de l'acte précité, conjointement recommandé à Sa Majesté que les dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, soient de nouveau modifiés en ajoutant à l'article 9 précité, la disposition contenue dans l'annexe ci-jointe,—

En conséquence, il plaît à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par le dit acte, et par et avec l'avis de Son Conseil privé, d'ordonner qu'à compter de la date du présent, les règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, sera modifié de nouveau par l'ajouté au dit article 9 précité, des dispositions contenues dans l'annexe ci-jointe.

C. L. PEEL.

ANNEXE.

Un bateau-pilote, employé exclusivement au service des pilotes commissionnés, ou certifié par une administration de pilotage, ou le comité d'une circonscription de pilotage dans le Royaume-Uni, lorsqu'il est occupé au service de pilotage dans sa circonscription et dans des eaux britanniques, et non à l'ancre, devra porter en sus des feux exigés des bateaux-pilotes, à une distance de huit pieds plus bas que son feu blanc de tête de mât, un feu rouge visible de tous les points de l'horizon et d'une portée telle qu'il puisse être visible par une nuit noire mais sans brume à une distance d'au moins deux milles, et aussi les feux de côté de couleur que doivent porter les vaisseaux en marche.

Lorsqu'il est occupé au service du pilotage dans des eaux britanniques et à l'ancre il portera en sus du feu exigé de tous les bateaux-pilotes le fer rouge ci-dessus mentionné mais non les feux de côté de couleur.

Lorsqu'il n'est pas occupé au service du pilotage dans sa circonscription, il portera les mêmes feux que les autres navires à vapeur. 48-4

A OSBORNE HOUSE, ILE DE WIGHT.

Le 30e jour de janvier 1893.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LA REINE EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil rendu en conformité de l'Acte modifiant l'Acte de la marine marchande, 1862, et daté le onzième jour d'août mil huit cent quatre-vingt-quatre, Sa Majesté, sur la recommandation conjointe de l'Amirauté et de la Chambre de Commerce a bien voulu ordonner que dès et après le premier jour de septembre mil huit cent quatre-vingt-quatre, les règlements contenus dans l'annexe du dit arrêté soit, en ce qui concerne les navires et bateaux britanniques, substitués aux règlements contenus dans la première annexe d'un arrêté en conseil rendu comme susdit, et daté le quatorzième jour d'août mil huit cent soixante-dix-neuf ;

Et considérant que par deux arrêtés en conseil rendus en conformité du dit acte, et sur la recommandation conjointe susdite, et datés respectivement le trentième jour de décembre mil huit cent quatre-vingt-quatre, et le vingt-quatrième jour de juin mil huit cent quatre-vingt-cinq, certaines modifications et additions ont été faites aux dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, au sujet des vaisseaux et bateaux de pêche britanniques ;

Et considérant que par un autre arrêté en conseil rendu en conformité du dit acte, et sur la recommandation conjointe susdite, et daté le 18e jour d'août 1892, certaines modifications et additions ont été apportées aux dits règlements contenus dans l'annexe du dit arrêté en conseil du 11e août 1884, au sujet des bateaux-pilotes à vapeur ;

Et considérant que par les dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, il est entre autres choses décrété comme suit, savoir :—

Article 3.—Les navires à vapeur, lorsqu'ils sont en marche, doivent porter les feux suivants :—

(*a.*) En tête ou en avant du mât de misaine, à une hauteur de pas moins de vingt pieds au-dessus du plat-bord, et si le navire a plus de vingt pieds de largeur, alors à une hauteur au-dessus du plat-bord au moins égale à cette largeur, un feu blanc placé de manière à fournir un rayonnement uniforme et non interrompu dans tout le parcours d'un arc horizontal de vingt quarts du compas,—établi de façon à projeter la lumière de dix quarts de chaque côté du navire, c'est-à-dire depuis l'avant jusqu'à deux quarts en arrière du travers de chaque bord, et d'une portée telle qu'il puisse être visible à cinq milles au moins de distance, par une nuit sombre, mais sans brume ;

(*b.*) A tribord, un feu vert, établi de façon à projeter une lumière uniforme et non interrompue sur un arc horizontal de dix quarts du compas,—placé de manière à projeter la lumière depuis l'avant jusqu'à deux quarts sur l'arrière du travers à tribord, et d'une portée telle qu'il puisse être visible à deux milles au moins de distance, par une nuit sombre, mais sans brume ;

(*c.*) A bâbord, un feu rouge établi de façon à projeter une lumière uniforme et non interrompue sur un arc horizontal de dix quarts du compas,—placé de manière à projeter la lumière depuis l'avant jusqu'à deux points sur l'arrière du travers à bâbord, et d'une portée telle qu'il puisse être visible à deux milles au moins de distance, par une nuit sombre, mais sans brume ;

(*d.*) Ces feux de côté vert et rouge doivent être pourvus, en dedans du bord, d'écrans dirigés de l'arrière à l'avant et s'étendant à trois pieds au moins en avant de la lumière, afin que le feu vert ne puisse pas être aperçu de bâbord avant, et le feu rouge de tribord avant.

Article 15.—Si deux navires sous vapeur se rencontrent courant l'un vers l'autre, directement ou à peu près, et qu'il y ait risque d'abordage, tous deux doivent venir sur tribord pour passer à bâbord l'un de l'autre.

Cet article ne s'applique que dans les cas où les navires courent l'un vers l'autre, directement ou à peu près, et où il y a risque d'abordage, mais ne s'applique pas à deux navires qui doivent, en conservant chacun leur allure, s'éviter l'un l'autre.

Les seuls cas auxquels il s'applique sont lorsque chacun des deux navires court vers l'autre directement ou à peu près, ou, en d'autres termes, lorsque de jour, chaque navire voit les mâts de l'autre en ligne droite, ou à peu près, avec les siens propres ; et, de nuit, lorsque chaque navire est dans une position telle qu'il peut voir les deux feux de côté de l'autre.

Il ne s'applique pas lorsque, de jour, un navire en voit un autre croiser sa route en avant, ou, de nuit, lorsque le feu rouge d'un navire est opposé au feu rouge de l'autre, ou lorsque le feu vert de l'un est opposé au feu vert de l'autre, ou lorsque l'un d'eux voit en avant un feu rouge sans voir le feu vert, ou un feu vert sans voir le feu rouge, ni lorsque les deux feux verts et rouges font visibles partout ailleurs qu'en avant.

Et considérant qu'il s'est élevé des doutes quant à l'effet des dits deux articles, et considérant que l'Amirauté et la Chambre de Commerce ont conjointement recommandé à Sa Majesté de faire les ajoutés suivants aux dits règlements en vue d'expliquer les dits articles précités, et de dissiper le dit doute et malentendu :—

En conséquence, il plaît à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par le dit acte, et par et avec l'avis de Son Conseil privé, d'ordonner qu'à compter de la date du présent, les règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, sera modifié de nouveau par l'ajouté au dit article 9 précité, des dispositions contenues dans l'annexe ci-jointe.

HERBERT M. SUFT.

ANNEXE.

(*e.*) Afin de s'assurer que les feux de côté rouge et vert projetteront une lumière uniforme depuis l'avant du navire jusqu'à deux quarts en arrière du travers de chaque bord respectivement, et ne projetteront pas en travers de l'avant du navire même, les dits feux seront fixés et les écrans ajustés de façon que les rayons des feux rouge et vert croiseront la ligne de la quille projetée à une distance raisonnable au-delà de l'avant du navire.

Quant à tous les navires dont les feux sont inspectés par les officiers de la Chambre de Commerce les feux de côté rouge et vert ne seront pas censés être fixés et disposés en conformité des règlements s'ils ne sont pas fixés et munis d'écrans de façon qu'une ligne tirée depuis le bord extérieur de la mèche jusqu'à la tête de l'écran intérieur de ce feu ne fasse un angle de 4 degrés (ou aussi près que possible) avec une ligne tirée parallèlement à la quille du navire à partir du bord extérieur de la mèche. 48-4

J'ai, etc.,

pour le Secrétaire d'Etat.

Le Gouverneur général
Le Très Honorable Lord Stanley de Preston,
etc., etc., etc.

AU CHATEAU DE WINDSOR,

Le 26e jour de novembre 1892.

PRÉSENTS :

Sa Très Excellente Majesté la REINE.
Le Lord Président,
Le vicomte Oxenbridge,
M. Mundella.

CONSIDÉRANT que par un acte du parlement du Manitoba, passé en la 48e année du règne de Sa Majesté, chapitre 48, intitulé " Acte concernant la Cour du Banc de la Reine," il est statué que la Cour du Banc de la Reine pour le Manitoba devra exister et continuer sous le titre de " Cour du Banc de la Reine pour le Manitoba," et qu'elle était et continuerait d'être une cour de juridiction de première instance et d'appel, et devra posséder et exercer tous les pouvoirs et l'autorité conférés par les lois d'Angleterre à une cour supérieure d'archives de juridiction civile et criminelle, dans toutes matières civiles et criminelles que ce soit, mais qu'il n'a pas encore été fait de disposition pour la poursuite et le règlement des appels de la dite cour à Sa Majesté en conseil.

Et considérant qu'il est à propos que des dispositions soient établies par le présent arrêté pour permettre aux parties d'interjeter appel des décisions de la dite cour à Sa Majesté en conseil,—il est par le présent ordonné, par Sa Très-Excellente Majesté, par et avec l'avis de son Conseil privé, comme suit :—

1. Toute personne ou personnes pourront interjeter appel à Sa Majesté, ses héritiers et successeurs dans son ou leur Conseil privé, de tout jugement final, décret, ordre ou sentence de la dite Cour du Banc de la Reine du Manitoba, de la manière, dans le délai, et sous et sujet aux règles, règlements et limitations ci-après énumérés, savoir :—

Dans le cas où tel jugement, décret, ordre ou sentence sera donné, ou prononcé pour ou au sujet de toute somme ou matière en litige excédant la somme ou la valeur de trois cents louis sterling (£300), ou dans le cas où ce jugement, décret, ordre ou sentence affecterait directement ou indirectement une réclamation, demande ou question concernant ou se rattachant à des biens ou quelque droit civil s'élevant à ou de la valeur de trois cents louis sterling (£300), la personne ou les personnes se sentant lésées par tout tel jugement, décret, ordre ou sentence pourront, sous quatorze jours après qu'il aura été prononcé, fait ou donné, s'adresser à la dite cour par motion ou pétition pour permission d'en appeler à Sa Majesté, ses héritiers et successeurs en son ou leur Conseil privé ;

Dans le cas où permission d'en appeler aura été demandée par la partie ou les parties qui est ou sont enjoints de payer toute telle somme de deniers ou de remplir un devoir quelconque, la dite cour pourra soit ordonner que le jugement, décret, ordre ou sentence dont appel est interjeté soit mis à exécution, ou que l'exécution en soit suspendue pendant le dit appel, selon qu'il paraîtra à la dite cour le plus conforme à la justice véritable et essentielle ;

Et dans le cas où la dite cour ordonnera que ce jugement, décret, ordre ou sentence soit mis à exécution, la personne ou les personnes en faveur de qui ce jugement, décret ou sentence aura été rendu devra ou devront, avant son exécution, donner une garantie bonne et suffisante qui devra être approuvée par la dite cour, pour le fidèle accomplissement de tel ordre que Sa Majesté, ses héritiers et successeurs croiront à propos de faire à l'égard de cet appel ;

Dans tous les cas une garantie sera aussi donnée par la personne ou les personnes appelantes sous forme de cautionnement ou hypothèque ou obligation personnelle n'excédant pas la valeur de cinq cents louis sterling (£500) pour la poursuite de l'appel, et le paiement de tous les frais qui seront adjugés par Sa Majesté, ses héritiers et successeurs, ou par le Comité judiciaire du Conseil privé de Sa Majesté, à la partie ou aux parties répondantes ; et si cette garantie en dernier lieu mentionnée est donnée sous les trois mois à compter de la date de telle motion ou pétition pour permission d'interjeter appel, alors, et non autrement, la dite cour admettra l'appel, et la partie ou les parties appelantes seront libres de présenter et poursuivre son ou leur appel à Sa Majesté, ses héritiers ou successeurs, en son ou leur Conseil privé, de telle manière et en vertu de tels règlements qui sont ou pourront être observés dans les appels faits à Sa Majesté des colonies ou plantations de Sa Majesté à l'étranger.

2. La dite cour pourra, à sa discrétion, sur la motion ou pétition de toute personne qui se croit lésée par tout jugement préliminaire ou interlocutoire, décret, ordre ou sentence de la dite cour, accorder permission à cette personne d'en appeler à Sa Majesté, ses héritiers et successeurs en son ou leur Conseil privé, sujet aux mêmes règles, règlements et limitations qui sont spécifiés dans le présent au sujet des appels de jugements, décrets, ordres et sentences définitifs.

3. Rien de contenu au présent n'aura l'effet ni ne sera censé avoir l'effet d'enlever ou restreindre le droit et l'autorité indéniables que possède Sa Majesté, ses héritiers et successeurs, sur l'humble pétition de

toute personne ou personnes lésées par tout jugement ou décision de la dite cour, en aucun temps d'admettre son ou leur appel, aux conditions que Sa Majesté, ses héritiers et successeurs croiront à propos, et de renverser, corriger ou varier ce jugement ou décision selon que Sa Majesté, ses héritiers et successeurs jugeront convenable.

4. Dans tous les cas d'appel admis par la dite cour, ou par Sa Majesté, ses héritiers ou successeurs, la dite cour certifiera et transmettra à Sa Majesté, ses héritiers et successeurs, en son ou leur Conseil privé, une copie exacte et fidèle de toute preuve, procédures, jugements, décrets et ordres rendus ou faits dans les causes en appel, en tant qu'ils se rapportent à la matière de l'appel, ces copies seront attestées par le sceau de la dite cour, et la dite cour certifiera et transmettra aussi à Sa Majesté, ses héritiers et successeurs, en son ou leur Conseil privé, une copie des raisons données par les juges de telle cour, ou par aucun de ces juges, pour ou contre le jugement ou décision dont appel est interjeté, lorsque ces raisons auront été données par écrit, et lorsque ces raisons auront été données oralement, alors un énoncé par écrit des raisons données par les juges de telle cour, ou par aucun des dits juges, pour ou contre le jugement ou décision dont appel est interjeté.

5. Dans tous cas d'appel à Sa Majesté, ses héritiers ou successeurs, la dite cour se conformera et exécutera ou fera exécuter tels jugements et ordres que Sa Majesté, ses héritiers ou successeurs croiront bon de rendre dans l'affaire, de la même manière que tout jugement, décret, ou ordre décrétoire de première instance, ou autre ordre ou règle de la dite cour aurait dû ou aurait pu être exécuté.

Et le Très Honorable le Marquis de Ripon, un des principaux secrétaires d'Etat de Sa Majesté donnera les instructions nécessaires en conséquence.

HOTEL DU GOUVERNEMENT À OTTAWA.

Vendredi, le 28e jour d'avril 1893.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que le gouvernement du Manitoba a trouvé convenable dans l'intérêt du public de tracer certains chemins, autres que les réserves ordinaires de chemins dans le township 11, rang 11 ; township 11, rang 12 ; township 12, rang 11, et township 14, rang 8, tous à l'est du principal méridien, et que le gouvernement provincial a fait arpenter ces terres par un arpenteur fédéral compétent, et en a fourni des plans au ministère de l'Intérieur ;

Et considérant que certaines parties de ces chemins passent sur des terres fédérales inoccupées, et que le gouvernement provincial demande que ces chemins soient attribués au lieutenant-gouverneur du Manitoba comme chemins publics,—

Il plaît à Son Excellence, en vertu des dispositions de "l'Acte des terres fédérales," chapitre 54 des Statuts Revisés, et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que les terres ci-après énumérées soient et elles sont par le présent attribuées au lieutenant-gouverneur du Manitoba comme chemins publics ; ces dites terres sont plus spécialement décrites comme suit, savoir :—

Partie de la moitié est de la section 25, dans le township 11, rang 11 ;

Le quart sud-ouest de la section 30, et la moitié nord de la section 19, dans le township 11, rang 12, sections 15 et 27, et le quart sud-ouest de la section 11, dans le township 12, rang 11 ;

La moitié ouest de la section 17, dans le township 14, rang 8 ; tous les rangs susdits sont à l'est du principal méridien.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que les commissaires nommés pour faire un choix des terrains marécageux à être attribués à la province du Manitoba, conformément aux dispositions de l'article 4 du chapitre 47 des Statuts Revisés, ont fait un rapport collectif soumettant une liste des terrains choisis par eux pour l'objet susdit pendant la saison de 1891, et en comparant la liste fournie par les commissaires avec les livres du ministère de l'Intérieur, il a été constaté que sur un total de 85,680 acres choisis, 69,680 étaient propres aux fins susdites,—

Il plaît à Son Excellence, en vertu des dispositions du chapitre 47 des Statuts Revisés du Canada, intitulé "Acte concernant la province du Manitoba," et par et avec l'avis du Conseil Privé de la Reine pour le Canada, d'ordonner que les terrains énumérés dans la liste ci-jointe, qui est une liste revisée des terrains trouvés disponibles dans la liste des terrains choisis pendant la saison, tel que dit ci-dessus, et se montant en tout à 69,680 acres, soient et ils sont par le présent attribués à Sa Majesté pour les fins de la province du Manitoba.

JOHN J. McGEE,
Greffier du Conseil privé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il plaît à Son Excellence, en vertu des dispositions de "l'Acte des Travaux Publics," chapitre 36 des Statuts Revisés, et du chapitre 98 des Statuts Revisés, intitulé "Acte concernant les péages sur les constructions de l'Etat pour la descente du bois," et par et avec l'avis du Conseil privé de la Reine pour le Canada, de faire les règles et règlements suivants pour la régie, entretien, bon usage et protection des glissoires du gouvernement et autres travaux construits dans le but de faciliter la descente du bois de charpente et de service, et des billots sur la rivière Saint-Maurice et ses tributaires, et pour la perception des droits et péages sur leur usage, et d'imposer et autoriser la perception sur les dits travaux des droits et péages ci-après mentionnés ; les présentes règles, règlements, péages et droits remplaceront toutes autres règles, règlements, péages et droits autrefois en vigueur ou imposés sur ces travaux.

JOHN J. McGEE,
Greffier du Conseil privé.

RÈGLEMENTS.

Note.—Les mots "radeaux ou lot de bois" partout où ils se rencontrent dans les présents règlements, seront censés signifier les billots de sciage, traverses de chemin de fer et toutes autres espèces d'effets en bois.

Article 1.—Les glissoires, estacades et autres constructions fédérales s'y rattachant dans le district du Saint-Maurice, seront placés sous le contrôle et la régie du surintendant des travaux du district, ou, s'il n'y a pas de surintendant, ou en son absence, sous le contrôle et la régie de quelque autre officier dûment autorisé par le ministre des Travaux Publics ; et ces officiers, et nuls autres, auront le pouvoir de régler l'alimentation de l'eau nécessaire pour le passage des bois de construction, de répartir l'espace accordé pour la mise en radeau ou l'amarrage du bois, de déterminer la quantité de bois qui pourra passer chaque jour dans les glissoires ou les estacades, d'établir la somme qui pourra être due par les propriétaires de bois ou les personnes qui en ont la charge, pour les dommages qui pourraient être faits à quelqu'un des ouvrages, d'imposer des amendes ou pénalités pour infraction aux règlements des glissoires, de saisir le bois et de le détenir et vendre aux enchères publiques, tel que ci-dessous prescrit, et de recouvrer ces droits, amendes ou indemnités lorsque les propriétaires du bois ou les personnes qui en ont la charge refuseront ou négligeront de les payer ; et les ordres du surintendant des travaux, du gardien des glissoires ou de tel autre officier autorisé comme susdit, devront toujours être suivis et exécutés par les propriétaires du bois, ou leurs employés, sous peine, en cas de refus ou négligence de se conformer à ces ordres, des amendes et pénalités ci-dessous imposées suivant le cas.

Article 2.—Le propriétaire de tout lot de bois carré, de billots de sciage ou autre bois de construction destiné à descendre la rivière Saint-Maurice par aucun des travaux qui y sont construits, donnera par écrit au surintendant des travaux publics sur cette rivière huit jours francs d'avis au moins avant la période fixée pour la descente de ce bois, donnant le nombre approximatif de pièces et les marques du bois et spécifiant la section ou les sections de la rivière par où doit passer ce bois, s'il doit ou non être descendu jusqu'à l'embouchure de la rivière, et si non, où doit-il arrêter, sous peine d'une amende, en cas de négligence de donner cet avis, de quatre piastres au moins et de vingt piastres au plus.

Article 3.—A l'arrivée de toute espèce de bois à ou près de quelque glissoire, estacade ou autre ouvrage de l'Etat, le propriétaire ou la personne qui en aura la charge enverra immédiatement un nombre d'hommes suffisant pour faire passer ce bois dans la glissoire, estacade ou autre ouvrage, et ne laissera pas accumuler ce bois à la tête de la glissoire, estacade ou autre ouvrage, et ne nuira pas au passage d'autre bois destiné a entrer ou sortir de la glissoire, estacade ou autre ouvrage ; et s'il survient un encombrement ou refoulement de bois dans quelque glissoire, estacade ou autre ouvrage, ou dans son voisinage, le propriétaire ou la personne qui en a la charge devra immédiatement défaire cet encombrement ou enlever l'obstacle, sous la direction du surintendant ou autre officier agissant en cette capacité ; et si le propriétaire ou la personne ayant la charge du bois refuse ou néglige de l'enlever ou défaire dans les quarante-huit heures, le gardien de glissoire ou officier, ou la personne autorisée par lui à cet effet, pourra le faire enlever ou défaire aux frais, risques et dépens des propriétaires du bois, qui seront passibles d'une amende de pas moins de cinquante piastres, ni de plus de cent piastres, pour chaque jour durant lequel leur bois empêchera le passage d'autre bois, en sus du montant qui pourra être taxé par le surintendant des travaux, tant pour les frais occasionnés par l'enlèvement de l'obstacle que pour tout dommage qui pourra avoir été causé par suite de ce refus ou de cette négligence.

Article 4. Nul train ou lot de bois ne sera amarré ou assemblé plus près de l'entrée ou de la sortie d'aucune glissoire, estacade ou autre ouvrage que l'endroit indiqué par le gardien de glissoire ou autre officier agissant en cette capacité ; et lorsqu'il sera donné permission aux propriétaires ou personnes ayant la charge d'un train ou lot de bois de placer une estacade temporaire, ou un train ou lot de bois dans ou près des glissoires, estacades ou autres ouvrages, les propriétaires ou personnes ayant charge de ce train, lot de bois ou estacade temporaire ne devront en aucun cas prendre plus d'espace, ou un autre espace, ou le prendre ailleurs, que l'espace ou l'endroit indiqué par le gardien de glissoire ou autre officier chargé de la régie des ouvrages, et devront en tout temps, lorsqu'ils en recevront l'ordre déplacer le dit train ou lot de bois, ou l'estacade temporaire, et les mettre ailleurs ou les enlever complètement aussitôt qu'ils en seront requis par le gardien de glissoire ou autre officier chargé de la régie des ouvrages, à peine d'une amende de pas moins de vingt piastres, ni plus de cinquante piastres, en cas de refus ou négligence de la part des dits propriétaires ou personnes ayant charge du bois ou des estacades temporaires, de se conformer aux dispositions de cet article.

Article 5.—Le propriétaire ou les propriétaires ou la personne ayant charge d'un train ou lot de bois devra, avant de le sortir d'une glissoire, estacade ou ouvrage public s'y rattachant, souscrire et remettre au surintendant, ou autre officier, selon le cas, dûment autorisé à cet effet, une déclaration en duplicata certifiant le nombre et la description des radeaux ou du bois ainsi passé, et paiera les droits de glissoire, ou en garantira le paiement à la satisfaction du percepteur des droits de glissoire, à peine d'une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, et paiera de plus le double du montant des droits qui autrement auraient été payables, sur tout train ou lot de bois qui passera dans la glissoire sans cette déclaration.

Article 6.—Le percepteur des droits de glissoire, ou toute personne dûment autorisée par lui à cet effet, aura, à toute heure du jour, libre accès et plein pouvoir et permission d'aller et rester aussi longtemps qu'il ou elle le jugera à propos, sur tout train ou lot de bois dans le but de l'inspecter, et toute facilité lui sera donnée pour constater le nombre de radeaux ou le nombre de morceaux et l'espèce de bois dont ils sont composés ; et toute personne qui entravera le percepteur des droits de glissoire, les gardiens de glissoire ou autres officiers dûment autorisés comme il est dit plus haut, dans l'exécution de leurs devoirs, encourra une amende de pas moins de cinquante piastres, ni de plus de deux cents piastres.

Article 7.—Le propriétaire, ainsi que la personne ayant charge d'un train ou lot de bois, sera responsable de tout dommage fait aux glissoires, estacades, piliers, jetées ou autres ouvrages s'y rattachant, par les hommes employés par lui ; et il sera loisible au surintendant, gardien de glissoire, ou à l'officier agissant en son nom, de saisir ou de détenir ce train ou lot de bois, jusqu'à ce que le dommage ainsi causé ait été réparé, ou jusqu'à ce qu'une garantie ait été donnée, à sa satisfaction, pour le montant qui sera taxé pour la réparation de ce dommage ; et quiconque entravera ou gênera la régie ou l'alimentation d'eau, ou l'exécution des devoirs des dits gardiens de glissoire ou officiers agissant en cette capacité, sans avoir été dûment autorisé par eux à le faire, et quiconque fera ou causera quelque dommage, comme susdit, à quelque glissoire fédérale, ou aux estacades, vannes, portes ou piliers s'y rattachant, ou qui aidera à faire ou causer pareil dommage, encourra pour la première offense, une amende de pas moins de vingt piastres, ni de plus de cent piastres, en sus du paiement du montant auquel sera taxé le dommage, et, pour chaque récidive, une amende de pas moins de cent piastres, ni de plus de deux cents piastres, en sus du paiement de l'indemnité de ce dommage, dont le montant sera, dans chaque cas, constaté et taxé par le surintendant ou l'officier ayant charge de la glissoire, estacade ou au ouvrage.

Article 8.—Il sera loisible au percepteur des droits de glissoire, son adjoint ou son assistant, ou à la personne dûment autorisée par lui à cet effet, de se rendre sur tout train ou lot de bois qui aura été sorti de quelque glissoire, estacade ou autre ouvrage fédéral sans que les droits de glissoire sur ce bois, le montant taxé pour dommage, ou amendes ou pénalités, s'il en est, n'aient été préalablement payés ou garantis à sa satisfaction, et de le saisir et détenir aux risques, frais et dépens du ou des propriétaires ; et quiconque entravera le percepteur des droits de glissoire, ou autre personne dûment autorisée comme susdit, dans l'exécution de son devoir, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 9.—Les trains, radeaux et toute espèce de bois seront tenus responsables des droits, indemnités de dommage et amendes imposés par ces règlements ; et le surintendant ou autre officier dûment nommé est par le présent autorisé et requis de saisir et détenir tout tel train, radeau ou lot de bois, jusqu'à parfait paiement des droits, indemnités de dommage ou amendes, ou jusqu'à ce que le propriétaire ou la personne qui a charge du bois en ait garanti le paiement d'une manière satisfaisante, dans les trente jours après qu'ils auront été déclarés encourus ou demandés ; et, si ce paiement n'est pas fait dans les trente jours, le surintendant ou officier pourra alors procéder à la vente du train, radeau ou lot de bois, aux enchères publiques ; mais il sera donné au moins deux semaines d'avis de la date de la vente projetée, et cet avis sera publié dans l'un ou plusieurs des journaux publiés en la cité de Trois-Rivières, et une copie de cet avis sera aussi affichée pendant le même espace de temps (c'est-à-dire pendant deux semaines avant la vente projetée), dans un endroit public et apparent des dits travaux, ou auprès, où se trouve le train, radeau ou lot de bois, et dans la cité de Trois-Rivières ; et si les frais entraînés par cette vente ainsi que tous les autres frais, dommages et amendes imposés ou taxés, ne peuvent être réalisés sur le bois ainsi saisi et vendu, ils seront recouvrés du propriétaire du train, radeau ou lot de bois.

Article 10.—Le propriétaire ou celui qui sera chargé du soin de chaque lot de bois équarri, billots de sciage ou autre bois de service, devra, lorsqu'il sera ou avant qu'il ne soit rendu à sa destination sur le Saint-Maurice, s'il en est requis par le surintendant, souscrire et remettre au dit surintendant, ou à toute personne autorisée par lui à cet effet, une déclaration en duplicata, certifiant le nombre et la description des pièces ou billots qui auront passé par quelqu'une des dites constructions, et spécifiant le nom et la désignation de leur propriétaire, ainsi que les marques qui distinguent ce bois, et tels autres détails qui pourront être requis pour l'identifier ; et quiconque, après avoir fait passer quelque lot de bois dans les dites constructions, refusera de donner cette déclaration, ou qui en la donnant fera quelque faux énoncé quant à la quantité ou à la description du bois ainsi descendu ou passé, ou au sujet de l'endroit de départ ou de destination, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, et paiera de plus, sur chaque lot de bois ainsi descendu ou passé sans déclaration, ou à l'égard duquel quelque faux énoncé aura été fait, le double du montant des droits, qui, autrement, aurait été payable sur ce lot.

Article 11.—Les droits à payer sur tous les lots de bois équarri, billots de sciage et autres bois qui descendront la dite rivière, d'après le tarif ci-annexé, seront payables immédiatement à leur arrivée aux estacades de l'embouchure de la rivière Saint-Maurice, ou à tel endroit intermédiaire auquel ils seront destinés ; et nulle personne n'enlèvera aucun lot de bois avant que ces droits n'aient été payés ou garantis, à la satisfaction du percepteur, à peine d'une amende de pas moins de quarante piastres ni plus de deux cents piastres.

Article 12.—Le propriétaire ainsi que celui qui aura charge d'un lot de bois, seront solidairement et individuellement responsables de tout dommage ou avarie fait à aucune des glissoires, barrages, estacades, jetées, piliers ou autres constructions publiques sur la dite rivière Saint-Maurice, par toute personne employée par ce propriétaire ou la personne en charge du bois ; et il sera loisible au surintendant, ou à toute personne agissant en son nom, de saisir et détenir ce lot de bois, jusqu'à ce que le dommage fait ait été réparé, ou jusqu'à ce qu'un cautionnement satisfaisant ait été donné pour le paiement du montant auquel ce dommage sera évalué par le surintendant.

Article 13.—Quiconque endommagera de propos délibéré quelque glissoire, estacade, barrage, pilier, jetée ou autre construction publique sur la dite rivière Saint-Maurice, et quiconque aidera à faire tel dommage, encourra, pour chaque offense, une amende de pas moins de cent piastres et de pas plus de deux cents piastres, en sus et au-delà du montant auquel ce dommage sera évalué par le surintendant, tel que ci-haut prescrit.

Article 14.—Le propriétaire de tout lot de bois équarri, billots de sciage ou autre bois descendant le Saint-Maurice, devra, pendant sa descente, tenir un nombre d'hommes suffisant à chaque glissoire et estacade ainsi qu'à tout autre endroit que désignera le surintendant, pour prévenir tout dommage aux ouvrages ou tout embarras dans la rivière qui pourrait provenir de l'accumulation de billots ou autres bois contre les estacades, ou dans les chenaux ou coudes de la rivière ou prévenir du passage des billots ou autres bois par-dessus ou par-dessous les estacades.

Article 15.—Le nombre des hommes nécessaires à chaque station sera déterminé par le dit surintendant, qui est par le présent autorisé à employer, aux frais et dépens des propriétaires du bois de construction, billots, etc., le nombre d'hommes nécessaire pour les passer en sûreté sur et par cette station, dans le cas où le propriétaire de ce bois, billots, etc., négligerait de fournir ces hommes au temps voulu par le surintendant ; et tout propriétaire ou personne en charge de ces billots qui négligera ou refusera de se conformer à ce règlement, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement de tout montant auquel le dommage fait sera évalué par le surintendant.

Article 16.—Nulle personne ayant la charge de bois de service retenu dans l'estacade d'arrêt, placée dans la baie de Shawinigan ou autre station, ne permettra qu'il n'y soit placé ou n'en soit sorti, excepté sous la direction du dit surintendant ou de toute personne par lui autorisée à cet égard, laquelle règlera la descente du bois et le temps de sa sortie de l'estacade ; et toute personne ayant la charge de ce bois qui refusera ou négligera d'arrêter les billots à l'estacade de la baie de Shawinigan ou autre station, lorsqu'elle en recevra l'ordre de tel officier, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement du montant auquel les dommages causés aux ouvrages, par suite de cette négligence ou refus, sera évalué par le surintendant.

Article 17.—Le propriétaire ou la personne ayant la charge de tout lot de bois équarri, billots de sciage ou autre bois, descendant le Saint-Maurice, devra, depuis le temps où ce bois arrivera près de sa destination sur la dite rivière, jusqu'à celui où il les aura passées, tenir un nombre d'hommes suffisant à ces estacades pour empêcher toute obstruction ou dommage aux ouvrages, qui pourrait résulter d'une trop grande accumulation de bois contre les estacades, ou dans leurs entrées ; et chaque propriétaire ou personne ayant charge de ce bois devra fournir au moins le nombre d'hommes exigé par le surintendant ou la personne par lui dûment autorisée à cet égard, dans le temps et de la manière que le surintendant ou son substitut pourra prescrire. Et tout propriétaire ou personne en charge de ce bois qui négligera ou refusera de se conformer à ce règlement encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement du montant auquel les dommages faits aux ouvrages, par suite de cette négligence ou refus, sera évalué par le surintendant. Et dans le cas de refus ou de négligence de se conformer au présent règlement, le surintendant est autorisé à ouvrir ces estacades afin de les libérer de l'encombrement ou permettre le flottage des autres, et le propriétaire de tout bois ou billots n'aura aucun recours contre le gouvernement pour dommages causés par leurs billots, etc., dépassant ainsi leur point de destination primitive.

Article 18.—Quiconque attachera ou amarrera, ou fera attacher ou amarrer, quelque radeau ou train de bois à quelque estacade, à l'embouchure de la rivière Saint-Maurice, ou fera ou fera faire quelque cadre de radeau, ou coupera ou bûchera, ou fera couper ou bûcher, des billots ou du bois sur ces dites estacades, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 19.—Quiconque résistera, gênera ou entravera, ou aidera à résister, gêner ou entraver, un surintendant des travaux publics, percepteur des droits, gardien d'estacade, ou autre officier ou personne dûment autorisée par cet officier, dans l'exécution de ces devoirs, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 20.—Si le propriétaire ou personne en charge d'un lot de bois, ou de billots, manque ou néglige de fournir le nombre d'hommes voulu par le surintendant, ou autre officier dûment autorisé, en vertu des présents règlements, le dit surintendant pourra employer le nombre voulu d'hommes aux frais du propriétaire du bois de construction, billots, etc., et les frais ainsi encourus seront une première charge sur le dit bois, billots, etc., lequel pourra être saisi et détenu par le dit surintendant ou autre officier autorisé jusqu'à ce que tous les frais et charges ainsi encourus soient payés, ou la perception pourra s'en faire de la manière établie par la loi pour la perception des droits de glissoire et d'estacade ordinaires.

Article 21.—Chaque propriétaire de scierie ou la personne en charge d'une scierie ou l'utilisant, et chaque autre personne faisant le commerce du bois de construction, billots, bois scié ou autres effets de bois, fournira au percepteur des droits et péages le ou avant le premier jour de septembre de chaque année, un état attesté sous serment ou déclaration solennelle en vertu du statut à cet égard, et sur une formule imprimée qui sera fournie par le percepteur sur demande, indiquant les détails ci-dessous énumérés quant aux articles faits ou acquis par lui sauf le bois carré envoyés en radeaux à Québec, pendant la saison précédente à venir jusqu'à la dite date, ou depuis la date couverte par le dernier rapport en vertu du présent ou des articles suivants ; et le ou avant le 1er jour de novembre de chaque année, un semblable rapport quant à tous tels articles faits ou acquis par lui subséquemment au premier jour de septembre ou date de son dernier rapport. Article 1.—Le patron ou la personne ayant charge d'un navire, vapeur, chalan ou radeau naviguant dans cette écluse, devra, en entrant ou immédiatement avant d'entrer dans l'écluse, se munir d'un congé pour ce navire, vapeur, bateau ou radeau, au bureau de l'éclusier ; à défaut de quoi l'éclusier ne devra pas permettre à ce navire, vapeur, bateau ou radeau de franchir l'écluse, et le propriétaire ou le patron en charge sera passible d'une amende qui n'excédera pas vingt piastres ; et l'éclusier ou autre officier dûment nommé, aura droit d'aller à bord de tout navire, vapeur, bateau ou chalan, quand il sera nécessaire, pour vérifier le laissez-passer ou manifeste de ce navire, vapeur, bateau ou chalan ; et le patron ou toute personne en charge de ce navire, vapeur, bateau ou chalan qui cherchera à entraver un officier dans l'exercice de ses fonctions, sera passible d'une amende d'au plus quarante piastres.

Article 2.—Tout navire ou bateau naviguant dans l'écluse devra être exactement jaugé et marqué, en pieds et pouces, à l'avant, au milieu et à l'arrière, de chiffres indiquant le tirant exact d'eau de chaque partie du navire ou bateau ; et les navires tirant plus de sept pieds d'eau ne pourront entrer dans l'écluse ; et le patron ou la personne ayant charge d'un de ces navires et qui pénétrera dans l'écluse, contrairement à cet article, sera passible d'une amende n'excédant pas cent piastres, et le navire sera retenu jusqu'à ce que cette amende ait été payée et qu'il ait été convenablement allégé. Les navires devront aussi être munis d'un cornet ou d'un sifflet d'alarme à vapeur que le patron devra sonner ou faire sonner à au moins un quart de mille, ou quinze minutes avant d'entrer dans une écluse, sous peine d'une amende d'au moins deux piastres et de pas plus de vingt piastres.

Article 3.—Tout navire ou bateau naviguant dans l'écluse ou le chenal navigable de la rivière Yamaska, entre le village de Saint-Aimé et le lac Saint-Pierre, soit en marche ou à l'ancre, soit franchissant l'écluse, ou étant amarré dans l'écluse, devra avoir, durant la nuit, une lumière brillante à l'avant et à l'arrière ; un fanal devra également être placé à chaque extrémité de tout radeau traversant le chenal navigable de la rivière, ou y demeurant amarré durant la nuit comme susdit, et la personne en charge de ce navire, bateau ou radeau qui négligera d'exhiber ces lumières, ou le propriétaire du navire, bateau ou radeau sera passible d'une amende de quatre piastres au moins et de pas plus de quarante piastres.

Article 4.—Aucun bateau à vapeur ne pourra franchir l'écluse, à moins d'avoir au haut de chacun des tuyaux de sa cheminée, un écran en fil de fer, par lequel la fumée passera, et dont les mailles ou interstices n'auront pas plus d'un quart de pouce de large ; l'écran devra être posé de manière à ce que l'éclusier qui laissera passer un vapeur puisse parfaitement le voir lorsqu'il sera fermé, et tout éclusier qui laissera passer un vapeur ou navire mû par la vapeur ne remplissant pas ces conditions, sera passible d'une amende de vingt piastres dans chaque cas, et le patron d'un vapeur ou navire mû par la vapeur qui entrera dans l'écluse ou amarrera son navire à aucun des quais de l'écluse sans cet écran sur chacune des cheminées du dit vapeur, sera passible d'une semblable amende de vingt piastres chaque fois, et des dommages-intérêts pour tous dommages qui pourront en résulter et qui seront évalués par l'ingénieur en chef du département des Travaux Publics.

Article 5.—Tout patron ou personne en charge d'un vapeur ou autre navire, ou d'un radeau, devra, avant d'approcher de l'écluse, s'assurer que l'écluse est dans l'état convenable pour laisser passer l'embarcation, et il devra faire ralentir la vitesse du vapeur, navire ou radeau de manière à ne pas endommager l'écluse, ses portes, ou autres constructions et, si des dégâts ont lieu, le propriétaire ou le patron du vapeur, navire ou embarcation sera passible d'une amende fixée par l'ingénieur en chef du département des Travaux Publics, mais qui n'excédera pas quatre-vingts piastres, et il sera responsable des dégâts occasionnées à l'écluse, les dommages devant être évalués par l'ingénieur en chef du département des Travaux Publics ou son représentant autorisé, et le montant payé immédiatement à l'éclusier ou à toute autre personne ayant droit de les recevoir.

Article 6.—Le propriétaire, le patron, ou la personne ayant charge d'un navire, bateau ou radeau comme susdit, lorsqu'il en sera requis par l'éclusier ou autre officier dûment autorisé à cet égard, devront promptement amener ce navire, bateau ou radeau au point que l'éclusier ou tout autre officier, comme il est dit plus haut, pourra désigner, dans le but de permettre les réparations nécessaires et de maintenir libre la navigation de l'écluse, ou pour le maintien de l'ordre et de la régularité dans le voisinage des quais, écluses et débarcadères, à défaut de quoi il sera passible d'une amende n'excédant pas quarante piastres.

Article 7.—Personne ne devra ouvrir ou fermer les portes ou ventelles de l'écluse, ou abaisser le niveau d'eau en aucune manière, ou ne devra déranger le fonctionnement de l'écluse, quais, ou autres constructions sur l'écluse sans le consentement et par l'ordre de l'éclusier ou officier en charge, et toute personne qui se mettra en contravention avec ce règlement, ou entravera le service de l'éclusier ou d'un de ses employés, à cet égard, sera passible d'une amende n'excédant pas quarante piastres chaque fois.

Article 8.—Aucun patron ou personne ayant charge d'un vapeur, bateau ou radeau naviguant dans l'écluse ou ses abords, ne devra y jeter l'ancre, ni amarrer ce vapeur, bateau ou radeau dans l'écluse ou ses abords, ni décharger aucune partie de la cargaison, ou charger quelque fret ou du bois, sans l'ordre formel de l'éclusier ou personne en charge, à défaut de quoi il sera passible d'une amende n'excédant pas quarante piastres, pour chaque infraction.

Article 9.—Personne ne devra construire ou réparer des navires, bateaux ou barges sur un terrain dépendant de l'écluse ou de la propriété de l'Etat sans la permission de l'ingénieur en chef du département des Travaux Publics ou son représentant autorisé, qui désignera un emplacement, à défaut de quoi cette personne sera passible d'une amende n'excédant pas quatre-vingts piastres et pas moindre que quatre piastres, et tout patron de navire et toute autre personne qui fera bouillir du goudron, de la poix, de la résine ou toute autre substance pour radouber un navire ou autre fin sur la propriété de l'Etat, sans la permission de l'ingénieur en chef ou son représentant autorisé, et aux endroits qu'il pourra désigner, sera passible de la même amende de quatre piastres au moins.

Article 10.—Toute personne qui jettera dans l'écluse, ou dans le chenal navigable qui y conduit, une carcasse d'animal ou substance infecte de nature quelconque, ou des pierres, du bois, des branches ou autres rebuts ou obstruera d'une manière quelconque l'écluse, ou le chenal qui y conduit, sera passible d'une amende de deux piastres au moins et de deux cents piastres au plus.

Article 11.—Dans l'écluse et son voisinage, non plus que sur les quais qui en font partie, on ne devra employer de perches à pic ou autre instrument revêtu de fer, sous peine d'une amende de quatre piastres contre le délinquant.

Article 12.—Personne ne devra empiler du bois de construction ou autre, des pierres ou autres matériaux, sur le chemin de halage de l'écluse, ou sur les quais ou autre terrain du gouvernement, sans la permission écrite de l'éclusier ou personne en charge, et personne ne devra tirer ou rouler, pour les jeter dans l'écluse, ou les en tirer par-dessus la levée, du bois de service ou autres matériaux ; et pour chaque infraction à ce règlement, le délinquant sera passible d'une amende n'excédant pas quarante piastres.

Article 13.—Le bois de construction et de corde, les douves, les billots de sciage, traverses de chemin de fer et les espars ne pourront franchir l'écluse sous forme de radeau, sans la permission écrite de l'éclusier, et toute personne contrevenant à ce règlement sera passible d'une amende de vingt piastres. Dans le cas où des radeaux seront admis dans l'écluse avec la permission de l'éclusier, ils le seront aux conditions suivantes :—

Article 14.—Aucun radeau au train de bois traversant l'écluse ne devra excéder 30 pieds en largeur, et 120 pieds de longueur.

(*a.*) Aucun radeau ou train de bois n'approchera un autre radeau ou train à une distance moindre que 200 pieds, si ce n'est pour le dépasser, et il ne sera pas amarré à une distance moindre que 300 pieds de tout autre radeau ou train préalablement amarré.

(*b.*) La traverse d'un couplage (*crib*) de bois de service ne s'étendra à plus d'un pouce de l'arrête extérieure de la pièce latérale de ce couplage.

(*c.*) Chaque radeau ou train de bois détaché devra être muni d'un laissez-passer et se tenir au large de tout navire qu'il passera dans le canal.

(*d.*) Aucun radeau ne pourra rester dans l'écluse ou ses abords sans être amarré, ni être amarré ou arrêté en travers du chenal de manière à obstruer la navigation ; et, tout radeau devra franchir l'écluse sans délai inutile, aux moments et sujet à tous autres règlements que l'éclusier du canal pourra prescrire.

(*e.*) Tout radeau ou train de bois devra, en franchissant l'écluse, être dirigé par deux hommes au moins.

(*f.*) Dans tous les navires, bateaux ou bacs chargés de bois de service, le bois sera empilé de manière à ne point projeter en dehors du plat-bord du navire, bateau ou bac.

(*g.*) Pour chaque infraction aux termes de cet article, le propriétaire du radeau, du navire, bateau ou bac, ou la personne en ayant charge, sera passible d'une amende de dix piastres au moins, et de quarante piastres au plus.

Article 15.—Si un navire, bateau, bac, radeau, une pièce de bois de service, ou toute autre chose, sont laissés dans l'écluse, ou sur le terrain du gouvernement —flottant ou sombré—ou gênant ou pouvant gêner la navigation en aucune manière, dans l'opinion de l'éclusier, ou gênant les travaux en voie d'exécution sur l'écluse, ou si des objets sont trouvés sur le terrain du gouvernement sans être sous la charge de quelqu'un, le propriétaire de ces objets sera passible d'une amende de quatre piastres au moins ; les objets trouvés répondront du paiement de cette amende, et l'éclusier pourra saisir et faire enlever ces objets abandonnés ou non-réclamés, et pourra ultérieurement les faire vendre à l'encan, en donnant deux semaines d'avis public dans le village d'Yamaska, et il versera les produits de la vente entre les mains de la personne désignée pour les recevoir ; ou l'éclusier pourra faire enlever ces objets, en percevant le coût du transport et l'amende imposée, du propriétaire ou de la personne qui réclame ces objets. Pourvu que sur soupçon que le capitaine, ou patron, se propose d'abandonner cette épave, etc., l'éclusier est, par le présent, autorisé à saisir le navire et son contenu et à agir comme dans le cas indiqué plus haut pour les objets sombrés ou abandonnés. Et pourvu aussi qu'avant de faire enlever un navire, bac ou radeau échoué ou sombré, ou aucune partie de ces embarcations, ou leur contenu, dans l'écluse ou sur la propriété du gouvernement, la personne réclamant ce navire, bateau, bac ou radeau, ou aucune partie de ces embarcations, ou tout autre objet, devra donner caution pour le paiement de tous frais et dépens qui auront pu être encourus pour faire enlever l'épave ou autres objets ; cette caution devra être acceptée par l'éclusier, à moins que la dite personne n'ait obtenu de cet officier la permission de faire enlever l'épave.

Article 16.—Si le propriétaire ou les propriétaires d'un objet saisi le réclament avant l'époque de la vente et paient les frais de saisie et de déplacement, la vente n'aura pas lieu.

Article 17.—Pour ce qui concerne la priorité de passage dans l'écluse, il n'y aura plus que deux catégories de bâtiments, savoir :

(*a.*) 1re catégorie—Comprenant les vapeurs dont la machine, etc., est décrite dans le certificat de l'inspecteur des bateaux à vapeur comme pouvant être employée "au transport des passagers," pour les distinguer des vapeurs dont la machine, etc., est décrite dans ce certificat comme pouvant être employée "au transport du fret et des passagers," et de plus les bateaux de marchés.

(*b.*) 2e catégorie—Comprenant tous les autres bâtiments de quelque espèce qu'ils soient.

(*c.*) De ces deux catégories de navires ceux de la première auront priorité de passage sur ceux de la seconde, pourvu que les steamers de la malle, naviguant dans l'écluse aient toujours priorité de passage sur tous autres vaisseaux quelconques ; et toute infraction à la présente clause soumettra le délinquant à une amende de pas moins de quatre piastres et de pas plus de vingt piastres.

(*d.*) Lorsque plusieurs bâtiments ou navires sont réunis, ou attendent pour entrer dans l'écluse, ils doivent se tenir en une seule rangée et à une distance d'au moins 100 pieds de l'écluse ou entrée, et chaque bâtiment ou navire doit, pour y passer, avancer dans l'ordre qu'il occupe sur la file, excepté dans le cas des navires de la première catégorie auxquels priorité de passage est accordée tel que dit ci-dessus.

(*e.*) Dans le cas, cependant, où un navire de la première catégorie pour lequel l'écluse serait tenue ouverte à une heure fixe, manquerait d'y entrer, les navires de la seconde catégorie qui attendent leur tour peuvent se servir de l'écluse et continuer de s'en servir jusqu'à ce que le navire de la première catégorie en retard soit arrivé.

(*f.*) Toute infraction aux dispositions précédentes du présent article rendra le contrevenant passible d'une amende de pas moins de quatre piastres, et de pas plus de quarante piastres.

Article 18.—Tous les navires ou bateaux approchant de l'écluse, tandis qu'un autre navire vient dans la direction opposée, et est entré ou près d'entrer dans la dite écluse, devront être amarrés aux poteaux mis à cet effet sur la berge à une distance d'au moins 100 pieds de l'écluse et devront attendre que le navire franchissant l'écluse soit passé, chaque contravention à ce règlement entraînant une amende de pas moins de quatre piastres, et de pas plus de vingt piastres.

Article 19.—Toutes les fois que des navires ou bateaux se rencontrent aux abords de l'écluse, ceux qui descendent la rivière Yamaska tiendront le côté est du chenal, et ceux qui montent tiendront le côté ouest ou côté de terre de l'écluse, sous peine d'une amende de pas moins de deux piastres, et de pas plus de vingt piastres pour chaque infraction à ce règlement.

Article 20.—Les coins de tous bateaux ou bacs, construits à angle droit, devront être arrondis suivant un cercle d'au moins trois pieds de rayon. Sur tous les bateaux ou bacs les noms ou numéros des propriétaires devront être peints en caractères bien visibles ; ils devront aussi être munis de deux pieux de fer, avec anneaux pour les amarrer comme aux poteaux d'amarrage ; et les bateaux ou bacs portant des légumes ou des marchandises ne pourront être amarrés qu'aux endroits désignés par l'éclusier sur la propriété du gouvernement ; et de chaque côté de ces bateaux ou bacs il devra y avoir des planches, disposées suivant l'ordre de l'éclusier, pour empêcher ces matériaux de tomber dans l'écluse, sous peine d'une amende n'excédant pas cent piastres.

Article 21.—Les navires, bateaux ou barges naviguant dans l'écluse devront avoir leur gouvernail disposé de manière à ne point couper le câble de remorquage des autres navires, bateaux ou barges, sous peine d'une amende n'excédant pas vingt piastres, qu'encourra le propriétaire, patron ou personne en charge.

Article 22.—Les navires, bateaux ou radeaux devront être conduits, dans l'écluse, avec soin de manière à ne pas endommager l'écluse, et toute négligence à cet égard sera punie d'une amende n'excédant pas vingt piastres, en outre des frais de réparation des dommages ainsi causés à l'écluse, à ses portes, ou autres constructions de l'écluse.

Article 23.—Tout navire, bateau ou embarcation naviguant dans l'écluse devra être munie d'au moins deux aussières convenables, l'une à l'avant et l'autre à la hanche, lesquelles, pendant que l'embarcation franchit l'écluse, seront attachées aux poteaux qui se trouvent sur la levée du canal et de l'écluse, et chacun de ces cordages sera sous les soins d'un des hommes de l'équipage, afin de régler la vitesse de l'embarcation à son entrée dans l'écluse, l'empêcher de heurter les portes ou autres parties de l'écluse et l'empêcher de remuer dans l'écluse pendant qu'on vide ou remplit celle-ci, et le propriétaire ou le patron d'une embarcation qui négligera de se conformer au présent article, sera passible d'une amende n'excédant pas quarante piastres, et l'embarcation ne franchira pas l'écluse, si, dans l'opinion de l'éclusier ou autre officier en charge, les cordages susmentionnés sont insuffisants.

Article 24.—Toutes les fois qu'une embarcation franchira l'écluse, le patron de l'embarcation devra fournir deux hommes, au moins, pour faire fonctionner l'écluse, pendant le passage de son embarcation, et tout refus ou négligence à cet égard entraînera une amende de deux piastres, au moins, et de quarante piastres au plus.

Article 25.—Les vaisseaux, bateaux et radeaux susmentionnés répondront des dégâts causés à l'écluse, ou machines employées pour des constructions ou réparation sur l'écluse ou ses abords, ou à toute construction attenante à l'écluse, soit que ces dégâts aient été causés par la négligence ou l'inhabileté du patron ou personne en charge du navire, bateau ou radeau ou par son inattention à observer les règlements de l'écluse, soit qu'ils aient été causés par accident, et toute amende qui sera imposée, en vertu de ses règlements, par l'ingénieur en chef du département des Travaux Publics, ou l'éclusier, et déclarée, par ces règlements, imputable au propriétaire ou patron, ou personne en charge d'un navire, bateau ou radeau comme susdit, soit pour non-paiement des péages, soit pour infraction dûment constatée, et toute somme exigée par l'ingénieur en chef ou personne en charge de l'écluse comme compensation pour dégâts aux constructions, sera garantie par le navire, bateau ou radeau comme susdit; et l'éclusier est autorisé à saisir et devra saisir et détenir tout tel radeau, navire ou bateau comme susdit avec sa cargaison et tous ses agrès, au risque du ou des propriétaires, jusqu'à paiement des péages, amende ou compensation comme susdit, et à défaut de paiement, la personne en charge de l'écluse pourra faire vendre à l'encan ce navire, bateau ou radeau, après avoir donné deux semaines au moins d'avis de la vente dans un ou plusieurs des journaux publiés dans la ville de Sorel.

Article 26.—Tout navire ou bateau qui aura encouru une amende ou commis des dégâts sur l'écluse ou ses abords, pourra être arrêtée et retenue sur la rivière Yamaska jusqu'à ce que l'amende ou la compensation pour dégâts ait été payée ou qu'on ait donné garantie du paiement comme il est dit plus haut.

Article 27.—Les gardiens, contremaîtres ou autres personnes employés sur l'écluse ne pourront, sans une autorisation écrite du ministère des Travaux Publics ou de l'ingénieur en chef, fournir des attelages, bateaux, voitures, matériaux ou autres pour travaux publics sur l'écluse, ou employer ces attelages, etc., ou passer contrat pour la fourniture de ces matériaux, s'ils appartiennent à un membre de leur famille; ils ne pourront non plus employer à des usages particuliers des attelages, bateaux, voitures, matériaux ou autres objets appartenant au public. Et aucun employé du ministère des Travaux Publics ne devra avoir d'intérêt direct ou indirect dans les contrats pour main-d'œuvre, matériaux ou autres objets, sur l'écluse, et ne devra, directement ou indirectement, tirer aucun profit des dépenses annuelles faites sur l'écluse et ses abords, en dehors de son salaire annuel; et il ne devra garder en pension aucun éclusier, contremaître ou manœuvre employé sur l'écluse, ni faire aucun commerce ou négoce quelconque.

Article 28.—Aucun éclusier ou autre employé sur l'écluse ne devra tenir auberge, taverne ou épicerie, ou avoir un intérêt dans un établissement de ce genre, et il ne devra rien vendre aux personnes naviguant sur l'écluse ou avoir un intérêt dans la vente d'aucun article; et il ne devra être, ni directement ni indirectement, concerné dans la vente de combustible.

Article 29.—Aucun radeau de bois de service ne pourra être amarré sur l'écluse ou ses abords à moins d'être sous la charge immédiate d'un ou plusieurs hommes (suivant la quantité de bois qu'il contient,) sous peine d'une amende de dix piastres, au moins, et de quarante piastres au plus,—et l'officier en charge est, par le présent, autorisé à mettre ce radeau sous la charge d'un ou plusieurs hommes, suivant ce qu'il jugera nécessaire, et pourra saisir et retenir ce radeau jusqu'à ce que les frais ainsi encourus, ainsi que l'amende, aient été payés.

Article 30.—Tous les navires qui, étant la propriété de, ou étant frétés par des concessionnaires d'entreprises pour l'agrandissement ou la réparation de l'écluse et de la rivière Yamaska, sont employés à l'enlèvement des débris ou au transport des matériaux nécessaires à ces travaux, seront admis à passer dans la dite écluse sans qu'il soit payé de péages sur ces navires et leurs cargaisons.

Rapports à faire.

Article 31.—Tout propriétaire, patron ou personne ayant la charge d'un navire, bateau, barge ou radeau sur le point d'entrer dans l'écluse devra avant de s'y engager, faire à l'éclusier ou autre officier compétent, un rapport entier et complet déclarant en détail,—

(*a.*) Les quantité et description de la cargaison contenue dans le navire, bateau ou barge;

(*b.*) Le tonnage du navire, bateau ou barge, tel qu'enregistré,—ou

(*c.*) Dans le cas de radeaux, le nombre de pièces de bois ou billots, et quant aux radeaux de bois carré, le nombre de pieds cubes qui y sont contenus,—et

(*d.*) En général tout autre renseignement qui pourrait être nécessaire pour calculer les droits que le navire, bateau, barge avec la cargaison y contenue, ou le radeau, suivant le cas, est tenu de payer.

(*e.*) Chaque déclaration semblable sera signée par la personne qui la fait et devra être attestée solennellement devant l'éclusier ou autre officier en charge.

Article 32.—L'éclusier ou autre officier en charge est par le présent autorisé de requérir de tout propriétaire, patron ou autre personne en charge d'un navire, bateau, barge ou radeau entrant dans l'écluse, communication de tout manifeste, acquit de douane, facture, devis, certificat, jaugeage et tout autre papier concernant les navires et leurs cargaisons, ou les radeaux; mettre pied sur tel navire, bateau, barge ou radeau et constater les cargaisons ou quantités qu'ils contiennent.

Article 33.—Tout propriétaire, patron ou personne en charge d'un navire, bateau, barge ou radeau entrant dans l'écluse, qui—

(*a.*) Néglige ou refuse de faire la déclaration voulue par le présent, ou

(*b.*) Qui refuse de produire ses papiers ou de donner les renseignements ci-dessus mentionnés,—ou

(*c.*) Qui gêne ou arrête un percepteur de droits ou autre officier dans l'exercice de ses fonctions,—ou

(*d.*) Qui donne quelque faux renseignement au sujet de choses mentionnées dans le présent,—

Encourra pour toutes offenses et chacune d'elles une amende d'au moins cinq piastres et de pas plus de vingt piastres, et devra de plus payer doubles droits sur tous les articles omis en entier ou en partie dans la déclaration faite par lui en vertu des présents règlements.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture, et avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,

DESPATCHES.

[P.C. 1860 H.]

AT THE COURT AT OSBORNE HOUSE, ISLE OF WIGHT,

The 30th day of January, 1893.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by an Order in Council made in pursuance of the Merchant Shipping Act Amendment Act, 1862, and dated the 11th day of August, 1884, Her Majesty, on the joint recommendation of the Admiralty and the Board of Trade, was pleased to direct that on and after the 1st day of September, 1884, the Regulations contained in the Schedule thereto should, so far as regards British ships and boats, be substituted for the Regulations contained in the First Schedule to an Order in Council made as aforesaid, and dated the 14th day of August, 1879;

And whereas by two Orders in Council made in pursuance of the said Act, and on such joint recommendation as aforesaid, and dated respectively the 30th day of December, 1884, and the 24th day of June, 1885, certain modifications and additions were made to the said Regulations contained in the Schedule to the said recited Order in Council of the 11th day of August, 1884, as regards British fishing vessels and boats;

And whereas by another Order in Council made in pursuance of the said Act and on such joint recommendation as aforesaid, and dated the 18th day of August, 1892, certain modifications and additions were made to the said Regulations contained in the Schedule to the said recited Order in Council of the 11th August, 1884, as regards Steam Pilot vessels;

And whereas by the said Regulations contained in the Schedule to the said Order in Council of the 11th day of August, 1884, it is amongst other things provided as follows:—

Art. 3.—A sea-going steam-ship when under way shall carry—

(*a*) On or in front of the foremast, at a height above the hull of not less than 20 feet, and if the breadth of the ship exceeds 20 feet, then at a height above the hull not less than such breadth, a bright white light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass, so fixed as to throw the light 10 points on each side of the ship, viz., from right ahead to two points abaft the beam on either side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles.

(*b*) On the starboard side, a green light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible on a dark night with a clear atmosphere, at a distance of at least two miles.

(*c*) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

(*d*) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

Art. 15.—If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on, to the other; in other words, to cases in which by day, each ship sees the masts of the other in a line, or nearly in a line, with her own; and by night to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day, to cases in which a ship sees another ahead crossing her own course; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other; or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

And whereas there has been doubt or misapprehension concerning the effect of the said two articles, and whereas the Admiralty and the Board of Trade have jointly recommended to Her Majesty to make the following additions to the said Regulations for the purpose of explaining the said recited Articles, and of removing the said doubt or misapprehension,—

Now, therefore, Her Majesty, by virtue of the powers vested in Her by the said Act, and by and with the advice of Her Privy Council, is pleased to direct that from the date of this Order the Regulations contained in the Schedule to the said Order in Council of the 11th day of August, 1884, shall be further modified by the addition to the said recited Article 3 of the provisions contained in the Schedule hereto.

HERBERT M. SUFT.

SCHEDULE.

(*e*) To ensure that the red and green side lights shall show an uniform light from right ahead of the ship to two points abaft the beam on the port and starboard sides respectively, and shall not show across the bow of the ship itself, the said lights must be fixed and the screens fitted so that the rays from the red and green lights shall cross the line of the ship's keel projected ahead of the ship at a reasonable distance ahead of the ship.

With regard to all vessels whose lights are inspected by the officers of the Board of Trade the red or green side light will not be deemed to be fixed and fitted in accordance with the Regulations unless it is so fixed and screened that a line drawn from the outside edge of the wick to the foremost end of the inboard screen of such light shall make an angle of 4 degrees, or as near thereto as may be practicable, with a line drawn parallel with the keel of the ship from the outside edge of the wick. 47–4

A pilot vessel, when not engaged on her station on pilotage duty, shall carry lights similar to those of other ships.

Now, THEREFORE, Her Majesty, by virtue of the powers vested in Her by the said Act, and by and with the advice of Her Privy Council, is pleased to direct that from the date of this Order the Regulations contained in the Schedule to the said Order in Council of the eleventh day of August, one thousand eight hundred and eighty-four, shall be further modified by the addition to the said recited Article 9 thereof of the provisions contained in the Schedule hereto.

RIVER YAMASKA LOCK REGULATIONS for the management, maintenance, proper use and protection of the River Yamaska Lock, under the control of the Department of Public Works, Dominion of Canada.

Section 1.—The master or person in charge of any vessel, steam-boat, scow or raft, navigating this lock, shall immediately upon or before entering it, obtain a clearance for such vessel, boat or raft, as aforesaid, at the Lock Master's office; in default thereof the Lock Master shall not permit such vessel, boat or raft to pass through the lock, and the owner or master in charge thereof shall be subject to a fine not exceeding twenty dollars; and the Lock Master or other officer duly appointed shall have the right any time to board any vessel, boat or scow when necessary in order to check, verify any pass or manifest of such vessel, boat or scow, and any master or person in charge of any such vessel, boat or scow, who shall obstruct and prevent any officer in such discharge of his duty shall be subject to a penalty not exceeding forty dollars.

Section 2.—Every vessel or boat navigating the lock shall be correctly and distinctly marked and gauged in feet and inches at the bow, amidship and stern, showing the exact draft of the water drawn by each portion of the vessel or boat, neither of which will be allowed to enter the lock drawing more than seven feet of water, and the master or person in charge of the same who shall proceed into the lock in violation of this regulation shall be subject to a fine not exceeding one hundred dollars, and to detention until the said fine is paid and the vessel properly lightened. Section 3.—Every vessel or boat navigating the lock, or the navigable channel of the River Yamaska, between the village of St. Aimé and Lake St. Peter, whether under way or at anchor, or passing through the lock, or lying moored in the lock, shall during the night show a conspicuous light at the bow or stern; a light shall also be exhibited at each end of every raft passing through or lying in the navigable channel of the river or lock at night, as aforesaid, and the person in charge of any such vessel, boat or raft, who shall neglect to cause such lights to be shown, or the owner of any such vessel, boat or raft, shall incur a penalty of not less than four dollars and not exceeding forty dollars.

Section 4.—No steam vessel shall be permitted to pass the lock, which shall not have fixed at the top of each of her chimneys or smoke-pipes a wire screen, through which the smoke from the fires of the said steam-vessel is to pass, with meshes or interstices not more than a quarter of an inch in width, the screen to be so placed as to be perfectly visible when closed, and the Lock Master who shall permit the passage of any steam-vessel or craft propelled by steam without such wire screen closed on each of the chimneys or smoke-pipes shall be subject to a fine of twenty dollars for each offence; and every master or person in charge of any such steam-vessel or other craft propelled by steam, who shall proceed with a vessel under his charge into the said lock or who shall moor his vessel at any of the wharves at the lock, without having such wire screen closed over each of the chimneys of the vessel or craft, shall be subject to a like fine of twenty dollars for each offence, and for all damages ensuing therefrom as estimated by the Chief Engineer of the Department of Public Works.

Section 5.—It shall be the duty of all masters or persons in charge of any steam-boat or other vessel, or any raft, on approaching the lock, to ascertain for themselves, by careful observation, whether the lock is prepared and ready to receive them, or allow them to pass through, and to be careful to stop the speed of any such steam-boat or other vessel or raft in sufficient time to avoid a collision with the lock or its gates or its approaches, and should such collision take place, the owner, owners or masters of such steam-boat, other vessel or craft shall be subject to such fine as the Chief Engineer of the Department of Public Works may impose, not exceeding eighty dollars, and shall also be held liable for any damage to the lock that may ensue from such collision; such damage to be estimated by the Chief Engineer of the Department of Public Works or his authorized representative, and at once paid over to the Lock Master, or person appointed to receive it.

Section 6.—The owner, master or person in charge of any vessel, boat or raft as aforesaid, shall when required to do so by the Lock Master, or other officer authorized on that behalf, promptly and with all diligence move such vessel, boat or raft as aforesaid, to any place the Lock Master or other officer shall direct, as it may appear to him to be necessary for the purpose of repairing a breach, or for preserving the free and uninterrupted navigation of the lock, and for the maintenance of order and regularity at the lock, wharves and landing places, under a penalty not exceeding forty dollars.

Section 7.—No person shall open or shut any of the gates or sluices of the lock, or draw down the level by any means whatever, nor shall he in any manner interfere with the lock, wharves or other works of the lock, unless by consent and under the direction of the Lock Master or officer in charge of the same, and any person who shall commit a breach of this regulation, or interfere with or obstruct the Lock Master or other person employed under him, in the execution or performance of his duties, shall incur a penalty not exceeding forty dollars for each and every offence.

Section 8.—No master or person in charge of any vessel, boat or raft navigating the lock or its approaches shall cast anchor in the same, nor fasten, nor moor any such vessel, boat or raft, whilst in the lock or approaches, nor discharge any part of their cargo, or take in any lading or wood without the express permission of the Lock Master or person in charge, under a penalty of not less than four dollars, nor exceeding forty dollars for each and every offence.

Section 9.—No person shall build or repair vessels, boats or barges in the lock or on Government property, unless with the permission of, and at such places as the Chief Engineer of the Department of Public Works, or his authorized representative may point out, under a penalty of not less than four dollars nor more than eighty dollars, and the master of any vessel or person whatsoever who shall boil or heat tar, pitch, turpentine, resin, or grease, for graving or paving a vessel, or for any other purposes, on the Government property except with the permission of and at such places as the Chief Engineer or his authorized representative may point out, shall incur a like penalty of not less than four dollars.

Section 10.—Any person or persons who shall throw into the lock or in the navigable channel of its approaches, any carcass or dead animal, or putrid substance of any kind, or stones, ballast, timbers, brush or other rubbish, or in any manner obstruct the lock and its approaches, shall incur a penalty of not less than two dollars and not exceeding two hundred dollars.

Section 11.—No pike-poles or other instruments shod with iron shall be used in or about the lock or wharves in connection thereto, under a penalty of four dollars against the person offending.

Section 12.—No person or persons shall pile wood, or place timber, logs, stones or other materials upon the towing path of the lock, or upon the wharves, piers and other Government grounds, without the permission in writing of the Lock Master or person in charge, and no person shall roll or draw from or into the lock, or over the side of any embankment, any log, timber or other material ; and every violation of this regulation shall subject every person so offending to a penalty not exceeding forty dollars.

Section 13.—Timber, cordwood, staves, saw-logs, railway ties and spars shall not be allowed to pass into or through the lock in raft, without the permission of the Lock Master ; and every person offending against the regulation shall be subject to a fine of twenty dollars. In case rafts be admitted into the lock with the permission of the Lock Master, they shall be governed by the following regulations :—

Section 14.—No raft or tow of timber passing through the lock shall exceed 30 feet in width and 120 feet in length.

(*a.*) No such raft or tow of timber shall approach any other raft or tow of timber nearer than 200 feet, unless for the purpose of passing, or to be moored nearer than 300 feet, to any other raft or tow of timber which shall be first moored.

(*b.*) No traverse in any crib or timber shall extend within one inch of the outer edge of the outside piece of such crib of timber.

(*c.*) Every separate raft or tow of timber shall be provided with a clearance, and shall lie over on the off side when passing any vessel in the lock.

(*d.*) No raft shall be allowed to lie unmoored in the lock or its approaches, or be moored or allowed to lie in any manner across the channel to obstruct the navigation ; and every raft or tow of timber shall be conducted through the lock without any unnecessary delay, at such time only, and under such further regulations as shall be appointed by the Lock Master.

(*e.*) Every raft or tow of timber, when passing through the lock, shall have at least two men in charge thereof.

(*f.*) In all cases of vessels, boats or scows loaded with lumber, it shall be so stowed as not to project beyond the gunwale of the vessel, boat or scow.

(*g.*) Every violation of any of the provisions of this section shall subject the owner, person or persons in charge of such tow or raft, or last mentioned vessel, boat or scow, to a penalty of not less than ten dollars, and not exceeding forty dollars.

Section 15.—Should any vessel, boat, scow, raft, piece of timber or other matter be left abandoned in the lock or on the Government property, floating or sunken, or in any measure incommoding or likely, in the opinion of the Lock Master, to incommode the navigation, or to interfere with the improvements or works of the lock, or should any articles be found upon the Government property not under the charge of any person, the owner thereof shall be subject to a fine of not less than four dollars ; which fine shall be held against the property so found, and the Lock Master may seize and remove any such unclaimed or abandoned property and may afterwards sell the same at public auction on giving two weeks written or printed notice, at the Village of St. Michel d'Yamaska, and shall pay the proceeds of the sale into the hands of the person appointed to receive it, or the Lock Master may cause such property to be removed, levying the cost attendant thereon, as well as the fine so imposed, upon the owner or person claiming such property. Provided, also, that upon suspicion that the Captain or Master intends to abandon such wreck, &c., the Lock Master is hereby authorized to seize the same as hereinbefore provided in case of sunken or abandoned property, and provided, also, that before removing any vessel, boat, scow or raft wrecked or sunken, or any part thereof, or the contents thereof in the lock, or any property left on the Government property, the person or persons claiming such vessel, boat, scow or raft, or any portion thereof, or such property, shall give security for the payment of all costs and expenses that may be incurred by and from the removal of such wreck or abandoned property or any part thereof ; such security to be approved of by the Lock Master, unless such person or persons shall have obtained leave from that officer to remove the same.

Section 16.—If the owner or owners of any property so seized shall appear and claim the same before the time of sale, and pay the fine, the cost of seizure and expense of removal, no sale shall take place.

Section 17.—As regards priority of passage through the lock, there shall be only two recognized classes of vessels, viz :—

(*a.*) *First Class.*—Composed of vessels whose machinery is described in the certificate of the Steam-boat Inspector as suitable to be employed "in the carriage of passengers," in distinction to steamers whose machinery, etc., is described in such certificate as suitable to be employed "in the carriage of freight and passengers," also market steamers.

(*b.*) *Second Class.*—Composed of all other vessels, of what kind soever they may be.

(*c.*) Of these two classes of vessels, those of the first class shall have priority of passage over those of the second class, provided that Mail Steamers navigating the lock shall always have priority of passage over all other vessels whatsoever ; and any violation of this clause shall subject the offending party to a penalty of not less than four dollars nor exceeding twenty dollars.

(*d.*) When several boats or vessels are lying by, or are waiting to enter the lock, they shall lie in single tier and at a distance of not less than 100 feet from the lock or entrance ; and each boat or vessel, for the purpose of passing through, shall advance in the order in which it may be lying in such tier, except in the cases of vessels of the first class, to which priority of passage is granted as above.

(*e.*) Should, however, any first class vessel, for which, at a certain fixed hour, the lock is kept clear, not then enter the lock, vessels of the second class, which may be in waiting, shall immediately have the use of the lock, and continue so to use it until the delayed first class vessel arrives.

(*f.*) Any violation of the foregoing provisions of this section shall subject the offending party to a penalty of not less than four dollars, and not exceeding forty dollars.

Section 18.—All vessels and boats approaching the lock while any other vessel, going in the contrary direction, is in or about to enter the same, shall be stopped and made fast to the posts or rings placed for that purpose, not nearer than 100 feet from the lock, and remain there until the vessel going through the lock shall have passed, under a penalty for such offence, of not less than four dollars, and not exceeding twenty dollars.

Section 19.—In all cases of vessels or boats meeting in the approaches of the lock, the vessels descending the River Yamaska shall keep the east side of the channel, and the ascending vessels the west or shore side of the lock, under a penalty of not less than two dollars and not exceeding twenty dollars for every offence against this section.

Section 20.—The corners of all boats or scows built with square heads shall be rounded off to a radius of not less than three feet. All such boats or scows shall also have their owner's names or numbers prominently painted on the sides or stern, and they shall also be provided with two iron stakes with rings, to which to make fast when not moored to snubbing posts ; and in the case of boats and scows taking in vegetables or merchandise, it shall be only at such places on the Government property as the Lock Master shall permit, and they must have such guards or trip boards on the sides, to prevent such materials falling into the lock or its approaches, as the Lock Master may require, under a penalty not exceeding one hundred dollars.

Section 21.—Every vessel, boat or barge navigating the lock shall have its rudder so constructed as not to catch or cut the tow-rope of any other vessel, boat or barge ; under a penalty not exceeding twenty dollars to be incurred by the owner, master or person in charge.

Section 22.—Every vessel, boat and raft shall be conducted into, through and out of the lock in a careful manner, so as to do no injury to such lock ; and for every neglect of this regulation the owner or master shall pay a fine not exceeding twenty dollars, in addition to the cost of repairing any injury that may be done to the lock, or its gates or other works of the lock.

Section 23.—Every vessel, boat or craft navigating the lock shall be provided with at least two good and sufficient hawsers or check ropes, one at the bow and one at the quarter, which, on passing or entering the lock, shall be made fast to the snubbing posts or rings on the lock and piers or wharves, and each rope shall be attended by one of the boat's crew, to check the speed of the vessel while entering the lock, and to prevent its striking against the gates or other parts of the lock, and to keep it from moving about in the lock, while the lock is being filled or emptied ; and the master or owner of any vessel or boat who shall neglect to comply with this section shall be liable to a fine not exceeding forty dollars, and the vessel or boat shall not be permitted to pass if in the opinion of the Lock Master or other officer duly appointed the lines are considered insufficient.

Section 24.—Whenever any vessel or other craft shall be passing through the lock, the master or person in charge shall furnish two, at least, of his boat's crew to assist in working the lock, to pass his own vessel through it ; and the refusal or neglect of such master or person in charge to furnish such assistance shall subject the said master or person in charge to a fine of not less than two dollars, nor more than forty dollars.

Section 25.—All vessels, boats or rafts as aforesaid, shall be held liable for any injury or damage they may do to the lock, or machinery used in making repairs or in executing works upon the locks or approaches, or to any building adjoining the lock, whether the same arises from the fault, neglect or mismanagement of the master or person in charge of such vessel, boat or raft or from his inattention to the lock regulations, or from accident ; and every penalty which may be duly imposed, under these regulations, by the Chief Engineer of the Department of Public Works or the Lock Master and declared in these regulations as against the owner master, navigator or person in charge of any vessel, boat or raft as aforesaid whether the same be for non-payment of tolls, or for the fine duly imposed, or for any sum demanded by the Chief Engineer, or person in charge of the lock, as compensation for any injury done, shall be chargeable upon such vessel, boat or raft as aforesaid ; and the Lock Master is authorized and required to seize and detain any such raft, vessel or boat as aforesaid, with her cargo and appurtenances, at the risk of the owner or owners until payment of such tolls, penalty or compensation as aforesaid, and in default of such payment thereof, the person in charge of the lock may proceed to sell by auction any such vessel, boat or raft, after having first given two weeks notice of the day of such intended sale, such notice to be inserted in one or more of the public newspapers, published in the Town of Sorel, at least two clear weeks prior to the day of the sale.

Section 26.—Any vessel or boat that shall incur any fine, or do any injury to the lock approaches, may be stopped and detained upon the River Yamaska, until the fine or compensation for injury done shall be paid, or until security be given for the payment thereof, in the manner above mentioned.

Section 27.—No lock man, foreman or other person employed on the lock, shall without the written permission from the Department of Public Works or Chief Engineer, furnish any teams, boats, materials or other things for the use of the public or of the lock, or employ or contract for the same when owned by any member of his family on the lock, or employ any team, boat, material or other thing belonging to the public, for any private use or purpose. And no officer on the lock or persons holding any appointment under the Department of Public Works shall either directly or indirectly be interested in any contract for labour, materials or other things connected with the lock, and shall not, either directly or indirectly, derive any benefit from the annual expenditures on the lock and its approaches, beyond his established compensation, nor shall he be in any way interested in boarding any lock-tender, foreman or labourer on the lock, nor shall he sell any property or article of any kind whatsoever.

Section 28.—No lock-tender or other officer of the lock shall keep, or in any way be interested in any hotel, tavern or grocery, nor shall he sell or be interested in the sale of any articles or property whatsoever, to any person navigating or using the look, nor shall he be directly or indirectly concerned in the sale of fuel.

Section 29.—No raft of timber shall be allowed to be moored in the lock or along its approaches, unless it be placed under the immediate charge of one or more men (according to the quantity of timber it may contain) under a penalty of not less than ten dollars, and not exceeding forty dollars, and the officer in charge is hereby authorized to place in charge of such raft or tow of timber, one or more men, as may seem to him necessary, and may seize and detain such raft or tow of timber until the expense incurred thereby, as well as the fine, be paid.

Section 30.—All vessels owned or chartered by persons having contracts for the enlargement, repairs or improvements of the lock and the River Yamaska, and employed by them in removing earth or carrying materials necessary for the prosecution of such works, shall be entitled to pass the lock free of tolls upon such vessels and cargo.

Making Reports.

Section 31.—Every owner, master or person in charge of any vessel, boat, scow or raft about to enter the lock, shall, before entering, make to the Lock Master or other proper officer, a full and complete report setting forth in detail :—

(*b.*) The registered tonnage of the vessel, boat or scow, or

(*c.*) In the case of rafts, the number of pieces of timber, logs or ties, and with reference to rafts of square timber, the number of cubic feet contained therein ; and

(*d.*) Generally such information as may be necessary for computing the tolls to which the vessel, boat, scow with the cargo contained therein, or the raft, as the case may be, is liable to pay.

(*e.*) Every such report shall be signed by the person making it, and its correctness shall be declared to before the Lock Master or other officer in charge.

Section 32.—The Lock Master or other officer in charge is hereby authorized to require of any owner, master or other person in charge of any vessel, boat, scow or raft entering the lock, communication of all manifests, clearances, bills of lading, specifications, certificates, measurements, and all other papers relating to the vessels, and their cargoes, or to rafts, and to enter upon and examine any such vessel, boat, scow or raft, and take account of the cargoes or quantities they contain.

Section 33.—Any owner, master or other person having charge of any vessel, boat, scow or raft entering the lock, who

(*a.*) Neglects or refuses to make such reports as herein provided, or

(*b.*) Who refuses to produce papers or to give any information such as herein required, or—

(*c.*) Who impedes or prevents the Lock Master or other officer in charge in the performance of his duties, or—

(*d.*) Who gives any false information in relation to any matter herein referred to,—

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 13th day of April, 1893.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in virtue of the powers vested in him by "The Public Works Act," chapter 36 of the Revised Statutes, and chapter 98 of the Revised Statutes, intituled "An Act respecting Tolls on Government Works for the transmission of Timber," and by and with the advice of the Queen's Privy Council for Canada is pleased to make the annexed rules and regulations for the management, maintenance, proper use and protection of the Government slides, booms and works in the Trent and Newcastle District, and for the collection of tolls and dues thereon, and to impose and authorize the collection upon the said works of the tolls and dues hereinafter set forth, such rules, regulations, tolls and dues to be in lieu of all rules, regulations, tolls and dues heretofore in force or imposed upon the said works.

JOHN J. McGEE,
Clerk of the Privy Council.

REGULATIONS for the management, maintenance, proper use and protection of the slides and booms and works connected therewith and water stretches in the Trent and Newcastle District and for the collection of tolls and dues thereon.

NOTE.—The words "rafts or parcels of timber" wherever they occur in these rules and regulations are intended to cover saw-logs and all other kinds of wood goods that may pass through the slides and other works.

Section 1.—The Government slides, booms and other works and the water stretches connected therewith in the Trent and Newcastle District, shall be under the control and management of the Superintendent of the works for this District, or in case there should be no Superintendent, or in the absence of such an officer, under the control and management of the Slide Master, Deputy Slide Master or other officer duly appointed by the Minister of Public Works; and these officers and no others shall have the power of regulating the supply of water required for the passage of timber or of allotting the space for rafting or mooring timber, of determining the quantity of timber that may pass daily through the slides or booms, of awarding the amount that may be due by the owner or owners of timber or persons in charge thereof for damages that may have been done to any of the works, of imposing fines or penalties for any violation of these regulations, of seizing the timber and of detaining or selling the same at public auction, as hereinafter provided, and of recovering the penalties or damages, when the owners of timber or persons in charge thereof refuse or neglect to pay the same; and the orders of the said Superintendent of the works, Slide Master, Deputy Slide Master or other officer duly appointed as aforesaid, must in all cases be obeyed by the owners of timber or their employees, who, in case of refusal or neglect to obey such orders, shall be subject to the fines or penalties hereinafter imposed, as the case may be.

Section 2.—No raft or parcel of timber shall be permitted to enter any Government slide, for the purpose of passing through, without the owner or person in charge of such raft or parcel of timber first giving notice thereof to, and obtain permission from, the Superintendent, Slide Master, Deputy Slide Master, or other officer, as the case may be, duly appointed as aforesaid, under a penalty of not less than four dollars, and not more than twenty dollars.

Section 3.—The owner or person in charge of any raft or parcel of timber previous to entering any of the Government slides, for the purpose of passing such raft or parcel of timber through the same, shall make a full and complete report of such raft or parcel of timber, containing an account of the number of cribs, pieces, and the description of timber composing the raft or parcel of timber, the name and designation of the owner or owners, together with marks and all other particulars relating thereto; and shall also, before removing the same from any slide, boom or public work connected therewith, subscribe and deliver to the said Superintendent, Slide Master, Deputy Slide Master, or other officer, as the case may be, duly appointed as aforesaid, an acknowledgment in duplicate, certifying the number and description of cribs or of timber so passed, and shall pay the slide dues, or secure the same to the satisfaction of the Collector of Slide Dues, under a penalty of not less than twenty dollars and not more than two hundred dollars, and shall further pay double the amount of dues which would otherwise be payable, on any raft or parcel of timber passing such slide without such acknowledgment.

Section 4.—The Collector of Slide Dues, or any person or persons duly authorized by him in that behalf, shall at all hours during the day, have free access, and full power and permission to enter and remain as long as he or they may see fit upon any raft or parcel of timber, for the purpose of examining the same, and every facility shall be afforded him or them for ascertaining the number of cribs or number of pieces and description of timber of which the same is composed, and any person obstructing the Collector of Slide Dues, Slide Master or other persons duly authorized as aforesaid, in the execution of his or their duty shall incur a penalty of not less than fifty dollars and not more than two hundred dollars.

Section 5.—It shall be competent for the Collector of Slide Dues, the Superintendent of these works, their deputy or deputies, assistant or assistants, or persons duly authorized by him or them to enter upon, seize and detain, at the risk, costs and charges of the owner or owners thereof, any raft or parcel of timber which shall have been moved from any of the Government Slides, booms or works, without the slide dues thereof, the amount awarded for damages or the fines or penalties, if any, being first paid or secured to his satisfaction, and any and every person obstructing the Collector of Slide Dues, or other person or persons duly authorized as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than twenty dollars and not more than two hundred dollars.

Section 6.—Rafts, cribs and every description of timber shall be held liable for the dues, damages and penalties imposed under these regulations; and the Slide Master or other duly appointed officer is hereby authorized and required to seize and detain any such raft, crib or parcel of timber until payment of such dues, damages and penalties is made, or until the owner or person in charge shall have given satisfactory security for the payment thereof, within thirty days after the same shall have been declared to be incurred or shall have been demanded, and in default of such payment being made within the said term of thirty days, then the said Slide Master or other officer duly authorized may proceed to sell by public auction any such raft, crib, or parcel, of timber, but at least two weeks notice of the day of the intended sale by auction shall in the meantime have been given and have been duly inserted in one or more of the public newspapers published at the nearest place to the said works, and a copy of said notice shall also have been placarded during the same time (two weeks before the intended sale) in a public and conspicuous place at or near the said works where the raft, crib, or timber is lying; and if the costs attendant on such auction sale as well as all other costs, damages and penalties imposed or awarded cannot be realized from the timber so seized and sold, the same shall be recoverable from the owner of said raft, crib or parcel of timber.

Section 7.—On the arrival of any description of timber at or near any of the Government Slides, Booms or works the owner thereof or person in charge of the same shall immediately send a sufficient number of men to pass said timber through the said slides, booms or works and also at every other point which the said Superintendent may indicate, to prevent all such damage to the works or obstruction to navigation or other free use of the river as might arise from the accumulation of logs or other timber against the booms or in the channels or bends in the river, or from logs or other pieces of timber escaping under the booms or going over them and shall not allow the timber to accumulate at the head of the said slides, booms or works, or to obstruct the passage of other timber to or from the said slides, booms or works; and if a "jam" of any description of timber takes place in any of the said slides, booms or works or near the same, the owner or person in charge shall at once remove the "jam" or obstruction under the direction of the Slide Master or officer acting in that capacity; and in the case of the owner or person in charge of said timber should refuse or neglect to remove the same within forty-eight hours the said Slide Master or officer, or person by him authorized in that behalf, shall have the power of removing the same at the proper costs, risks and expenses of the owners thereof, who shall be subject to a penalty of not less than fifty dollars and not more than one hundred dollars for every day during which their timber shall obstruct the passage of other timber, over and above the amount that may be awarded by the Slide Master, or Superintendent of the work, as well for the expenses of removing the same as for any damage that may have been done in consequence of such refusal or neglect.

Section 8.—No raft or parcel of timber shall be moored or banded up nearer to the entrance to or the outlet of any of the Government Slides, Booms, or works than the berths pointed out by the Slide Master or officer acting in that capacity; and when permission shall be granted to the owner or persons in charge of any raft or parcel of timber to place any pocket boom, raft or timber in or near the said slides, booms or works, the owners or persons in charge of such raft, timber or pocket boom shall not in any case take any more or other space or place than the berth or berths allotted by the said Slide Master, or other officer in charge of the works, and shall at any time, when directed so to do by the said Slide Master or other officer in charge of the works, under a penalty of not less than twenty dollars and not more than fifty dollars in case of refusal or neglect on the part of the said owners or persons in charge of timber, rafts or pocket booms to comply with the requirements of this section.

Section 9.—Where separate channels are provided for the passage of logs and other timber these alone are to be used therefor. Where separate channels are not provided for the passage of logs and timber the owners or persons in charge will be required to make them up in separate parcels of not more than fifteen thousand (15,000) pieces in each bag, except in cases where the entire drive does not exceed twenty thousand (20,000) pieces, in which case one bag will be permitted, and in no case whatsoever shall any two bags be within ¼ of a mile of each other, while in motion, under a penalty of not less than fifty dollars nor more than two hundred dollars.

Section 10.—No person will be allowed to make fast or snub to any of the booms nor shall they crowd or force their logs down any channel so as to alter or change the position of any boom, under a penalty of not less than twenty dollars nor more than one hundred dollars.

Section 11.—Any person changing or altering the position of any boom by releasing the same from the piers or anchors to which it is secured, unless by authority of the Superintendent of these works, shall incur a penalty of not less than one hundred dollars nor more than five hundred dollars.

Section 12.—The owner as well as the person in charge of any parcel of timber, shall be held jointly and severally responsible for any injury or damage done to any of the slides, dams, booms, piers or other public works in the said Newcastle District by any of the parties in the employment of such owner or person in charge, and it shall and may be lawful for the said Superintendent, or other person acting for him, to seize and detain such parcel of timber until the injury so done shall be repaired, or until satisfactory security shall have been given for the payment of the amount at which such injury or damage shall be estimated by the Superintendent.

Section 13.—Every person who shall wilfully do any injury or damage to any of the slides or to any of the booms, dams, piers or to other public works in the said Newcastle District and every person who shall aid or assist in so doing any such injury or damage, shall, for every such offence, incur a penalty of not less than one hundred dollars and not exceeding two hundred dollars, over and above the amount at which such injury or damage shall be estimated by the Superintendent as herein before provided.

Section 14.—Any person who shall oppose, hinder or obstruct, or who shall aid any other person in opposing, hindering or obstructing any superintendent of public works, collector of dues, boom-keeper, or other officer or person duly authorized by any such officer, in the execution of his duty, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars.

Section 15.—The penalties, awards for damage to the Government works, infringement of these regulations or expenses incurred by the Superintendent or other officer for the removal of timber or saw-logs as hereinbefore prescribed shall be a first lien on the said timber or saw-logs, and shall be recoverable in the same manner or process as defined in section 6 of these regulations.

Section 16.—If the owner or party in charge of any parcel of timber, saw-logs, etc., refuse or neglect to furnish satisfactory acknowledgments of the quantities of timber, saw-logs, etc., which have passed over any work, or who have given erroneous returns, or who refuse payment of the tolls or dues herein provided, the Slide Master or person in charge of any work may at the request of the collector of slide dues, prevent the passage of any logs, timber, etc., belonging to such parties until the requirements of the regulations be complied with, and any attempt to force a passage through any of the slides or works for such timber, saw-logs, etc., so detained, shall be punishable by a fine of not more than five hundred dollars and not less than one hundred dollars, and such timber may be seized and detained until such penalty is paid or secured to the satisfaction of the collector of slide dues.

Section 17.—Every sawmill-owner or person in charge of or operating a saw-mill, and every other person dealing in timber, saw-logs, sawn timber or other wood goods, shall furnish to the collector of tolls and dues on or before the 1st day of September in each year a statement upon oath or solemn declaration under the Statute in that behalf and upon a printed form which will be furnished by the collector upon application, showing the undermentioned particulars as to all such goods made or acquired by him during the preceding lumbering season and up to the said date or from the end of the period covered by the last preceding report under this or the following section, and on or before the 15th day of October in each year a similar statement as to all such goods made or acquired by him subsequent to the 1st day of September or date of previous return. Such statements or returns shall describe in detail all goods comprised therein, setting out as to such goods respectively the following particulars :—

The slides, booms or other works used by them :

As nearly as possible the length thereof (excepting saw-logs and square timber) and such other particulars as may be required by the printed form of return to be furnished by the collecter.

Any person making default under this section shall, subject to the limitation provided by section three of the said Act, incur and pay a penalty of ten dollars a day for each of the first thirty days of such default and for each day thereafter a penalty of twenty-five dollars.

Section 18. The collector of tolls and dues may at any time demand from any person required to make returns under the next preceding section, a return showing the stock then in possession of such person or the goods made or acquired by him since the date of his last return, and every return under this section shall set out with reference to such stock or the goods so made or acquired, all the particulars mentioned in the next preceding section, or such of them as may be specified in the demand, and every return called for under this section shall be made within five days after the same is demanded under the like penalties for default as are prescribed in the seventeenth section of these regulations.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 12th day of April, 1893.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report dated 30th of March, 1893, from the Minister of the Interior, stating that the 14th Correction Line across Ranges 20, 21 and 22, west of the 4th Meridian, was surveyed under instructions from the Surveyor-General during the years 1882 and 1883, and that an examination, which was made during the summer of 1892, in connection with the re-marking of the corners in the Township adjoining this line, proves the road allowance along this line to be much in excess of the proper width, as prescribed by the Dominion lands system of survey.

The Minister further states that this excessive width in the road allowance is due to errors which were made in the original survey of the outlines closing on this Correction Line, and of the lines bounding the road allowance on the north and south sides across the ranges above mentioned.

The Minister therefore recommends that authority be granted him under the provisions of section 7 of the Act 52 Victoria, chapter 27, amending section 129 of chapter 54 of the Revised Statutes of Canada, to have the necessary investigations made on the Correction Line in question, and on the adjoining meridian outlines, to locate these errors, and after the location of the errors, to perform the necessary re-surveys to correct the same so as to make the road allowance of proper width and further to cancel the plans now of record in the Department of the Interior, of such outlines and townships as it may be found necessary to correct and to substitute the plans of the new surveys therefor.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE,
46–4 Clerk of the Privy Council.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in virtue of the provisions of "The Public Works Act," chapter 36 of the Revised Statutes, and chapter 98 of the Revised Statutes, intituled "An Act respecting Tolls on Government Works for the transmission of Timber," and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following rules and regulations for the management, maintenance, proper use and protection of the Government timber slides and other works constructed to facilitate the transmission of timber, lumber and saw-logs on the St. Maurice River and its tributaries, and for the collection of tolls and dues for the use of the same, and to impose and authorize the collection upon the said works of the tolls and dues hereinafter mentioned, such rules, regulations, tolls and dues to be in lieu of all rules, regulations, tolls and dues heretofore in force or imposed in respect of such works.

JOHN J. McGEE,
Clerk of the Privy Council.

REGULATIONS.

NOTE.—The words "rafts or parcels of timber" wherever occurring in these regulations shall be held to mean saw-logs, railroad ties and all other kinds of wood goods.

Section 1.—The Government Slides, Booms and other works connected therewith in St. Maurice District shall be under the control and management of the Superintendent of the Works for that district, or in case there should be no superintendent, or in the absence of such an officer, under the control and management of some other officer duly appointed by the Minister of Public Works; and these officers, and no others, shall have the power of regulating the supply of water required for the passage of timber, of allotting the space for rafting or mooring timber, of determining the quantity of timber that may pass daily through the slide or booms, of awarding the amount that may be due by the owner or owners of timber or persons in charge thereof for damages that may have been done to any of the works, of imposing fines or penalties for any violation of the Slide Regulations, of seizing the timber, and of detaining or selling the same at public auction, as hereinafter provided, and of recovering the said dues, penalties or damages, when the owners of timber or persons in charge thereof refuse or neglect to pay the same; and the orders of the said Superintendent of the Works, or other officer duly appointed as aforesaid, must in all cases be obeyed by the owners of timber or their employees, who in case of refusal or neglect to obey such orders, shall be subject to the fines or penalties hereinafter imposed, as the case may be.

Section 2.—The owner of every parcel of squared timber, saw-logs or other timber proposed to be passed down the River St. Maurice through any of the works constructed thereon shall give notice in writing to the Superintendent of Public Works on the said river, eight full days at least before the period appointed for driving the same, giving the approximate number of pieces and timber marks and specifying the section or sections of the river such timber is to be driven from, whether or not it is to be driven to the mouth of the river, and if not, where it is intended to be stopped, under a penalty, in default of giving such notice, of not less than four dollars and not exceeding twenty dollars.

Section 3. On the arrival of any description of timber at or near any of the slides, booms or works, the owner thereof or person in charge of the same shall immediately send a sufficient number of men to pass said timber through the said slides, booms or works, and shall not allow the timber to accumulate at the head of the said slides, booms or works, or to obstruct the passage of other timber to or from the said slides, booms or works; and if a "jam" of any description of timber takes place in any of the said slides, booms or works, or near the same, the owner or person in charge shall at once remove the "jam" or obstruction, under the direction of the Superintendent or officer acting in that capacity; and in case the owner or person in charge of said timber should refuse or neglect to remove the same within forty-eight hours, the said Superintendent or officer, or person by him authorized in that behalf, shall have the power of removing the same at the proper costs, risk and expense of the owners thereof, who shall be subject to a penalty of not less than fifty dollars and not more than one hundred dollars for every day during which their timber shall obstruct the passage of other timber, over and above the amount that may be awarded by the Superintendent of the works, as well for the expenses of removing the same as for any damage that may have been done in consequence of such refusal or neglect.

Section 4.—No raft or parcel of timber shall be moored or banded up nearer to the entrance to or the outlet of any of the slides, booms or works than the berths pointed out by the Boom Master or officer acting in that capacity; and when permission shall be granted to the owners or persons in charge of any raft or parcel of timber to place any pocket boom, raft or timber in or near the said slides, booms or works, the owners or persons in charge of such raft, timber or pocket boom shall not in any case take any more or other place than the berth or berths allotted by the Boom Master, or other officer in charge of the works, and shall at any time, when directed so to do, move the said rafts, timber or pocket booms from place to place, or remove the same entirely, as soon as required so to do by the said Boom Master or other officer in charge of the works, under a penalty of not less than twenty dollars and not more than fifty dollars in case of refusal or neglect on the part of the said owners or persons in charge of timber, rafts or pocket booms to comply with the requirements of this section.

Section 5.—The owner or owners, or persons in charge of any raft or parcel of timber shall, before removing the same from any slide, boom or public work connected therewith, subscribe and deliver to the said Superintendent, or other officer, as the case may be, duly appointed as aforesaid, an acknowledgment in duplicate, certifying the number and description of cribs or of pieces of timber so passed, and shall pay the slide and boom dues, or secure the same to the satisfaction of the Collector of Slide and Boom Dues, under a penalty of not less than twenty dollars and not more than two hundred dollars, and shall further pay double the amount of dues which would otherwise be payable, on any raft or parcel of timber passing such work without such acknowledgment.

Section 6.—The Collector of Slide and Boom Dues, or any person or persons duly authorized by him in that behalf, shall, at all hours during the day, have free access, and full power and permission to enter and remain as along as he or they may see fit upon any raft or parcel of timber, for the purposes of examining the same, and every facility shall be afforded him or them for ascertaining the number of cribs or the number of pieces and description of timber of which the same is composed, and any person obstructing the Collector of Slide and Boom Dues, Boom Master, or other persons duly authorized as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than fifty dollars and not more than two hundred dollars.

Section 7.—The owner, as well as the person in charge of any raft or parcel of timber, shall be held responsible for any injury or damage done to the slides, booms, piers, or other works connected therewith, by any of the parties in their employment; and it shall and may be lawful for the Superintendent, Boom Master, or officer acting in that behalf, to seize and detain such raft or parcel of timber until the injury so done shall be repaired, or until security to his satisfaction shall have been given for such amount as shall be awarded on account of such damage; and any and every person interfering with the management or supply of water, or with any of the duties of the said Boom Masters or officers acting in that capacity, without having been duly authorized by them so to do, and any and every person doing injury or damage, as aforesaid, to any of the Government slides, or to the booms, slides, gates or piers connected therewith, or aiding or assisting in doing such injury or damage, shall, for the first offence, incur a penalty of not less than twenty dollars and not more than one hundred dollars, over and above payment of the amount which may be awarded for such damages; and for the second and every subsequent offence, shall incur a penalty of not less than one hundred dollars and not more than two hundred dollars, over and above payment of such damages, the amount of which damage shall, in each case, be ascertained and determined by the Superintendent or officer in charge of the slide, boom or work.

Section 8.—It shall be competent for the Collector of Slide and Boom Dues, his deputy or deputies, assistant, or assistants, or persons duly authorized by him, to enter upon, seize and detain, at the risk, costs and charges of the owner or owners thereof, any raft or parcel of timber which shall have been moved away from any of the slides, booms or works, without the dues thereof, the amount awarded for damages, or the fines or penalties, if any, being first paid or secured to his satisfaction, and any and every person obstructing the Collector of Slide and Boom Dues, or other person or persons duly authorized, as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than twenty dollars and not more than two hundred dollars.

Section 9.—Rafts, cribs, and every description of timber shall be held liable for the dues, damages and penalties imposed under these Regulations; and the Superintendent or other duly appointed officer is hereby authorized and required to seize and detain any such raft, crib or parcel of timber until payment of such dues, damages and penalties is made, or until the owner or person in charge shall have given satisfactory security for the payment thereof, within thirty days after the same shall have been declared to be incurred or shall have been demanded; and, in default of such payment being made within the said term of thirty days, then the said Superintendent, or officer, may proceed to sell by public auction any such raft, crib or parcel of timber; but at least two weeks notice of the day of the intended sale by auction shall, in the meantime have been given and have been duly inserted in one or more of the public newspapers published at the City of Three Rivers, and a copy of such notice shall also have been placarded during the same time (two weeks before the intended sale) in a public and conspicuous place at or near the said works where the raft, crib or timber is lying, and at the City of Three Rivers; and if the costs attendant on such auction sale, as well as all other costs, damages and penalties imposed or awarded, cannot be realized from the timber so seized and sold, the same shall be recoverable from the owner of said raft, crib or parcel of timber.

Section 10.—The owner or person in charge of every such lot of squared timber, saw-logs or other timber, shall, when the same reaches its destination on the St. Maurice, or before, if required by the Superintendent, subscribe and deliver to the said Superintendent, or to such person as he may authorize in that behalf, an acknowledgment in duplicate, certifying the number and description of sticks or logs passed or driven through any of the said works, and specifying the name and designation of the owner thereof, together with the marks distinguishing such timber, and such other particulars as may be required for the identification thereof; and any person who, having passed or driven any parcel of timber through any of the said works, shall refuse or neglect so to give such acknowledgment, or who, in giving the same, shall make a false statement, either as to the number or description of the timber so passed or driven, or as to the place of its departure or destination, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars; and shall further pay, on every parcel of timber so passed or driven without such acknowledgment, or in relation to which any such false statement is made, double the amount of dues which would otherwise have been payable thereon.

Section 11.—The dues leviable on all parcels of square timber, saw-logs or other timber passing down the said river, according to the schedule of rates hereunto annexed, shall be payable immediately on the arrival of such timber or saw-logs at the booms at the mouth of the River St. Maurice, or at such intermediate place as they may be destined for, and no person shall remove any such parcel of timber until such dues have been paid or secured to the satisfaction of the Collector, under a penalty of not less than forty dollars and not exceeding two hundred dollars.

Section 12.—The owner, as well as the person in charge of any parcel of timber, shall be held jointly and severally responsible for any injury or damage done to any of the slides, dams, booms, piers or other public work on the said River St. Maurice, by any of the parties in the employment of such owner or person in charge, and it shall and may be lawful for the said Superintendent, or other person acting for him, to seize and detain such parcel of timber until the injury so done shall be repaired, or until satisfactory security shall have been given for the payment of the amount at which injury or damage shall be estimated by the Superintendent.

Section 13.—Every person who shall wilfully do any injury or damage to any of the slides, or to any of the booms, dams, piers or other public works on the said River St. Maurice, and every person who shall aid or assist in so doing any such injury or damage, shall, for every such offence, incur a penalty of not less than one hundred dollars and not exceeding two hundred dollars, over and above the amount at which such injury or damage shall be estimated by the Superintendent, as hereinbefore provided.

Section 14.—The owner of any parcel of square timber, saw-logs, or other timber conveyed down the River St. Maurice, shall, during the passage thereof, keep a sufficient number of men stationed at every slide and boom and also at every other point which the said Superintendent may indicate, to prevent all such damage to the works or obstruction in the river as might arise from the accumulation of logs or other timber against the booms, or in the channels or bends of the river, or from logs or other pieces of timber escaping under the booms or going over them.

Section 15.—The number of men required at each station shall be regulated by the said Superintendent, who is hereby empowered to employ at the cost and charges of the owners of the timber, saw-logs, etc., the number of men necessary to pass the same in safety over or through such station, when the owner of such timber, saw-logs, etc., has failed to supply such men at the time required by the Superintendent, and any owner or person in charge of such logs who shall neglect or refuse to comply with this regulation shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars, over and above the payment of the amount at which any injury or damage so done to the works may be estimated by the Superintendent.

Section 16.—No person in charge of timber held in the retaining boom at Shawenegan Bay or other station shall allow the same to be put or passed out of the boom, except under the direction of the said Superintendent, or of such person as he may authorize in that behalf, who shall regulate the descent of timber and the time of passing it out; and any person in charge of such timber who shall refuse or neglect to stop the running out of logs at the boom at Shawenegan Bay or other station when directed to do so by any such officer, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars, in addition to the amount at which any injury or damage done to the works, by reason of such neglect or refusal, shall have been estimated by the Superintendent.

Section 17. The owner or person in charge of any squared timber, saw-logs, or other timber passing down the St. Maurice, shall, from the time when the same shall approach its destination on the said river, until all such timber shall have been passed through the booms, keep a sufficient number of men stationed at such booms to prevent any obstruction or damage to the works, which might arise from any undue accumulation of such timber against the booms or in the gates thereof; and every owner or person in charge of such timber shall furnish at least the number of men required by the Superintendent or person duly authorized by him in that behalf, and shall pass out such timber at the places, at the time and in the manner directed by such Superintendent or person duly authorized by him as aforesaid; and any owner or person in charge of such timber, who shall neglect or refuse to comply with this regulation, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars, over and above the amount at which any damage done to the works, by reason of such neglect or refusal, shall be estimated by the said Superintendent. And in the event of such refusal or neglect to comply with this regulation, it shall be lawful for the Superintendent to open such booms to free them from over-pressure, or delaying the drives of others, and the owner of any timber or saw-logs shall not have recourse against the Government for any damages caused by their logs, etc., being so allowed to pass their original point of destination.

Section 18. Any person who shall tie or fasten, or cause to be tied or fastened, any raft or crib to any of the said booms on said River St. Maurice, or who shall make or cause to be made any crib frames, or who shall cut or chop, or cause to be cut or chopped, any timber or wood on any of the said booms, shall incur a penalty of not less than twenty dollars, and not exceeding two hundred dollars.

Section 19.—Any person who shall oppose, hinder or obstruct, or who shall aid or assist any other person in opposing, hindering or obstructing any Superintendent of Public Works, Collector of Dues, Boom Keeper, or other officer or person duly authorized by any such officer in the execution of his duty, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars.

Section 20.—Should the owner or person in charge of any parcel of timber, or saw-logs, fail, or neglect to provide the number of men indicated by the Superintendent, or other duly authorized officer, under these regulations, the said Superintendent may employ the required number of men at the expense of the owner of the timber, saw-logs, etc., and the expense so incurred shall be a first lien on the said timber, saw-logs, &c., which may be seized and detained by the said Superintendent or other authorized officer until all such charges or expenses so incurred shall be paid, or they may be collected in the same manner as is provided by law for the collection of ordinary slide and boom dues.

Section 21.—Every saw-mill owner or person in charge of or operating a saw-mill, and every other person dealing in timber, saw-logs, sawn timber or other wood goods, shall furnish to the Collector of tolls and dues on or before the first day of September in each year, a statement upon oath or solemn declaration under the statute in that behalf and upon a printed form which will be furnished by the Collector on application, showing the undermentioned particulars as to all such goods made or acquired by him excepting square timber sent in rafts to Quebec, during the preceding lumbering season and up to the said date or from the end of the period covered by the last preceding report under this or the following sections, and on or before the first day of November in each year, a similar statement as to all such goods made or acquired by him subsequent to the first day of September or date of previous return. Such statements or returns shall describe in detail all goods comprised therein, setting out as to such goods respectively the following particulars:—

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 22nd day of April, 1893.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report dated 11th April, 1893, from the Minister of the Interior, stating that by an Order in Council dated the 12th of October, 1892, the Minister of the Interior was authorized to notify lessees of grazing lands therein referred to that the leases held by them would be terminated on and after the 31st day of December, 1896 ; that they would then or at any time during the interval be permitted to purchase not in excess of ten per cent of their leasehold at the rate of $2.00 per acre, and that from and after the said 31st day of December, 1896, it would be open to them if they saw fit to accept leases for the unexpired portion of the term of twenty-one years, of such of the lands now held by them as might be agreed upon between them and the Government upon the new form of lease.

The Minister further states that the lessees were advised to the above effect and in reply they represented that $2.00 was excessive for grazing lands, and that it would be impossible for them to acquire sufficient land to enable them to carry on their ranching operations if they were required to pay for it at this rate. They further pointed out that under the regulations in force at the time their attention was first directed to stock-raising the price fixed by the Government Regulations for lands which it might be necessary for them to acquire in fee simple was $1.25 per acre and this is the price at which lands similarly situated have been sold by the North West Coal and Navigation Company.

The Minister finds that by the regulations of the 20th May, 1881, the price was fixed at $1.25 per acre, as alleged, but it was raised to $2.00 per acre by Order in Council dated the 23rd of December of the same year, clause 21 of the first mentioned Order authorized leases to be issued to the persons mentioned in a report of the Deputy of the Minister of the Interior, dated 9th of May, 1881, upon the terms of that Order, and among those mentioned in the report are some of the present largest leaseholders, although as a matter of fact no leases did issue until subsequent to the date when the regulations of the 23rd December, 1881, came into force.

The Minister, in view of all the above facts, and as he is of opinion that it was the intention to sell land to the leaseholders mentioned at $1.25 per acre, recommends that the Order in Council of the 12th October, 1892, be amended by substituting $1.25 for $2.00 as the price at which the leaseholders affected by the said Order or their assigns shall be permitted to buy, the purchase money to be payable one-tenth down and the balance in nine equal annual payments with interest at the rate of six per cent per annum upon the unpaid balances.

The Committee concurring in the above recommendation, submit the same for Your Excellency's approval.

46–4 Clerk of the Privy Council.

MILITIA GENERAL ORDERS.

HEADQUARTERS.

Ottawa, 2nd June, 1893.

G. O. (33.)

Inspections.

The inspection of Corps authorized to drill for 1893-94, will be carried out under regulations similar to those issued on 12th May, 1892, for the financial year 1892-93, as follow:—

1. Inspection reports of all arms will be sent in to headquarters within eight days of the completion of the inspection. Those of Artillery and Engineers will be filled in, as far as possible, by the Inspecting Officer at the time of inspection, and transmitted to the Deputy Adjutant General of the District, who will complete them (if necessary) and forward them to headquarters. The comparative efficiency return will be made out and sent in with the Inspection report.

2. Inspections will be divided into two parts:—

1. In quarters.
2. In the field.

In making the inspection in quarters, the Inspecting Officer will examine the regimental, troop or company armouries, the reserve arms, equipment and clothing held on charge by the corps, and the ledgers and other books connected therewith. He will examine the system pursued for the issue of orders, register of correspondence and regimental records, and all other matters connected with the discipline and interior economy of the corps. He will inspect the company service rolls and company record of discharges, and report how far the provisions of the Militia Act and the regulations in respect of enlistment and discharge are carried out. He will likewise examine the officers *viva voce* in the general principles of drill and tactics.

At the inspection of Infantry in the field, the Inspecting Officer will dismount and inspect each company individually in order that he may be able to judge of the condition of arms and clothing, and of the physique of the men. The Captains will then be called upon to put their companies through the movements and formations of a company. When the companies are of a less strength than 16 files, the drill will be in single rank. The Commanding Officer and Majors will be called upon to drill the battalion, giving the instructions for each movement. There are few places where ground is not available for drill of a practical kind, and where it is necessary to march some distance to such ground, an inspection in the principles of route marching and advanced and rear guards can be carried out.

At the inspection of Cavalry in camps of instruction, one day is to be allotted to the drill of individual squadrons, and another to that of the regiment under the Commanding Officer and Major.

3. It is not necessary that the inspection in quarters, and that in the field, should be carried out on the same day. The former, as well as the examination of officers, can be made in the evening, and with due consideration for the general convenience of officers.

4. The form to be used in making the comparative efficiency return of Infantry and Cavalry is attached hereto.

5. Inspecting Officers are reminded that a review and a march past, or other ceremonial movements, do not constitute an inspection, nor are they even a necessary part of it. The object of an inspection is to ascertain and record the state of organization, and the value of the work done in each corps.

DÉPÊCHES.

A OSBORNE HOUSE, ILE DE WIGHT,

Le 18e jour d'août 1892.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LA REINE EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil rendu en conformité de l'Acte modifiant l'Acte de la marine marchande, 1862, et daté le onzième jour d'août mil huit cent quatre-vingt-quatre, Sa Majesté, sur la recommandation conjointe de l'Amirauté et de la Chambre de Commerce a bien voulu ordonner que dès et après le premier jour de septembre mil huit cent quatre-vingt-quatre, les règlements contenus dans l'annexe du dit arrêté soit, en ce qui concerne les navires et bateaux britanniques, substitués aux règlements contenus dans la première annexe d'un arrêté en conseil rendu comme susdit, et daté le quatorzième jour d'août mil huit cent soixante-dix-neuf ;

Et considérant que par deux arrêtés en conseil rendus en conformité du dit acte, et sur la recommandation conjointe susdite, et datés respectivement le trentième jour de décembre mil huit cent quatre-vingt-quatre, et le vingt-quatrième jour de juin mil huit cent quatre-vingt-cinq, certaines modifications et additions ont été faites aux dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, au sujet des vaisseaux et bateaux de pêche britanniques ;

Et considérant que par les dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, il est entre autres choses décrété comme suit, savoir :—

Article 9.—Un bateau-pilote, lorsqu'il est occupé au service du pilotage dans sa circonscription, ne portera pas les mêmes feux que ceux exigés pour les autres navires, mais doit porter en tête de mât un feu blanc visible de tous les points de l'horizon, et montrer de plus un feu ou des feux intermittents visibles à de courts intervalles, qui ne devront pas être de plus d'un quart d'heure chacun ;

Un bateau-pilote, lorsqu'il n'est pas occupé au service du pilotage dans sa circonscription, doit porter des feux semblables à ceux des autres navires.

Et considérant que l'Amirauté et la Chambre de Commerce ont, en conformité de l'acte précité, conjointement recommandé à Sa Majesté que les dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, soient de nouveau modifiés en ajoutant à l'article 9 précité, la disposition contenue dans l'annexe ci-jointe,—

En conséquence, il plaît à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par le dit acte, et par et avec l'avis de Son Conseil privé, d'ordonner qu'à compter de la date du présent, les règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, sera modifié de nouveau par l'ajouté au dit article 9 précité, des dispositions contenues dans l'annexe ci-jointe.

C. L. PEEL.

ANNEXE.

Un bateau-pilote, employé exclusivement au service des pilotes commissionnés, ou certifié par une administration de pilotage, ou le comité d'une circonscription de pilotage dans le Royaume-Uni, lorsqu'il est occupé au service de pilotage dans sa circonscription et dans des eaux britanniques, et non à l'ancre, devra porter en sus des feux exigés des bateaux-pilotes, à une distance de huit pieds plus bas que son feu blanc de tête de mât, un feu rouge visible de tous les points de l'horizon et d'une portée telle qu'il puisse être visible par une nuit noire mais sans brume à une distance d'au moins deux milles, et aussi les feux de côté de couleur que doivent porter les vaisseaux en marche.

Lorsqu'il est occupé au service du pilotage dans des eaux britanniques et à l'ancre il portera en sus du feu exigé de tous les bateaux-pilotes le fer rouge ci-dessus mentionné mais non les feux de côté de couleur.

Lorsqu'il n'est pas occupé au service du pilotage dans sa circonscription, il portera les mêmes feux que les autres navires à vapeur. 48-4

A OSBORNE HOUSE, ILE DE WIGHT.

Le 30e jour de janvier 1893.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LA REINE EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil rendu en conformité de l'Acte modifiant l'Acte de la marine marchande, 1862, et daté le onzième jour d'août mil huit cent quatre-vingt-quatre, Sa Majesté, sur la recommandation conjointe de l'Amirauté et de la Chambre de Commerce a bien voulu ordonner que dès et après le premier jour de septembre mil huit cent quatre-vingt-quatre, les règlements contenus dans l'annexe du dit arrêté soit, en ce qui concerne les navires et bateaux britanniques, substitués aux règlements contenus dans la première annexe d'un arrêté en conseil rendu comme susdit, et daté le quatorzième jour d'août mil huit cent soixante-dix-neuf ;

Et considérant que par deux arrêtés en conseil rendus en conformité du dit acte, et sur la recommandation conjointe susdite, et datés respectivement le trentième jour de décembre mil huit cent quatre-vingt-quatre, et le vingt-quatrième jour de juin mil huit cent quatre-vingt-cinq, certaines modifications et additions ont été faites aux dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, au sujet des vaisseaux et bateaux de pêche britanniques ;

Et considérant que par un autre arrêté en conseil rendu en conformité du dit acte, et sur la recommandation conjointe susdite, et daté le 18e jour d'août 1892, certaines modifications et additions ont été apportées aux dits règlements contenus dans l'annexe du dit arrêté en conseil du 11e août 1884, au sujet des bateaux-pilotes à vapeur ;

Et considérant que par les dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, il est entre autres choses décrété comme suit, savoir :—

Article 3.—Les navires à vapeur, lorsqu'ils sont en marche, doivent porter les feux suivants :—

(*a.*) En tête ou en avant du mât de misaine, à une hauteur de pas moins de vingt pieds au-dessus du plat-bord, et si le navire a plus de vingt pieds de largeur, alors à une hauteur au-dessus du plat-bord au moins égale à cette largeur, un feu blanc placé de manière à fournir un rayonnement uniforme et non interrompu dans tout le parcours d'un arc horizontal de vingt quarts du compas,—établi de façon à projeter la lumière de dix quarts de chaque côté du navire, c'est-à-dire depuis l'avant jusqu'à deux quarts en arrière du travers de chaque bord, et d'une portée telle qu'il puisse être visible à cinq milles au moins de distance, par une nuit sombre, mais sans brume ;

(*b.*) A tribord, un feu vert, établi de façon à projeter une lumière uniforme et non interrompue sur un arc horizontal de dix quarts du compas,—placé de manière à projeter la lumière depuis l'avant jusqu'à deux quarts sur l'arrière du travers à tribord, et d'une portée telle qu'il puisse être visible à deux milles au moins de distance, par une nuit sombre, mais sans brume ;

(*c.*) A bâbord, un feu rouge établi de façon à projeter une lumière uniforme et non interrompue sur un arc horizontal de dix quarts du compas,—placé de manière à projeter la lumière depuis l'avant jusqu'à deux points sur l'arrière du travers à bâbord, et d'une portée telle qu'il puisse être visible à deux milles au moins de distance, par une nuit sombre, mais sans brume ;

(*d.*) Ces feux de côté vert et rouge doivent être pourvus, en dedans du bord, d'écrans dirigés de l'arrière à l'avant et s'étendant à trois pieds au moins en avant de la lumière, afin que le feu vert ne puisse pas être aperçu de bâbord avant, et le feu rouge de tribord avant.

Article 15.—Si deux navires sous vapeur se rencontrent courant l'un vers l'autre, directement ou à peu près, et qu'il y ait risque d'abordage, tous deux doivent venir sur tribord pour passer à bâbord l'un de l'autre.

Cet article ne s'applique que dans les cas où les navires courent l'un vers l'autre, directement ou à peu près, et où il y a risque d'abordage, mais ne s'applique pas à deux navires qui doivent, en conservant chacun leur allure, s'éviter l'un l'autre.

Les seuls cas auxquels il s'applique sont lorsque chacun des deux navires court vers l'autre directement ou à peu près, ou, en d'autres termes, lorsque de jour, chaque navire voit les mâts de l'autre en ligne droite, ou à peu près, avec les siens propres ; et, de nuit, lorsque chaque navire est dans une position telle qu'il peut voir les deux feux de côté de l'autre.

Il ne s'applique pas lorsque, de jour, un navire en voit un autre croiser sa route en avant, ou, de nuit, lorsque le feu rouge d'un navire est opposé au feu rouge de l'autre, ou lorsque le feu vert de l'un est opposé au feu vert de l'autre, ou lorsque l'un d'eux voit en avant un feu rouge sans voir le feu vert, ou un feu vert sans voir le feu rouge, ni lorsque les deux feux verts et rouges font visibles partout ailleurs qu'en avant.

Et considérant qu'il s'est élevé des doutes quant à l'effet des dits deux articles, et considérant que l'Amirauté et la Chambre de Commerce ont conjointement recommandé à Sa Majesté de faire les ajoutés suivants aux dits règlements en vue d'expliquer les dits articles précités, et de dissiper le dit doute et malentendu :—

En conséquence, il plaît à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par le dit acte, et par et avec l'avis de Son Conseil privé, d'ordonner qu'à compter de la date du présent, les règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, sera modifié de nouveau par l'ajouté au dit article 9 précité, des dispositions contenues dans l'annexe ci-jointe.

HERBERT M. SUFT.

ANNEXE.

(*e.*) Afin de s'assurer que les feux de côté rouge et vert projetteront une lumière uniforme depuis l'avant du navire jusqu'à deux quarts en arrière du travers de chaque bord respectivement, et ne projetteront pas en travers de l'avant du navire même, les dits feux seront fixés et les écrans ajustés de façon que les rayons des feux rouge et vert croiseront la ligne de la quille projetée à une distance raisonnable au-delà de l'avant du navire.

Quant à tous les navires dont les feux sont inspectés par les officiers de la Chambre de Commerce les feux de côté rouge et vert ne seront pas censés être fixés et disposés en conformité des règlements s'ils ne sont pas fixés et munis d'écrans de façon qu'une ligne tirée depuis le bord extérieur de la mèche jusqu'à la tête de l'écran intérieur de ce feu ne fasse un angle de 4 degrés (ou aussi près que possible) avec une ligne tirée parallèlement à la quille du navire à partir du bord extérieur de la mèche. 48–4

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que les commissaires nommés pour faire un choix des terrains marécageux à être attribués à la province du Manitoba, conformément aux dispositions de l'article 4 du chapitre 47 des Statuts Revisés, ont fait un rapport collectif soumettant une liste des terrains choisis par eux pour l'objet susdit pendant la saison de 1891, et en comparant la liste fournie par les commissaires avec les livres du ministère de l'Intérieur, il a été constaté que sur un total de 85,680 acres choisis, 69,680 étaient propres aux fins susdites,—

Il plaît à Son Excellence, en vertu des dispositions du chapitre 47 des Statuts Revisés du Canada, intitulé "Acte concernant la province du Manitoba," et par et avec l'avis du Conseil Privé de la Reine pour le Canada, d'ordonner que les terrains énumérés dans la liste ci-jointe, qui est une liste revisée des terrains trouvés disponibles dans la liste des terrains choisis pendant la saison, tel que dit ci-dessus, et se montant en tout à 69,680 acres, soient et ils sont par le présent attribués à Sa Majesté pour les fins de la province du Manitoba.

JOHN J. McGEE,
Greffier du Conseil privé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il plaît à Son Excellence, en vertu des dispositions de "l'Acte des Travaux Publics," chapitre 36 des Statuts Revisés, et du chapitre 98 des Statuts Revisés, intitulé "Acte concernant les péages sur les constructions de l'Etat pour la descente du bois," et par et avec l'avis du Conseil privé de la Reine pour le Canada, de faire les règles et règlements suivants pour la régie, entretien, bon usage et protection des glissoires du gouvernement et autres travaux construits dans le but de faciliter la descente du bois de charpente et de service, et des billots sur la rivière Saint-Maurice et ses tributaires, et pour la perception des droits et péages sur leur usage, et d'imposer et autoriser la perception sur les dits travaux des droits et péages ci-après mentionnés ; les présentes règles, règlements, péages et droits remplaceront toutes autres règles, règlements, péages et droits autrefois en vigueur ou imposés sur ces travaux.

RÈGLEMENTS.

NOTE. —Les mots "radeaux ou lot de bois" partout où ils se rencontrent dans les présents règlements, seront censés signifier les billots de sciage, traverses de chemin de fer et toutes autres espèces d'effets en bois.

Article 1.—Les glissoires, estacades et autres constructions fédérales s'y rattachant dans le district du Saint-Maurice, seront placés sous le contrôle et la régie du surintendant des travaux du district, ou, s'il n'y a pas de surintendant, ou en son absence, sous le contrôle et la régie de quelque autre officier dûment autorisé par le ministre des Travaux Publics ; et ces officiers, et nuls autres, auront le pouvoir de régler l'alimentation de l'eau nécessaire pour le passage des bois de construction, de répartir l'espace accordé pour la mise en radeau ou l'amarrage du bois, de déterminer la quantité de bois qui pourra passer chaque jour dans les glissoires ou les estacades, d'établir la somme qui pourra être due par les propriétaires de bois ou les personnes qui en ont la charge, pour les dommages qui pourraient être faits à quelqu'un des ouvrages, d'imposer des amendes ou pénalités pour infraction aux règlements des glissoires, de saisir le bois et de le détenir et vendre aux enchères publiques, tel que ci-dessous prescrit, et de recouvrer ces droits, amendes ou indemnités lorsque les propriétaires du bois ou les personnes qui en ont la charge refuseront ou négligeront de les payer ; et les ordres du surintendant des travaux, du gardien des glissoires ou de tel autre officier autorisé comme susdit, devront toujours être suivis et exécutés par les propriétaires du bois, ou leurs employés, sous peine, en cas de refus ou négligence de se conformer à ces ordres, des amendes et pénalités ci-dessous imposées suivant le cas.

Article 2.—Le propriétaire de tout lot de bois carré, de billots de sciage ou autre bois de construction destiné à descendre la rivière Saint-Maurice par aucun des travaux qui y sont construits, donnera par écrit au surintendant des travaux publics sur cette rivière huit jours francs d'avis au moins avant la période fixée pour la descente de ce bois, donnant le nombre approximatif de pièces et les marques du bois et spécifiant la section ou les sections de la rivière par où doit passer ce bois, s'il doit ou non être descendu jusqu'à l'embouchure de la rivière, et si non, où doit-il arrêter, sous peine d'une amende, en cas de négligence de donner cet avis, de quatre piastres au moins et de vingt piastres au plus.

Article 3.—A l'arrivée de toute espèce de bois à ou près de quelque glissoire, estacade ou autre ouvrage de l'Etat, le propriétaire ou la personne qui en aura la charge enverra immédiatement un nombre d'hommes suffisant pour faire passer ce bois dans la glissoire, estacade ou autre ouvrage, et ne laissera pas accumuler ce bois à la tête de la glissoire, estacade ou autre ouvrage, et ne nuira pas au passage d'autre bois destiné a entrer ou sortir de la glissoire, estacade ou autre ouvrage ; et s'il survient un encombrement ou refoulement de bois dans quelque glissoire, estacade ou autre ouvrage, ou dans son voisinage, le propriétaire ou la personne qui en a la charge devra immédiatement défaire cet encombrement ou enlever l'obstacle, sous la direction du surintendant ou autre officier agissant en cette capacité ; et si le propriétaire ou la personne ayant la charge du bois refuse ou néglige de l'enlever ou défaire dans les quarante-huit heures, le gardien de glissoire ou officier, ou la personne autorisée par lui à cet effet, pourra le faire enlever ou défaire aux frais, risques et dépens des propriétaires du bois, qui seront passibles d'une amende de pas moins de cinquante piastres, ni de plus de cent piastres, pour chaque jour durant lequel leur bois empêchera le passage d'autre bois, en sus du montant qui pourra être taxé par le surintendant des travaux, tant pour les frais occasionnés par l'enlèvement de l'obstacle que pour tout dommage qui pourra avoir été causé par suite de ce refus ou de cette négligence.

Article 4. Nul train ou lot de bois ne sera amarré ou assemblé plus près de l'entrée ou de la sortie d'aucune glissoire, estacade ou autre ouvrage que l'endroit indiqué par le gardien de glissoire ou autre officier agissant en cette capacité ; et lorsqu'il sera donné permission aux propriétaires ou personnes ayant la charge d'un train ou lot de bois de placer une estacade temporaire, ou un train ou lot de bois dans ou près des glissoires, estacades ou autres ouvrages, les propriétaires ou personnes ayant charge de ce train, lot de bois ou estacade temporaire ne devront en aucun cas prendre plus d'espace, ou un autre espace, ou le prendre ailleurs, que l'espace ou l'endroit indiqué par le gardien de glissoire ou autre officier chargé de la régie des ouvrages, et devront en tout temps, lorsqu'ils en recevront l'ordre déplacer le dit train ou lot de bois, ou l'estacade temporaire, et les mettre ailleurs ou les enlever complètement aussitôt qu'ils en seront requis par le gardien de glissoire ou autre officier chargé de la régie des ouvrages, à peine d'une amende de pas moins de vingt piastres, ni plus de cinquante piastres, en cas de refus ou négligence de la part des dits propriétaires ou personnes ayant charge du bois ou des estacades temporaires, de se conformer aux dispositions de cet article.

Article 5.—Le propriétaire ou les propriétaires ou la personne ayant charge d'un train ou lot de bois devra, avant de le sortir d'une glissoire, estacade ou ouvrage public s'y rattachant, souscrire et remettre au surintendant, ou autre officier, selon le cas, dûment autorisé à cet effet, une déclaration en duplicata certifiant le nombre et la description des radeaux ou du bois ainsi passé, et paiera les droits de glissoire, ou en garantira le paiement à la satisfaction du percepteur des droits de glissoire, à peine d'une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, et paiera de plus le double du montant des droits qui autrement auraient été payables, sur tout train ou lot de bois qui passera dans la glissoire sans cette déclaration.

Article 6.—Le percepteur des droits de glissoire, ou toute personne dûment autorisée par lui à cet effet, aura, à toute heure du jour, libre accès et plein pouvoir et permission d'aller et rester aussi longtemps qu'il ou elle le jugera à propos, sur tout train ou lot de bois dans le but de l'inspecter, et toute facilité lui sera donnée pour constater le nombre de radeaux ou le nombre de morceaux et l'espèce de bois dont ils sont composés ; et toute personne qui entravera le percepteur des droits de glissoire, les gardiens de glissoire ou autres officiers dûment autorisés comme il est dit plus haut, dans l'exécution de leurs devoirs, encourra une amende de pas moins de cinquante piastres, ni de plus de deux cents piastres.

Article 7.—Le propriétaire, ainsi que la personne ayant charge d'un train ou lot de bois, sera responsable de tout dommage fait aux glissoires, estacades, piliers, jetées ou autres ouvrages s'y rattachant, par les hommes employés par lui ; et il sera loisible au surintendant, gardien de glissoire, ou à l'officier agissant en son nom, de saisir ou de détenir ce train ou lot de bois, jusqu'à ce que le dommage ainsi causé ait été réparé, ou jusqu'à ce qu'une garantie ait été donnée, à sa satisfaction, pour le montant qui sera taxé pour la réparation de ce dommage ; et quiconque entravera ou gênera la régie ou l'alimentation d'eau, ou l'exécution des devoirs des dits gardiens de glissoire ou officiers agissant en cette capacité, sans avoir été dûment autorisé par eux à le faire, et quiconque fera ou causera quelque dommage, comme susdit, à quelque glissoire fédérale, ou aux estacades, vannes, portes ou piliers s'y rattachant, ou qui aidera à faire ou causer pareil dommage, encourra pour la première offense, une amende de pas moins de vingt piastres, ni de plus de cent piastres, en sus du paiement du montant auquel sera taxé le dommage, et, pour chaque récidive, une amende de pas moins de cent piastres, ni de plus de deux cents piastres, en sus du paiement de l'indemnité de ce dommage, dont le montant sera, dans chaque cas, constaté et taxé par le surintendant ou l'officier ayant charge de la glissoire, estacade ou au ouvrage.

Article 8.—Il sera loisible au percepteur des droits de glissoire, son adjoint ou son assistant, ou à la personne dûment autorisée par lui à cet effet, de se rendre sur tout train ou lot de bois qui aura été sorti de quelque glissoire, estacade ou autre ouvrage fédéral sans que les droits de glissoire sur ce bois, le montant taxé pour dommage, ou amendes ou pénalités, s'il en est, n'aient été préalablement payés ou garantis à sa satisfaction, et de le saisir et détenir aux risques, frais et dépens du ou des propriétaires ; et quiconque entravera le percepteur des droits de glissoire, ou autre personne dûment autorisée comme susdit, dans l'exécution de son devoir, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 9.—Les trains, radeaux et toute espèce de bois seront tenus responsables des droits, indemnités de dommage et amendes imposés par ces règlements ; et le surintendant ou autre officier dûment nommé est par le présent autorisé et requis de saisir et détenir tout tel train, radeau ou lot de bois, jusqu'à parfait paiement des droits, indemnités de dommage ou amendes, ou jusqu'à ce que le propriétaire ou la personne qui a charge du bois en ait garanti le paiement d'une manière satisfaisante, dans les trente jours après qu'ils auront été déclarés encourus ou demandés ; et, si ce paiement n'est pas fait dans les trente jours, le surintendant ou officier pourra alors procéder à la vente du train, radeau ou lot de bois, aux enchères publiques ; mais il sera donné au moins deux semaines d'avis de la date de la vente projetée, et cet avis sera publié dans l'un ou plusieurs des journaux publiés en la cité de Trois-Rivières, et une copie de cet avis sera aussi affichée pendant le même espace de temps (c'est-à-dire pendant deux semaines avant la vente projetée), dans un endroit public et apparent des dits travaux, ou auprès, où se trouve le train, radeau ou lot de bois, et dans la cité de Trois-Rivières ; et si les frais entraînés par cette vente ainsi que tous les autres frais, dommages et amendes imposés ou taxés, ne peuvent être réalisés sur le bois ainsi saisi et vendu, ils seront recouvrés du propriétaire du train, radeau ou lot de bois.

Article 10.—Le propriétaire ou celui qui sera chargé du soin de chaque lot de bois équarri, billots de sciage ou autre bois de service, devra, lorsqu'il sera ou avant qu'il ne soit rendu à sa destination sur le Saint-Maurice, s'il en est requis par le surintendant, souscrire et remettre au dit surintendant, ou à toute personne autorisée par lui à cet effet, une déclaration en duplicata, certifiant le nombre et la description des pièces ou billots qui auront passé par quelqu'une des dites constructions, et spécifiant le nom et la désignation de leur propriétaire, ainsi que les marques qui distinguent ce bois, et tels autres détails qui pourront être requis pour l'identifier ; et quiconque, après avoir fait passer quelque lot de bois dans les dites constructions, refusera de donner cette déclaration, ou qui en la donnant fera quelque faux énoncé quant à la quantité ou à la description du bois ainsi descendu ou passé, ou au sujet de l'endroit de départ ou de destination, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, et paiera de plus, sur chaque lot de bois ainsi descendu ou passé sans déclaration, ou à l'égard duquel quelque faux énoncé aura été fait, le double du montant des droits, qui, autrement, aurait été payable sur ce lot.

Article 11.—Les droits à payer sur tous les lots de bois équarri, billots de sciage et autres bois qui descendront la dite rivière, d'après le tarif ci-annexé, seront payables immédiatement à leur arrivée aux estacades de l'embouchure de la rivière Saint-Maurice, ou à tel endroit intermédiaire auquel ils seront destinés ; et nulle personne n'enlèvera aucun lot de bois avant que ces droits n'aient été payés ou garantis, à la satisfaction du percepteur, à peine d'une amende de pas moins de quarante piastres ni plus de deux cents piastres.

Article 12.—Le propriétaire ainsi que celui qui aura charge d'un lot de bois, seront solidairement et individuellement responsables de tout dommage ou avarie fait à aucune des glissoires, barrages, estacades, jetées, piliers ou autres constructions publiques sur la dite rivière Saint-Maurice, par toute personne employée par ce propriétaire ou la personne en charge du bois ; et il sera loisible au surintendant, ou à toute personne agissant en son nom, de saisir et détenir ce lot de bois, jusqu'à ce que le dommage fait ait été réparé, ou jusqu'à ce qu'un cautionnement satisfaisant ait été donné pour le paiement du montant auquel ce dommage sera évalué par le surintendant.

Article 13.—Quiconque endommagera de propos délibéré quelque glissoire, estacade, barrage, pilier, jetée ou autre construction publique sur la dite rivière Saint-Maurice, et quiconque aidera à faire tel dommage, encourra, pour chaque offense, une amende de pas moins de cent piastres et de pas plus de deux cents piastres, en sus et au-delà du montant auquel ce dommage sera évalué par le surintendant, tel que ci-haut prescrit.

Article 14.—Le propriétaire de tout lot de bois équarri, billots de sciage ou autre bois descendant le Saint-Maurice, devra, pendant sa descente, tenir un nombre d'hommes suffisant à chaque glissoire et estacade ainsi qu'à tout autre endroit que désignera le surintendant, pour prévenir tout dommage aux ouvrages ou tout embarras dans la rivière qui pourrait provenir de l'accumulation de billots ou autres bois contre les estacades, ou dans les chenaux ou coudes de la rivière ou prévenir du passage des billots ou autres bois par-dessus ou par-dessous les estacades.

Article 15.—Le nombre des hommes nécessaires à chaque station sera déterminé par le dit surintendant, qui est par le présent autorisé à employer, aux frais et dépens des propriétaires du bois de construction, billots, etc., le nombre d'hommes nécessaire pour les passer en sûreté sur et par cette station, dans le cas où le propriétaire de ce bois, billots, etc., négligerait de fournir ces hommes au temps voulu par le surintendant ; et tout propriétaire ou personne en charge de ces billots qui négligera ou refusera de se conformer à ce règlement, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement de tout montant auquel le dommage fait sera évalué par le surintendant.

Article 16.—Nulle personne ayant la charge de bois de service retenu dans l'estacade d'arrêt, placée dans la baie de Shawinigan ou autre station, ne permettra qu'il n'y soit placé ou n'en soit sorti, excepté sous la direction du dit surintendant ou de toute personne par lui autorisée à cet égard, laquelle règlera la descente du bois et le temps de sa sortie de l'estacade; et toute personne ayant la charge de ce bois qui refusera ou négligera d'arrêter les billots à l'estacade de la baie de Shawinigan ou autre station, lorsqu'elle en recevra l'ordre de tel officier, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement du montant auquel les dommages causés aux ouvrages, par suite de cette négligence ou refus, sera évalué par le surintendant.

Article 17.—Le propriétaire ou la personne ayant la charge de tout lot de bois équarri, billots de sciage ou autre bois, descendant le Saint-Maurice, devra, depuis le temps où ce bois arrivera près de sa destination sur la dite rivière, jusqu'à celui où il les aura passées, tenir un nombre d'hommes suffisant à ces estacades pour empêcher toute obstruction ou dommage aux ouvrages, qui pourrait résulter d'une trop grande accumulation de bois contre les estacades, ou dans leurs entrées; et chaque propriétaire ou personne ayant charge de ce bois devra fournir au moins le nombre d'hommes exigé par le surintendant ou la personne par lui dûment autorisée à cet égard, dans le temps et de la manière que le surintendant ou son substitut pourra prescrire. Et tout propriétaire ou personne en charge de ce bois qui négligera ou refusera de se conformer à ce règlement encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement du montant auquel les dommages faits aux ouvrages, par suite de cette négligence ou refus, sera évalué par le surintendant. Et dans le cas de refus ou de négligence de se conformer au présent règlement, le surintendant est autorisé à ouvrir ces estacades afin de les libérer de l'encombrement ou permettre le flottage des autres, et le propriétaire de tout bois ou billots n'aura aucun recours contre le gouvernement pour dommages causés par leurs billots, etc., dépassant ainsi leur point de destination primitive.

Article 18.—Quiconque attachera ou amarrera, ou fera attacher ou amarrer, quelque radeau ou train de bois à quelque estacade, à l'embouchure de la rivière Saint-Maurice, ou fera ou fera faire quelque cadre de radeau, ou coupera ou bûchera, ou fera couper ou bûcher, des billots ou du bois sur ces dites estacades, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 20.—Si le propriétaire ou personne en charge d'un lot de bois, ou de billots, manque ou néglige de fournir le nombre d'hommes voulu par le surintendant, ou autre officier dûment autorisé, en vertu des présents règlements, le dit surintendant pourra employer le nombre voulu d'hommes aux frais du propriétaire du bois de construction, billots, etc., et les frais ainsi encourus seront une première charge sur le dit bois, billots, etc., lequel pourra être saisi et détenu par le dit surintendant ou autre officier autorisé jusqu'à ce que tous les frais et charges ainsi encourus soient payés, ou la perception pourra s'en faire de la manière établie par la loi pour la perception des droits de glissoire et d'estacade ordinaires.

Article 21.—Chaque propriétaire de scierie ou la personne en charge d'une scierie ou l'utilisant, et chaque autre personne faisant le commerce du bois de construction, billots, bois scié ou autres effets de bois, fournira au percepteur des droits et péages le ou avant le premier jour de septembre de chaque année, un état attesté sous serment ou déclaration solennelle en vertu du statut à cet égard, et sur une formule imprimée qui sera fournie par le percepteur sur demande, indiquant les détails ci-dessous énumérés quant aux articles faits ou acquis par lui sauf le bois carré envoyés en radeaux à Québec, pendant la saison précédente à venir jusqu'à la dite date, ou depuis la date couverte par le dernier rapport en vertu du présent ou des articles suivants; et le ou avant le 1er jour de novembre de chaque année, un semblable rapport quant à tous tels articles faits ou acquis par lui subséquemment au premier jour de septembre ou date de son dernier rapport. Article 1.—Le patron ou la personne ayant charge d'un navire, vapeur, chalan ou radeau naviguant dans cette écluse, devra, en entrant ou immédiatement avant d'entrer dans l'écluse, se munir d'un congé pour ce navire, vapeur, bateau ou radeau, au bureau de l'éclusier ; à défaut de quoi l'éclusier ne devra pas permettre à ce navire, vapeur, bateau ou radeau de franchir l'écluse, et le propriétaire ou le patron en charge sera passible d'une amende qui n'excédera pas vingt piastres ; et l'éclusier ou autre officier dûment nommé, aura droit d'aller à bord de tout navire, vapeur, bateau ou chalan, quand il sera nécessaire, pour vérifier le laissez-passer ou manifeste de ce navire, vapeur, bateau ou chalan ; et le patron ou toute personne en charge de ce navire, vapeur, bateau ou chalan qui cherchera à entraver un officier dans l'exercice de ses fonctions, sera passible d'une amende d'au plus quarante piastres.

Article 2.—Tout navire ou bateau naviguant dans l'écluse devra être exactement jaugé et marqué, en pieds et pouces, à l'avant, au milieu et à l'arrière, de chiffres indiquant le tirant exact d'eau de chaque partie du navire ou bateau ; et les navires tirant plus de sept pieds d'eau ne pourront entrer dans l'écluse ; et le patron ou la personne ayant charge d'un de ces navires et qui pénétrera dans l'écluse, contrairement à cet article, sera passible d'une amende n'excédant pas cent piastres, et le navire sera retenu jusqu'à ce que cette amende ait été payée et qu'il ait été convenablement allégé. Les navires devront aussi être munis d'un cornet ou d'un sifflet d'alarme à vapeur que le patron devra sonner ou faire sonner à au moins un quart de mille, ou quinze minutes avant d'entrer dans une écluse, sous peine d'une amende d'au moins deux piastres et de pas plus de vingt piastres.

Article 4.—Aucun bateau à vapeur ne pourra franchir l'écluse, à moins d'avoir au haut de chacun des tuyaux de sa cheminée, un écran en fil de fer, par lequel la fumée passera, et dont les mailles ou interstices n'auront pas plus d'un quart de pouce de large ; l'écran devra être posé de manière à ce que l'éclusier qui laissera passer un vapeur puisse parfaitement le voir lorsqu'il sera fermé, et tout éclusier qui laissera passer un vapeur ou navire mû par la vapeur ne remplissant pas ces conditions, sera passible d'une amende de vingt piastres dans chaque cas, et le patron d'un vapeur ou navire mû par la vapeur qui entrera dans l'écluse ou amarrera son navire à aucun des quais de l'écluse sans cet écran sur chacune des cheminées du dit vapeur, sera passible d'une semblable amende de vingt piastres chaque fois, et des dommages-intérêts pour tous dommages qui pourront en résulter et qui seront évalués par l'ingénieur en chef du département des Travaux Publics.

Article 5.—Tout patron ou personne en charge d'un vapeur ou autre navire, ou d'un radeau, devra, avant d'approcher de l'écluse, s'assurer que l'écluse est dans l'état convenable pour laisser passer l'embarcation, et il devra faire ralentir la vitesse du vapeur, navire ou radeau de manière à ne pas endommager l'écluse, ses portes, ou autres constructions et, si des dégâts ont lieu, le propriétaire ou le patron du vapeur, navire ou embarcation sera passible d'une amende fixée par l'ingénieur en chef du département des Travaux Publics, mais qui n'excédera pas quatre-vingts piastres, et il sera responsable des dégâts occasionnées à l'écluse, les dommages devant être évalués par l'ingénieur en chef du département des Travaux Publics ou son représentant autorisé, et le montant payé immédiatement à l'éclusier ou à toute autre personne ayant droit de les recevoir.

Article 6.—Le propriétaire, le patron, ou la personne ayant charge d'un navire, bateau ou radeau comme susdit, lorsqu'il en sera requis par l'éclusier ou autre officier dûment autorisé à cet égard, devront promptement amener ce navire, bateau ou radeau au point que l'éclusier ou tout autre officier, comme il est dit plus haut, pourra désigner, dans le but de permettre les réparations nécessaires et de maintenir libre la navigation de l'écluse, ou pour le maintien de l'ordre et de la régularité dans le voisinage des quais, écluses et débarcadères, à défaut de quoi il sera passible d'une amende n'excédant pas quarante piastres.

Article 7.—Personne ne devra ouvrir ou fermer les portes ou ventelles de l'écluse, ou abaisser le niveau d'eau en aucune manière, ou ne devra déranger le fonctionnement de l'écluse, quais, ou autres constructions sur l'écluse sans le consentement et par l'ordre de l'éclusier ou officier en charge, et toute personne qui se mettra en contravention avec ce règlement, ou entravera le service de l'éclusier ou d'un de ses employés, à cet égard, sera passible d'une amende n'excédant pas quarante piastres chaque fois.

Article 8.—Aucun patron ou personne ayant charge d'un vapeur, bateau ou radeau naviguant dans l'écluse ou ses abords, ne devra y jeter l'ancre, ni amarrer ce vapeur, bateau ou radeau dans l'écluse ou ses abords, ni décharger aucune partie de la cargaison, ou charger quelque fret ou du bois, sans l'ordre formel de l'éclusier ou personne en charge, à défaut de quoi il sera passible d'une amende n'excédant pas quarante piastres, pour chaque infraction.

Article 9.—Personne ne devra construire ou réparer des navires, bateaux ou barges sur un terrain dépendant de l'écluse ou de la propriété de l'Etat sans la permission de l'ingénieur en chef du département des Travaux Publics ou son représentant autorisé, qui désignera un emplacement, à défaut de quoi cette personne sera passible d'une amende n'excédant pas quatre-vingts piastres et pas moindre que quatre piastres, et tout patron de navire et toute autre personne qui fera bouillir du goudron, de la poix, de la résine ou toute autre substance pour radouber un navire ou autre fin sur la propriété de l'Etat, sans la permission de l'ingénieur en chef ou son représentant autorisé, et aux endroits qu'il pourra désigner, sera passible de la même amende de quatre piastres au moins.

Article 10.—Toute personne qui jettera dans l'écluse, ou dans le chenal navigable qui y conduit, une carcasse d'animal ou substance infecte de nature quelconque, ou des pierres, du bois, des branches ou autres rebuts ou obstruera d'une manière quelconque l'écluse, ou le chenal qui y conduit, sera passible d'une amende de deux piastres au moins et de deux cents piastres au plus.

Article 11.—Dans l'écluse et son voisinage, non plus que sur les quais qui en font partie, on ne devra employer de perches à pic ou autre instrument revêtu de fer, sous peine d'une amende de quatre piastres contre le délinquant.

Article 12.—Personne ne devra empiler du bois de construction ou autre, des pierres ou autres matériaux, sur le chemin de halage de l'écluse, ou sur les quais ou autre terrain du gouvernement, sans la permission écrite de l'éclusier ou personne en charge, et personne ne devra tirer ou rouler, pour les jeter dans l'écluse, ou les en tirer par-dessus la levée, du bois de service ou autres matériaux ; et pour chaque infraction à ce règlement, le délinquant sera passible d'une amende n'excédant pas quarante piastres.

Article 13.—Le bois de construction et de corde, les douves, les billots de sciage, traverses de chemin de fer et les espars ne pourront franchir l'écluse sous forme de radeau, sans la permission écrite de l'éclusier, et toute personne contrevenant à ce règlement sera passible d'une amende de vingt piastres. Dans le cas où des radeaux seront admis dans l'écluse avec la permission de l'éclusier, ils le seront aux conditions suivantes :—

Article 14.—Aucun radeau au train de bois traversant l'écluse ne devra excéder 30 pieds en largeur, et 120 pieds de longueur.

(*a.*) Aucun radeau ou train de bois n'approchera un autre radeau ou train à une distance moindre que 200 pieds, si ce n'est pour le dépasser, et il ne sera pas amarré à une distance moindre que 300 pieds de tout autre radeau ou train préalablement amarré.

(*b.*) La traverse d'un couplage (*crib*) de bois de service ne s'étendra à plus d'un pouce de l'arrête extérieure de la pièce latérale de ce couplage.

(*c.*) Chaque radeau ou train de bois détaché devra être muni d'un laissez-passer et se tenir au large de tout navire qu'il passera dans le canal.

(*d.*) Aucun radeau ne pourra rester dans l'écluse ou ses abords sans être amarré, ni être amarré ou arrêté en travers du chenal de manière à obstruer la navigation ; et, tout radeau devra franchir l'écluse sans délai inutile, aux moments et sujet à tous autres règlements que l'éclusier du canal pourra prescrire.

(*e.*) Tout radeau ou train de bois devra, en franchissant l'écluse, être dirigé par deux hommes au moins.

(*f.*) Dans tous les navires, bateaux ou bacs chargés de bois de service, le bois sera empilé de manière à ne point projeter en dehors du plat-bord du navire, bateau ou bac.

(*g.*) Pour chaque infraction aux termes de cet article, le propriétaire du radeau, du navire, bateau ou bac, ou la personne en ayant charge, sera passible d'une amende de dix piastres au moins, et de quarante piastres au plus.

Article 15.—Si un navire, bateau, bac, radeau, une pièce de bois de service, ou toute autre chose, sont laissés dans l'écluse, ou sur le terrain du gouvernement —flottant ou sombré—ou gênant ou pouvant gêner la navigation en aucune manière, dans l'opinion de l'éclusier, ou gênant les travaux en voie d'exécution sur l'écluse, ou si des objets sont trouvés sur le terrain du gouvernement sans être sous la charge de quelqu'un, le propriétaire de ces objets sera passible d'une amende de quatre piastres au moins ; les objets trouvés répondront du paiement de cette amende, et l'éclusier pourra saisir et faire enlever ces objets abandonnés ou non-réclamés, et pourra ultérieurement les faire vendre à l'encan, en donnant deux semaines d'avis public dans le village d'Yamaska, et il versera les produits de la vente entre les mains de la personne désignée pour les recevoir ; ou l'éclusier pourra faire enlever ces objets, en percevant le coût du transport et l'amende imposée, du propriétaire ou de la personne qui réclame ces objets. Pourvu que sur soupçon que le capitaine, ou patron, se propose d'abandonner cette épave, etc., l'éclusier est, par le présent, autorisé à saisir le navire et son contenu et à agir comme dans le cas indiqué plus haut pour les objets sombrés ou abandonnés. Et pourvu aussi qu'avant de faire enlever un navire, bac ou radeau échoué ou sombré, ou aucune partie de ces embarcations, ou leur contenu, dans l'écluse ou sur la propriété du gouvernement, la personne réclamant ce navire, bateau, bac ou radeau, ou aucune partie de ces embarcations, ou tout autre objet, devra donner caution pour le paiement de tous frais et dépens qui auront pu être encourus pour faire enlever l'épave ou autres objets ; cette caution devra être acceptée par l'éclusier, à moins que la dite personne n'ait obtenu de cet officier la permission de faire enlever l'épave.

Article 16.—Si le propriétaire ou les propriétaires d'un objet saisi le réclament avant l'époque de la vente et paient les frais de saisie et de déplacement, la vente n'aura pas lieu.

Article 17.—Pour ce qui concerne la priorité de passage dans l'écluse, il n'y aura plus que deux catégories de bâtiments, savoir :

(*a.*) 1re catégorie—Comprenant les vapeurs dont la machine, etc., est décrite dans le certificat de l'inspecteur des bateaux à vapeur comme pouvant être employée "au transport des passagers," pour les distinguer des vapeurs dont la machine, etc., est décrite dans ce certificat comme pouvant être employée "au transport du fret et des passagers," et de plus les bateaux de marchés.

(*b.*) 2e catégorie—Comprenant tous les autres bâtiments de quelque espèce qu'ils soient.

(*c.*) De ces deux catégories de navires ceux de la première auront priorité de passage sur ceux de la seconde, pourvu que les steamers de la malle, naviguant dans l'écluse aient toujours priorité de passage sur tous autres vaisseaux quelconques ; et toute infraction à la présente clause soumettra le délinquant à une amende de pas moins de quatre piastres et de pas plus de vingt piastres.

(*d.*) Lorsque plusieurs bâtiments ou navires sont réunis, ou attendent pour entrer dans l'écluse, ils doivent se tenir en une seule rangée et à une distance d'au moins 100 pieds de l'écluse ou entrée, et chaque bâtiment ou navire doit, pour y passer, avancer dans l'ordre qu'il occupe sur la file, excepté dans le cas des navires de la première catégorie auxquels priorité de passage est accordée tel que dit ci-dessus.

(*e.*) Dans le cas, cependant, où un navire de la première catégorie pour lequel l'écluse serait tenue ouverte à une heure fixe, manquerait d'y entrer, les navires de la seconde catégorie qui attendent leur tour peuvent se servir de l'écluse et continuer de s'en servir jusqu'à ce que le navire de la première catégorie en retard soit arrivé.

(*f.*) Toute infraction aux dispositions précédentes du présent article rendra le contrevenant passible d'une amende de pas moins de quatre piastres, et de pas plus de quarante piastres.

Article 18.—Tous les navires ou bateaux approchant de l'écluse, tandis qu'un autre navire vient dans la direction opposée, et est entré ou près d'entrer dans la dite écluse, devront être amarrés aux poteaux mis à cet effet sur la berge à une distance d'au moins 100 pieds de l'écluse et devront attendre que le navire franchissant l'écluse soit passé, chaque contravention à ce règlement entraînant une amende de pas moins de quatre piastres, et de pas plus de vingt piastres.

Article 19.—Toutes les fois que des navires ou bateaux se rencontrent aux abords de l'écluse, ceux qui descendent la rivière Yamaska tiendront le côté est du chenal, et ceux qui montent tiendront le côté ouest ou côté de terre de l'écluse, sous peine d'une amende de pas moins de deux piastres, et de pas plus de vingt piastres pour chaque infraction à ce règlement.

Article 20.—Les coins de tous bateaux ou bacs, construits à angle droit, devront être arrondis suivant un cercle d'au moins trois pieds de rayon. Sur tous les bateaux ou bacs les noms ou numéros des propriétaires devront être peints en caractères bien visibles ; ils devront aussi être munis de deux pieux de fer, avec anneaux pour les amarrer comme aux poteaux d'amarrage ; et les bateaux ou bacs portant des légumes ou des marchandises ne pourront être amarrés qu'aux endroits désignés par l'éclusier sur la propriété du gouvernement ; et de chaque côté de ces bateaux ou bacs il devra y avoir des planches, disposées suivant l'ordre de l'éclusier, pour empêcher ces matériaux de tomber dans l'écluse, sous peine d'une amende n'excédant pas cent piastres.

Article 21.—Les navires, bateaux ou barges naviguant dans l'écluse devront avoir leur gouvernail disposé de manière à ne point couper le câble de remorquage des autres navires, bateaux ou barges, sous peine d'une amende n'excédant pas vingt piastres, qu'encourra le propriétaire, patron ou personne en charge.

Article 22.—Les navires, bateaux ou radeaux devront être conduits, dans l'écluse, avec soin de manière à ne pas endommager l'écluse, et toute négligence à cet égard sera punie d'une amende n'excédant pas vingt piastres, en outre des frais de réparation des dommages ainsi causés à l'écluse, à ses portes, ou autres constructions de l'écluse.

Article 23.—Tout navire, bateau ou embarcation naviguant dans l'écluse devra être munie d'au moins deux aussières convenables, l'une à l'avant et l'autre à la hanche, lesquelles, pendant que l'embarcation franchit l'écluse, seront attachées aux poteaux qui se trouvent sur la levée du canal et de l'écluse, et chacun de ces cordages sera sous les soins d'un des hommes de l'équipage, afin de régler la vitesse de l'embarcation à son entrée dans l'écluse, l'empêcher de heurter les portes ou autres parties de l'écluse et l'empêcher de remuer dans l'écluse pendant qu'on vide ou remplit celle-ci, et le propriétaire ou le patron d'une embarcation qui négligera de se conformer au présent article, sera passible d'une amende n'excédant pas quarante piastres, et l'embarcation ne franchira pas l'écluse, si, dans l'opinion de l'éclusier ou autre officier en charge, les cordages susmentionnés sont insuffisants.

Article 24.—Toutes les fois qu'une embarcation franchira l'écluse, le patron de l'embarcation devra fournir deux hommes, au moins, pour faire fonctionner l'écluse, pendant le passage de son embarcation, et tout refus ou négligence à cet égard entraînera une amende de deux piastres, au moins, et de quarante piastres au plus.

Article 25.—Les vaisseaux, bateaux et radeaux susmentionnés répondront des dégâts causés à l'écluse, ou machines employées pour des constructions ou réparation sur l'écluse ou ses abords, ou à toute construction attenante à l'écluse, soit que ces dégâts aient été causés par la négligence ou l'inhabileté du patron ou personne en charge du navire, bateau ou radeau ou par son inattention à observer les règlements de l'écluse, soit qu'ils aient été causés par accident, et toute amende qui sera imposée, en vertu de ses règlements, par l'ingénieur en chef du département des Travaux Publics, ou l'éclusier, et déclarée, par ces règlements, imputable au propriétaire ou patron, ou personne en charge d'un navire, bateau ou radeau comme susdit, soit pour non-paiement des péages, soit pour infraction dûment constatée, et toute somme exigée par l'ingénieur en chef ou personne en charge de l'écluse comme compensation pour dégâts aux constructions, sera garantie par le navire, bateau ou radeau comme susdit ; et l'éclusier est autorisé à saisir et devra saisir et détenir tout tel radeau, navire ou bateau comme susdit avec sa cargaison et tous ses agrès, au risque du ou des propriétaires, jusqu'à paiement des péages, amende ou compensation comme susdit, et à défaut de paiement, la personne en charge de l'écluse pourra faire vendre à l'encan ce navire, bateau ou radeau, après avoir donné deux semaines au moins d'avis de la vente dans un ou plusieurs des journaux publiés dans la ville de Sorel.

Article 26.—Tout navire ou bateau qui aura encouru une amende ou commis des dégâts sur l'écluse ou ses abords, pourra être arrêtée et retenue sur la rivière Yamaska jusqu'à ce que l'amende ou la compensation pour dégâts ait été payée ou qu'on ait donné garantie du paiement comme il est dit plus haut.

Article 27.—Les gardiens, contremaîtres ou autres personnes employés sur l'écluse ne pourront, sans une autorisation écrite du ministère des Travaux Publics ou de l'ingénieur en chef, fournir des attelages, bateaux, voitures, matériaux ou autres pour travaux publics sur l'écluse, ou employer ces attelages, etc., ou passer contrat pour la fourniture de ces matériaux, s'ils appartiennent à un membre de leur famille ; ils ne pourront non plus employer à des usages particuliers des attelages, bateaux, voitures, matériaux ou autres objets appartenant au public. Et aucun employé du ministère des Travaux Publics ne devra avoir d'intérêt direct ou indirect dans les contrats pour main-d'œuvre, matériaux ou autres objets, sur l'écluse, et ne devra, directement ou indirectement, tirer aucun profit des dépenses annuelles faites sur l'écluse et ses abords, en dehors de son salaire annuel ; et il ne devra garder en pension aucun éclusier, contremaître ou manœuvre employé sur l'écluse, ni faire aucun commerce ou négoce quelconque.

Article 28.—Aucun éclusier ou autre employé sur l'écluse ne devra tenir auberge, taverne ou épicerie, ou avoir un intérêt dans un établissement de ce genre, et il ne devra rien vendre aux personnes naviguant sur l'écluse ou avoir un intérêt dans la vente d'aucun article ; et il ne devra être, ni directement ni indirectement, concerné dans la vente de combustible.

Article 29.—Aucun radeau de bois de service ne pourra être amarré sur l'écluse ou ses abords à moins d'être sous la charge immédiate d'un ou plusieurs hommes (suivant la quantité de bois qu'il contient,) sous peine d'une amende de dix piastres, au moins, et de quarante piastres au plus,—et l'officier en charge est, par le présent, autorisé à mettre ce radeau sous la charge d'un ou plusieurs hommes, suivant ce qu'il jugera nécessaire, et pourra saisir et retenir ce radeau jusqu'à ce que les frais ainsi encourus, ainsi que l'amende, aient été payés.

Article 30.—Tous les navires qui, étant la propriété de, ou étant frétés par des concessionnaires d'entreprises pour l'agrandissement ou la réparation de l'écluse et de la rivière Yamaska, sont employés à l'enlèvement des débris ou au transport des matériaux nécessaires à ces travaux, seront admis à passer dans la dite écluse sans qu'il soit payé de péages sur ces navires et leurs cargaisons.

(*e.*) Chaque déclaration semblable sera signée par la personne qui la fait et devra être attestée solennellement devant l'éclusier ou autre officier en charge.

Article 32.—L'éclusier ou autre officier en charge est par le présent autorisé de requérir de tout propriétaire, patron ou autre personne en charge d'un navire, bateau, barge ou radeau entrant dans l'écluse, communication de tout manifeste, acquit de douane, facture, devis, certificat, jaugeage et tout autre papier concernant les navires et leurs cargaisons, ou les radeaux ; mettre pied sur tel navire, bateau, barge ou radeau et constater les cargaisons ou quantités qu'ils contiennent.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture, et avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

DESPATCHES.

[P.C. 1860 H.]

AT THE COURT AT OSBORNE HOUSE, ISLE OF WIGHT,

The 30th day of January, 1893.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by an Order in Council made in pursuance of the Merchant Shipping Act Amendment Act, 1862, and dated the 11th day of August, 1884, Her Majesty, on the joint recommendation of the Admiralty and the Board of Trade, was pleased to direct that on and after the 1st day of September, 1884, the Regulations contained in the Schedule thereto should, so far as regards British ships and boats, be substituted for the Regulations contained in the First Schedule to an Order in Council made as aforesaid, and dated the 14th day of August, 1879;

And whereas by two Orders in Council made in pursuance of the said Act, and on such joint recommendation as aforesaid, and dated respectively the 30th day of December, 1884, and the 24th day of June, 1885, certain modifications and additions were made to the said Regulations contained in the Schedule to the said recited Order in Council of the 11th day of August, 1884, as regards British fishing vessels and boats;

And whereas by another Order in Council made in pursuance of the said Act and on such joint recommendation as aforesaid, and dated the 18th day of August, 1892, certain modifications and additions were made to the said Regulations contained in the Schedule to the said recited Order in Council of the 11th August, 1884, as regards Steam Pilot vessels;

And whereas by the said Regulations contained in the Schedule to the said Order in Council of the 11th day of August, 1884, it is amongst other things provided as follows:—

Art. 3.—A sea-going steam-ship when under way shall carry—

(*a*) On or in front of the foremast, at a height above the hull of not less than 20 feet, and if the breadth of the ship exceeds 20 feet, then at a height above the hull not less than such breadth, a bright white light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass, so fixed as to throw the light 10 points on each side of the ship, viz., from right ahead to two points abaft the beam on either side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles.

(*b*) On the starboard side, a green light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible on a dark night with a clear atmosphere, at a distance of at least two miles.

(*c*) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

(*d*) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

Art. 15.—If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on, to the other; in other words, to cases in which by day, each ship sees the masts of the other in a line, or nearly in a line, with her own; and by night to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day, to cases in which a ship sees another ahead crossing her own course; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other; or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

And whereas there has been doubt or misapprehension concerning the effect of the said two articles, and whereas the Admiralty and the Board of Trade have jointly recommended to Her Majesty to make the following additions to the said Regulations for the purpose of explaining the said recited Articles, and of removing the said doubt or misapprehension,—

Now, THEREFORE, Her Majesty, by virtue of the powers vested in Her by the said Act, and by and with the advice of Her Privy Council, is pleased to direct that from the date of this Order the Regulations contained in the Schedule to the said Order in Council of the 11th day of August, 1884, shall be further modified by the addition to the said recited Article 3 of the provisions contained in the Schedule hereto.

HERBERT M. SUFT.

—

SCHEDULE.

(*e*) To ensure that the red and green side lights shall show an uniform light from right ahead of the ship to two points abaft the beam on the port and starboard sides respectively, and shall not show across the bow of the ship itself, the said lights must be fixed and the screens fitted so that the rays from the red and green lights shall cross the line of the ship's keel projected ahead of the ship at a reasonable distance ahead of the ship.

With regard to all vessels whose lights are inspected by the officers of the Board of Trade the red or green side light will not be deemed to be fixed and fitted in accordance with the Regulations unless it is so fixed and screened that a line drawn from the outside edge of the wick to the foremost end of the inboard screen of such light shall make an angle of 4 degrees, or as near thereto as may be practicable, with a line drawn parallel with the keel of the ship from the outside edge of the wick. 47–4

And whereas by the said Regulations contained in the Schedule to the said Order in Council of the eleventh day of August, one thousand eight hundred and eighty-four, it is amongst other things, provided as follows, namely:—

Article 9.—A pilot vessel, when engaged on her station on pilotage duty, shall not carry the lights required for other vessels, but shall carry a white light at the masthead, visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

A pilot vessel, when not engaged on her station on pilotage duty, shall carry lights similar to those of other ships.

And whereas, the Admiralty and the Board of Trade have, in pursuance of the said recited Act, jointly recommended to Her Majesty that the said Regulations contained in the Schedule to the said Order in Council of the eleventh day of August, one thousand eight hundred and eighty-four, should be further modified by adding to the said recited Article 9 thereof the provision contained in the Schedule hereto,—

Now, THEREFORE, Her Majesty, by virtue of the powers vested in Her by the said Act, and by and with the advice of Her Privy Council, is pleased to direct that from the date of this Order the Regulations contained in the Schedule to the said Order in Council of the eleventh day of August, one thousand eight hundred and eighty-four, shall be further modified by the addition to the said recited Article 9 thereof of the provisions contained in the Schedule hereto.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 18th May, 1893, from the Acting Minister of Marine and Fisheries stating that application in writing has been received from the owners of the barque "Hrvat" of Yarmouth, N.S., for permission to change the name of the vessel to "Oak."

The Minister further states that this vessel was formerly under the Austrian Registry and the name "Hrvat" is a foreign one and is a difficult word to English people.

The Minister, therefore, recommends that permission be given to change the name of the vessel to "Oak" under the authority contained in the 21st section of chapter 72 of the Revised Statutes, and that notice of the change be published in the *Canada Gazette*.

The Committee submit the same for Your Excellency's approval.

The Minister states that his attention has now been called to the fact that Form F, in the schedule to the Act, being the form of application for a homestead entry by an agent should have been amended in like manner, and he therefore, now recommends that, under the authority of clause 98 of the Dominion Lands Act, Form F, in the schedule to the Dominion Lands Act be amended by adding thereto the declaration required by sub-clause 1 of clause 32 of the said Act in accordance with the draft form hereto annexed.

[1469]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 17th day of May, 1893.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a report dated 12th of May, 1893, from the Minister of the Interior, stating that in the summer of 1890, a number of tracts of lands in the Lethbridge District were selected for the School Endowment, in lieu of certain School Sections included in the land grant to the North West Coal and Navigation Company, under the authority of the Order in Council of the 18th of January, 1889, and of the Act 49 Vic., chap. 12, which latter provided that the lands to be granted to the company should consist of alternate townships and should include the School Section therein, the School Endowment to be compensated by the selection of other lands in lieu thereof. Among the lands so selected was the portion of Section 7, lying east of the Pot Hole River, in Township 6, Range 21, West of the 4th Meridian. The Agent of Dominion Lands was duly advised of this selection by letter of the 27th of November, 1890, but notwithstanding this, apparently by an oversight, he gave a homestead entry on the 23rd of January, 1893, to one James Pierce, for the portion of the north-east quarter of Section 7, before referred to, lying east of the Pot Hole River, and at the same time forwarded Mr. Pierce's application to purchase the portion of the north-west quarter lying east of the same river.

The Minister observes that from the affidavit made by Mr. Pierce in support of his application for homestead entry, it appears that he settled on the land in question in March, 1889, prior to its being set apart for the purposes of the School Endowment. The Agent in forwarding the application states that M. Pierce has improvements on the land in question, and a building worth $1,000.

The Minister, in view of the facts, and since the land in question does not form part of either Section 11 or Section 29, which are set apart by Act of Parliament for the School Endowment, but are lands selected by the Department of the Interior in lieu thereof, sees no objection to its being withdrawn from the School Endowment in order that the homestead entry which Mr. Pierce has obtained in good faith may not be disturbed, and he therefore recommends that a notice be published in the *Canada Gazette*, announcing that the portion of Section 7, east of the Pot Hole River in Township 6, Range 21, west of the 4th Meridian, is released from the reservation of land for School Endowment and becomes again Dominion Lands, other land being taken in lieu thereof as School land.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
50-4 Clerk of the Privy Council.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a report dated 28th April, 1893, from the Minister of the Interior, stating that an application has been made by the Department of Indian Affairs for a grant of certain lands, comprising 15 acres in Section 35, Township 14, Range 27 west of the 6th Meridian, for the purposes of an Indian Industrial School, near Lytton, British Columbia.

The Minister further states that the land in question was formerly held under lease by the Bishop of British Columbia from the Government of that province for Mission purposes, and in a letter addressed to Mr. Vowell, Indian Superintendent for British Columbia, His Lordship recommends it as being specially suitable for the purposes of the proposed school.

The Minister, in view of the purpose for which the land is desired, sees no objection to acceding to the request of the Department of Indian Affairs, and he therefore recommends that the 15 acres in question (which are more particularly described hereafter) be transferred to the Department of Indian Affairs for the purposes of an Indian Industrial School, that is to say:—

That certain tract or parcel of land situate in Legal Subdivision 16, in Section 35, in Township 14, Range 27 west of the 6th Meridian, according to a plan of said Township signed by E. Deville, Surveyor General, on the 30th day of August, 1892, and of record in the Department of the Interior, which tract or parcel of land may be more particularly described as follows:—

Beginning at a point perpendicularly westerly distant one chain and 28 links from a point on the east boundary of the said Section 35, distant 64 chains and 46 links from the south-east corner of said Section ; thence northerly parallel to the east boundary of said Section a distance of 10 chains ; thence westerly perpendicular to the last course a distance of 16 chains and 10 links ; thence southerly perpendicular to the last course, a distance of 9 chains ; thence easterly perpendicular to the last course, a distance of 11 chains and 10 links ; thence southerly perpendicular to the last course a distance of 1 chain ; thence easterly perpendicular to the last course a distance of 5 chains, more or less, to the point of beginning, containing an area of 15 acres, be the same, more or less.

The Committee submit the same for your Excellency's approval.

JOHN J. McGEE,
50-4 Clerk of the Privy Council.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in virtue of the provisions of "The Public Works Act," chapter 36 of the Revised Statutes, and chapter 98 of the Revised Statutes, intituled "An Act respecting Tolls on Government Works for the transmission of Timber," and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following rules and regulations for the management, maintenance, proper use and protection of the Government timber slides and other works constructed to facilitate the transmission of timber, lumber and saw-logs on the St. Maurice River and its tributaries, and for the collection of tolls and dues for the use of the same, and to impose and authorize the collection upon the said works of the tolls and dues hereinafter mentioned, such rules, regulations, tolls and dues to be in lieu of all rules, regulations, tolls and dues heretofore in force or imposed in respect of such works.

JOHN J. McGEE,
Clerk of the Privy Council.

REGULATIONS.

NOTE.—The words "rafts or parcels of timber" wherever occurring in these regulations shall be held to mean saw-logs, railroad ties and all other kinds of wood goods.

Section 1.—The Government Slides, Booms and other works connected therewith in St. Maurice District shall be under the control and management of the Superintendent of the Works for that district, or in case there should be no superintendent, or in the absence of such an officer, under the control and management of some other officer duly appointed by the Minister of Public Works; and these officers, and no others, shall have the power of regulating the supply of water required for the passage of timber, of allotting the space for rafting or mooring timber, of determining the quantity of timber that may pass daily through the slide or booms, of awarding the amount that may be due by the owner or owners of timber or persons in charge thereof for damages that may have been done to any of the works, of imposing fines or penalties for any violation of the Slide Regulations, of seizing the timber, and of detaining or selling the same at public auction, as hereinafter provided, and of recovering the said dues, penalties or damages, when the owners of timber or persons in charge thereof refuse or neglect to pay the same; and the orders of the said Superintendent of the Works, or other officer duly appointed as aforesaid, must in all cases be obeyed by the owners of timber or their employees, who in case of refusal or neglect to obey such orders, shall be subject to the fines or penalties hereinafter imposed, as the case may be.

Section 2.—The owner of every parcel of squared timber, saw-logs or other timber proposed to be passed down the River St. Maurice through any of the works constructed thereon shall give notice in writing to the Superintendent of Public Works on the said river, eight full days at least before the period appointed for driving the same, giving the approximate number of pieces and timber marks and specifying the section or sections of the river such timber is to be driven from, whether or not it is to be driven to the mouth of the river, and if not, where it is intended to be stopped, under a penalty, in default of giving such notice, of not less than four dollars and not exceeding twenty dollars.

Section 3. On the arrival of any description of timber at or near any of the slides, booms or works, the owner thereof or person in charge of the same shall immediately send a sufficient number of men to pass said timber through the said slides, booms or works, and shall not allow the timber to accumulate at the head of the said slides, booms or works, or to obstruct the passage of other timber to or from the said slides, booms or works; and if a "jam" of any description of timber takes place in any of the said slides, booms or works, or near the same, the owner or person in charge shall at once remove the "jam" or obstruction, under the direction of the Superintendent or officer acting in that capacity; and in case the owner or person in charge of said timber should refuse or neglect to remove the same within forty-eight hours, the said Superintendent or officer, or person by him authorized in that behalf, shall have the power of removing the same at the proper costs, risk and expense of the owners thereof, who shall be subject to a penalty of not less than fifty dollars and not more than one hundred dollars for every day during which their timber shall obstruct the passage of other timber, over and above the amount that may be awarded by the Superintendent of the works, as well for the expenses of removing the same as for any damage that may have been done in consequence of such refusal or neglect.

Section 4.—No raft or parcel of timber shall be moored or banded up nearer to the entrance to or the outlet of any of the slides, booms or works than the berths pointed out by the Boom Master or officer acting in that capacity; and when permission shall be granted to the owners or persons in charge of any raft or parcel of timber to place any pocket boom, raft or timber in or near the said slides, booms or works, the owners or persons in charge of such raft, timber or pocket boom shall not in any case take any more or other place than the berth or berths allotted by the Boom Master, or other officer in charge of the works, and shall at any time, when directed so to do, move the said rafts, timber or pocket booms from place to place, or remove the same entirely, as soon as required so to do by the said Boom Master or other officer in charge of the works, under a penalty of not less than twenty dollars and not more than fifty dollars in case of refusal or neglect on the part of the said owners or persons in charge of timber, rafts or pocket booms to comply with the requirements of this section.

Section 5.—The owner or owners, or persons in charge of any raft or parcel of timber shall, before removing the same from any slide, boom or public work connected therewith, subscribe and deliver to the said Superintendent, or other officer, as the case may be, duly appointed as aforesaid, an acknowledgment in duplicate, certifying the number and description of cribs or of pieces of timber so passed, and shall pay the slide and boom dues, or secure the same to the satisfaction of the Collector of Slide and Boom Dues, under a penalty of not less than twenty dollars and not more than two hundred dollars, and shall further pay double the amount of dues which would otherwise be payable, on any raft or parcel of timber passing such work without such acknowledgment.

Section 6.—The Collector of Slide and Boom Dues, or any person or persons duly authorized by him in that behalf, shall, at all hours during the day, have free access, and full power and permission to enter and remain as along as he or they may see fit upon any raft or parcel of timber, for the purposes of examining the same, and every facility shall be afforded him or them for ascertaining the number of cribs or the number of pieces and description of timber of which the same is composed, and any person obstructing the Collector of Slide and Boom Dues, Boom Master, or other persons duly authorized as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than fifty dollars and not more than two hundred dollars.

Section 7.—The owner, as well as the person in charge of any raft or parcel of timber, shall be held responsible for any injury or damage done to the slides, booms, piers, or other works connected therewith, by any of the parties in their employment; and it shall and may be lawful for the Superintendent, Boom Master, or officer acting in that behalf, to seize and detain such raft or parcel of timber until the injury so done shall be repaired, or until security to his satisfaction shall have been given for such amount as shall be awarded on account of such damage; and any and every person interfering with the management or supply of water, or with any of the duties of the said Boom Masters or officers acting in that capacity, without having been duly authorized by them so to do, and any and every person doing injury or damage, as aforesaid, to any of the Government slides, or to the booms, slides, gates or piers connected therewith, or aiding or assisting in doing such injury or damage, shall, for the first offence, incur a penalty of not less than twenty dollars and not more than one hundred dollars, over and above payment of the amount which may be awarded for such damages; and for the second and every subsequent offence, shall incur a penalty of not less than one hundred dollars and not more than two hundred dollars, over and above payment of such damages, the amount of which damage shall, in each case, be ascertained and determined by the Superintendent or officer in charge of the slide, boom or work.

Section 8.—It shall be competent for the Collector of Slide and Boom Dues, his deputy or deputies, assistant, or assistants, or persons duly authorized by him, to enter upon, seize and detain, at the risk, costs and charges of the owner or owners thereof, any raft or parcel of timber which shall have been moved away from any of the slides, booms or works, without the dues thereof, the amount awarded for damages, or the fines or penalties, if any, being first paid or secured to his satisfaction, and any and every person obstructing the Collector of Slide and Boom Dues, or other person or persons duly authorized, as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than twenty dollars and not more than two hundred dollars.

Section 9.—Rafts, cribs, and every description of timber shall be held liable for the dues, damages and penalties imposed under these Regulations; and the Superintendent or other duly appointed officer is hereby authorized and required to seize and detain any such raft, crib or parcel of timber until payment of such dues, damages and penalties is made, or until the owner or person in charge shall have given satisfactory security for the payment thereof, within thirty days after the same shall have been declared to be incurred or shall have been demanded; and, in default of such payment being made within the said term of thirty days, then the said Superintendent, or officer, may proceed to sell by public auction any such raft, crib or parcel of timber; but at least two weeks notice of the day of the intended sale by auction shall, in the meantime have been given and have been duly inserted in one or more of the public newspapers published at the City of Three Rivers, and a copy of such notice shall also have been placarded during the same time (two weeks before the intended sale) in a public and conspicuous place at or near the said works where the raft, crib or timber is lying, and at the City of Three Rivers; and if the costs attendant on such auction sale, as well as all other costs, damages and penalties imposed or awarded, cannot be realized from the timber so seized and sold, the same shall be recoverable from the owner of said raft, crib or parcel of timber.

Section 10.—The owner or person in charge of every such lot of squared timber, saw-logs or other timber, shall, when the same reaches its destination on the St. Maurice, or before, if required by the Superintendent, subscribe and deliver to the said Superintendent, or to such person as he may authorize in that behalf, an acknowledgment in duplicate, certifying the number and description of sticks or logs passed or driven through any of the said works, and specifying the name and designation of the owner thereof, together with the marks distinguishing such timber, and such other particulars as may be required for the identification thereof; and any person who, having passed or driven any parcel of timber through any of the said works, shall refuse or neglect so to give such acknowledgment, or who, in giving the same, shall make a false statement, either as to the number or description of the timber so passed or driven, or as to the place of its departure or destination, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars; and shall further pay, on every parcel of timber so passed or driven without such acknowledgment, or in relation to which any such false statement is made, double the amount of dues which would otherwise have been payable thereon.

Section 11.—The dues leviable on all parcels of square timber, saw-logs or other timber passing down the said river, according to the schedule of rates hereunto annexed, shall be payable immediately on the arrival of such timber or saw-logs at the booms at the mouth of the River St. Maurice, or at such intermediate place as they may be destined for, and no person shall remove any such parcel of timber until such dues have been paid or secured to the satisfaction of the Collector, under a penalty of not less than forty dollars and not exceeding two hundred dollars.

Section 12.—The owner, as well as the person in charge of any parcel of timber, shall be held jointly and severally responsible for any injury or damage done to any of the slides, dams, booms, piers or other public work on the said River St. Maurice, by any of the parties in the employment of such owner or person in charge, and it shall and may be lawful for the said Superintendent, or other person acting for him, to seize and detain such parcel of timber until the injury so done shall be repaired, or until satisfactory security shall have been given for the payment of the amount at which injury or damage shall be estimated by the Superintendent.

Section 13.—Every person who shall wilfully do any injury or damage to any of the slides, or to any of the booms, dams, piers or other public works on the said River St. Maurice, and every person who shall aid or assist in so doing any such injury or damage, shall, for every such offence, incur a penalty of not less than one hundred dollars and not exceeding two hundred dollars, over and above the amount at which such injury or damage shall be estimated by the Superintendent, as hereinbefore provided.

Section 14.—The owner of any parcel of square timber, saw-logs, or other timber conveyed down the River St. Maurice, shall, during the passage thereof, keep a sufficient number of men stationed at every slide and boom and also at every other point which the said Superintendent may indicate, to prevent all such damage to the works or obstruction in the river as might arise from the accumulation of logs or other timber against the booms, or in the channels or bends of the river, or from logs or other pieces of timber escaping under the booms or going over them.

Section 15.—The number of men required at each station shall be regulated by the said Superintendent, who is hereby empowered to employ at the cost and charges of the owners of the timber, saw-logs, etc., the number of men necessary to pass the same in safety over or through such station, when the owner of such timber, saw-logs, etc., has failed to supply such men at the time required by the Superintendent, and any owner or person in charge of such logs who shall neglect or refuse to comply with this regulation shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars, over and above the payment of the amount at which any injury or damage so done to the works may be estimated by the Superintendent.

Section 16.—No person in charge of timber held in the retaining boom at Shawenegan Bay or other station shall allow the same to be put or passed out of the boom, except under the direction of the said Superintendent, or of such person as he may authorize in that behalf, who shall regulate the descent of timber and the time of passing it out; and any person in charge of such timber who shall refuse or neglect to stop the running out of logs at the boom at Shawenegan Bay or other station when directed to do so by any such officer, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars, in addition to the amount at which any injury or damage done to the works, by reason of such neglect or refusal, shall have been estimated by the Superintendent.

Section 17. The owner or person in charge of any squared timber, saw-logs, or other timber passing down the St. Maurice, shall, from the time when the same shall approach its destination on the said river, until all such timber shall have been passed through the booms, keep a sufficient number of men stationed at such booms to prevent any obstruction or damage to the works, which might arise from any undue accumulation of such timber against the booms or in the gates thereof; and every owner or person in charge of such timber shall furnish at least the number of men required by the Superintendent or person duly authorized by him in that behalf, and shall pass out such timber at the places, at the time and in the manner directed by such Superintendent or person duly authorized by him as aforesaid; and any owner or person in charge of such timber, who shall neglect or refuse to comply with this regulation, shall incur a penalty of not less than twenty dollars and not exceeding two hundred dollars, over and above the amount at which any damage done to the works, by reason of such neglect or refusal, shall be estimated by the said Superintendent. And in the event of such refusal or neglect to comply with this regulation, it shall be lawful for the Superintendent to open such booms to free them from over-pressure, or delaying the drives of others, and the owner of any timber or saw-logs shall not have recourse against the Government for any damages caused by their logs, etc., being so allowed to pass their original point of destination.

Section 18. Any person who shall tie or fasten, or cause to be tied or fastened, any raft or crib to any of the said booms on said River St. Maurice, or who shall make or cause to be made any crib frames, or who shall cut or chop, or cause to be cut or chopped, any timber or wood on any of the said booms, shall incur a penalty of not less than twenty dollars, and not exceeding two hundred dollars.

Section 20.—Should the owner or person in charge of any parcel of timber, or saw-logs, fail, or neglect to provide the number of men indicated by the Superintendent, or other duly authorized officer, under these regulations, the said Superintendent may employ the required number of men at the expense of the owner of the timber, saw-logs, etc., and the expense so incurred shall be a first lien on the said timber, saw-logs, &c., which may be seized and detained by the said Superintendent or other authorized officer until all such charges or expenses so incurred shall be paid, or they may be collected in the same manner as is provided by law for the collection of ordinary slide and boom dues.

Section 21.—Every saw-mill owner or person in charge of or operating a saw-mill, and every other person dealing in timber, saw-logs, sawn timber or other wood goods, shall furnish to the Collector of tolls and dues on or before the first day of September in each year, a statement upon oath or solemn declaration under the statute in that behalf and upon a printed form which will be furnished by the Collector on application, showing the undermentioned particulars as to all such goods made or acquired by him excepting square timber sent in rafts to Quebec, during the preceding lumbering season and up to the said date or from the end of the period covered by the last preceding report under this or the following sections, and on or before the first day of November in each year, a similar statement as to all such goods made or acquired by him subsequent to the first day of September or date of previous return. Section 1.—The master or person in charge of any vessel, steam-boat, scow or raft, navigating this lock, shall immediately upon or before entering it, obtain a clearance for such vessel, boat or raft, as aforesaid, at the Lock Master's office ; in default thereof the Lock Master shall not permit such vessel, boat or raft to pass through the lock, and the owner or master in charge thereof shall be subject to a fine not exceeding twenty dollars ; and the Lock Master or other officer duly appointed shall have the right any time to board any vessel, boat or scow when necessary in order to check, verify any pass or manifest of such vessel, boat or scow, and any master or person in charge of any such vessel, boat or scow, who shall obstruct and prevent any officer in such discharge of his duty shall be subject to a penalty not exceeding forty dollars.

Section 2.—Every vessel or boat navigating the lock shall be correctly and distinctly marked and gauged in feet and inches at the bow, amidship and stern, showing the exact draft of the water drawn by each portion of the vessel or boat, neither of which will be allowed to enter the lock drawing more than seven feet of water, and the master or person in charge of the same who shall proceed into the lock in violation of this regulation shall be subject to a fine not exceeding one hundred dollars, and to detention until the said fine is paid and the vessel properly lightened. They shall be supplied with a horn, bell or steam-whistle, which it shall be the duty of the person in charge to sound or cause to be sounded at least one quarter of a mile or fifteen minutes before entering the lock, under a penalty of not less than two dollars and not exceeding twenty dollars.

Section 3.—Every vessel or boat navigating the lock, or the navigable channel of the River Yamaska, between the village of St. Aimé and Lake St. Peter, whether under way or at anchor, or passing through the lock, or lying moored in the lock, shall during the night show a conspicuous light at the bow or stern ; a light shall also be exhibited at each end of every raft passing through or lying in the navigable channel of the river or lock at night, as aforesaid, and the person in charge of any such vessel, boat or raft, who shall neglect to cause such lights to be shown, or the owner of any such vessel, boat or raft, shall incur a penalty of not less than four dollars and not exceeding forty dollars.

Section 8.—No master or person in charge of any vessel, boat or raft navigating the lock or its approaches shall cast anchor in the same, nor fasten, nor moor any such vessel, boat or raft, whilst in the lock or approaches, nor discharge any part of their cargo, or take in any lading or wood without the express permission of the Lock Master or person in charge, under a penalty of not less than four dollars, nor exceeding forty dollars for each and every offence.

Section 9.—No person shall build or repair vessels, boats or barges in the lock or on Government property, unless with the permission of, and at such places as the Chief Engineer of the Department of Public Works, or his authorized representative may point out, under a penalty of not less than four dollars nor more than eighty dollars, and the master of any vessel or person whatsoever who shall boil or heat tar, pitch, turpentine, resin, or grease, for graving or paving a vessel, or for any other purposes, on the Government property except with the permission of and at such places as the Chief Engineer or his authorized representative may point out, shall incur a like penalty of not less than four dollars.

Section 10.—Any person or persons who shall throw into the lock or in the navigable channel of its approaches, any carcass or dead animal, or putrid substance of any kind, or stones, ballast, timbers, brush or other rubbish, or in any manner obstruct the lock and its approaches, shall incur a penalty of not less than two dollars and not exceeding two hundred dollars.

Section 11.—No pike-poles or other instruments shod with iron shall be used in or about the lock or wharves in connection thereto, under a penalty of four dollars against the person offending.

Section 12.—No person or persons shall pile wood, or place timber, logs, stones or other materials upon the towing path of the lock, or upon the wharves, piers and other Government grounds, without the permission in writing of the Lock Master or person in charge, and no person shall roll or draw from or into the lock, or over the side of any embankment, any log, timber or other material; and every violation of this regulation shall subject every person so offending to a penalty not exceeding forty dollars.

Section 13.—Timber, cordwood, staves, saw-logs, railway ties and spars shall not be allowed to pass into or through the lock in raft, without the permission of the Lock Master; and every person offending against the regulation shall be subject to a fine of twenty dollars. In case rafts be admitted into the lock with the permission of the Lock Master, they shall be governed by the following regulations:—

Section 14.—No raft or tow of timber passing through the lock shall exceed 30 feet in width and 120 feet in length.

(*a.*) No such raft or tow of timber shall approach any other raft or tow of timber nearer than 200 feet, unless for the purpose of passing, or to be moored nearer than 300 feet, to any other raft or tow of timber which shall be first moored.

(*b.*) No traverse in any crib or timber shall extend within one inch of the outer edge of the outside piece of such crib of timber.

(*c.*) Every separate raft or tow of timber shall be provided with a clearance, and shall lie over on the off side when passing any vessel in the lock.

(*d.*) No raft shall be allowed to lie unmoored in the lock or its approaches, or be moored or allowed to lie in any manner across the channel to obstruct the navigation; and every raft or tow of timber shall be conducted through the lock without any unnecessary delay, at such time only, and under such further regulations as shall be appointed by the Lock Master.

(*e.*) Every raft or tow of timber, when passing through the lock, shall have at least two men in charge thereof.

(*f.*) In all cases of vessels, boats or scows loaded with lumber, it shall be so stowed as not to project beyond the gunwale of the vessel, boat or scow.

(*g.*) Every violation of any of the provisions of this section shall subject the owner, person or persons in charge of such tow or raft, or last mentioned vessel, boat or scow, to a penalty of not less than ten dollars, and not exceeding forty dollars.

Section 15.—Should any vessel, boat, scow, raft, piece of timber or other matter be left abandoned in the lock or on the Government property, floating or sunken, or in any measure incommoding or likely, in the opinion of the Lock Master, to incommode the navigation, or to interfere with the improvements or works of the lock, or should any articles be found upon the Government property not under the charge of any person, the owner thereof shall be subject to a fine of not less than four dollars; which fine shall be held against the property so found, and the Lock Master may seize and remove any such unclaimed or abandoned property and may afterwards sell the same at public auction on giving two weeks written or printed notice, at the Village of St. Michel d'Yamaska, and shall pay the proceeds of the sale into the hands of the person appointed to receive it, or the Lock Master may cause such property to be removed, levying the cost attendant thereon, as well as the fine so imposed, upon the owner or person claiming such property. Provided, also, that upon suspicion that the Captain or Master intends to abandon such wreck, &c., the Lock Master is hereby authorized to seize the same as hereinbefore provided in case of sunken or abandoned property, and provided, also, that before removing any vessel, boat, scow or raft wrecked or sunken, or any part thereof, or the contents thereof in the lock, or any property left on the Government property, the person or persons claiming such vessel, boat, scow or raft, or any portion thereof, or such property, shall give security for the payment of all costs and expenses that may be incurred by and from the removal of such wreck or abandoned property or any part thereof; such security to be approved of by the Lock Master, unless such person or persons shall have obtained leave from that officer to remove the same.

Section 16.—If the owner or owners of any property so seized shall appear and claim the same before the time of sale, and pay the fine, the cost of seizure and expense of removal, no sale shall take place.

Section 17.—As regards priority of passage through the lock, there shall be only two recognized classes of vessels, viz:—

(*a.*) *First Class.*—Composed of vessels whose machinery is described in the certificate of the Steam-boat Inspector as suitable to be employed "in the carriage of passengers," in distinction to steamers whose machinery, etc., is described in such certificate as suitable to be employed "in the carriage of freight and passengers," also market steamers.

(*b.*) *Second Class.*—Composed of all other vessels, of what kind soever they may be.

(*c.*) Of these two classes of vessels, those of the first class shall have priority of passage over those of the second class, provided that Mail Steamers navigating the lock shall always have priority of passage over all other vessels whatsoever; and any violation of this clause shall subject the offending party to a penalty of not less than four dollars nor exceeding twenty dollars.

(*d.*) When several boats or vessels are lying by, or are waiting to enter the lock, they shall lie in single tier and at a distance of not less than 100 feet from the lock or entrance; and each boat or vessel, for the purpose of passing through, shall advance in the order in which it may be lying in such tier, except in the cases of vessels of the first class, to which priority of passage is granted as above.

(*e.*) Should, however, any first class vessel, for which, at a certain fixed hour, the lock is kept clear, not then enter the lock, vessels of the second class, which may be in waiting, shall immediately have the use of the lock, and continue so to use it until the delayed first class vessel arrives.

(*f.*) Any violation of the foregoing provisions of this section shall subject the offending party to a penalty of not less than four dollars, and not exceeding forty dollars.

Section 18.—All vessels and boats approaching the lock while any other vessel, going in the contrary direction, is in or about to enter the same, shall be stopped and made fast to the posts or rings placed for that purpose, not nearer than 100 feet from the lock, and remain there until the vessel going through the lock shall have passed, under a penalty for such offence, of not less than four dollars, and not exceeding twenty dollars.

Section 19.—In all cases of vessels or boats meeting in the approaches of the lock, the vessels descending the River Yamaska shall keep the east side of the channel, and the ascending vessels the west or shore side of the lock, under a penalty of not less than two dollars and not exceeding twenty dollars for every offence against this section.

Section 20.—The corners of all boats or scows built with square heads shall be rounded off to a radius of not less than three feet. All such boats or scows shall also have their owner's names or numbers prominently painted on the sides or stern, and they shall also be provided with two iron stakes with rings, to which to make fast when not moored to snubbing posts; and in the case of boats and scows taking in vegetables or merchandise, it shall be only at such places on the Government property as the Lock Master shall permit, and they must have such guards or trip boards on the sides, to prevent such materials falling into the lock or its approaches, as the Lock Master may require, under a penalty not exceeding one hundred dollars.

Section 21.—Every vessel, boat or barge navigating the lock shall have its rudder so constructed as not to catch or cut the tow-rope of any other vessel, boat or barge ; under a penalty not exceeding twenty dollars to be incurred by the owner, master or person in charge.

Section 22.—Every vessel, boat and raft shall be conducted into, through and out of the lock in a careful manner, so as to do no injury to such lock ; and for every neglect of this regulation the owner or master shall pay a fine not exceeding twenty dollars, in addition to the cost of repairing any injury that may be done to the lock, or its gates or other works of the lock.

Section 23.—Every vessel, boat or craft navigating the lock shall be provided with at least two good and sufficient hawsers or check ropes, one at the bow and one at the quarter, which, on passing or entering the lock, shall be made fast to the snubbing posts or rings on the lock and piers or wharves, and each rope shall be attended by one of the boat's crew, to check the speed of the vessel while entering the lock, and to prevent its striking against the gates or other parts of the lock, and to keep it from moving about in the lock, while the lock is being filled or emptied ; and the master or owner of any vessel or boat who shall neglect to comply with this section shall be liable to a fine not exceeding forty dollars, and the vessel or boat shall not be permitted to pass if in the opinion of the Lock Master or other officer duly appointed the lines are considered insufficient.

Section 24.—Whenever any vessel or other craft shall be passing through the lock, the master or person in charge shall furnish two, at least, of his boat's crew to assist in working the lock, to pass his own vessel through it ; and the refusal or neglect of such master or person in charge to furnish such assistance shall subject the said master or person in charge to a fine of not less than two dollars, nor more than forty dollars.

Section 25.—All vessels, boats or rafts as aforesaid, shall be held liable for any injury or damage they may do to the lock, or machinery used in making repairs or in executing works upon the locks or approaches, or to any building adjoining the lock, whether the same arises from the fault, neglect or mismanagement of the master or person in charge of such vessel, boat or raft or from his inattention to the lock regulations, or from accident ; and every penalty which may be duly imposed, under these regulations, by the Chief Engineer of the Department of Public Works or the Lock Master and declared in these regulations as against the owner master, navigator or person in charge of any vessel, boat or raft as aforesaid whether the same be for non-payment of tolls, or for the fine duly imposed, or for any sum demanded by the Chief Engineer, or person in charge of the lock, as compensation for any injury done, shall be chargeable upon such vessel, boat or raft as aforesaid ; and the Lock Master is authorized and required to seize and detain any such raft, vessel or boat as aforesaid, with her cargo and appurtenances, at the risk of the owner or owners until payment of such tolls, penalty or compensation as aforesaid, and in default of such payment thereof, the person in charge of the lock may proceed to sell by auction any such vessel, boat or raft, after having first given two weeks notice of the day of such intended sale, such notice to be inserted in one or more of the public newspapers, published in the Town of Sorel, at least two clear weeks prior to the day of the sale.

Section 26.—Any vessel or boat that shall incur any fine, or do any injury to the lock approaches, may be stopped and detained upon the River Yamaska, until the fine or compensation for injury done shall be paid, or until security be given for the payment thereof, in the manner above mentioned.

Section 27.—No lock man, foreman or other person employed on the lock, shall without the written permission from the Department of Public Works or Chief Engineer, furnish any teams, boats, materials or other things for the use of the public or of the lock, or employ or contract for the same when owned by any member of his family on the lock, or employ any team, boat, material or other thing belonging to the public, for any private use or purpose. And no officer on the lock or persons holding any appointment under the Department of Public Works shall either directly or indirectly be interested in any contract for labour, materials or other things connected with the lock, and shall not, either directly or indirectly, derive any benefit from the annual expenditures on the lock and its approaches, beyond his established compensation, nor shall he be in any way interested in boarding any lock-tender, foreman or labourer on the lock, nor shall he sell any property or article of any kind whatsoever.

Section 29.—No raft of timber shall be allowed to be moored in the lock or along its approaches, unless it be placed under the immediate charge of one or more men (according to the quantity of timber it may contain) under a penalty of not less than ten dollars, and not exceeding forty dollars, and the officer in charge is hereby authorized to place in charge of such raft or tow of timber, one or more men, as may seem to him necessary, and may seize and detain such raft or tow of timber until the expense incurred thereby, as well as the fine, be paid.

Section 30.—All vessels owned or chartered by persons having contracts for the enlargement, repairs or improvements of the lock and the River Yamaska, and employed by them in removing earth or carrying materials necessary for the prosecution of such works, shall be entitled to pass the lock free of tolls upon such vessels and cargo.

No. 10 of 1893.

I. BEACON ON STURGEON BANK CARRIED AWAY.

The northernmost pile beacon on Sturgeon Bank, off the mouth of the Fraser River, in the Strait of Georgia, British Columbia, is reported as having disappeared.

This is the beacon first described in part III of Notice to Mariners No. 46 of 1891. It will be replaced as soon as possible, of which notice will be given.

This notice affects Admiralty charts Nos. 579, 1917, 1922 and 2689.

II. SUNKEN ROCK IN SEAFORTH CHANNEL.

Captain W. E. Plummer of the Pacific Coast S. S. Company's steamer "Alki" reports that on 22nd April, 1893, the "Alki" struck a rock just to the northward of Dall Patch, in Seaforth Channel, B.C. No bearings were taken, but the ship was heading W. by S. (N. 76° W. true), and the buoy on Dall Patch bore between three and four points abaft the port beam, distant about ⅛ mille, when the ship struck.

The "Alki" was drawing 17 feet of water and struck at extreme low water, but was not damaged. A boat was lowered and an officer sent to sound, but could get no sounding less than 5 fathoms in the vicinity.

Captain Plummer is of the opinion that the rock is a lone boulder in the prolongation of Dall Patch to the northward.

This notice affects Admiralty charts Nos. 1923*b* and 2449.

III. COLUMBIA RIVER LIGHT-VESSEL.

Notice is given by the Lighthouse Board of the United States of America that on or about the 10th July, 1893, Light-Vessel No. 50 will be moved about 3 miles S. E. $\frac{1}{4}$ E. from her present station into 30 fathoms at low water, off the entrance to the Columbia River, Oregon.

The characteristics of the vessel as to lights, fog signal and general appearance will remain unchanged and conform to the description in the List of Light and Fog Signals on the Pacific Coast of the United States.

The proposed geographical position of the Light-Vessel as taken from chart No. 6149 of the U.S. Coast Geodetic Survey, is:

Lat. N. 46° 10' 30"
Long. W. 124° 11' 15"

Bearings and distance of prominent objects from the vessel, as taken from the above chart, will be: Cape Disappointment lighthouse, N. by E. $\frac{7}{8}$ E., 8$\frac{1}{8}$ miles; Point Adams lighthouse, N. E. by E. $\frac{1}{2}$ E., 8$\frac{7}{8}$ miles; and Tillamook Rock lighthouse, S. E. $\frac{1}{4}$ E., 16 miles.

GIANTS TOMB LIGHTHOUSE.

A lighthouse established by the Government of Canada on the southern extremity of Giants Tomb Island, in the south-east portion of the Georgian Bay, in the East Riding of Simcoe, Ontario, was put in operation on the opening of navigation this year.

Lat. N. 44° 52' 47"
Long. W. 80° 0' 28"

The light is fixed white, elevated 40 feet above the level of the Bay, and should be visible 11 miles from all points of approach by water. The illuminating apparatus is dioptric of the 7th order.

The lighthouse stands on the boulder and gravel beach at the southern extremity of the island, close to the water. It consists of a square wooden tower with dwelling attached, painted white, the tower surmounted by an iron lantern painted red. The height of the building from its base to the vane on the lantern is 37 feet.

This notice affects Admiralty charts Nos. 326 and 678, and the substance of it should be entered in the Canadian List of Lights and Fog Signals under the No. 1027.

UNCHARTED ROCK IN PORTIER PASS.

Information has been received from the Nanaimo Pilotage Authority, that the German S. S. "Romulus," stranded on an uncharted rock in Portier Pass, off the south-east coast of Vancouver Island, British Columbia, on the 30th March last. The position of the rock is described as being inside the second point, on the east side, in from the entrance from the Strait of Georgia, and a little inside Black Rock, on the west shore. The rock is also stated to be near mid-channel, rather on the east side.

The depth on the rock was about 20 feet at low water. Soundings taken around the vessels while on the rock showed depths varying between 5 and 12 fathoms.

A further examination of the locality will be made and fuller details given of the position of the rock, depth, etc.

Portier Pass is not recommended, and is known by local navigators to be dangerous to ships of heavy draft, especially at low water.

This notice affects Admiralty charts Nos. 579 and 2,689.

NOTICE TO MARINERS.

No. 8 of 1893.

CHANGE IN POSITION OF NORTH TRACADIE LIGHTS.

The range lights at North Tracadie Gully, on the north-east, or Gulf of St. Lawrence, coast of New Brunswick, have been moved in consequence of the wearing away of the sand beach. The front range light now stands near the former position of the main tower, 49 feet back from the shore, on the north side of the Gully.

Lat.	N.	47°	33'	15"
Long.	W.	64°	51'	30"

The fixed white light will be shown from a lantern hoisted on a pole, having a shed at its base, the whole painted red and standing on a cribwork block. Height from the block to the top of the mast 20 feet. The light will be elevated 23 feet above high water mark, and should be visible 6 miles from all points of approach seaward.

The back range light will stand 600 feet N. 45° W. from the front one, and will be shown from the old main light building, which is a square wooden tower, painted white, and 30 feet high from the block on which it stands to the vane on the lantern. The light is as heretofore fixed white, catoptric; it is elevated 30 feet above high water mark, and should be visible 6 miles from all points of approach.

The two lights in range N. 45° W. lead to the best crossing over the bar outside the Gully. The back light is also available as a coast light. The front light is liable to be moved to suit changes in the channel over the bar.

This notice affects Admiralty Charts Nos. 1715 and 2516, Canadian list of Lights and Fog Signals Nos. 463 and 464.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LA REINE EN CONSEIL.

Un bateau-pilote, lorsqu'il n'est pas occupé au service du pilotage dans sa circonscription, doit porter des feux semblables à ceux des autres navires.

Et considérant que l'Amirauté et la Chambre de Commerce ont, en conformité de l'acte précité, conjointement recommandé à Sa Majesté que les dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, soient de nouveau modifiés en ajoutant à l'article 9 précité, la disposition contenue dans l'annexe ci-jointe,—

En conséquence, il plaît à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par le dit acte, et par et avec l'avis de Son Conseil privé, d'ordonner qu'à compter de la date du présent, les règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, sera modifié de nouveau par l'ajouté au dit article 9 précité, des dispositions contenues dans l'annexe ci-jointe.

Lorsqu'il est occupé au service du pilotage dans des eaux britanniques et à l'ancre il portera en sus du feu exigé de tous les bateaux-pilotes le fer rouge ci-dessus mentionné mais non les feux de côté de couleur.

Lorsqu'il n'est pas occupé au service du pilotage dans sa circonscription, il portera les mêmes feux que les autres navires à vapeur.

SA TRÈS EXCELLENTE MAJESTÉ LA REINE EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil rendu en conformité de l'Acte modifiant l'Acte de la marine marchande, 1862, et daté le onzième jour d'août mil huit cent quatre-vingt-quatre, Sa Majesté, sur la recommandation conjointe de l'Amirauté et de la Chambre de Commerce a bien voulu ordonner que dès et après le premier jour de septembre mil huit cent quatre-vingt-quatre, les règlements contenus dans l'annexe du dit arrêté soit, en ce qui concerne les navires et bateaux britanniques, substitués aux règlements contenus dans la première annexe d'un arrêté en conseil rendu comme susdit, et daté le quatorzième jour d'août mil huit cent soixante-dix-neuf ;

Et considérant que par deux arrêtés en conseil rendus en conformité du dit acte, et sur la recommandation conjointe susdite, et datés respectivement le trentième jour de décembre mil huit cent quatre-vingt-quatre, et le vingt-quatrième jour de juin mil huit cent quatre-vingt-cinq, certaines modifications et additions ont été faites aux dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, au sujet des vaisseaux et bateaux de pêche britanniques ;

Et considérant que par un autre arrêté en conseil rendu en conformité du dit acte, et sur la recommandation conjointe susdite, et daté le 18e jour d'août 1892, certaines modifications et additions ont été apportées aux dits règlements contenus dans l'annexe du dit arrêté en conseil du 11e août 1884, au sujet des bateaux-pilotes à vapeur ;

Et considérant que par les dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, il est entre autres choses décrété comme suit, savoir :—

Article 3.—Les navires à vapeur, lorsqu'ils sont en marche, doivent porter les feux suivants :—

(*a.*) En tête ou en avant du mât de misaine, à une hauteur de pas moins de vingt pieds au-dessus du plat-bord, et si le navire a plus de vingt pieds de largeur, alors à une hauteur au-dessus du plat-bord au moins égale à cette largeur, un feu blanc placé de manière à fournir un rayonnement uniforme et non interrompu dans tout le parcours d'un arc horizontal de vingt quarts du compas,—établi de façon à projeter la lumière de dix quarts de chaque côté du navire, c'est-à-dire depuis l'avant jusqu'à deux quarts en arrière du travers de chaque bord, et d'une portée telle qu'il puisse être visible à cinq milles au moins de distance, par une nuit sombre, mais sans brume ;

(*b.*) A tribord, un feu vert, établi de façon à projeter une lumière uniforme et non interrompue sur un arc horizontal de dix quarts du compas,—placé de manière à projeter la lumière depuis l'avant jusqu'à deux quarts sur l'arrière du travers à tribord, et d'une portée telle qu'il puisse être visible à deux milles au moins de distance, par une nuit sombre, mais sans brume ;

(*c.*) A bâbord, un feu rouge établi de façon à projeter une lumière uniforme et non interrompue sur un arc horizontal de dix quarts du compas,—placé de manière à projeter la lumière depuis l'avant jusqu'à deux points sur l'arrière du travers à bâbord, et d'une portée telle qu'il puisse être visible à deux milles au moins de distance, par une nuit sombre, mais sans brume ;

(*d.*) Ces feux de côté vert et rouge doivent être pourvus, en dedans du bord, d'écrans dirigés de l'arrière à l'avant et s'étendant à trois pieds au moins en avant de la lumière, afin que le feu vert ne puisse pas être aperçu de bâbord avant, et le feu rouge de tribord avant.

Article 15.—Si deux navires sous vapeur se rencontrent courant l'un vers l'autre, directement ou à peu près, et qu'il y ait risque d'abordage, tous deux doivent venir sur tribord pour passer à bâbord l'un de l'autre.

Cet article ne s'applique que dans les cas où les navires courent l'un vers l'autre, directement ou à peu près, et où il y a risque d'abordage, mais ne s'applique pas à deux navires qui doivent, en conservant chacun leur allure, s'éviter l'un l'autre.

Les seuls cas auxquels il s'applique sont lorsque chacun des deux navires court vers l'autre directement ou à peu près, ou, en d'autres termes, lorsque de jour, chaque navire voit les mâts de l'autre en ligne droite, ou à peu près, avec les siens propres ; et, de nuit, lorsque chaque navire est dans une position telle qu'il peut voir les deux feux de côté de l'autre.

Il ne s'applique pas lorsque, de jour, un navire en voit un autre croiser sa route en avant, ou, de nuit, lorsque le feu rouge d'un navire est opposé au feu rouge de l'autre, ou lorsque le feu vert de l'un est opposé au feu vert de l'autre, ou lorsque l'un d'eux voit en avant un feu rouge sans voir le feu vert, ou un feu vert sans voir le feu rouge, ni lorsque les deux feux verts et rouges font visibles partout ailleurs qu'en avant.

Et considérant qu'il s'est élevé des doutes quant à l'effet des dits deux articles, et considérant que l'Amirauté et la Chambre de Commerce ont conjointement recommandé à Sa Majesté de faire les ajoutés suivants aux dits règlements en vue d'expliquer les dits articles précités, et de dissiper le dit doute et malentendu :—

En conséquence, il plaît à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par le dit acte, et par et avec l'avis de Son Conseil privé, d'ordonner qu'à compter de la date du présent, les règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, sera modifié de nouveau par l'ajouté au dit article 9 précité, des dispositions contenues dans l'annexe ci-jointe.

HERBERT M. SUFT.

ANNEXE.

(*e.*) Afin de s'assurer que les feux de côté rouge et vert projetteront une lumière uniforme depuis l'avant du navire jusqu'à deux quarts en arrière du travers de chaque bord respectivement, et ne projetteront pas en travers de l'avant du navire même, les dits feux seront fixés et les écrans ajustés de façon que les rayons des feux rouge et vert croiseront la ligne de la quille projetée à une distance raisonnable au-delà de l'avant du navire.

Quant à tous les navires dont les feux sont inspectés par les officiers de la Chambre de Commerce les feux de côté rouge et vert ne seront pas censés être fixés et disposés en conformité des règlements s'ils ne sont pas fixés et munis d'écrans de façon qu'une ligne tirée depuis le bord extérieur de la mèche jusqu'à la tête de l'écran intérieur de ce feu ne fasse un angle de 4 degrés (ou aussi près que possible) avec une ligne tirée parallèlement à la quille du navire à partir du bord extérieur de la mèche. 48-4

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

VU un mémoire daté le 29 mai 1890, du ministre de l'Intérieur, soumettant que par le par. 1 de l'article 32 de l'Acte des terres fédérales, tel que modifié par 50-51 Vic., chap. 31 (1887) il est établi que tout colon qui désire obtenir un établissement devra, en même temps qu'il se fera inscrire, déclarer en vertu de quelles conditions prescrites par l'article 38 du dit acte, il désire posséder le terrain affecté par cette inscription, et que, par arrêté en conseil du 29 mars 1888, la formule A dans l'annexe de l'Acte des terres fédérales a été modifiée en vue de remplir cette exigence de la loi.

Le ministre dit que son attention a été attirée au fait que la formule F dans l'annexe de l'acte, étant la formule de demande pour une inscription d'établissement par un agent, devrait également être modifiée, et il recommande en conséquence qu'en vertu de l'article 98 de l'Acte des terres fédérales, la formule F de l'annexe de l'Acte des terres fédérales soit modifiée en y ajoutant la déclaration requise par le par. 1 de l'article 32 du dit acte en conformité de la formule ci-jointe.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il plaît à Son Excellence, en vertu des dispositions de "l'Acte des Travaux Publics," chapitre 36 des Statuts Revisés, et du chapitre 98 des Statuts Revisés, intitulé "Acte concernant les péages sur les constructions de l'Etat pour la descente du bois," et par et avec l'avis du Conseil privé de la Reine pour le Canada, de faire les règles et règlements suivants pour la régie, entretien, bon usage et protection des glissoires du gouvernement et autres travaux construits dans le but de faciliter la descente du bois de charpente et de service, et des billots sur la rivière Saint-Maurice et ses tributaires, et pour la perception des droits et péages sur leur usage, et d'imposer et autoriser la perception sur les dits travaux des droits et péages ci-après mentionnés ; les présentes règles, règlements, péages et droits remplaceront toutes autres règles, règlements, péages et droits autrefois en vigueur ou imposés sur ces travaux.

JOHN J. McGEE,
Greffier du Conseil privé.

RÈGLEMENTS.

NOTE.—Les mots "radeaux ou lot de bois" partout où ils se rencontrent dans les présents règlements, seront censés signifier les billots de sciage, traverses de chemin de fer et toutes autres espèces d'effets en bois.

Article 1.—Les glissoires, estacades et autres constructions fédérales s'y rattachant dans le district du Saint-Maurice, seront placés sous le contrôle et la régie du surintendant des travaux du district, ou, s'il n'y a pas de surintendant, ou en son absence, sous le contrôle et la régie de quelque autre officier dûment autorisé par le ministre des Travaux Publics ; et ces officiers, et nuls autres, auront le pouvoir de régler l'alimentation de l'eau nécessaire pour le passage des bois de construction, de répartir l'espace accordé pour la mise en radeau ou l'amarrage du bois, de déterminer la quantité de bois qui pourra passer chaque jour dans les glissoires ou les estacades, d'établir la somme qui pourra être due par les propriétaires de bois ou les personnes qui en ont la charge, pour les dommages qui pourraient être faits à quelqu'un des ouvrages, d'imposer des amendes ou pénalités pour infraction aux règlements des glissoires, de saisir le bois et de le détenir et vendre aux enchères publiques, tel que ci-dessous prescrit, et de recouvrer ces droits, amendes ou indemnités lorsque les propriétaires du bois ou les personnes qui en ont la charge refuseront ou négligeront de les payer ; et les ordres du surintendant des travaux, du gardien des glissoires ou de tel autre officier autorisé comme susdit, devront toujours être suivis et exécutés par les propriétaires du bois, ou leurs employés, sous peine, en cas de refus ou négligence de se conformer à ces ordres, des amendes et pénalités ci-dessous imposées suivant le cas.

Article 2.—Le propriétaire de tout lot de bois carré, de billots de sciage ou autre bois de construction destiné à descendre la rivière Saint-Maurice par aucun des travaux qui y sont construits, donnera par écrit au surintendant des travaux publics sur cette rivière huit jours francs d'avis au moins avant la période fixée pour la descente de ce bois, donnant le nombre approximatif de pièces et les marques du bois et spécifiant la section ou les sections de la rivière par où doit passer ce bois, s'il doit ou non être descendu jusqu'à l'embouchure de la rivière, et si non, où doit-il arrêter, sous peine d'une amende, en cas de négligence de donner cet avis, de quatre piastres au moins et de vingt piastres au plus.

Article 3.—A l'arrivée de toute espèce de bois à ou près de quelque glissoire, estacade ou autre ouvrage de l'Etat, le propriétaire ou la personne qui en aura la charge enverra immédiatement un nombre d'hommes suffisant pour faire passer ce bois dans la glissoire, estacade ou autre ouvrage, et ne laissera pas accumuler ce bois à la tête de la glissoire, estacade ou autre ouvrage, et ne nuira pas au passage d'autre bois destiné a entrer ou sortir de la glissoire, estacade ou autre ouvrage ; et s'il survient un encombrement ou refoulement de bois dans quelque glissoire, estacade ou autre ouvrage, ou dans son voisinage, le propriétaire ou la personne qui en a la charge devra immédiatement défaire cet encombrement ou enlever l'obstacle, sous la direction du surintendant ou autre officier agissant en cette capacité ; et si le propriétaire ou la personne ayant la charge du bois refuse ou néglige de l'enlever ou défaire dans les quarante-huit heures, le gardien de glissoire ou officier, ou la personne autorisée par lui à cet effet, pourra le faire enlever ou défaire aux frais, risques et dépens des propriétaires du bois, qui seront passibles d'une amende de pas moins de cinquante piastres, ni de plus de cent piastres, pour chaque jour durant lequel leur bois empêchera le passage d'autre bois, en sus du montant qui pourra être taxé par le surintendant des travaux, tant pour les frais occasionnés par l'enlèvement de l'obstacle que pour tout dommage qui pourra avoir été causé par suite de ce refus ou de cette négligence.

Article 4. Nul train ou lot de bois ne sera amarré ou assemblé plus près de l'entrée ou de la sortie d'aucune glissoire, estacade ou autre ouvrage que l'endroit indiqué par le gardien de glissoire ou autre officier agissant en cette capacité ; et lorsqu'il sera donné permission aux propriétaires ou personnes ayant la charge d'un train ou lot de bois de placer une estacade temporaire, ou un train ou lot de bois dans ou près des glissoires, estacades ou autres ouvrages, les propriétaires ou personnes ayant charge de ce train, lot de bois ou estacade temporaire ne devront en aucun cas prendre plus d'espace, ou un autre espace, ou le prendre ailleurs, que l'espace ou l'endroit indiqué par le gardien de glissoire ou autre officier chargé de la régie des ouvrages, et devront en tout temps, lorsqu'ils en recevront l'ordre déplacer le dit train ou lot de bois, ou l'estacade temporaire, et les mettre ailleurs ou les enlever complètement aussitôt qu'ils en seront requis par le gardien de glissoire ou autre officier chargé de la régie des ouvrages, à peine d'une amende de pas moins de vingt piastres, ni plus de cinquante piastres, en cas de refus ou négligence de la part des dits propriétaires ou personnes ayant charge du bois ou des estacades temporaires, de se conformer aux dispositions de cet article.

Article 5.—Le propriétaire ou les propriétaires ou la personne ayant charge d'un train ou lot de bois devra, avant de le sortir d'une glissoire, estacade ou ouvrage public s'y rattachant, souscrire et remettre au surintendant, ou autre officier, selon le cas, dûment autorisé à cet effet, une déclaration en duplicata certifiant le nombre et la description des radeaux ou du bois ainsi passé, et paiera les droits de glissoire, ou en garantira le paiement à la satisfaction du percepteur des droits de glissoire, à peine d'une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, et paiera de plus le double du montant des droits qui autrement auraient été payables, sur tout train ou lot de bois qui passera dans la glissoire sans cette déclaration.

Article 6.—Le percepteur des droits de glissoire, ou toute personne dûment autorisée par lui à cet effet, aura, à toute heure du jour, libre accès et plein pouvoir et permission d'aller et rester aussi longtemps qu'il ou elle le jugera à propos, sur tout train ou lot de bois dans le but de l'inspecter, et toute facilité lui sera donnée pour constater le nombre de radeaux ou le nombre de morceaux et l'espèce de bois dont ils sont composés ; et toute personne qui entravera le percepteur des droits de glissoire, les gardiens de glissoire ou autres officiers dûment autorisés comme il est dit plus haut, dans l'exécution de leurs devoirs, encourra une amende de pas moins de cinquante piastres, ni de plus de deux cents piastres.

Article 7.—Le propriétaire, ainsi que la personne ayant charge d'un train ou lot de bois, sera responsable de tout dommage fait aux glissoires, estacades, piliers, jetées ou autres ouvrages s'y rattachant, par les hommes employés par lui ; et il sera loisible au surintendant, gardien de glissoire, ou à l'officier agissant en son nom, de saisir ou de détenir ce train ou lot de bois, jusqu'à ce que le dommage ainsi causé ait été réparé, ou jusqu'à ce qu'une garantie ait été donnée, à sa satisfaction, pour le montant qui sera taxé pour la réparation de ce dommage ; et quiconque entravera ou gênera la régie ou l'alimentation d'eau, ou l'exécution des devoirs des dits gardiens de glissoire ou officiers agissant en cette capacité, sans avoir été dûment autorisé par eux à le faire, et quiconque fera ou causera quelque dommage, comme susdit, à quelque glissoire fédérale, ou aux estacades, vannes, portes ou piliers s'y rattachant, ou qui aidera à faire ou causer pareil dommage, encourra pour la première offense, une amende de pas moins de vingt piastres, ni de plus de cent piastres, en sus du paiement du montant auquel sera taxé le dommage, et, pour chaque récidive, une amende de pas moins de cent piastres, ni de plus de deux cents piastres, en sus du paiement de l'indemnité de ce dommage, dont le montant sera, dans chaque cas, constaté et taxé par le surintendant ou l'officier ayant charge de la glissoire, estacade ou au ouvrage.

Article 8.—Il sera loisible au percepteur des droits de glissoire, son adjoint ou son assistant, ou à la personne dûment autorisée par lui à cet effet, de se rendre sur tout train ou lot de bois qui aura été sorti de quelque glissoire, estacade ou autre ouvrage fédéral sans que les droits de glissoire sur ce bois, le montant taxé pour dommage, ou amendes ou pénalités, s'il en est, n'aient été préalablement payés ou garantis à sa satisfaction, et de le saisir et détenir aux risques, frais et dépens du ou des propriétaires ; et quiconque entravera le percepteur des droits de glissoire, ou autre personne dûment autorisée comme susdit, dans l'exécution de son devoir, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 9.—Les trains, radeaux et toute espèce de bois seront tenus responsables des droits, indemnités de dommage et amendes imposés par ces règlements ; et le surintendant ou autre officier dûment nommé est par le présent autorisé et requis de saisir et détenir tout tel train, radeau ou lot de bois, jusqu'à parfait paiement des droits, indemnités de dommage ou amendes, ou jusqu'à ce que le propriétaire ou la personne qui a charge du bois en ait garanti le paiement d'une manière satisfaisante, dans les trente jours après qu'ils auront été déclarés encourus ou demandés ; et, si ce paiement n'est pas fait dans les trente jours, le surintendant ou officier pourra alors procéder à la vente du train, radeau ou lot de bois, aux enchères publiques ; mais il sera donné au moins deux semaines d'avis de la date de la vente projetée, et cet avis sera publié dans l'un ou plusieurs des journaux publiés en la cité de Trois-Rivières, et une copie de cet avis sera aussi affichée pendant le même espace de temps (c'est-à-dire pendant deux semaines avant la vente projetée), dans un endroit public et apparent des dits travaux, ou auprès, où se trouve le train, radeau ou lot de bois, et dans la cité de Trois-Rivières ; et si les frais entraînés par cette vente ainsi que tous les autres frais, dommages et amendes imposés ou taxés, ne peuvent être réalisés sur le bois ainsi saisi et vendu, ils seront recouvrés du propriétaire du train, radeau ou lot de bois.

Article 10.—Le propriétaire ou celui qui sera chargé du soin de chaque lot de bois équarri, billots de sciage ou autre bois de service, devra, lorsqu'il sera ou avant qu'il ne soit rendu à sa destination sur le Saint-Maurice, s'il en est requis par le surintendant, souscrire et remettre au dit surintendant, ou à toute personne autorisée par lui à cet effet, une déclaration en duplicata, certifiant le nombre et la description des pièces ou billots qui auront passé par quelqu'une des dites constructions, et spécifiant le nom et la désignation de leur propriétaire, ainsi que les marques qui distinguent ce bois, et tels autres détails qui pourront être requis pour l'identifier ; et quiconque, après avoir fait passer quelque lot de bois dans les dites constructions, refusera de donner cette déclaration, ou qui en la donnant fera quelque faux énoncé quant à la quantité ou à la description du bois ainsi descendu ou passé, ou au sujet de l'endroit de départ ou de destination, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, et paiera de plus, sur chaque lot de bois ainsi descendu ou passé sans déclaration, ou à l'égard duquel quelque faux énoncé aura été fait, le double du montant des droits, qui, autrement, aurait été payable sur ce lot.

Article 11.—Les droits à payer sur tous les lots de bois équarri, billots de sciage et autres bois qui descendront la dite rivière, d'après le tarif ci-annexé, seront payables immédiatement à leur arrivée aux estacades de l'embouchure de la rivière Saint-Maurice, ou à tel endroit intermédiaire auquel ils seront destinés ; et nulle personne n'enlèvera aucun lot de bois avant que ces droits n'aient été payés ou garantis, à la satisfaction du percepteur, à peine d'une amende de pas moins de quarante piastres ni plus de deux cents piastres.

Article 12.—Le propriétaire ainsi que celui qui aura charge d'un lot de bois, seront solidairement et individuellement responsables de tout dommage ou avarie fait à aucune des glissoires, barrages, estacades, jetées, piliers ou autres constructions publiques sur la dite rivière Saint-Maurice, par toute personne employée par ce propriétaire ou la personne en charge du bois ; et il sera loisible au surintendant, ou à toute personne agissant en son nom, de saisir et détenir ce lot de bois, jusqu'à ce que le dommage fait ait été réparé, ou jusqu'à ce qu'un cautionnement satisfaisant ait été donné pour le paiement du montant auquel ce dommage sera évalué par le surintendant.

Article 13.—Quiconque endommagera de propos délibéré quelque glissoire, estacade, barrage, pilier, jetée ou autre construction publique sur la dite rivière Saint-Maurice, et quiconque aidera à faire tel dommage, encourra, pour chaque offense, une amende de pas moins de cent piastres et de pas plus de deux cents piastres, en sus et au-delà du montant auquel ce dommage sera évalué par le surintendant, tel que ci-haut prescrit.

Article 14.—Le propriétaire de tout lot de bois équarri, billots de sciage ou autre bois descendant le Saint-Maurice, devra, pendant sa descente, tenir un nombre d'hommes suffisant à chaque glissoire et estacade ainsi qu'à tout autre endroit que désignera le surintendant, pour prévenir tout dommage aux ouvrages ou tout embarras dans la rivière qui pourrait provenir de l'accumulation de billots ou autres bois contre les estacades, ou dans les chenaux ou coudes de la rivière ou prévenir du passage des billots ou autres bois par-dessus ou par-dessous les estacades.

Article 15.—Le nombre des hommes nécessaires à chaque station sera déterminé par le dit surintendant, qui est par le présent autorisé à employer, aux frais et dépens des propriétaires du bois de construction, billots, etc., le nombre d'hommes nécessaire pour les passer en sûreté sur et par cette station, dans le cas où le propriétaire de ce bois, billots, etc., négligerait de fournir ces hommes au temps voulu par le surintendant ; et tout propriétaire ou personne en charge de ces billots qui négligera ou refusera de se conformer à ce règlement, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement de tout montant auquel le dommage fait sera évalué par le surintendant.

Article 16.—Nulle personne ayant la charge de bois de service retenu dans l'estacade d'arrêt, placée dans la baie de Shawinigan ou autre station, ne permettra qu'il n'y soit placé ou n'en soit sorti, excepté sous la direction du dit surintendant ou de toute personne par lui autorisée à cet égard, laquelle règlera la descente du bois et le temps de sa sortie de l'estacade ; et toute personne ayant la charge de ce bois qui refusera ou négligera d'arrêter les billots à l'estacade de la baie de Shawinigan ou autre station, lorsqu'elle en recevra l'ordre de tel officier, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement du montant auquel les dommages causés aux ouvrages, par suite de cette négligence ou refus, sera évalué par le surintendant.

Article 17.—Le propriétaire ou la personne ayant la charge de tout lot de bois équarri, billots de sciage ou autre bois, descendant le Saint-Maurice, devra, depuis le temps où ce bois arrivera près de sa destination sur la dite rivière, jusqu'à celui où il les aura passées, tenir un nombre d'hommes suffisant à ces estacades pour empêcher toute obstruction ou dommage aux ouvrages, qui pourrait résulter d'une trop grande accumulation de bois contre les estacades, ou dans leurs entrées ; et chaque propriétaire ou personne ayant charge de ce bois devra fournir au moins le nombre d'hommes exigé par le surintendant ou la personne par lui dûment autorisée à cet égard, dans le temps et de la manière que le surintendant ou son substitut pourra prescrire. Et tout propriétaire ou personne en charge de ce bois qui négligera ou refusera de se conformer à ce règlement encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, en sus du paiement du montant auquel les dommages faits aux ouvrages, par suite de cette négligence ou refus, sera évalué par le surintendant. Et dans le cas de refus ou de négligence de se conformer au présent règlement, le surintendant est autorisé à ouvrir ces estacades afin de les libérer de l'encombrement ou permettre le flottage des autres, et le propriétaire de tout bois ou billots n'aura aucun recours contre le gouvernement pour dommages causés par leurs billots, etc., dépassant ainsi leur point de destination primitive.

Article 18.—Quiconque attachera ou amarrera, ou fera attacher ou amarrer, quelque radeau ou train de bois à quelque estacade, à l'embouchure de la rivière Saint-Maurice, ou fera ou fera faire quelque cadre de radeau, ou coupera ou bûchera, ou fera couper ou bûcher, des billots ou du bois sur ces dites estacades, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 19.—Quiconque résistera, gênera ou entravera, ou aidera à résister, gêner ou entraver, un surintendant des travaux publics, percepteur des droits, gardien d'estacade, ou autre officier ou personne dûment autorisée par cet officier, dans l'exécution de ces devoirs, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 20.—Si le propriétaire ou personne en charge d'un lot de bois, ou de billots, manque ou néglige de fournir le nombre d'hommes voulu par le surintendant, ou autre officier dûment autorisé, en vertu des présents règlements, le dit surintendant pourra employer le nombre voulu d'hommes aux frais du propriétaire du bois de construction, billots, etc., et les frais ainsi encourus seront une première charge sur le dit bois, billots, etc., lequel pourra être saisi et détenu par le dit surintendant ou autre officier autorisé jusqu'à ce que tous les frais et charges ainsi encourus soient payés, ou la perception pourra s'en faire de la manière établie par la loi pour la perception des droits de glissoire et d'estacade ordinaires.

Article 21.—Chaque propriétaire de scierie ou la personne en charge d'une scierie ou l'utilisant, et chaque autre personne faisant le commerce du bois de construction, billots, bois scié ou autres effets de bois, fournira au percepteur des droits et péages le ou avant le premier jour de septembre de chaque année, un état attesté sous serment ou déclaration solennelle en vertu du statut à cet égard, et sur une formule imprimée qui sera fournie par le percepteur sur demande, indiquant les détails ci-dessous énumérés quant aux articles faits ou acquis par lui sauf le bois carré envoyés en radeaux à Québec, pendant la saison précédente à venir jusqu'à la dite date, ou depuis la date couverte par le dernier rapport en vertu du présent ou des articles suivants ; et le ou avant le 1er jour de novembre de chaque année, un semblable rapport quant à tous tels articles faits ou acquis par lui subséquemment au premier jour de septembre ou date de son dernier rapport. Ces états ou rapports décriront en détail tous les articles y compris, donnant quant à ces articles respectivement les détails suivants :—

(b.) Et il fournira des devis en détail de tous billots de sciage, indiquant le nombre de pièces de chaque longueur et diamètre ; et dans tous les cas où des billots d'épinette blanche au-dessous d'un diamètre de dix pouces seront déclarés avoir été sortis que dans le but de les convertir en pulpe et payés au taux de la corde, un devis distinct, indiquant les longueurs et diamètres sera fourni, accompagné des déclarations assermentées de l'inspecteur-mesureur de bois qui a mesuré les billots et du teneur de livres ou gérant de la personne ou maison à qui ils appartiennent, sur des formules que fournira le percepteur des droits et péages ; et ce dernier aura accès aux livres et devis originaux de mesurage de tous billots de sciage, etc., d'une maison quelconque, s'il croit désirable ou nécessaire de vérifier quelque rapport fourni par cette maison sous l'empire des présents règlements.

Toute personne qui manquera de se conformer aux dispositions du présent article sera, dans les limites fixées par l'article trois du dit acte, passible d'une amende de dix piastres par jour pour chacun des premiers trente jours de tel défaut, et pour chaque jour ensuite une amende de vingt-cinq piastres.

Article 22.—Le percepteur des droits de péages pourra en tout temps requérir d'une personne tenue de faire rapport sous l'empire de l'article immédiatement précédant, un état indiquant les articles alors en possession de telle personne, ou les articles faits ou acquis par elle depuis la date de son dernier rapport, et chaque rapport sous l'empire du présent article énoncera, au sujet de ces effets ou les marchandises ainsi faits ou acquis, tous les détails mentionnés à l'article immédiatement précédant, ou telle partie de ces détails que spécifiera la réquisition, et chaque rapport exigé en vertu du présent article sera rendu dans les cinq jours ensuivants, sous peine des mêmes amendes prescrites dans le vingt-unième article des présents règlements.

Article 24.—Ces droits et péages sur toutes les glissoires et constructions seront payés tel que voulu par les articles 5 et 11 des présents règlements, ou sur demande, mais chaque fois avant le 31e jour de décembre de l'année où les droits se sont accrus, sans préjudice du droit de la couronne d'exiger le paiement à toute date antérieure.

Après cette date le percepteur sera tenu d'employer tous les moyens en son pouvoir pour prélever ces droits.

L'intérêt au taux de 6 pour cent par année sera exigé sur tout le montant des droits restant impayés au 31e jour de décembre.

RÈGLEMENTS pour la régie, l'entretien, le bon usage et la protection de l'écluse de la Rivière Yamaska, placée sous le contrôle du département des Travaux Publics, Canada.

Article 1.—Le patron ou la personne ayant charge d'un navire, vapeur, chalan ou radeau naviguant dans cette écluse, devra, en entrant ou immédiatement avant d'entrer dans l'écluse, se munir d'un congé pour ce navire, vapeur, bateau ou radeau, au bureau de l'éclusier ; à défaut de quoi l'éclusier ne devra pas permettre à ce navire, vapeur, bateau ou radeau de franchir l'écluse, et le propriétaire ou le patron en charge sera passible d'une amende qui n'excédera pas vingt piastres ; et l'éclusier ou autre officier dûment nommé, aura droit d'aller à bord de tout navire, vapeur, bateau ou chalan, quand il sera nécessaire, pour vérifier le laissez-passer ou manifeste de ce navire, vapeur, bateau ou chalan ; et le patron ou toute personne en charge de ce navire, vapeur, bateau ou chalan qui cherchera à entraver un officier dans l'exercice de ses fonctions, sera passible d'une amende d'au plus quarante piastres.

Article 2.—Tout navire ou bateau naviguant dans l'écluse devra être exactement jaugé et marqué, en pieds et pouces, à l'avant, au milieu et à l'arrière, de chiffres indiquant le tirant exact d'eau de chaque partie du navire ou bateau ; et les navires tirant plus de sept pieds d'eau ne pourront entrer dans l'écluse ; et le patron ou la personne ayant charge d'un de ces navires et qui pénétrera dans l'écluse, contrairement à cet article, sera passible d'une amende n'excédant pas cent piastres, et le navire sera retenu jusqu'à ce que cette amende ait été payée et qu'il ait été convenablement allégé. Les navires devront aussi être munis d'un cornet ou d'un sifflet d'alarme à vapeur que le patron devra sonner ou faire sonner à au moins un quart de mille, ou quinze minutes avant d'entrer dans une écluse, sous peine d'une amende d'au moins deux piastres et de pas plus de vingt piastres.

Article 3.—Tout navire ou bateau naviguant dans l'écluse ou le chenal navigable de la rivière Yamaska, entre le village de Saint-Aimé et le lac Saint-Pierre, soit en marche ou à l'ancre, soit franchissant l'écluse, ou étant amarré dans l'écluse, devra avoir, durant la nuit, une lumière brillante à l'avant et à l'arrière ; un fanal devra également être placé à chaque extrémité de tout radeau traversant le chenal navigable de la rivière, ou y demeurant amarré durant la nuit comme susdit, et la personne en charge de ce navire, bateau ou radeau qui négligera d'exhiber ces lumières, ou le propriétaire du navire, bateau ou radeau sera passible d'une amende de quatre piastres au moins et de pas plus de quarante piastres.

Article 4.—Aucun bateau à vapeur ne pourra franchir l'écluse, à moins d'avoir au haut de chacun des tuyaux de sa cheminée, un écran en fil de fer, par lequel la fumée passera, et dont les mailles ou interstices n'auront pas plus d'un quart de pouce de large ; l'écran devra être posé de manière à ce que l'éclusier qui laissera passer un vapeur puisse parfaitement le voir lorsqu'il sera fermé, et tout éclusier qui laissera passer un vapeur ou navire mû par la vapeur ne remplissant pas ces conditions, sera passible d'une amende de vingt piastres dans chaque cas, et le patron d'un vapeur ou navire mû par la vapeur qui entrera dans l'écluse ou amarrera son navire à aucun des quais de l'écluse sans cet écran sur chacune des cheminées du dit vapeur, sera passible d'une semblable amende de vingt piastres chaque fois, et des dommages-intérêts pour tous dommages qui pourront en résulter et qui seront évalués par l'ingénieur en chef du département des Travaux Publics.

Article 5.—Tout patron ou personne en charge d'un vapeur ou autre navire, ou d'un radeau, devra, avant d'approcher de l'écluse, s'assurer que l'écluse est dans l'état convenable pour laisser passer l'embarcation, et il devra faire ralentir la vitesse du vapeur, navire ou radeau de manière à ne pas endommager l'écluse, ses portes, ou autres constructions et, si des dégâts ont lieu, le propriétaire ou le patron du vapeur, navire ou embarcation sera passible d'une amende fixée par l'ingénieur en chef du département des Travaux Publics, mais qui n'excédera pas quatre-vingts piastres, et il sera responsable des dégâts occasionnées à l'écluse, les dommages devant être évalués par l'ingénieur en chef du département des Travaux Publics ou son représentant autorisé, et le montant payé immédiatement à l'éclusier ou à toute autre personne ayant droit de les recevoir.

Article 6.—Le propriétaire, le patron, ou la personne ayant charge d'un navire, bateau ou radeau comme susdit, lorsqu'il en sera requis par l'éclusier ou autre officier dûment autorisé à cet égard, devront promptement amener ce navire, bateau ou radeau au point que l'éclusier ou tout autre officier, comme il est dit plus haut, pourra désigner, dans le but de permettre les réparations nécessaires et de maintenir libre la navigation de l'écluse, ou pour le maintien de l'ordre et de la régularité dans le voisinage des quais, écluses et débarcadères, à défaut de quoi il sera passible d'une amende n'excédant pas quarante piastres.

Article 7.—Personne ne devra ouvrir ou fermer les portes ou ventelles de l'écluse, ou abaisser le niveau d'eau en aucune manière, ou ne devra déranger le fonctionnement de l'écluse, quais, ou autres constructions sur l'écluse sans le consentement et par l'ordre de l'éclusier ou officier en charge, et toute personne qui se mettra en contravention avec ce règlement, ou entravera le service de l'éclusier ou d'un de ses employés, à cet égard, sera passible d'une amende n'excédant pas quarante piastres chaque fois.

Article 8.—Aucun patron ou personne ayant charge d'un vapeur, bateau ou radeau naviguant dans l'écluse ou ses abords, ne devra y jeter l'ancre, ni amarrer ce vapeur, bateau ou radeau dans l'écluse ou ses abords, ni décharger aucune partie de la cargaison, ou charger quelque fret ou du bois, sans l'ordre formel de l'éclusier ou personne en charge, à défaut de quoi il sera passible d'une amende n'excédant pas quarante piastres, pour chaque infraction.

Article 9.—Personne ne devra construire ou réparer des navires, bateaux ou barges sur un terrain dépendant de l'écluse ou de la propriété de l'Etat sans la permission de l'ingénieur en chef du département des Travaux Publics ou son représentant autorisé, qui désignera un emplacement, à défaut de quoi cette personne sera passible d'une amende n'excédant pas quatre-vingts piastres et pas moindre que quatre piastres, et tout patron de navire et toute autre personne qui fera bouillir du goudron, de la poix, de la résine ou toute autre substance pour radouber un navire ou autre fin sur la propriété de l'Etat, sans la permission de l'ingénieur en chef ou son représentant autorisé, et aux endroits qu'il pourra désigner, sera passible de la même amende de quatre piastres au moins.

Article 10.—Toute personne qui jettera dans l'écluse, ou dans le chenal navigable qui y conduit, une carcasse d'animal ou substance infecte de nature quelconque, ou des pierres, du bois, des branches ou autres rebuts ou obstruera d'une manière quelconque l'écluse, ou le chenal qui y conduit, sera passible d'une amende de deux piastres au moins et de deux cents piastres au plus.

Article 11.—Dans l'écluse et son voisinage, non plus que sur les quais qui en font partie, on ne devra employer de perches à pic ou autre instrument revêtu de fer, sous peine d'une amende de quatre piastres contre le délinquant.

Article 12.—Personne ne devra empiler du bois de construction ou autre, des pierres ou autres matériaux, sur le chemin de halage de l'écluse, ou sur les quais ou autre terrain du gouvernement, sans la permission écrite de l'éclusier ou personne en charge, et personne ne devra tirer ou rouler, pour les jeter dans l'écluse, ou les en tirer par-dessus la levée, du bois de service ou autres matériaux ; et pour chaque infraction à ce règlement, le délinquant sera passible d'une amende n'excédant pas quarante piastres.

Article 13.—Le bois de construction et de corde, les douves, les billots de sciage, traverses de chemin de fer et les espars ne pourront franchir l'écluse sous forme de radeau, sans la permission écrite de l'éclusier, et toute personne contrevenant à ce règlement sera passible d'une amende de vingt piastres. Dans le cas où des radeaux seront admis dans l'écluse avec la permission de l'éclusier, ils le seront aux conditions suivantes :—

Article 14.—Aucun radeau au train de bois traversant l'écluse ne devra excéder 30 pieds en largeur, et 120 pieds de longueur.

(*a.*) Aucun radeau ou train de bois n'approchera un autre radeau ou train à une distance moindre que 200 pieds, si ce n'est pour le dépasser, et il ne sera pas amarré à une distance moindre que 300 pieds de tout autre radeau ou train préalablement amarré.

(*b.*) La traverse d'un couplage (*crib*) de bois de service ne s'étendra à plus d'un pouce de l'arrête extérieure de la pièce latérale de ce couplage.

(*c.*) Chaque radeau ou train de bois détaché devra être muni d'un laissez-passer et se tenir au large de tout navire qu'il passera dans le canal.

(*d.*) Aucun radeau ne pourra rester dans l'écluse ou ses abords sans être amarré, ni être amarré ou arrêté en travers du chenal de manière à obstruer la navigation ; et, tout radeau devra franchir l'écluse sans délai inutile, aux moments et sujet à tous autres règlements que l'éclusier du canal pourra prescrire.

(*e.*) Tout radeau ou train de bois devra, en franchissant l'écluse, être dirigé par deux hommes au moins.

(*f.*) Dans tous les navires, bateaux ou bacs chargés de bois de service, le bois sera empilé de manière à ne point projeter en dehors du plat-bord du navire, bateau ou bac.

(*g.*) Pour chaque infraction aux termes de cet article, le propriétaire du radeau, du navire, bateau ou bac, ou la personne en ayant charge, sera passible d'une amende de dix piastres au moins, et de quarante piastres au plus.

Article 15.—Si un navire, bateau, bac, radeau, une pièce de bois de service, ou toute autre chose, sont laissés dans l'écluse, ou sur le terrain du gouvernement —flottant ou sombré—ou gênant ou pouvant gêner la navigation en aucune manière, dans l'opinion de l'éclusier, ou gênant les travaux en voie d'exécution sur l'écluse, ou si des objets sont trouvés sur le terrain du gouvernement sans être sous la charge de quelqu'un, le propriétaire de ces objets sera passible d'une amende de quatre piastres au moins ; les objets trouvés répondront du paiement de cette amende, et l'éclusier pourra saisir et faire enlever ces objets abandonnés ou non-réclamés, et pourra ultérieurement les faire vendre à l'encan, en donnant deux semaines d'avis public dans le village d'Yamaska, et il versera les produits de la vente entre les mains de la personne désignée pour les recevoir ; ou l'éclusier pourra faire enlever ces objets, en percevant le coût du transport et l'amende imposée, du propriétaire ou de la personne qui réclame ces objets. Pourvu que sur soupçon que le capitaine, ou patron, se propose d'abandonner cette épave, etc., l'éclusier est, par le présent, autorisé à saisir le navire et son contenu et à agir comme dans le cas indiqué plus haut pour les objets sombrés ou abandonnés. Et pourvu aussi qu'avant de faire enlever un navire, bac ou radeau échoué ou sombré, ou aucune partie de ces embarcations, ou leur contenu, dans l'écluse ou sur la propriété du gouvernement, la personne réclamant ce navire, bateau, bac ou radeau, ou aucune partie de ces embarcations, ou tout autre objet, devra donner caution pour le paiement de tous frais et dépens qui auront pu être encourus pour faire enlever l'épave ou autres objets ; cette caution devra être acceptée par l'éclusier, à moins que la dite personne n'ait obtenu de cet officier la permission de faire enlever l'épave.

Article 16.—Si le propriétaire ou les propriétaires d'un objet saisi le réclament avant l'époque de la vente et paient les frais de saisie et de déplacement, la vente n'aura pas lieu.

Article 17.—Pour ce qui concerne la priorité de passage dans l'écluse, il n'y aura plus que deux catégories de bâtiments, savoir :

(*a.*) 1re catégorie—Comprenant les vapeurs dont la machine, etc., est décrite dans le certificat de l'inspecteur des bateaux à vapeur comme pouvant être employée "au transport des passagers," pour les distinguer des vapeurs dont la machine, etc., est décrite dans ce certificat comme pouvant être employée "au transport du fret et des passagers," et de plus les bateaux de marchés.

(*b.*) 2e catégorie—Comprenant tous les autres bâtiments de quelque espèce qu'ils soient.

(*c.*) De ces deux catégories de navires ceux de la première auront priorité de passage sur ceux de la seconde, pourvu que les steamers de la malle, naviguant dans l'écluse aient toujours priorité de passage sur tous autres vaisseaux quelconques ; et toute infraction à la présente clause soumettra le délinquant à une amende de pas moins de quatre piastres et de pas plus de vingt piastres.

(*d.*) Lorsque plusieurs bâtiments ou navires sont réunis, ou attendent pour entrer dans l'écluse, ils doivent se tenir en une seule rangée et à une distance d'au moins 100 pieds de l'écluse ou entrée, et chaque bâtiment ou navire doit, pour y passer, avancer dans l'ordre qu'il occupe sur la file, excepté dans le cas des navires de la première catégorie auxquels priorité de passage est accordée tel que dit ci-dessus.

(*e.*) Dans le cas, cependant, où un navire de la première catégorie pour lequel l'écluse serait tenue ouverte à une heure fixe, manquerait d'y entrer, les navires de la seconde catégorie qui attendent leur tour peuvent se servir de l'écluse et continuer de s'en servir jusqu'à ce que le navire de la première catégorie en retard soit arrivé.

(*f.*) Toute infraction aux dispositions précédentes du présent article rendra le contrevenant passible d'une amende de pas moins de quatre piastres, et de pas plus de quarante piastres.

Article 18.—Tous les navires ou bateaux approchant de l'écluse, tandis qu'un autre navire vient dans la direction opposée, et est entré ou près d'entrer dans la dite écluse, devront être amarrés aux poteaux mis à cet effet sur la berge à une distance d'au moins 100 pieds de l'écluse et devront attendre que le navire franchissant l'écluse soit passé, chaque contravention à ce règlement entraînant une amende de pas moins de quatre piastres, et de pas plus de vingt piastres.

Article 19.—Toutes les fois que des navires ou bateaux se rencontrent aux abords de l'écluse, ceux qui descendent la rivière Yamaska tiendront le côté est du chenal, et ceux qui montent tiendront le côté ouest ou côté de terre de l'écluse, sous peine d'une amende de pas moins de deux piastres, et de pas plus de vingt piastres pour chaque infraction à ce règlement.

Article 20.—Les coins de tous bateaux ou bacs, construits à angle droit, devront être arrondis suivant un cercle d'au moins trois pieds de rayon. Sur tous les bateaux ou bacs les noms ou numéros des propriétaires devront être peints en caractères bien visibles ; ils devront aussi être munis de deux pieux de fer, avec anneaux pour les amarrer comme aux poteaux d'amarrage ; et les bateaux ou bacs portant des légumes ou des marchandises ne pourront être amarrés qu'aux endroits désignés par l'éclusier sur la propriété du gouvernement ; et de chaque côté de ces bateaux ou bacs il devra y avoir des planches, disposées suivant l'ordre de l'éclusier, pour empêcher ces matériaux de tomber dans l'écluse, sous peine d'une amende n'excédant pas cent piastres.

Article 21.—Les navires, bateaux ou barges naviguant dans l'écluse devront avoir leur gouvernail disposé de manière à ne point couper le câble de remorquage des autres navires, bateaux ou barges, sous peine d'une amende n'excédant pas vingt piastres, qu'encourra le propriétaire, patron ou personne en charge.

Article 22.—Les navires, bateaux ou radeaux devront être conduits, dans l'écluse, avec soin de manière à ne pas endommager l'écluse, et toute négligence à cet égard sera punie d'une amende n'excédant pas vingt piastres, en outre des frais de réparation des dommages ainsi causés à l'écluse, à ses portes, ou autres constructions de l'écluse.

Article 23.—Tout navire, bateau ou embarcation naviguant dans l'écluse devra être munie d'au moins deux aussières convenables, l'une à l'avant et l'autre à la hanche, lesquelles, pendant que l'embarcation franchit l'écluse, seront attachées aux poteaux qui se trouvent sur la levée du canal et de l'écluse, et chacun de ces cordages sera sous les soins d'un des hommes de l'équipage, afin de régler la vitesse de l'embarcation à son entrée dans l'écluse, l'empêcher de heurter les portes ou autres parties de l'écluse et l'empêcher de remuer dans l'écluse pendant qu'on vide ou remplit celle-ci, et le propriétaire ou le patron d'une embarcation qui négligera de se conformer au présent article, sera passible d'une amende n'excédant pas quarante piastres, et l'embarcation ne franchira pas l'écluse, si, dans l'opinion de l'éclusier ou autre officier en charge, les cordages susmentionnés sont insuffisants.

Article 24.—Toutes les fois qu'une embarcation franchira l'écluse, le patron de l'embarcation devra fournir deux hommes, au moins, pour faire fonctionner l'écluse, pendant le passage de son embarcation, et tout refus ou négligence à cet égard entraînera une amende de deux piastres, au moins, et de quarante piastres au plus.

Article 25.—Les vaisseaux, bateaux et radeaux susmentionnés répondront des dégâts causés à l'écluse, ou machines employées pour des constructions ou réparation sur l'écluse ou ses abords, ou à toute construction attenante à l'écluse, soit que ces dégâts aient été causés par la négligence ou l'inhabileté du patron ou personne en charge du navire, bateau ou radeau ou par son inattention à observer les règlements de l'écluse, soit qu'ils aient été causés par accident, et toute amende qui sera imposée, en vertu de ses règlements, par l'ingénieur en chef du département des Travaux Publics, ou l'éclusier, et déclarée, par ces règlements, imputable au propriétaire ou patron, ou personne en charge d'un navire, bateau ou radeau comme susdit, soit pour non-paiement des péages, soit pour infraction dûment constatée, et toute somme exigée par l'ingénieur en chef ou personne en charge de l'écluse comme compensation pour dégâts aux constructions, sera garantie par le navire, bateau ou radeau comme susdit ; et l'éclusier est autorisé à saisir et devra saisir et détenir tout tel radeau, navire ou bateau comme susdit avec sa cargaison et tous ses agrès, au risque du ou des propriétaires, jusqu'à paiement des péages, amende ou compensation comme susdit, et à défaut de paiement, la personne en charge de l'écluse pourra faire vendre à l'encan ce navire, bateau ou radeau, après avoir donné deux semaines au moins d'avis de la vente dans un ou plusieurs des journaux publiés dans la ville de Sorel.

Article 26.—Tout navire ou bateau qui aura encouru une amende ou commis des dégâts sur l'écluse ou ses abords, pourra être arrêtée et retenue sur la rivière Yamaska jusqu'à ce que l'amende ou la compensation pour dégâts ait été payée ou qu'on ait donné garantie du paiement comme il est dit plus haut.

Article 27.—Les gardiens, contremaîtres ou autres personnes employés sur l'écluse ne pourront, sans une autorisation écrite du ministère des Travaux Publics ou de l'ingénieur en chef, fournir des attelages, bateaux, voitures, matériaux ou autres pour travaux publics sur l'écluse, ou employer ces attelages, etc., ou passer contrat pour la fourniture de ces matériaux, s'ils appartiennent à un membre de leur famille ; ils ne pourront non plus employer à des usages particuliers des attelages, bateaux, voitures, matériaux ou autres objets appartenant au public. Et aucun employé du ministère des Travaux Publics ne devra avoir d'intérêt direct ou indirect dans les contrats pour main-d'œuvre, matériaux ou autres objets, sur l'écluse, et ne devra, directement ou indirectement, tirer aucun profit des dépenses annuelles faites sur l'écluse et ses abords, en dehors de son salaire annuel ; et il ne devra garder en pension aucun éclusier, contremaître ou manœuvre employé sur l'écluse, ni faire aucun commerce ou négoce quelconque.

Article 28.—Aucun éclusier ou autre employé sur l'écluse ne devra tenir auberge, taverne ou épicerie, ou avoir un intérêt dans un établissement de ce genre, et il ne devra rien vendre aux personnes naviguant sur l'écluse ou avoir un intérêt dans la vente d'aucun article ; et il ne devra être, ni directement ni indirectement, concerné dans la vente de combustible.

Article 29.—Aucun radeau de bois de service ne pourra être amarré sur l'écluse ou ses abords à moins d'être sous la charge immédiate d'un ou plusieurs hommes (suivant la quantité de bois qu'il contient,) sous peine d'une amende de dix piastres, au moins, et de quarante piastres au plus,—et l'officier en charge est, par le présent, autorisé à mettre ce radeau sous la charge d'un ou plusieurs hommes, suivant ce qu'il jugera nécessaire, et pourra saisir et retenir ce radeau jusqu'à ce que les frais ainsi encourus, ainsi que l'amende, aient été payés.

Article 30.—Tous les navires qui, étant la propriété de, ou étant frétés par des concessionnaires d'entreprises pour l'agrandissement ou la réparation de l'écluse et de la rivière Yamaska, sont employés à l'enlèvement des débris ou au transport des matériaux nécessaires à ces travaux, seront admis à passer dans la dite écluse sans qu'il soit payé de péages sur ces navires et leurs cargaisons.

Rapports à faire.

Article 31.—Tout propriétaire, patron ou personne ayant la charge d'un navire, bateau, barge ou radeau sur le point d'entrer dans l'écluse devra avant de s'y engager, faire à l'éclusier ou autre officier compétent, un rapport entier et complet déclarant en détail,—

(*a.*) Les quantité et description de la cargaison contenue dans le navire, bateau ou barge ;

(*b.*) Le tonnage du navire, bateau ou barge, tel qu'enregistré,—ou

(*c.*) Dans le cas de radeaux, le nombre de pièces de bois ou billots, et quant aux radeaux de bois carré, le nombre de pieds cubes qui y sont contenus,—et

(*d.*) En général tout autre renseignement qui pourrait être nécessaire pour calculer les droits que le navire, bateau, barge avec la cargaison y contenue, ou le radeau, suivant le cas, est tenu de payer.

(*e.*) Chaque déclaration semblable sera signée par la personne qui la fait et devra être attestée solennellement devant l'éclusier ou autre officier en charge.

Article 32.—L'éclusier ou autre officier en charge est par le présent autorisé de requérir de tout propriétaire, patron ou autre personne en charge d'un navire, bateau, barge ou radeau entrant dans l'écluse, communication de tout manifeste, acquit de douane, facture, devis, certificat, jaugeage et tout autre papier concernant les navires et leurs cargaisons, ou les radeaux ; mettre pied sur tel navire, bateau, barge ou radeau et constater les cargaisons ou quantités qu'ils contiennent.

Article 33.—Tout propriétaire, patron ou personne en charge d'un navire, bateau, barge ou radeau entrant dans l'écluse, qui—

(*a.*) Néglige ou refuse de faire la déclaration voulue par le présent, ou

(*b.*) Qui refuse de produire ses papiers ou de donner les renseignements ci-dessus mentionnés,—ou

(*c.*) Qui gêne ou arrête un percepteur de droits ou autre officier dans l'exercice de ses fonctions,—ou

(*d.*) Qui donne quelque faux renseignement au sujet de choses mentionnées dans le présent,—

Encourra pour toutes offenses et chacune d'elles une amende d'au moins cinq piastres et de pas plus de vingt piastres, et devra de plus payer doubles droits sur tous les articles omis en entier ou en partie dans la déclaration faite par lui en vertu des présents règlements.

Article 34.—Le mot "navire," toutes les fois qu'il est employé dans les règlements ci-dessus, devra être interprété comme comprenant les navires, bateaux et barges mus par la vapeur ou autrement, les bacs, pontons ou autres constructions flottantes pour le transport du fret. Le mot "radeau," toutes les fois qu'il est employé dans les règlements ci-dessus, devra être interprété comme comprenant les radeaux ou trains de toutes espèces de bois fabriqué ou non, bois de construction, billots, bois flotté, *flottes* et bois de radeaux, traverses et bois en général, ou d'autres matériaux employés pour le transport du fret ou autre transport. ORDRES GÉNÉRAUX DE MILICE.

QUARTIERS GÉNÉRAUX.

Ottawa, 2 juin 1893.

O. G. (33.)

Inspections.

L'inspection des corps autorisés à faire les exercices de 1893-94, aura lieu en conformité avec les règlements établis le 12 mai 1892, pour l'année financière de 1892-93, à savoir :—

1. Les rapports de l'inspection des armes du service seront envoyés aux quartiers généraux dans les huit jours qui suivront l'inspection. Ceux de l'artillerie et des ingénieurs seront faits, autant que possible, par l'officier inspecteur, lors de l'inspection, et transmis au député adjudant général du district, qui devra les compléter, au besoin, et les envoyer aux quartiers généraux. L'état comparatif de l'efficacité accompagnera le rapport d'inspection.

2. Les inspections seront divisées en deux parties :

1. En quartiers.
2. En campagne.

En faisant l'inspection en quartiers l'officier inspecteur examinera les arsenaux des régiments, des troupes ou des compagnies, les armes de réserve, l'équipement et les habillements confiés à ces corps, les livres de comptabilité et autres en usage. Il examinera aussi le système suivi dans la manière de donner les ordres, la tenue du registre de la correspondance et des archives régimentaires, ainsi que toutes matières ayant rapport à la discipline et à l'économie interne du corps. Il fera l'inspection des rôles de service des compagnies et le record des décharges, il mentionnera également si les dispositions de l'Acte de la milice et les règlements au sujet des enrôlements et des décharges, ont été mis en force. L'officier inspecteur examinera les officiers *viva voce*, sur les principes généraux des exercices et de la tactique militaires.

Lorsque l'infanterie sera en campagne, l'officier inspecteur fera, à pied, l'examen de chaque compagnie, individuellement, afin de s'assurer de l'état des armes, des habillements et du physique des soldats. Les capitaines seront alors appelés à faire exécuter par leurs compagnies les divers mouvements et formations. Lorsque les compagnies compteront moins de 16 par rangée, les exercices se feront sur un seul rang. Les officiers commandants et les majors seront appelés à faire exécuter les exercices de bataillon, donnant les explications de chaque mouvement. Il y a peu d'endroits où le terrain ne permet pas de faire des manœuvres pratiques, et lorsqu'il y a lieu de parcourir une certaine distance pour se rendre à ce terrain ; une inspection d'après les principes concernant la route de marche peut être faite quant à l'avant-garde et l'arrière-garde.

A l'inspection de la cavalerie en camp, une journée sera consacrée aux exercices d'escadron, individuellement, et une journée aux exercices de régiment sous les ordres de l'officier commandant et du major.

3. Il n'est pas nécessaire que l'inspection "en quartiers" se fasse le même jour que l'inspection "en campagne." Celle-là, ainsi que l'examen des officiers, peut avoir lieu le soir, suivant la commodité des officiers.

4. Ci-après se trouve la formule dont on se servira pour l'état comparatif d'efficacité de l'infanterie et de la cavalerie.

5. Les officiers inspecteurs se rappelleront qu'une revue et un défilé, ou autres mouvements de cérémonie, ne constituent pas une inspection, et n'en font pas même nécessairement partie. Le but d'une inspection est de s'assurer de l'état de l'organisation de chaque corps, ainsi que de la valeur du travail de ce corps, et d'en prendre note.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués des numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demandé de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat après les dix premiers jours de la session ; ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat après les premières deux semaines de la session ; ou, à la Chambre des Communes après les premières quatre semaines de la session.

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a*.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b*.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

My Lord,—I have the honour to transmit to you, for communication to Your Lordship's Government the accompanying copies of an Order made by Her Majesty in Council on the 6th inst. prohibiting the catching of seals by British ships within the portion of Behring Sea therein defined till the 1st day of May 1894, unless Her Majesty shall otherwise direct.

I request that the proper steps may be taken for giving publicity to this Order in Council within the Dominions.

Copies of this Order in Council have been forwarded to the Lords Commissioners of the Admiralty with a request that the Officer in command of Her Majesty's Ships on the Pacific Station may be instructed to take measures for warning the British sealing vessels which have already started, of the issue of this prohibition, and for carrying the provisions of the Order in Council into effect.

I have &c.,
RIPON.

The Right Honourable
The Earl of Derby, G.C.B.,
&c., &c., &c.

AT THE COURT AT WINDSOR.

The 16th day of May, 1893.

PRESENT :

THE QUEEN'S MOST EXCELLENT MAJESTY

Lord President.
Marquess of Ripon.
Mr. Secretary Asquith.

Whereas by "The Seal Fishery (Behring's Sea) Act, 1891" it is enacted that Her Majesty the Queen may by Order in Council prohibit the catching of seals by British ships in Behring's Sea or such part thereof as is defined by the said Order during the period limited by the Order ;

And whereas the expression "Behring's Sea" in the said Act means the seas known as Behring's Sea within the limits described in an Order under the said Act ;

And whereas an Order in Council was issued on the twenty-third day of June, one thousand eight hundred and ninety-one, prohibiting the catching of seals by British ships in Behring's Sea as therein defined, until the first day of May, one thousand eight hundred and ninety-two ;

And whereas a further Order in Council was issued on the ninth day of May, one thousand eight hundred and ninety-two, prohibiting the catching of seals by British ships in Behring's Sea, as therein defined, until the first day of May, one thousand eight hundred and ninety-three.

Now, therefore, Her Majesty, in virtue of the powers vested in Her by the said recited Act by and with the advice of Her Privy Council, is hereby pleased to order, and it is hereby ordered as follows :

1. This Order may be cited as the Seal Fishery (Behring's Sea) Order in Council, 1893.

2. From and after the date of the present Order until the first day of May one thousand eight hundred and ninety-four, unless Her Majesty in Council shall otherwise direct, the catching of seals by British ships in Behring's Sea as hereinafter defined is hereby prohibited.

3. For the purposes of the said recited Act and of this Order the expression "Behring's Sea" means so much of that part of the Pacific Ocean known as Behring's Sea as lies between the parallel of 65° 30' north latitude and the chain of the Aleutian Islands and eastward of the following line of demarcation, that is to say, a line commencing at a point in Behring's Straits on the said parallel of 65° 30' north latitude, at its intersection by the meridian which passes midway between the islands of Krusenstern or Ignalook and the Island of Ratmanoff or Noonarbook and proceeding thence in a course nearly south-west through Behring's Straits and the seas known as Behring Sea so as to pass midway between the north-west point of the island of St. Lawrence and the south-east point of Cape Choukotski to the meridian of 172° west longitude, thence, from the intersection of that meridian in a south-westerly direction so as to pass midway between the Island of Attou and the Copper Island of the Kormandorski couplet or group in the North Pacific Ocean, to the meridian of 193° west longitude.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 5th day of June, 1890.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Memorandum dated 29th May, 1890, from the Minister of the Interior, submitting that by sub-clause

1 of clause 32 of the Dominion Lands Act, as amended by 50-51 Vic., chap. 31 (1887) it is provided that a homesteader shall at the time he obtains his homestead entry declare under which of the conditions prescribed by clause 38 of the said Act he elects to hold the land affected by such entry, and that by Order in Council of the 29th March, 1888, Form A, in the schedule to the Dominion Lands Act was amended to meet this requirement of the law.

The Minister states that his attention has now been called to the fact that Form F, in the schedule to the Act, being the form of application for a homestead entry by an agent should have been amended in like manner, and he therefore, now recommends that, under the authority of clause 98 of the Dominion Lands Act, Form F, in the schedule to the Dominion Lands Act be amended by adding thereto the declaration required by sub-clause 1 of clause 32 of the said Act in accordance with the draft form hereto annexed.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

[1469]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 17th day of May, 1893.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a report dated 12th of May, 1893, from the Minister of the Interior, stating that in the summer of 1890, a number of tracts of lands in the Lethbridge District were selected for the School Endowment, in lieu of certain School Sections included in the land grant to the North West Coal and Navigation Company, under the authority of the Order in Council of the 18th of January, 1889, and of the Act 49 Vic., chap. 12, which latter provided that the lands to be granted to the company should consist of alternate townships and should include the School Section therein, the School Endowment to be compensated by the selection of other lands in lieu thereof. Among the lands so selected was the portion of Section 7, lying east of the Pot Hole River, in Township 6, Range 21, West of the 4th Meridian. The Agent of Dominion Lands was duly advised of this selection by letter of the 27th of November, 1890, but notwithstanding this, apparently by an oversight, he gave a homestead entry on the 23rd of January, 1893, to one James Pierce, for the portion of the north-east quarter of Section 7, before referred to, lying east of the Pot Hole River, and at the same time forwarded Mr. Pierce's application to purchase the portion of the north-west quarter lying east of the same river.

The Minister observes that from the affidavit made by Mr. Pierce in support of his application for homestead entry, it appears that he settled on the land in question in March, 1889, prior to its being set apart for the purposes of the School Endowment. The Agent in forwarding the application states that M. Pierce has improvements on the land in question, and a building worth $1,000.

The Minister, in view of the facts, and since the land in question does not form part of either Section 11 or Section 29, which are set apart by Act of Parliament for the School Endowment, but are lands selected by the Department of the Interior in lieu thereof, sees no objection to its being withdrawn from the School Endowment in order that the homestead entry which Mr. Pierce has obtained in good faith may not be disturbed, and he therefore recommends that a notice be published in the *Canada Gazette*, announcing that the portion of Section 7, east of the Pot Hole River in Township 6, Range 21, west of the 4th Meridian, is released from the reservation of land for School Endowment and becomes again Dominion Lands, other land being taken in lieu thereof as School land.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
50–4   Clerk of the Privy Council.

[1433]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 13th day of May, 1893.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a report dated 28th April, 1893, from the Minister of the Interior, stating that an application has been made by the Department of Indian Affairs for a grant of certain lands, comprising 15 acres in Section 35, Township 14, Range 27 west of the 6th Meridian, for the purposes of an Indian Industrial School, near Lytton, British Columbia.

The Minister further states that the land in question was formerly held under lease by the Bishop of British Columbia from the Government of that province for Mission purposes, and in a letter addressed to Mr. Vowell, Indian Superintendent for British Columbia, His Lordship recommends it as being specially suitable for the purposes of the proposed school.

The Minister, in view of the purpose for which the land is desired, sees no objection to acceding to the request of the Department of Indian Affairs, and he therefore recommends that the 15 acres in question (which are more particularly described hereafter) be transferred to the Department of Indian Affairs for the purposes of an Indian Industrial School, that is to say:—

That certain tract or parcel of land situate in Legal Subdivision 16, in Section 35, in Township 14, Range 27 west of the 6th Meridian, according to a plan of said Township signed by E. Deville, Surveyor General, on the 30th day of August, 1892, and of record in the Department of the Interior, which tract or parcel of land may be more particularly described as follows:—

Beginning at a point perpendicularly westerly distant one chain and 28 links from a point on the east boundary of the said Section 35, distant 64 chains and 46 links from the south-east corner of said Section; thence northerly parallel to the east boundary of said Section a distance of 10 chains; thence westerly perpendicular to the last course a distance of 16 chains and 10 links; thence southerly perpendicular to the last course, a distance of 9 chains; thence easterly perpendicular to the last course, a distance of 11 chains and 10 links; thence southerly perpendicular to the last course a distance of 1 chain; thence easterly perpendicular to the last course a distance of 5 chains, more or less, to the point of beginning, containing an area of 15 acres, be the same, more or less.

The Committee submit the same for your Excellency's approval.

The Minister further states that this vessel was formerly under the Austrian Registry and the name "Hrvat" is a foreign one and is a difficult word to English people.

The Minister, therefore, recommends that permission be given to change the name of the vessel to "Oak" under the authority contained in the 21st section of chapter 72 of the Revised Statutes, and that notice of the change be published in the *Canada Gazette.*

NOTICE TO MARINERS.

No. 10 of 1893.

I. BEACON ON STURGEON BANK CARRIED AWAY.

The northernmost pile beacon on Sturgeon Bank, off the mouth of the Fraser River, in the Strait of Georgia, British Columbia, is reported as having disappeared.

This is the beacon first described in part III of Notice to Mariners No. 46 of 1891. It will be replaced as soon as possible, of which notice will be given.

This notice affects Admiralty charts Nos. 579, 1917, 1922 and 2689.

II. SUNKEN ROCK IN SEAFORTH CHANNEL.

Captain W. E. Plummer of the Pacific Coast S. S. Company's steamer "Alki" reports that on 22nd April, 1893, the "Alki" struck a rock just to the northward of Dall Patch, in Seaforth Channel, B.C. No bearings were taken, but the ship was heading W. by S. (N. 76° W. true), and the buoy on Dall Patch bore between three and four points abaft the port beam, distant about ⅛ mille, when the ship struck.

The "Alki" was drawing 17 feet of water and struck at extreme low water, but was not damaged. A boat was lowered and an officer sent to sound, but could get no sounding less than 5 fathoms in the vicinity.

Captain Plummer is of the opinion that the rock is a lone boulder in the prolongation of Dall Patch to the northward.

This notice affects Admiralty charts Nos. 1923*b* and 2449.

III. COLUMBIA RIVER LIGHT-VESSEL.

Notice is given by the Lighthouse Board of the United States of America that on or about the 10th July, 1893, Light-Vessel No. 50 will be moved about 3 miles S. E. ¼ E. from her present station into 30 fathoms at low water, off the entrance to the Columbia River, Oregon.

The characteristics of the vessel as to lights, fog signal and general appearance will remain unchanged and conform to the description in the List of Light and Fog Signals on the Pacific Coast of the United States.

The proposed geographical position of the Light-Vessel as taken from chart No. 6149 of the U.S. Coast Geodetic Survey, is:

Lat. N. 46° 10' 30"
Long. W. 124° 11' 15"

Bearings and distance of prominent objects from the vessel, as taken from the above chart, will be: Cape Disappointment lighthouse, N. by E. ⅞ E., 8⅛ miles; Point Adams lighthouse, N. E. by E. ½ E., 8⅞ miles; and Tillamook Rock lighthouse, S. E. ¼ E., 16 miles.

This notice affects Admiralty chart No. 2531.

GIANTS TOMB LIGHTHOUSE.

A lighthouse established by the Government of Canada on the southern extremity of Giants Tomb Island, in the south-east portion of the Georgian Bay, in the East Riding of Simcoe, Ontario, was put in operation on the opening of navigation this year.

Lat. N. 44° 52' 47"
Long. W. 80° 0' 28"

The light is fixed white, elevated 40 feet above the level of the Bay, and should be visible 11 miles from all points of approach by water. The illuminating apparatus is dioptric of the 7th order.

The lighthouse stands on the boulder and gravel beach at the southern extremity of the island, close to the water. It consists of a square wooden tower with dwelling attached, painted white, the tower surmounted by an iron lantern painted red. The height of the building from its base to the vane on the lantern is 37 feet.

This notice affects Admiralty charts Nos. 326 and 678, and the substance of it should be entered in the Canadian List of Lights and Fog Signals under the No. 1027.

NOTICE TO MARINERS.

No. 12 of 1893.

UNCHARTED ROCK IN PORTIER PASS.

Information has been received from the Nanaimo Pilotage Authority, that the German S. S. "Romulus," stranded on an uncharted rock in Portier Pass, off the south-east coast of Vancouver Island, British Columbia, on the 30th March last. The position of the rock is described as being inside the second point, on the east side, in from the entrance from the Strait of Georgia, and a little inside Black Rock, on the west shore. The rock is also stated to be near mid-channel, rather on the east side.

The depth on the rock was about 20 feet at low water. Soundings taken around the vessels while on the rock showed depths varying between 5 and 12 fathoms.

A further examination of the locality will be made and fuller details given of the position of the rock, depth, etc.

Portier Pass is not recommended, and is known by local navigators to be dangerous to ships of heavy draft, especially at low water.

This notice affects Admiralty charts Nos. 579 and 2,689.

In consequence of damage done by storm to the outer end of the east pier at Oakville, Ontario, the lighthouse tower has been moved 60 feet inwards from its former position, and now stands 80 feet from the end of the pier.

This notice affects Admiralty charts Nos. 678, 797 and 1152, and Canadian List of Lights and Fog Signals No. 927.

CHANGE IN POSITION OF NORTH TRACADIE LIGHTS.

The range lights at North Tracadie Gully, on the north-east, or Gulf of St. Lawrence, coast of New Brunswick, have been moved in consequence of the wearing away of the sand beach. The front range light now stands near the former position of the main tower, 49 feet back from the shore, on the north side of the Gully.

Lat.	N.	47°	33'	15"
Long.	W.	64°	51'	30"

The fixed white light will be shown from a lantern hoisted on a pole, having a shed at its base, the whole painted red and standing on a cribwork block. Height from the block to the top of the mast 20 feet. The light will be elevated 23 feet above high water mark, and should be visible 6 miles from all points of approach seaward.

The back range light will stand 600 feet N. 45° W. from the front one, and will be shown from the old main light building, which is a square wooden tower, painted white, and 30 feet high from the block on which it stands to the vane on the lantern. The light is as heretofore fixed white, catoptric; it is elevated 30 feet above high water mark, and should be visible 6 miles from all points of approach.

The two lights in range N. 45° W. lead to the best crossing over the bar outside the Gully. The back light is also available as a coast light. The front light is liable to be moved to suit changes in the channel over the bar.

This notice affects Admiralty Charts Nos. 1715 and 2516, Canadian list of Lights and Fog Signals Nos. 463 and 464.

DÉPÊCHES.

A OSBORNE HOUSE, ILE DE WIGHT,

Le 18e jour d'août 1892.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LA REINE EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil rendu en conformité de l'Acte modifiant l'Acte de la marine marchande, 1862, et daté le onzième jour d'août mil huit cent quatre-vingt-quatre, Sa Majesté, sur la recommandation conjointe de l'Amirauté et de la Chambre de Commerce a bien voulu ordonner que dès et après le premier jour de septembre mil huit cent quatre-vingt-quatre, les règlements contenus dans l'annexe du dit arrêté soit, en ce qui concerne les navires et bateaux britanniques, substitués aux règlements contenus dans la première annexe d'un arrêté en conseil rendu comme susdit, et daté le quatorzième jour d'août mil huit cent soixante-dix-neuf ;

Et considérant que par deux arrêtés en conseil rendus en conformité du dit acte, et sur la recommandation conjointe susdite, et datés respectivement le trentième jour de décembre mil huit cent quatre-vingt-quatre, et le vingt-quatrième jour de juin mil huit cent quatre-vingt-cinq, certaines modifications et additions ont été faites aux dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, au sujet des vaisseaux et bateaux de pêche britanniques ;

Et considérant que par les dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, il est entre autres choses décrété comme suit, savoir :—

Article 9.—Un bateau-pilote, lorsqu'il est occupé au service du pilotage dans sa circonscription, ne portera pas les mêmes feux que ceux exigés pour les autres navires, mais doit porter en tête de mât un feu blanc visible de tous les points de l'horizon, et montrer de plus un feu ou des feux intermittents visibles à de courts intervalles, qui ne devront pas être de plus d'un quart d'heure chacun ;

Un bateau-pilote, lorsqu'il n'est pas occupé au service du pilotage dans sa circonscription, doit porter des feux semblables à ceux des autres navires.

Et considérant que l'Amirauté et la Chambre de Commerce ont, en conformité de l'acte précité, conjointement recommandé à Sa Majesté que les dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, soient de nouveau modifiés en ajoutant à l'article 9 précité, la disposition contenue dans l'annexe ci-jointe,—

En conséquence, il plaît à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par le dit acte, et par et avec l'avis de Son Conseil privé, d'ordonner qu'à compter de la date du présent, les règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, sera modifié de nouveau par l'ajouté au dit article 9 précité, des dispositions contenues dans l'annexe ci-jointe.

C. L. PEEL.

ANNEXE.

Un bateau-pilote, employé exclusivement au service des pilotes commissionnés, ou certifié par une administration de pilotage, ou le comité d'une circonscription de pilotage dans le Royaume-Uni, lorsqu'il est occupé au service de pilotage dans sa circonscription et dans des eaux britanniques, et non à l'ancre, devra porter en sus des feux exigés des bateaux-pilotes, à une distance de huit pieds plus bas que son feu blanc de tête de mât, un feu rouge visible de tous les points de l'horizon et d'une portée telle qu'il puisse être visible par une nuit noire mais sans brume à une distance d'au moins deux milles, et aussi les feux de côté de couleur que doivent porter les vaisseaux en marche.

Lorsqu'il est occupé au service du pilotage dans des eaux britanniques et à l'ancre il portera en sus du feu exigé de tous les bateaux-pilotes le fer rouge ci-dessus mentionné mais non les feux de côté de couleur.

Lorsqu'il n'est pas occupé au service du pilotage dans sa circonscription, il portera les mêmes feux que les autres navires à vapeur. 48-4

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LA REINE EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil rendu en conformité de l'Acte modifiant l'Acte de la marine marchande, 1862, et daté le onzième jour d'août mil huit cent quatre-vingt-quatre, Sa Majesté, sur la recommandation conjointe de l'Amirauté et de la Chambre de Commerce a bien voulu ordonner que dès et après le premier jour de septembre mil huit cent quatre-vingt-quatre, les règlements contenus dans l'annexe du dit arrêté soit, en ce qui concerne les navires et bateaux britanniques, substitués aux règlements contenus dans la première annexe d'un arrêté en conseil rendu comme susdit, et daté le quatorzième jour d'août mil huit cent soixante-dix-neuf ;

Et considérant que par deux arrêtés en conseil rendus en conformité du dit acte, et sur la recommandation conjointe susdite, et datés respectivement le trentième jour de décembre mil huit cent quatre-vingt-quatre, et le vingt-quatrième jour de juin mil huit cent quatre-vingt-cinq, certaines modifications et additions ont été faites aux dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, au sujet des vaisseaux et bateaux de pêche britanniques ;

Et considérant que par un autre arrêté en conseil rendu en conformité du dit acte, et sur la recommandation conjointe susdite, et daté le 18e jour d'août 1892, certaines modifications et additions ont été apportées aux dits règlements contenus dans l'annexe du dit arrêté en conseil du 11e août 1884, au sujet des bateaux-pilotes à vapeur ;

Et considérant que par les dits règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, il est entre autres choses décrété comme suit, savoir :—

Article 3.—Les navires à vapeur, lorsqu'ils sont en marche, doivent porter les feux suivants :—

(*a*.) En tête ou en avant du mât de misaine, à une hauteur de pas moins de vingt pieds au-dessus du plat-bord, et si le navire a plus de vingt pieds de largeur, alors à une hauteur au-dessus du plat-bord au moins égale à cette largeur, un feu blanc placé de manière à fournir un rayonnement uniforme et non interrompu dans tout le parcours d'un arc horizontal de vingt quarts du compas,—établi de façon à projeter la lumière de dix quarts de chaque côté du navire, c'est-à-dire depuis l'avant jusqu'à deux quarts en arrière du travers de chaque bord, et d'une portée telle qu'il puisse être visible à cinq milles au moins de distance, par une nuit sombre, mais sans brume ;

(*b*.) A tribord, un feu vert, établi de façon à projeter une lumière uniforme et non interrompue sur un arc horizontal de dix quarts du compas,—placé de manière à projeter la lumière depuis l'avant jusqu'à deux quarts sur l'arrière du travers à tribord, et d'une portée telle qu'il puisse être visible à deux milles au moins de distance, par une nuit sombre, mais sans brume ;

(*c*.) A bâbord, un feu rouge établi de façon à projeter une lumière uniforme et non interrompue sur un arc horizontal de dix quarts du compas,—placé de manière à projeter la lumière depuis l'avant jusqu'à deux points sur l'arrière du travers à bâbord, et d'une portée telle qu'il puisse être visible à deux milles au moins de distance, par une nuit sombre, mais sans brume ;

(*d*.) Ces feux de côté vert et rouge doivent être pourvus, en dedans du bord, d'écrans dirigés de l'arrière à l'avant et s'étendant à trois pieds au moins en avant de la lumière, afin que le feu vert ne puisse pas être aperçu de bâbord avant, et le feu rouge de tribord avant.

Article 15.—Si deux navires sous vapeur se rencontrent courant l'un vers l'autre, directement ou à peu près, et qu'il y ait risque d'abordage, tous deux doivent venir sur tribord pour passer à bâbord l'un de l'autre.

Cet article ne s'applique que dans les cas où les navires courent l'un vers l'autre, directement ou à peu près, et où il y a risque d'abordage, mais ne s'applique pas à deux navires qui doivent, en conservant chacun leur allure, s'éviter l'un l'autre.

Les seuls cas auxquels il s'applique sont lorsque chacun des deux navires court vers l'autre directement ou à peu près, ou, en d'autres termes, lorsque de jour, chaque navire voit les mâts de l'autre en ligne droite, ou à peu près, avec les siens propres ; et, de nuit, lorsque chaque navire est dans une position telle qu'il peut voir les deux feux de côté de l'autre.

Il ne s'applique pas lorsque, de jour, un navire en voit un autre croiser sa route en avant, ou, de nuit, lorsque le feu rouge d'un navire est opposé au feu rouge de l'autre, ou lorsque le feu vert de l'un est opposé au feu vert de l'autre, ou lorsque l'un d'eux voit en avant un feu rouge sans voir le feu vert, ou un feu vert sans voir le feu rouge, ni lorsque les deux feux verts et rouges font visibles partout ailleurs qu'en avant.

Et considérant qu'il s'est élevé des doutes quant à l'effet des dits deux articles, et considérant que l'Amirauté et la Chambre de Commerce ont conjointement recommandé à Sa Majesté de faire les ajoutés suivants aux dits règlements en vue d'expliquer les dits articles précités, et de dissiper le dit doute et malentendu :—

En conséquence, il plaît à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par le dit acte, et par et avec l'avis de Son Conseil privé, d'ordonner qu'à compter de la date du présent, les règlements contenus dans l'annexe du dit arrêté en conseil du onzième jour d'août mil huit cent quatre-vingt-quatre, sera modifié de nouveau par l'ajouté au dit article 9 précité, des dispositions contenues dans l'annexe ci-jointe.

HERBERT M. SUFT.

ANNEXE.

(*e*.) Afin de s'assurer que les feux de côté rouge et vert projetteront une lumière uniforme depuis l'avant du navire jusqu'à deux quarts en arrière du travers de chaque bord respectivement, et ne projetteront pas en travers de l'avant du navire même, les dits feux seront fixés et les écrans ajustés de façon que les rayons des feux rouge et vert croiseront la ligne de la quille projetée à une distance raisonnable au-delà de l'avant du navire.

Quant à tous les navires dont les feux sont inspectés par les officiers de la Chambre de Commerce les feux de côté rouge et vert ne seront pas censés être fixés et disposés en conformité des règlements s'ils ne sont pas fixés et munis d'écrans de façon qu'une ligne tirée depuis le bord extérieur de la mèche jusqu'à la tête de l'écran intérieur de ce feu ne fasse un angle de 4 degrés (ou aussi près que possible) avec une ligne tirée parallèlement à la quille du navire à partir du bord extérieur de la mèche. 48–4

HOTEL DU GOUVERNEMENT À OTTAWA.

Jeudi, le 5e jour de juin 1890.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

VU un mémoire daté le 29 mai 1890, du ministre de l'Intérieur, soumettant que par le par. 1 de l'article 32 de l'Acte des terres fédérales, tel que modifié par 50-51 Vic., chap. 31 (1887) il est établi que tout colon qui désire obtenir un établissement devra, en même temps qu'il se fera inscrire, déclarer en vertu de quelles conditions prescrites par l'article 38 du dit acte, il désire posséder le terrain affecté par cette inscription, et que, par arrêté en conseil du 29 mars 1888, la formule A dans l'annexe de l'Acte des terres fédérales a été modifiée en vue de remplir cette exigence de la loi.

Le ministre dit que son attention a été attirée au fait que la formule F dans l'annexe de l'acte, étant la formule de demande pour une inscription d'établissement par un agent, devrait également être modifiée, et il recommande en conséquence qu'en vertu de l'article 98 de l'Acte des terres fédérales, la formule F de l'annexe de l'Acte des terres fédérales soit modifiée en y ajoutant la déclaration requise par le par. 1 de l'article 32 du dit acte en conformité de la formule ci-jointe.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués des numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat après les dix premiers jours de la session ; ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat après les premières deux semaines de la session ; ou, à la Chambre des Communes après les premières quatre semaines de la session.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b* Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

—

Ordre spécial de la Chambre des Communes.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

AT THE COURT AT WINDSOR.

The 16th day of May, 1893.

PRESENT :

THE QUEEN'S MOST EXCELLENT MAJESTY

Lord President.
Marquess of Ripon.
Mr. Secretary Asquith.

WHEREAS by "The Seal Fishery (Behring's Sea) Act, 1891" it is enacted that Her Majesty the Queen may by Order in Council prohibit the catching of seals by British ships in Behring's Sea or such part thereof as is defined by the said Order during the period limited by the Order ;

And whereas the expression "Behring's Sea" in the said Act means the seas known as Behring's Sea within the limits described in an Order under the said Act ;

And whereas an Order in Council was issued on the twenty-third day of June, one thousand eight hundred and ninety-one, prohibiting the catching of seals by British ships in Behring's Sea as therein defined, until the first day of May, one thousand eight hundred and ninety-two ;

And whereas a further Order in Council was issued on the ninth day of May, one thousand eight hundred and ninety-two, prohibiting the catching of seals by British ships in Behring's Sea, as therein defined, until the first day of May, one thousand eight hundred and ninety-three.

Now, therefore, Her Majesty, in virtue of the powers vested in Her by the said recited Act by and with the advice of Her Privy Council, is hereby pleased to order, and it is hereby ordered as follows :

1. This Order may be cited as the Seal Fishery (Behring's Sea) Order in Council, 1893.

2. From and after the date of the present Order until the first day of May one thousand eight hundred and ninety-four, unless Her Majesty in Council shall otherwise direct, the catching of seals by British ships in Behring's Sea as hereinafter defined is hereby prohibited.

3. For the purposes of the said recited Act and of this Order the expression "Behring's Sea" means so much of that part of the Pacific Ocean known as Behring's Sea as lies between the parallel of 65° 30' north latitude and the chain of the Aleutian Islands and eastward of the following line of demarcation, that is to say, a line commencing at a point in Behring's Straits on the said parallel of 65° 30' north latitude, at its intersection by the meridian which passes midway between the islands of Krusenstern or Ignalook and the Island of Ratmanoff or Noonarbook and proceeding thence in a course nearly south-west through Behring's Straits and the seas known as Behring Sea so as to pass midway between the north-west point of the island of St. Lawrence and the south-east point of Cape Choukotski to the meridian of 172° west longitude, thence, from the intersection of that meridian in a south-westerly direction so as to pass midway between the Island of Attou and the Copper Island of the Kormandorski couplet or group in the North Pacific Ocean, to the meridian of 193° west longitude.

Thursday, the 5th day of June, 1890.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Memorandum dated 29th May, 1890, from the Minister of the Interior, submitting that by sub-clause 1 of clause 32 of the Dominion Lands Act, as amended by 50-51 Vic., chap. 31 (1887) it is provided that a homesteader shall at the time he obtains his homestead entry declare under which of the conditions prescribed by clause 38 of the said Act he elects to hold the land affected by such entry, and that by Order in Council of the 29th March, 1888, Form A, in the schedule to the Dominion Lands Act was amended to meet this requirement of the law.

The Minister states that his attention has now been called to the fact that Form F, in the schedule to the Act, being the form of application for a homestead entry by an agent should have been amended in like manner, and he therefore, now recommends that, under the authority of clause 98 of the Dominion Lands Act, Form F, in the schedule to the Dominion Lands Act be amended by adding thereto the declaration required by sub-clause 1 of clause 32 of the said Act in accordance with the draft form hereto annexed.

The Committee submit the same for Your Excellency's approval.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 17th day of May, 1893.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a report dated 12th of May, 1893, from the Minister of the Interior, stating that in the summer of 1890, a number of tracts of lands in the Lethbridge District were selected for the School Endowment, in lieu of certain School Sections included in the land grant to the North West Coal and Navigation Company, under the authority of the Order in Council of the 18th of January, 1889, and of the Act 49 Vic., chap. 12, which latter provided that the lands to be granted to the company should consist of alternate townships and should include the School Section therein, the School Endowment to be compensated by the selection of other lands in lieu thereof. Among the lands so selected was the portion of Section 7, lying east of the Pot Hole River, in Township 6, Range 21, West of the 4th Meridian. The Agent of Dominion Lands was duly advised of this selection by letter of the 27th of November, 1890, but notwithstanding this, apparently by an oversight, he gave a homestead entry on the 23rd of January, 1893, to one James Pierce, for the portion of the north-east quarter of Section 7, before referred to, lying east of the Pot Hole River, and at the same time forwarded Mr. Pierce's application to purchase the portion of the north-west quarter lying east of the same river.

The Minister observes that from the affidavit made by Mr. Pierce in support of his application for homestead entry, it appears that he settled on the land in question in March, 1889, prior to its being set apart for the purposes of the School Endowment. The Agent in forwarding the application states that M. Pierce has improvements on the land in question, and a building worth $1,000.

The Minister, in view of the facts, and since the land in question does not form part of either Section 11 or Section 29, which are set apart by Act of Parliament for the School Endowment, but are lands selected by the Department of the Interior in lieu thereof, sees no objection to its being withdrawn from the School Endowment in order that the homestead entry which Mr. Pierce has obtained in good faith may not be disturbed, and he therefore recommends that a notice be published in the *Canada Gazette*, announcing that the portion of Section 7, east of the Pot Hole River in Township 6, Range 21, west of the 4th Meridian, is released from the reservation of land for School Endowment and becomes again Dominion Lands, other land being taken in lieu thereof as School land.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
50-4 Clerk of the Privy Council.

Tuesday, the 30th day of May, 1893.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report dated 18th May, 1893, from the Acting Minister of Marine and Fisheries stating that application in writing has been received from the owners of the barque "Hrvat" of Yarmouth, N.S., for permission to change the name of the vessel to "Oak."

The Minister further states that this vessel was formerly under the Austrian Registry and the name "Hrvat" is a foreign one and is a difficult word to English people.

The Minister, therefore, recommends that permission be given to change the name of the vessel to "Oak" under the authority contained in the 21st section of chapter 72 of the Revised Statutes, and that notice of the change be published in the *Canada Gazette*.

The Committee submit the same for Your Excellency's approval.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 13th day of May, 1893.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a report dated 28th April, 1893, from the Minister of the Interior, stating that an application has been made by the Department of Indian Affairs for a grant of certain lands, comprising 15 acres in Section 35, Township 14, Range 27 west of the 6th Meridian, for the purposes of an Indian Industrial School, near Lytton, British Columbia.

The Minister further states that the land in question was formerly held under lease by the Bishop of British Columbia from the Government of that province for Mission purposes, and in a letter addressed to Mr. Vowell, Indian Superintendent for British Columbia, His Lordship recommends it as being specially suitable for the purposes of the proposed school.

The Minister, in view of the purpose for which the land is desired, sees no objection to acceding to the request of the Department of Indian Affairs, and he therefore recommends that the 15 acres in question (which are more particularly described hereafter) be transferred to the Department of Indian Affairs for the purposes of an Indian Industrial School, that is to say:—

That certain tract or parcel of land situate in Legal Subdivision 16, in Section 35, in Township 14, Range 27 west of the 6th Meridian, according to a plan of said Township signed by E. Deville, Surveyor General, on the 30th day of August, 1892, and of record in the Department of the Interior, which tract or parcel of land may be more particularly described as follows:—

Beginning at a point perpendicularly westerly distant one chain and 28 links from a point on the east boundary of the said Section 35, distant 64 chains and 46 links from the south-east corner of said Section; thence northerly parallel to the east boundary of said Section a distance of 10 chains; thence westerly perpendicular to the last course a distance of 16 chains and 10 links; thence southerly perpendicular to the last course, a distance of 9 chains; thence easterly perpendicular to the last course, a distance of 11 chains and 10 links; thence southerly perpendicular to the last course a distance of 1 chain; thence easterly perpendicular to the last course a distance of 5 chains, more or less, to the point of beginning, containing an area of 15 acres, be the same, more or less.

The Minister recommends that authority be given him under section 31 of the Dominion Lands Act already mentioned to transfer to the Minister of Agriculture for the purposes of the Experimental Farm at Agassiz, B.C., the additional land above described or such parts thereof as may be at the disposal of the Government.

The Committee submit the same for Your Excellency's approval.

NOTICE TO MARINERS.

No. 10 of 1893.

I. BEACON ON STURGEON BANK CARRIED AWAY.

The northernmost pile beacon on Sturgeon Bank, off the mouth of the Fraser River, in the Strait of Georgia, British Columbia, is reported as having disappeared.

This is the beacon first described in part III of Notice to Mariners No. 46 of 1891. It will be replaced as soon as possible, of which notice will be given.

This notice affects Admiralty charts Nos. 579, 1917, 1922 and 2689.

II. SUNKEN ROCK IN SEAFORTH CHANNEL.

Captain W. E. Plummer of the Pacific Coast S. S. Company's steamer "Alki" reports that on 22nd April, 1893, the "Alki" struck a rock just to the northward of Dall Patch, in Seaforth Channel, B.C. No bearings were taken, but the ship was heading W. by S. (N. 76° W. true), and the buoy on Dall Patch bore between three and four points abaft the port beam, distant about ⅛ mille, when the ship struck.

The "Alki" was drawing 17 feet of water and struck at extreme low water, but was not damaged. A boat was lowered and an officer sent to sound, but could get no sounding less than 5 fathoms in the vicinity.

Captain Plummer is of the opinion that the rock is a lone boulder in the prolongation of Dall Patch to the northward.

This notice affects Admiralty charts Nos. 1923*b* and 2449.

III. COLUMBIA RIVER LIGHT-VESSEL.

Notice is given by the Lighthouse Board of the United States of America that on or about the 10th July, 1893, Light-Vessel No. 50 will be moved about 3 miles S. E. ¼ E. from her present station into 30 fathoms at low water, off the entrance to the Columbia River, Oregon.

The characteristics of the vessel as to lights, fog signal and general appearance will remain unchanged and conform to the description in the List of Light and Fog Signals on the Pacific Coast of the United States.

The proposed geographical position of the Light-Vessel as taken from chart No. 6149 of the U.S. Coast Geodetic Survey, is:

Lat. N. 46° 10' 30"
Long. W. 124° 11' 15"

Bearings and distance of prominent objects from the vessel, as taken from the above chart, will be: Cape Disappointment lighthouse, N. by E. ⅞ E., 8⅛ miles; Point Adams lighthouse, N. E. by E. ½ E., 8⅞ miles; and Tillamook Rock lighthouse, S. E. ¼ E., 16 miles.

This notice affects Admiralty chart No. 2531.

☞ All bearings are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Deputy-Minister of Marine, Ottawa, Canada. 50–3

NOTICE TO MARINERS.

No. 12 of 1893.

UNCHARTED ROCK IN PORTIER PASS.

Information has been received from the Nanaimo Pilotage Authority, that the German S. S. "Romulus," stranded on an uncharted rock in Portier Pass, off the south-east coast of Vancouver Island, British Columbia, on the 30th March last. The position of the rock is described as being inside the second point, on the east side, in from the entrance from the Strait of Georgia, and a little inside Black Rock, on the west shore. The rock is also stated to be near mid-channel, rather on the east side.

The depth on the rock was about 20 feet at low water. Soundings taken around the vessels while on the rock showed depths varying between 5 and 12 fathoms.

A further examination of the locality will be made and fuller details given of the position of the rock, depth, etc.

Portier Pass is not recommended, and is known by local navigators to be dangerous to ships of heavy draft, especially at low water.

This notice affects Admiralty charts Nos. 579 and 2,689.

Deputy-Minister of Marine and Fisheries.

Jeudi, le 5e jour de juin 1890.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

VU un mémoire daté le 29 mai 1890, du ministre de l'Intérieur, soumettant que par le par. 1 de l'article 32 de l'Acte des terres fédérales, tel que modifié par 50-51 Vic., chap. 31 (1887) il est établi que tout colon qui désire obtenir un établissement devra, en même temps qu'il se fera inscrire, déclarer en vertu de quelles conditions prescrites par l'article 38 du dit acte, il désire posséder le terrain affecté par cette inscription, et que, par arrêté en conseil du 29 mars 1888, la formule A dans l'annexe de l'Acte des terres fédérales a été modifiée en vue de remplir cette exigence de la loi.

Le ministre dit que son attention a été attirée au fait que la formule F dans l'annexe de l'acte, étant la formule de demande pour une inscription d'établissement par un agent, devrait également être modifiée, et il recommande en conséquence qu'en vertu de l'article 98 de l'Acte des terres fédérales, la formule F de l'annexe de l'Acte des terres fédérales soit modifiée en y ajoutant la déclaration requise par le par. 1 de l'article 32 du dit acte en conformité de la formule ci-jointe.

Le comité soumet cette recommandation à l'approbation de Votre Excellence.

Greffier du Conseil privé.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués des numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat après les dix premiers jours de la session ; ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat après les premières deux semaines de la session ; ou, à la Chambre des Communes après les premières quatre semaines de la session.

Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

JOHN GEORGE BOURINOT,
Greffier des Communes.

Ordre spécial de la Chambre des Communes.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."
